

HASTINGS WANTS LEAGUE.

Launched Move to Organize Ball in Nebraska. Hastings, Neb., Oct. 2.—A move was launched last night by baseball enthusiasts who held a meeting here for the organization of a state baseball league for 1910, with a circuit of six or eight clubs.

Harry Brewer, who was president of the state league in 1892, and Charles Vantine were appointed as a committee to correspond with other towns and call a state meeting.

The towns under consideration are Hastings, Grand Island, Fremont, Beatrice, Fairbury, Nebraska City, Kearney, Columbus, Seward and South Omaha.

Flight of Ducks.

With the cool autumn nights has come the first flight of ducks and geese on their fall pilgrimage southward to keep clear of the zone of extreme cold. Nebraska sportsmen are taking down from their racks guns that have lain idle since spring and polishing them up in anticipation of the shooting that should be plentiful hereabouts in the course of the next week or two.

The more impatient lovers of sports are not waiting until the feathered tribe reaches this section of the state are packing their hunting outfits and heading themselves to the north and western parts of the state where the fall shooting is said to have already commenced in earnest. Every day this week the platform about the Northwestern station has been dotted with men, singly or in groups, clad in duck coats and trousers, and bound for the lakes of northwestern Nebraska for a session with the wary gamebirds.

Cherry county and Wood Lake appear to be the favorite haunts of the early season marksmen who wish to get a few "good locks" before birds get "skeery." In those regions the chickens are also plentiful, and with the ducks offer a double inducement to sportsmen. Just a few scattered flocks, vanguard of the approaching army of ducks and geese, have put in an appearance along the streams and lakes near Norfolk as yet, but the main flight is looked for soon. Open season on ducks, geese, chickens and most kinds of snipe began September 25.

Neligh Phone Operators Strike. Neligh, Neb., Oct. 2.—Special to The News: The six young women telephone operators of Neligh refused to work today and the business is being conducted by Oscar Hauser, general manager, and two others. Mr. Hauser said he did not know what the grievance of the striking operators is, and the nature of their complaint could not be learned.

Boy of 16 Years Becomes Forger. Neligh, Neb., Oct. 2.—Special to The News: Ben Bell, a lad 16 years of age, who resides in the vicinity of Orchard, was arrested in Brunswick yesterday by Sheriff Miller on complaint filed by the county attorney on the charge of forgery.

The young man forged two checks on the Citizens bank of Orchard for \$10 each, and one on the Orchard State bank for \$22. He signed the name of Ed Huston, a prosperous farmer and stock raiser near Orchard, to all the checks.

In an interview by the officers at the county jail in this city, where the lad is being held, he openly admitted his guilt. He stated that his mother is keeping house for Mr. Huston, and that they are now in Omaha taking in the Ak-Sar-Ben festivities.

The hearing will be held before Justice McAllister today, and in all probability Ben Bell will be sentenced to a term in the state reform school.

Omaha Strike is Unchanged. Omaha, Oct. 2.—Aside from a few unimportant disturbances last night and a couple of collisions between cars in which no one was seriously injured, there has been little apparent development in the street car strike situation in the last twenty-four hours. On the advice of business men the labor leaders called off the general union labor parade which had been scheduled for today.

Half a dozen arrests were made last night of men charged with throwing missiles at cars and two or three reported slightly injured. No attempt was made to run the cars late at night.

A meeting of strike sympathizers in a vacant lot near the Avenue car barn was dispersed by Sheriff Bailey and a posse, as it was held without permission.

Bullets Fly in Strike. Elwood, Ind., Oct. 2.—The first marked violence of the strike at the American Sheet and Tin Plate mills in this city occurred when two foreign strike-breakers, who were leaving the mill at the midnight shift, opened fire on a number of strike pickets and when policemen interfered fired at the officers. All the bullets went wild.

CHARGE AGAINST WIFE.

Dr. W. O. Dunham and Mrs. George Knapp, Sioux Falls, Arrested. Sioux Falls, S. D., Oct. 2.—The latest sensation in Sioux Falls is the arrest of Dr. W. O. Dunham and Mrs. George Knapp, both well known residents of the city, on a statutory charge preferred by the husband of Mrs. Knapp. It is alleged that Dr. Dunham and Mrs. Knapp were found at the hospital which Dr. Dunham conducts in the city. The arrest was made in the evening and they were taken to the county jail, where they were locked up. Efforts to secure bonds at that hour of the night were without success. In the morning Dr. Dunham was released on a bond of \$1,000 furnished by a local surety company.

