Their lace dresses rendered much more than they had when the fight began. What started the encounter was not learned. A policeman found the pair clawing industriously at one another in the center of a crowd that was blocking traffic. Both were weeping profusely when he placed them under arrest. SILK HATS GREET TEDDY

HIGH LIDS AND FROCK COATS REQUIRED IN KANSAS CITY.

NO BUNTING; IT'S TOO CHEAP

The Colonel Finished His Kansas Invasion and Spent the Afternoon in Missouri—He Summarily Changed the Committee's Schedule.

Kansas City, Sept. 1.—Speaking to an audience composed chiefly of working men in this city, Colonel Theodore Roosevelt today heartily endorsed the passage of a federal working man's compensation act. This is one of the chief planks of the Kansas state platform recently adopted.

Kansas City, Sept. 1.—Colonel Roosevelt ended his Kansas invasion with an address in Kansas City, Kan., shortly after 11 o'clock this morning and then crossed the Kaw river to plunge into an active day on the Missouri side.

The ex-president's train arrived in Argentine, Kan., from Lawrence at 10:30 o'clock. The colonel was taken by motor to the place where he spoke and after a short address was rushed back to his train and brought to the union depot here.

As the only point at which his train stops in Missouri on his present trip thousands of people from all parts of Missouri and the southwest have journeyed here to greet him. Every hotel was jammed with visitors last night and this morning hours before his special train was due to arrive, the station and the streets along which the parade passed, were lined.

Just what the colonel will do this afternoon is difficult to determine. His stop here is to be between 12:15 and 10 p. m. The reception committee had planned a complete program whereby, if everything went off per schedule, the ex-president would have one hour, between 5:30 and 6:30 o'clock, to himself. Every other minute was taken up with speeches, receptions and motor rides. One of the chief events on the program was to be a ride of twenty-six miles by motor over the city's boulevard system.

T. R. Changes Their Plans.

But last night, at the colonel's request, a message was sent to the commercial club here asking the members to arrange for the ex-president to visit the county fair at Independence, Mo., twelve miles east of here and also to grant him as much time to rest as possible. Futile efforts were made by commercial club members to get into communication with the ex-president and then it was decided to leave the matter to Roosevelt upon his arrival today, changing the program to suit his wishes.

Whatever happens, however, it is known the following will take place. The colonel will be given a luncheon at the Baltimore hotel at 1 o'clock and he will make an informal talk there.

At 3:30 o'clock he will address 1,500 pupils at the West port high school.

Officers of the commercial club will tender a dinner to the colonel at 6 o'clock.

At 8 o'clock he will speak in convention hall.

From Kansas City Roosevelt will go via the Chicago, Burlington and Quincy railroad to Omaha.

Frock Coats and Silk Hats.

Every attempt is being made to make the visit of the ex-president as informal as possible. The city is decorated in American flags—not bunting, because the reception committee frowned upon this as being "cheap." Guests invited to the luncheon have been advised it will be necessary for them to wear frock coats and silk hats. The colonel will shake hands with them as they enter the banquet room. The rule of "first come, first served" will hold at convention hall. No seats have been reserved for anyone.

Relief for Americans.

Besides being freed from restrictions these institutions are now permitted to hold landed properties. More than 200 American organizations are affected by the decision.

D. of H. at Neigh.

Neigh, Neb., Sept. 1.—Special to The News: The Third district convention of the D. of H. met in this city yesterday morning for a two days' session. The convention was called to order yesterday morning at 9:30 by District Superintendent Mrs. Ella Ferguson of Neigh. There are forty-nine lodges that comprise the Third district.

The lodge room is beautifully decorated in the colors of the order—pink and white. The delegates were met at the depot by a committee composed of young girls and escorted to the Auditorium. A number of neighboring lodges are in attendance, and

much enthusiasm is being displayed.

Very interesting papers, relative to the issues of the order, were read and discussed. Clearwater team, No. 134 put on the Memorial work yesterday afternoon in a splendid manner. Music was interspersed throughout the day and evening by Miss Agnes Graham, piano, and Miss Vivien Cleaver, violin.

