Mrs. Albert Viegutz and daughters Martina and Esther went to Omaha for a visit with friends. Miss Ella Fischer of Sioux City and Mr. and Mrs. E. Hicks of Wayne were here visiting August Fischer and family. A hunting party including D. Mathewson, Charles Mathewson of Walthill, Neb., M. C. Hazen and G. B. Salter, left at noon for an outing in Cherry county. Born to Mr. and Mrs. John Ankins, a daughter. Millard Green returned from Fremont Saturday, where he purchased a new day. On account of the death of Private Farley Beymer, the National guard armory will be in mourning for thirty days. The military ball has also been postponed. After a hard tussle with the pigskin, the Emery team defeated the Ed Schelliey football team on the driving park gridiron Saturday afternoon by a score of 7 to 0. Shungovani, the Indian magician who pleased the Norfolk chautauqua audience this season, passed through the city Saturday from Hoskins, where he gave an entertainment a few nights ago. A strike in the stone quarries from which stone for the Norfolk Y. M. C. A. building is bought, has caused a delay in the contractor's work. He declares, however, that the delay will not be a long one. The remains of D. B. Phileo, the former Wayne man whose death occurred at Twin Falls, Ida., were taken through Norfolk and the funeral held at Wayne. The relatives say that "a nervous breakdown" caused the death. Dr. McKnight and wife and their son Enel of Long Pine were visitors at the Brechbill home Sunday and Monday. They left at noon for their new home at Puxpepec Oaxaca, Mexico. They expect to remain there at least five months. Judge Welch at Wayne granted an injunction restraining Willis McBride of Elgin from starting any more suits against the American Express company and issued an order permitting him to go ahead with the three suits he already has begun, but at different times. Oscar J. Johnson, formerly one of the firm of the Johnson Dry Goods company in Norfolk but now of Orange, Calif., is in the city visiting his sisters, Mrs. C. S. Parker and Mrs. J. S. Mathewson. Mr. Johnson, who has been ill all summer, is recovering his health. Somebody at the Norfolk gas plant turned off a valve Monday morning and for two hours there was air in the pipes instead of gas. Among other results, the linotype machines at The News office were stalled during a rush portion of the day. A team of horses attached to the buggy belonging to G. R. Seiler, after becoming frightened on Third street and Norfolk avenue, made two record breaking runs around the block, frightening a team of horses attached to a hack, which also followed them around the block. No damage was done. A large number of Bloomfield people were in the city Sunday in their automobiles and enjoyed a luncheon at the Oxford hotel. Among the party were: James R. Kolar, K. M. Her, Frank Henderson, J. D. Munro, Henry Graham, Fritz Koops, Henry Olt, E. D. Durbin, John Decker. Cleo Lederer, who is visiting with relatives at Conrad, Mont., writes Norfolk friends that he is enjoying his vacation immensely. Conrad, says Mr. Lederer, is a beautiful place bounded on the west by the Rockies and on the east by a fertile valley which is well settled. He says it's very fine to live a few weeks on vacation. Because he received a telegram too late to make connections with a train eastbound from the Dallas country Chief of Police Marquardt was unable to arrest Frank Murley who, the Dallas authorities say, passed through the city with four razors in his pockets. What Murley was wanted for at Dallas was not known by Chief Marquardt. The Northwestern railroad company had as many as five switch engines at work in the yards in twenty-four hours last week on account of the heavy traffic. Much coal, lumber and general merchandise is being shipped into Norfolk while the through freight is also being shipped through Norfolk to the west. J. W. Bovee made an address on the corner of Norfolk avenue and Fourth street Saturday afternoon to a