When taken before Judge Wheelock Dr. Dunham and Mrs. Knapp waived their preliminary hearing and were bound over for appearance at the next term of the state circuit court in Sioux Falls, when it is expected the case against them will be tried. The case promises sensational developments.

Dakota Lad Hurt.

Sioux Falls, S. D., Oct. 2.—Finding a mercurial cap, used to discharge dynamite, which careless workmen had left exposed, Bowman Perry, aged 12, son of F. H. Perry, a well known resident of Pennington county, lighted it with a match to satisfy his boyish curiosity. The explosion which resulted tore the boy's right hand to shreds.

Omaha at Wisner Sunday.

Wisner, Neb., Oct. 2.—Special to The News: Wisnerites will have the pleasure Sunday of seeing the Omaha Western League team play ball on the Wisner diamond against the originals, game to be called at 2:30 p. m.

This is promised to be the best game of the season as the originals have plugged up with the best they can find.

Letter to School Patrons.

Superintendent F. M. Hunter, in a letter given to The News and addressed to patrons of the public schools, asks for earnest co-operation from parents of pupils. In view of the new feature in the schools, in order to obtain the best possible results from school work. Following is the letter: To the Patrons of the Norfolk Schools: Whatever inefficiency may be charged to our public schools is due as much to lack of full understanding and co-operation between teachers and school officers on one hand, and parents on the other, as to any other cause. It is the wish of the school officers and teachers of Norfolk to minimize, just as much as possible, this lack of co-operation, which I think exists even at present in a much less degree than in many other places. To this end I wish to call attention to a new feature in our schools; to explain its purposes, method of operation, etc., and to ask your unequalled help and hearty co-operation in making it effective.

This is the departmental plan in the VI, VII and VIII grades. The purposes of this plan are, first, to enable the four grade teachers in the high school building to handle more easily the large number of pupils which must necessarily be handled in these grades and rooms which is increasing with each school-year. In the second place the plan is intended to decrease the number of failures in these higher grades by having pupils study always under the direct supervision and with the help of a teacher.

Under this plan each teacher has her special subject to teach instead of teaching all the subjects of one grade as heretofore. She teaches this subject in all five divisions of the department. The teacher can in this way bring her very best effort to bear upon the subject in which she is really most skilled. Her teaching can be much more effective than when effort is divided among ten or eleven different branches.

Perhaps the greatest advantage is the supervision of study. Of the four rooms used by the department, one is always used as a study room. The teacher in charge of this room has nothing to do but see to it that pupils are giving the proper subject to study and giving assistance to those who need it. Under the old system a teacher's time was constantly occupied with recitations, and then of course could only help one or two pupils each evening. I think there can be no doubt but that this plan will decrease materially the number of failures each semester.

One thing however is very essential. That the pupils follow exactly the study program as outlined. It is necessary that each pupil study each subject in just the proper period. A certain amount of studying at home is required. This is in subjects that require no reference books. Pupils of the eighth grade are expected to spend one and one-half hours each day in home study. The home subjects for grade eight are grammar, physiology and spelling. In some cases spelling can be studied at school before school begins in the morning and afternoon. But every eighth grader should have his physiology and grammar at home each evening. The time spent at home should be upon real solid study and not in half-play, half-study.

The seventh graders are expected to spend one hour and forty minutes in home study. Their home subjects are grammar, physiology or reading (on alternate days) spelling and mental arithmetic. The same thing applies to spelling in this grade and the sixth R as in the eighth, but the other books should be brought home every evening. Pupils of the sixth B are expected to spend one hour in home study upon reading, history and spelling.

Nebraska-South Dakota on Gridiron.

Lincoln, Oct. 2.—Nebraska plays her first game today and the team is badly disorganized. There is no doubt among the men that they will win over South Dakota, but they would not be surprised if they were scored against. The line-up: Nebraska. Position. South Dak. Johnson.....left end.....Ghrist Elliott.....left tackle.....Keeling(capt.) Shonka.....left guard.....Sanders Imbs.....center.....Swanson Wentstrand.....right guard.....C. Brown Temple.....right tackle.....Q. Brown Lofgren.....right end.....Evans Beltzer.....left halfback.....P. Coffey Sturzenger.....right halfback.....Osborne Bentley.....quarterback.....Thackberry Harte.....fullback.....C. Coffett Officials: Umpire, Clark; referee, F. D. Cornell; head linesman, Irwin; all Lincoln men.