Superior Recorder Mrs. Allburn, Grand Recorder Miss Hempel, and Grand Chief of Honor Mrs. Mayme Hedrick Cleaver are in attendance.

The program for today is quite lengthy and very interesting. A paper will be rendered this afternoon by Norfolk Lodge No. 101, "Do We Live Up to Our Obligations?" The following will be the remainder of the program:

Selection of place for the next convention. Election of officers. Paper, "Fraternalism in Our Order," Basset, No. 33. Discussion. Question box. Music. Adjournment.

EXPECTING A BATTLE

UPRISING BREAKS OUT IN THE PHILIPPINE ISLANDS.

UNCLE SAM'S SOLDIERS RUSH

A Fugitive Governor, Who Escaped While Under Sentence to Prison, Leads Rebellion Against Government—Will Be Taken or Killed.

Manila, Sept. 1.—An uprising against the government is reported in the province of Nueva Vizcaya.

A constabulary force is hurrying to the scene and a battle is expected hourly. The rebel movement is headed by Simon Mandoa, former governor of the province of Ilocos Norte, who has long been a fugitive from justice.

Mandac occupies Salaona, a town of about 6,000 inhabitants northeast of the center of Nueva Vizcaya and about five miles north of Bayombong. The telegraph wires north of Bayombong have been cut and it is impossible to learn the number of Mandac's followers. It is doubted, however, that the rising is serious.

Colonel Taylor, at the head of the constabulary at Bayombong, is preparing for an attack and the constabulary forces from near points are moving toward Salaona to surround the outlaws and capture or kill them. Government reinforcements are available if needed.

Word of the trouble reached Manila today. Mandac, while governor, subjected a prisoner to a "third degree" examination of such severity that the man died. The governor was convicted of homicide and sentenced to fourteen years' imprisonment.

He appealed from the verdict of the court and while the appeal was pending jumped his bond and has been pending for several months. Nueva Vizcaya is the central province of Luzon and Bayombong is its capital.

A Surprise to Washington.

Washington, Sept. 1.—The reported disturbance in the province of Nueva Vizcaya comes as a surprise to the officials of the bureau of insular affairs and the other offices of the war department. No intimation has reached Washington of any general discontent in this wild, sparsely settled province and it is believed here that it was a surprise likewise to the officials in the Philippines.

60 MILES OVER THE WATER

Glenn H. Curtiss Establishes a New Over-Water Flight Record.

Cleveland, O., Sept. 1.—Glenn H. Curtiss of Hammondsport, N. Y., established a new record for over-water flights, by traveling over Lake Erie from Euclid Beach, nine miles east of this city, to Cedar Point, O., approximately sixty miles distant. The announced time was one hour and eighteen minutes. Curtiss' average time was forty-five miles an hour although one stretch of twenty miles was covered at a rate of a mile a minute.

Curtiss used the 8-cylinder 50-horse power biplane of his own construction in which he made the recent flight down the Hudson river from Albany to New York.

TAFT IS ENDORSED.

Delaware Republicans Favor His Plans for Tariff Revision.

Dover, Del., Sept. 1.—The Delaware republican state convention met here and unanimously renominated Congressman William H. Heald of Wilmington. Although Congressman Heald supported Speaker Cannon during the contest over the rules of the house of representatives, the platform adopted approves the congressman.

The platform also endorses the administration of President Taft, approves the work of Delaware's senators and representatives in congress and ratifies the republican national platform of 1908. The platform approves President Taft's views on tariff revision as made public in his recent letter.

IS A TIME FOR HARMONY

IT'S NO TIME FOR WAR WITHIN REPUBLICAN PARTY.

SHERMAN GIVEN AN OVATION

The Vice President Says That He is Not Reading Anybody Out of the Republican Party, But Would Turn Sinners Back into the Fold.

Enid, Okla., Sept. 1.—On the trip from Guthrie to this city this morning the car platform was utilized by Vice President Sherman as a speaking stage more than at any time during his trip to the southwest.