small audience of Norfolk citizens on prohibition and county option. Neither was Mr. Bovee contradicted nor was he applauded but was asked by Gus Lierman of Hadar where he got his authority for lecturing on the street. "Mayor Friday gave me permission," said Mr. Bovee. L. E. Toledo has returned to Norfolk from Toledo, O., where he underwent an operation on his leg which was broken at Chadron some time ago as the result of a piano falling on him. Mr. Puzco underwent an operation at Chadron, one in Norfolk and a third at Toledo. He is now fully recovered. Mr. Puzco is a piano salesman in the employ of the Bennett company here. The iron work on the dam proper has been completed by the men at work there making the extensive repairs for the Sugar City Cereal Mills, C. S. Bridge, proprietor of the mills, reports that he has decided to replace the old wooden walls with concrete and if possible this work will be done before actual cold weather sets in. Mr. Bridge does not believe concrete can be laid at a time when there is danger of it being frozen. Enough gravel has been taken out of the Northfork to cover the entire mill grounds and this will be used for the roads when in muddy condition. Two applications have been made for positions in the United States civil service. One for teacher in the Indian service and another for farmer. These examinations will take place in Norfolk. The examination for forest clerk will take place here on November 23. The entrance salary paid for this position is \$1,100 to \$1,200. The Union Pacific railroad, which has a large force of men at work laying the base for the brick paving at their tracks, have an ideal plan for the paving base. Nothing but heavy slag is used between the ties underneath the rails. After one foot of this slag has been laid, it is tamped and later the bricks will be placed on top, making, according to railroad officials, the best of bases. Dr. J. T. Pringle of Casper, Wyo., passed through the city Saturday from Pierce, Neb., where he will open offices. Dr. Pringle formerly practiced medicine in Pierce for eleven years, but on account of ill health, he moved with his family to Casper, Wyo., where his wife's parents live. In Casper he opened a hardware and furniture store, but is now returning to Pierce to resume his medical practice. An open "work-out" will be given to the public in the West gymnasium Tuesday afternoon, but Kid West and his trainers, among whom are Long Distance, Lee Root, Young Denney and Young Osborne. The ring men have been doing all their work behind closed doors, but have declared the public is welcome to "size them up" Tuesday next. West is doing splendid work and is in the best of condition. His injured leg is about healed up and he is giving his trainers plenty to do. Carl Reichle, a prominent farmer living south of the city, brought in a large load of watermelons Friday. All the melons were in good condition. Mr. Reichle reports that for the first time in his experience, the melons are growing in such large quantities that there are prospects for that fruit until the frost stops their growth. Many blossoms and small melons are still on the vines, and should the favorable weather continue Mr. Reichle will have still another bumper crop of watermelons. Norfolk's football team management has been lucky this year in securing a game with the Wayne high school, which will be played in Norfolk on Thanksgiving day, November 24. Six football teams, including O'Neill, Bancroft and Atkinson, have asked for games with Norfolk, but the local team's schedule is filled to the limit. The members of the Norfolk team underwent a severe "talking to" from their coach Thursday afternoon just before they went to the driving park for their regular practice for the Neligh game. THE ROSEBUD EXTENSION. Northwestern Constructing 30 Miles From Dallas to Colome and Carter. Omaha, Oct. 15.—Construction of the extension of the Northwestern Rosebud line from Dallas through Tripp county is the only activity in railway building in South Dakota. This line will run to Colome, ten miles from Dallas, and thence on to Carter, thirty miles from Dallas. It will reach Colome by the middle of November. Carter will not be reached before mid-winter at the present rate and unless this is an open winter not then. The road is doing its own building of this line. PADDED THE CENSUS. Washington, Oct. 17.—Staggered by the enormous growth shown by the returns of the new census for a number of western cities, Director Durand of the census bureau ordered an investigation, the result of which appeared in the announcement that gross frauds had been perpetrated. Mr. Durand gave out also a letter from President Taft, directing that persons implicated in the alleged frauds should be prosecuted. Cities specifically mentioned as being affected by the frauds are Tacoma, Seattle and Aberdeen, Wash.; Portland, Ore.; Minneapolis, Minn.; and Boise, Idaho, and Fort Smith, Ark. The News was probably the first paper in the country to expose the census padding in the west. A News man passing through Boise, Ida., during the enumeration, was counted as a Boise citizen. Enumerators went through the trains and counted passengers. Government Town Lots. Grand public sale, Newell, S. D., on