O'Neill O; Gates Academy O.

Neligh, Neb., Oct. 2.—Special to The News: The eleven of Gates academy and O'Neill high school played an interesting game of football at the Riverside park grounds yesterday afternoon. After the play of 15 and 20 minute halves, neither team was able to score. Ideal weather prevailed and a highly appreciative crowd witnessed the contest.

This afternoon the high school eleven of this city will play their second game this season, Wisner being their opponents.

Soldiers Reach Omaha.

Omaha, Oct. 2.—The second cavalry regiment and squadrons of the Fourth, Seventh and Fifteenth regiments, 2,500 men in all, marching overland from Des Moines under command of Col. West, arrived in Omaha today and pitched camp at Fort Omaha where the Thirtieth infantry is already encamped. They are here to participate along with the Sixteenth Infantry Fort Crook in the military parade of the Ak-Sar-Ben carnival Thursday, October 7.

FRIDAY FACTS.

C. C. Gow went to Monowi. H. G. Wiles was at Hadar Thursday. M. Shipman returned from Wyoming. Miss Edith Barrett went to Meadow Grove. G. T. Sprecher went to Emerson Friday. D. Mathewson is in South Dakota on business. Dr. H. T. Holden went to Pierce Thursday. Mrs. E. Tanner of Battle Creek was in Norfolk. Mr. and Mrs. Wachter went to Platte Center. Mr. and Mrs. Emil Voecks of Pierce are in the city. August Buss of Hoskins was in the city visiting friends. J. S. Smith and A. A. Corkle returned from Omaha Friday. Miss Hulda Kell goes to Lead, S. D., to visit relatives Sunday. P. E. Craigen of Neligh was in the city visiting with friends. Henry Just went to Omaha for a few days' visit with friends. Mrs. Schrieder of the Junction is going to Ohio to visit relatives. S. R. Riest of Cherokee, Ia., was in the city on business Thursday. Jack Koenigstein, Judge Powers and C. D. Tyler returned from Pierce. M. D. Henderson and S. K. Miskimins go to Omaha this afternoon. J. G. Marshall of Naperville, Ill., a mail clerk there, is visiting in the city. Herman Maas went to Battle Creek to attend the funeral of Charles Haman. Mrs. Arthur Pilger and Mrs. Chase of Stanton were in the city visiting friends. Miss Emily Kemper of Wisner, who has been visiting friends here, went to Pilger Friday. Mrs. J. C. Chamberlain and daughter, Miss Evelyn Chamberlain, returned from Omaha. Mrs. W. J. Brown went to Omaha for a visit with friends and to attend the Ak-Sar-Ben festivities. Mr. and Mrs. J. Baum and D. Baum returned from Omaha, where the funeral of Mrs. D. Baum was held Wednesday. Miss Helen Herman writes from Berkeley, Calif., saying she has decided to stay in California all winter. Miss Herman is attending school there. Rev. S. F. Sharpless of Fergus Falls, Minn., who has been visiting his daughter, Mrs. Jack Koenigstein, returned home at noon. Mrs. Sharpless is still here. Fred Fulton, for several years manager of the Norfolk Light and Fuel company, has resigned his position with that company and has accepted one with the Craven laundry. Mr. Fulton, it is said, will have charge of the office in the new plant, while Dan Craven, the owner, will superintend the mechanical department.

A carload of new tiling for the Main street sewer has arrived and, according to Engineer Brown, it is of better quality. Only a few pipes of this shipment, which are cracked, will be thrown out. The first shipment of the pipe had a very rough surface, filled with lime deposits which, when broken off, cause the water to seep through after being in use some time.

William Marquardt sold his 200-acre farm, five miles northwest of this city, to August Pufahl for the consideration of \$14,000. When the original deed was turned over to the purchaser an interesting feature was noticed, that it was the original patent which Mr. Marquardt received from the United States government when he homesteaded the place. Not a scratch defaced the old title, which was yellowed with age. Mr. Marquardt will move to Hadar.

Roland Langer, assistant cashier of the day and night bank of Oklahoma City, is in Norfolk visiting friends.

Mr. Langer was formerly a printer on The News force.

Miss Ethel Mansfield and Mrs. A. R. Olson of Wisner were in the city visiting friends. J. D. Freeman returned from a business trip to Lincoln. Mr. Freeman opened an office for the Gooch company at Belgrade and returns to that town today.