The little town of Crescent turned out a company of mothers with infants in arms and they saw Mr. Sherman with coat off and suspenders down.

"These are twins," said one young woman, who held up two babies.

"Well," responded Mr. Sherman, "in twenty years they will be living in a finer country than we have ever known. If they are boys I'll bet a thousand dollars they will vote the republican ticket."

The vice president was somewhat hoarse from his efforts of last night, and former Congressman James E. Watson of Indiana took up the talk, complimenting the woman and then making a plea for the re-election of Congressman Bird McGuire.

As the train was pulling out a man in the crowd shouted:

"Where is the state capital going to be located?"

"I don't think," responded Mr. Sherman, "that there is any alliance between Haskell and God. You will have to ask Haskell or heaven."

Guthrie, Okla., Sept. 1.—"I am not here to read any republican out of the party. All are welcome and, like the minister of the gospel, I would turn sinners from their erring ways and take them back in the fold of true republicanism."

That was how close Vice President Sherman came to the insurgent question when he addressed a crowd in Highland park, at the edge of the city. It was the largest gathering that the vice president has faced on his tour of the southwest, and it responded heartily to his enunciation of party doctrine.

"This is no time for quarrels in the party," declared Mr. Sherman. It is no time for a division of feeling on this point or that. It is the time for republicans to stand shoulder to shoulder in the fight against the common enemy.

The day began for Mr. Sherman at Chandler, fifty miles or so from Guthrie. A number of party workers boarded the car and rode to Guthrie, where there was a meeting of the executive committee of the state committee. Mr. Sherman rested in his room until 4:30 o'clock, when he held a reception in the lobby of the hotel, shaking hands with several hundred men, women and even children.

One babe in arms was kissed, and that pleased the mother, and, apparently the baby, for it smiled.

The vice president today will make an address in Enid and tomorrow in El Reno. A demonstration in Oklahoma City on Saturday winds up the tour.

SIBLEY ISSUES STATEMENT

Fearing He May Not Live to Testify, Wants Friends to Know Truth.

Franklin, Pa., Sept. 1.—Expressing the belief that he is "near the border land of another country" and fearing that he may not even survive to tell his story in court, Joseph C. Sibley, who last week resigned as republican candidate for congress in the Twenty-eighth district, and was the next day arrested on a charge of conspiracy to bribe, corrupt and debauch the voters of Warren county, issued a statement relative to his candidacy and his \$42,500 election expense account. He says that if he should not be able to testify in court, he wants his friends to know the truth.

Mr. Sibley says he left the disbursement of money to his private secretary owing to ill health, and not until the day of filing his account was he aware that he had spent more than \$20,000. But it will be shown, Mr. Sibley declares, that every cent was spent in conformity with the law.

COOKING BORES HER SO.

American Wives Know Nothing of the Art, Professor Barnard Says.

New York, Sept. 1.—Prof. Charles Barnard, specialist in household economy, and one of the foremost figures at the household show, which is being held in Madison Square Garden this week, hasn't a very high opinion of the American housewife.

"The American housekeeper, compared with the housewives of France and Germany, is an unlettered child," declared Professor Barnard.

"The American man, because of his wife's culinary inefficiency, is not so well fed nor nourished as the European making less than half his income.

"The American woman does not know as much about cooking as the Indian squaw.

"Cooking, though it is a part of the profession of wifehood, does not interest her. She 'can't be bothered,' she says. The mechanic's wife vies with the millionaire's wife in buying only the most expensive cuts of meat, steak, chops. Swings the unvarying pendulum of the week's bill of fare.

"Now, only 24 percent of a beef, for instance, can provide the expensive porterhouse steaks, Delmonico roasts, etc.

"The other 76 percent is made up of the cheaper cuts—chuck, rump, round, shank, navel, brisket, etc.

"This meat if properly cooked—that is, slowly cooked, as more necessary and has a better flavor than tenderloin. But the poor man's wife won't take the trouble to cook it. Her husband may say: 'We'll have to economize. Let's buy a little cheaper meat.' But when she gets to the butcher's and sees another woman buying something more expensive, she feels very much ashamed of what she intended to order, or else says to herself, 'What's good enough for her is none too good for me,' and buys a porterhouse steak instead.

