satisfaction of all the firemen.

Albion News: The 9-month-old baby of Mr. and Mrs. George Lingle of Bonanza precinct, was burned to death Saturday, as a result of the explosion of an incubator lamp. Mrs. Lingle noticed that the water trough was out of place and was running the water on the ground, and she put the baby down on the floor and ran out to adjust the trough. She was gone but a few minutes, but before she got back to the house she noticed smoke coming through the door. She ran into the kitchen but there was no fire there; then into the room where the incubator was kept. The lamp had exploded throwing the burning oil over the baby, which was dead when the mother found it. The interior of the room was on fire but this was soon extinguished. The little one's funeral was held Sunday.

To Open Madison Depot. Madison Post: In a letter to Mayor the Nebraska division of the Union Chamberlain, Alexandria, Lake Pres-Pacific sends the information that he and one or two other officials of the road will be pleased to be present at Sturgis, Parkston, Miller, Menno, Rapthe dedication of Madison's new station and meet the people at a reception which is being planned in their dall, Tabor, Hot Springs, Burke, Leohonor by the Commercial club. Owing to some changes that were order. Presho, Butler, Belle Fourche and Esed on the interior of the building at the last moment it will now probably be a couple of weeks before the station can be formally opened. The plan is to hold a general reception for couple of hours in the evening from about 8 to 10 o'clock at which time formal program will be rendered consisting of short addresses by the road with stealing an overcoat from a a light luncheon will be served. the Courts of the World. Discussing the question "What Shall We Do With Colonel Roosevelt?" the Rev. Dr. Robert Stuart MacArthur, pastor of Calvary Baptist church, in New York, said the other morning:

"I nominate Theodore Roosevelt for the high office of ambassador extraordinary to all the courts of the world in the interest of universal and perpetual peace."

This proposal was greeted with prolonged handelapping by the members of the Rev. Dr. MacArthur's Current

Events class. "No more exalted mission can be named for any man in the world today," he continued. "The time is coming when the nations shall learn war no more. The time is coming when spears shall be beaten into plowshares and swords into pruning books. The court of arbitration at The Hague has already accomptished wonders. Only those who are entirely familiar with the facts know how many international disputes have already been set tled by arbitration. The nations are almost ready to enter into an agree ment to settle all disputes in this way.

"Here we have a noble sphere for the varied talents, remarkable skill and wide experience of Colonel Roosevelt. No one will ever charge him with being a mollycoddle, a poltroon or a coward. His brayery has been proved on fields of battle and in halls of debate. He is as brave morally as he is physically; he has the ear of the civilized world in places high and low as no other man ever had. To him doors of palaces and cabinets will readily open. Listening ears in palaces and hovels await his slightest word.

"If Theodore Roosevelt can be dominant factor in the era of universal and perpetual peace his name will be honored above that of all warriors on all battlefields through all the centuries. He will prove the truth of Mil ton's words when he said, 'Peace hath her victories no less renowned than

WOMEN'S BUSINESS COURSE.

How Julia Ward Howe Plans to Corn bet High Cost of Living.

Mrs. Julia Ward Howe has started among Boston women a movement to study applied economics relating especially to the increased cost of living. It is her hope that this movement will become national and will be considered

JULIA WARD HOWE

meeting of the New England Women's club, of which Mrs. Howe has been the head for many years,

Mrs. Howe says her attention was directed to the agitation of the high cost of living and that she decided that women are not able to cope with financial matters and cites for example women left with property to manage and no knowledge of finance or business.

Mrs. Howe believes that women should understand credit as applied to business methods since so much of the trading of today is done on credit and county, Neb.: how far that principle is responsible for the increased cost of living. She believes that if this movement is successful a great amount of the reproach laid at the door of women for being unbusinesslike would be done away