C. S. Hoar arrived home from Missouri Valley last evening, where he has been visiting for the past two or three months. Ed Hyde returned to his home in Dismore, Ia., after a few weeks' visit with his parents here. Mrs. Shimmelpene and son, Arthur, went to Omaha yesterday on business.

W. A. Woodbury, C. M. Ryan, Fred Kanzer and O. E. Shriver left for Chicago yesterday to take the C. & N. W. examination for engineers. The Norfolk band went to Meadow Grove.

Carroll Shipman, 18-months-old son of Mr. and Mrs. M. Shipman of South Eleventh street, was buried Thursday afternoon at 3 o'clock.

There are now ten volumes of German books in the city library, available to the public. The books are printed in the German language.

Rev. C. M. Taylor, the new Methodist preacher of the Norfolk circuit, is in the city and will make Norfolk his home. His wife and child have also arrived and a cottage on Thirtieth street has been obtained.

The high school football team goes to Wayne Saturday afternoon for a game with the Wayne normal team. This is a college team and reported to be very heavy, but the Norfolk players are confident they will put up a fine showing.

J. Horiskey, father of Joseph Horiskey, Jr., the Norfolk man who died at Washington in the government hospital, received word that his son's remains would not be sent to Norfolk for burial. He will probably be buried at Washington.

J. P. Bailly, state secretary of the Y. M. C. A., will be in the city tonight and confer with the board of trustees of the local Y. M. C. A. and others interested in the new Y. M. C. A. building. The meeting will probably be held at Mapes & Hazen's office tonight.

More hard luck has been added to the lot of W. H. Livingstone, the Junction policeman. A few night ago he fell down, bursting a blood vessel in his thigh. The physician has ordered him to cease active duty for about thirty days. George Wheeler is taking Livingstone's place.

Mrs. A. Removsky returned from North Bend, where she has been attending the funeral of her brother, who was killed in a runaway. He had been hauling brick to his farm, when the team became frightened and ran away, throwing him to the ground. He remained unconscious all night. The next morning, regaining consciousness, he crawled a mile to a farm house, but died the next day.

Transfers of real estate for the past week, compiled by the Madison County Abstract and Guarantee company, office with Mapes & Hazen: Henry Massman to Emmaney V. Derrick, warranty deed, \$2,500, part of NW 1/4 1-2-3-3. S. W. Garvin to F. L. Cummings, warranty deed, \$500, lot 15, block 3, Collamer's addition, Norfolk.

Herman Brasch to Susan Knight, \$1,500, lots 4, 5 and 15, block 5, Edgewater Park addition, Norfolk. Harriett L. Chamberlain to Marie O'Donnell Weekes, warranty deed, \$2,500, part of lots 3 and 4, R. G. Fleming's subdivision, Norfolk. M. R. Tracy to Jeannette Rice, warranty deed, \$1,500, lot 5, block 5, Koenigstein's Third addition, Norfolk.

William Beswick to F. R. Lenser, warranty deed, \$400, lots 2 and 3, block 1, C. S. Hayes' addition to Norfolk. F. R. Lenser to William Beswick, warranty deed, \$1,200, lot 9, Osborn's subdivision to Norfolk.

C. A. Randall to Esau Johnson, warranty deed, \$800, lots 27 and 28, block 8, Railroad addition, Newman Grove. Ray J. Park to Julia A. Cole, warranty deed, \$1,400, lot 5, block 1, Bear & Mathewson's addition, Norfolk.

NEW GOLF RECORD-48. Dr. Salter Shaves His Own Previous Record of 52 Down to 48.

Dr. P. H. Salter nailed down the local golf championship tighter than ever yesterday afternoon, shaving his own previous record of 52 down to 48. Sol G. Mayer played the course with him and made a record of 58, though earlier in the week he had made the course in 56. Bogy on the course is 41. Following was the game record: Dr. Salter.....55-65-53-66-56-48 S. G. Mayer.....7-7-7-7-8-6-6-58 Bogy.....4-4-5-3-5-6-4-41

August Degner Gets Divorce. August Degner of Hadar was granted a divorce from his wife by Judge Welch in district court at Pierce yesterday. Alimony amounting to \$500 must be paid to the woman before May 1, 1910. The disposition of the children was not settled. Among the witnesses from Norfolk were: Carl Schmiedeger, Richard Peter, Ernest Korth, Ed Jensen and W. H. Winter.