"There's another type of woman that would rather spend her husband's money than her own time. She 'can't be bothered cooking.' But, here Professor Barnard brightened up perceptibly—"a solution has been found even for her. It is fireless cooking. Have you ever tried it?"

"That's a trick the Indian squaw has taught us," Professor Barnard continued. "There are fifteen or twenty different fireless cookers on the market, so you see I'm not booming anybody in talking about them. They are already in pretty general use in the west, but women here are much more conservative and are slow in taking up housekeeping improvements."

INSURGENTS TO SUPPORT SMITH

Iowa Anti-Cannon Candidates Tie Up With Cannon Follower.

Smith of this city, a supporter of Cannon and candidate for speaker of the next congress, has been promised the support of Judge Prouty, candidate for congress in the Seventh Iowa district; Congressman Good of the Fifth district, and Congressman Pickett of the Third district in his campaign for re-election. Custer County's Gain.

Washington, Sept. 1.—Official figures made public give Custer county, Nebraska, a population of 25,698 as against 19,758 ten years ago, an increase of 5,940. The census of 1890 showed that Custer county at that time had 21,677 inhabitants. During the decade between 1890 and 1900 the population fell off 1,819. The increase from 1900 to 1910 the census officials attribute to the operation of dry farming methods.

PLAN A CLEVELAND TOWER.

New York, Sept. 1.—Announcement was made today of the completion of the plans for a national memorial to Grover Cleveland at Princeton, N. J. It will be a tower 150 feet high and 40 feet square at the base and will be erected upon the tract known as the old golf links. The material will be silver gray stone.

Selection of a site awaited a decision in regard to the group of buildings for the graduate school of Princeton university, with which Mr. Cleveland was closely identified in the last years of his life and for which bequests aggregating several million dollars recently have been made. The perfected design is to cluster these buildings around the tower.

HILDRETH'S HORSE TOOK DOWN THE FIRST MONEY.

IT NETTED HIM ONLY \$23,000

Whitney's Sahti, Bought a Few Days Ago for \$30,000, Took Second Money and Earned \$3,973—Bradley's Love Not Was Third.

Saratoga, N. Y., Sept. 1.—The classic futurity, the richest race of the year and the last of the season in this state—perhaps the last futurity in view of the anti-betting legislation—was won by S. C. Hildreth's Novelty, ridden by Shilling, in 1:12 1/2. The race netted only \$23,000 to the winner, although in the past it has been sometimes worth more than \$60,000.

H. P. Whitney's Sahti, bought a few days ago for \$30,000, earned \$3,973 in second place. E. R. Bradley's Love Not took third money, \$1,826, one and one-half lengths back. The time is only three-fifths of a second slower than the track record.

A SUIT AGAINST STRIKERS.

Coal Miners' Strike Leaders Charged With Conspiracy.

Pittsburg, Sept. 1.—Seven coal companies in the Irwin and Westmoreland fields, where there has been a strike since last March, brought a suit in trespass in the county courts against Francis Feehan, president of district No. 5 of the United Mine Workers of America and seventy-four other officers and members of the local union, charging conspiracy in preaching seditious against the laws of the state and nation and with distributing inflammatory literature.

The coal companies assert that without authority from the national officers Feehan and other defendants organized the strike in the district of the plaintiff's operations to advance his own power in the national organization. It is also asserted that more than 10,000 men were thrown out of work and that the plaintiff companies suffered damages of \$1,000,000.

Suits have been filed against others in West Moreland, making the total number of defendants thirty-four. A capias is asked for each and arrests are expected to be made today.

Order Reigns in Nicaragua.

Estrada, the provisional president, was publicly inaugurated in the hall of congress, the troops have been paid off and mustered out and tranquility reigns. The popularity of the new president is shown by the fact that a large number of prominent persons in the provinces have come to Managua personally to extend to him their felicitations while the people of Granada have presented him with a gold laurel wreath.