The Time, the Place, and the Girl. Pierce Leader: The Norfolk Daily News is giving away a number of rich prizes to the young ladies of northeast Nebraska and southeastern South Dakota who secure the most number of subscribers to that paper by October 23. Among the prizes to be given away are an automobile and a number of pianos. Miss Sadie Jackson of this place is one of the contestants in the race and right from the start she has been one of the leading candidates. She is one of Pierce's popular young ladies and is making a strenuous effort to land that automobile. The News is a splendid daily, especially for this part of Nebraska and southeastern South Dakota, and if there is any one who wants to read the news at a cheap price, now is the time to order The News from Miss Jackson, thus getting a dandy daily cheap and assisting a Pierce lady toward getting a handsome prize.

GET HALLEY'S COMET ON FILM. Oliver J. Lee at Yerkes Observatory Obtains Good Photograph. Halley's comet, which recently came within sight of this country, has been photographed by Oliver J. Lee of the Yerkes observatory at Williams bay, Wis. The meteor was first seen by Prof. Sherburne W. Burnham through the big telescope at the observatory. The plate on which the photograph was made was exposed for two and one-half hours on September 25, and appears in the October number of the Astronomical Journal. It is thought to be the first picture of the comet obtained in the United States.

Leninger Taken in Charge. Pierce Leader: On Sunday of this week Sheriff Dwyer was notified by the supreme court of Nebraska to take Len Leninger in charge. As luck would have it, Leninger happened to be in Pierce Tuesday and of course his capture proved an easy one. It will be remembered that Leninger was the fellow found guilty of assaulting Len Snyder near McLean about a year ago and he was sentenced to eighteen months in the penitentiary. He started to serve his sentence but through the efforts of his attorney, Douglas Cones, he was released on bail, pending an appeal to the supreme court for a new trial. Now that he has been ordered taken into custody, the presumption is that he will be returned to the penitentiary to serve his sentence.

Battle Creek News. William Volk, sr., and son, Fred Volk, went to Nicolet, Minn., Friday to the funeral of Mr. Volk's brother-in-law, which took place Saturday. They returned Monday.

John Brown, who lives north of the Elkhorn river, in Deer Creek precinct, is seriously ill since Saturday with lung trouble.

G. F. Bilger was here Tuesday on business from Norfolk. John Sands came here Tuesday from Elgin looking up a location for a farm to rent.

Henry Tietjen and family went to Carroll Saturday for a visit with relatives.

The German Frauen-Verein will meet Thursday afternoon with Mrs. Charles Ulrich, on North First street. John Rector is building a large double corner lot with driveway, for A. M. Lovelace, south of town.

W. P. Dixon came up here Friday from Norfolk with the county outfit to fix up the road north of the county poor farm.

Mr. and Mrs. Tob. Hansen were here Friday from Meadow Grove visiting old friends.

Mr. and Mrs. I. K. Niles returned Friday from their visit in the Cripple Creek district, Colorado, with relatives. Mr. Niles thinks that he enjoyed his trip, but this part of Nebraska can't be beaten.

NEW LAUNDRY IS FINISHED

Craven Moves Plant into New Artificial Stone Structure. Dan Craven's new laundry building, one of the best in Nebraska, is practically finished and the machinery has this week been installed. With the plant's completion, Norfolk may boast as complete and up-to-date a laundry as there is in the west.

The most modern and most highly scientific machinery equips the plant. Most of the machines from the old building, 116 South Third street, have been moved, and the new placed in readiness for work.

The new building was constructed of artificial stone. It is at present one story high but the foundation is built to carry six stories and in the future additional floors may be added. The building is 45x90.

At the front of the big laundry building is an attractive office equipped with roll top desks, typewriter, etc. The main room has an artificial stone floor, for sanitary reasons, and is filled with the machinery. This room measures 25x65.

The boiler room is a feature. Some of the machinery found here is seen in no other laundry west of the Missouri river today. The water purifier, resembling an immense boiler, weighing 10,800 pounds, cost \$1,500 and is expected to save greatly on soap bills. The soap bill runs to \$90 a month. The water purifier, the only one in this territory, overcomes the hardness in the water.

The return steam trap is also a feature of the boiler room. All the steam which has heretofore been wasted from the boiler is scientifically captured by the new steam trap and put back for use. The new improved hot water system is also among the boiler room equipments.

It is estimated the building cost Mr. Craven a little over \$10,000.

When entering the building a little peculiarity is noticed in the absence of pillars or posts in any part of the building to give support, that work being done by the solid walls.

Notice of Publication. In the district court of Madison county, Nebraska.

Charles B. Manwiller, administrator of the estate of Cora B. Manwiller, deceased, plaintiff, vs. Charles B. Manwiller, Harry B. Switzer and Maurice Manwiller, defendants.

The defendants will take notice that on the 24th day of September, 1909, the plaintiff filed his petition in the district court of Madison county, Nebraska, against the above named defendants, the object and prayer of which is an application for license to sell real estate described as follows:

Beginning at the southeast corner of lot 2, block 3, in Macmillan's addition to Norfolk, Nebraska, and measuring thence to the east line of the northwest quarter of section 26, in township 24, north, range 1 west of the sixth P. M. two hundred and eighty-six (286) feet more or less, thence south to the southeast corner of said northwest quarter of section 26, in township 24, north, range 1 west of the sixth P. M. two hundred and eighty-six (286) feet more or less, thence west two hundred eighty-six (286) feet along the south line of said tract to a point due south of the place of beginning, thence north four hundred sixty-seven and one-half (467 1/2) feet more or less to the place of beginning and containing three and seven-tenths acres more or less and being a part of the northwest quarter of section 26, in township 24, north, range 1 west of the sixth P. M. in the county of Madison, state of Nebraska.

And beginning at a point two hundred and eighty-six (286) feet west and thirty-three feet north of the southeast corner of the northwest quarter of the northwest quarter of section 26, township 24, north, range 1 west of the sixth P. M. and measuring thence west (50.77) feet, thence north three hundred sixty-eight and one-half (368 1/2) feet, thence east fifty and seventy-seven one-hundredths (50.77) feet, thence south three hundred thirty-eight and one-half (338 1/2) feet, containing forty-three one-hundredths (43.100) acres more or less, being a part of said northwest quarter of the northwest quarter of section 26, township 24, north, range 1 west of the sixth P. M. in the county of Madison, state of Nebraska.

And further: Commencing at a point three hundred and thirty-six and seventy-nine one-hundredths (336.79) feet west and thirty three (33) feet north of the southeast corner of the northwest quarter of section 26, township 24, north, range 1 west of the sixth P. M., running thence west one hundred eighty-two and twenty-one one-hundredths (182.21) feet, thence north three hundred sixty-eight and five-tenths (368.5) feet, thence east one hundred eighteen and twenty-one one-hundredths (118.21) feet, thence south three hundred eighty-eight and five-tenths (388.5) feet to the place of beginning.

The proceeds of sale are for the purpose of paying claims allowed against the estate of Cora B. Manwiller, deceased, and for the costs and expenses of administration.

You are required to answer said petition on or before November 4, 1909. Dated this 22nd day of September, 1909.

Charles B. Manwiller, Administrator, By Jack Koenigstein, Attorney.

In the district court of Madison county, Nebraska.

In the matter of the petition of Charles B. Manwiller, administrator of the estate of Cora B. Manwiller, deceased, for license to sell real estate.

Order to show cause why license should not be granted to sell real estate.

Now, on this 22nd day of September, 1909, this cause came on for hearing upon the petition, under oath, of

Now, on this 22nd day of September, 1909, this cause came on for hearing upon the petition, under oath, of

NEW LAUNDRY IS FINISHED

Craven Moves Plant into New Artificial Stone Structure. Dan Craven's new laundry building, one of the best in Nebraska, is practically finished and the machinery has this week been installed. With the plant's completion, Norfolk may boast as complete and up-to-date a laundry as there is in the west.

The most modern and most highly scientific machinery equips the plant. Most of the machines from the old building, 116 South Third street, have been moved, and the new placed in readiness for work.

The new building was constructed of artificial stone. It is at present one story high but the foundation is built to carry six stories and in the future additional floors may be added. The building is 45x90.

At the front of the big laundry building is an attractive office equipped with roll top desks, typewriter, etc. The main room has an artificial stone floor, for sanitary reasons, and is filled with the machinery. This room measures 25x65.

The boiler room is a feature. Some of the machinery found here is seen in no other laundry west of the Missouri river today. The water purifier, resembling an immense boiler, weighing 10,800 pounds, cost \$1,500 and is expected to save greatly on soap bills. The soap bill runs to \$90 a month. The water purifier, the only one in this territory, overcomes the hardness in the water.

The return steam trap is also a feature of the boiler room. All the steam which has heretofore been wasted from the boiler is scientifically captured by the