Thursday, October 27. Sale of town lots under government supervision at Newell, S. D., the new town on the Belle Fourche Valley line twenty-three miles east of Belle Fourche, S. D. Great opportunities for new business openings. Do not fail to attend. Apply to ticket agents Chicago & North Western Ry. for full particulars. Newspaper Burned Out. Verdigr, Neb., Oct. 18.—Special to The News: The newspaper plant and building of the Verdigr Citizen burned to the ground at 2 o'clock this morning. W. G. Squires, editor and owner, and Ray Zoll, a man who roomed with Squires in the building, narrowly escaped with their lives. When they awoke the building was a seething mass of smoke and flame. It is believed that the fire was set by some person, probably tramp. The loss is \$3,000, covered by \$500 insurance. Have You Seen Them? Carrying a pet monkey in a vase, as a companion, two Wayne boys, both about 14 years of age, have run away from their home and are being looked for in this city. One of the boys is the son of Peter Henkel, who traced his son to this city. The other boy's name is not known. No reason is given for the youngsters' act. The boys left Wayne Friday. Reporting the Games. Once again The News demonstrated its superiority in point of news service, by the extraordinary manner in which it covered the first game of the world's series of ball games. The News was the only evening paper entering this territory Monday night which contained a complete score of the play, inning by inning and feature by feature, throughout the entire nine innings. The Associated Press leased wire which runs directly into The News building, clicked off the story of the game as each play was made. One of the star men of the Associated Press service is at the baseball park, sending out the news as it develops. And within two minutes that news reaches Norfolk's daily newspaper office. The promptness with which this paper covers this world's series has attracted widespread comment from interested parties. "It makes us realize," one prominent man said, "more than ever, that we have a newspaper service that can't be beat in any city of the world, regardless of size." To Arraign Ketchel's Slayer. Springfield, Mo., Oct. 18.—The preliminary hearing of Walter Dipey, alias Walter Hertz, who shot and killed Stanley Ketchel, middleweight champion on the Dickerson ranch Saturday, will take place at Marshall Friday morning. At the same time Mrs. Goldie Smith will be arraigned. Dipey, or Hertz, will be charged with murder in the first degree while the woman will be charged with being an accessory. The inquest will be held here today but neither of the prisoners will be brought here. Ketchel's body was taken to his former home in Grand Rapids, Mich. FRENCH STRIKE CALLED OFF. Union Formally Brings Great Labor Conflict to an End. Paris, Oct. 18.—The strike committee of the railroads' union, at a meeting last night, formally called off the strike of the railroad employes which has extended over several of the most important systems in France. Work was resumed on all lines today. The collapse of the strike was due primarily to the stringent measures taken by Premier Briand, who called to the colors the majority of the strikers, thus compelling them to do service as reserves. The premier also placed under arrest many of the strike leaders and used the military forces without restraint for the protection of life and property. After having broken the back of the strike Mr. Briand arranged a practical settlement whereby the chief demands of the men were met. A serious situation arose through the throwing of bombs and attempts at train wrecking, responsibility for which the strikers denied. Millions of Acres Involved. Washington, Oct. 18.—Lands in Colorado, Kansas and Nebraska valued at millions of dollars will be the stake for which the railroads and individuals in the first named state will contest before the supreme court. That tribunal decided to review the findings of the circuit court of appeals for the contention of the Union Pacific Railroad company that its right-of-way through the lands of Thomas Stuart and Charles W. Murray should be 400 instead of 100 feet. The decision of the supreme court is expected to establish a precedent that will have far-reaching effect in the three states named. Cholera is Increasing. Rome, Oct. 18.—The official report of the cholera situation shows an increase in the number of new cases and deaths in the last twenty-four hours. It shows also that there are fifteen cases of the disease in one of the asylums for the insane for the province of Caserta. Thirty-six new cases are reported, twelve of which developed in the province of Naples, twenty-two in Caserta, one in Avellino and one in the province of Foggia. In the same period nineteen deaths occurred from cholera, thirteen in Caserta, and six in the province of Naples. Verdel Making Improvements. Verdigr, Neb., Oct. 18.—Special to The News: Work is in progress for the building of a ten-foot cement sidewalk along Main street on both sides of the street. Adolph Ahrens, a local contractor, is doing the work. Neligh Theater Season to Open. Neligh, Neb., Oct. 18.—The Auditorium of this city will open the season of 1910-11 Tuesday evening by the Phyllis Barrington Stock company in "The Morning After." On Wednesday evening they will present "The Girl of the Sunny South," and on Thursday night will render "The Merry Widow." Managers Jenkins and Payne are to be congratulated in securing the Barrington people, and only because of a

conflict in the dates makes it possible for the theater-going people of Neligh and vicinity to witness these high-class attractions, that were billed for Sioux City. PEOPLE'S PULPIT... ZIONISM IN PROPHECY ADDRESS TO A Jewish Mass Meeting—The Hippodrome Jammed

David, Solomon and others represent of Jehovah in the Kingdom of Israel and "sat upon the throne of the Kingdom of the Lord." Later the Kingdom was taken from Zedekiah, the last of the line of David to sit upon the throne of God's typical Kingdom. When the dominion was taken from him the Gentile governments were recognized, but not in the same manner as was Israel. None of them was designated the Kingdom of God. None of them was given perpetuity of rule.

But Gentile governments were promised a lease of power during the period when Israel would be cast off from God's favor. Then at the end of the appointed time the Gentile lease of earthly power in turn, and God's original provision for Israel to represent his Kingdom in the world, would return. These are the set times referred to by the Psalmist. God's promise to David—"The sure mercies of David"—were that of the fruit of his loins one should sit on the throne of the Lord forever. The real purport of this promise was that Messiah, the long-promised King of Israel, would be the root and off-shoot of the Davidic line and blessed of the Lord; his Kingdom should be an everlasting one and fully competent to fulfill all the Divine promises made to Abraham—"In thy Seed shall all the families of the earth be blessed."

Zedekiah Rejected—Nebuchadnezzar Acknowledged.

So long as God acknowledged the nation of Israel as his Kingdom their kings were his representatives; but when Zedekiah was rejected it was not inconsistent on the Lord's part to recognize the Gentile governments, as above suggested. Of King Zedekiah we read, "O thou profane and wicked Prince, whose time has come that iniquity should have an end. Remove the diadem. Take off the crown. This shall not be the same. I will overturn, overturn, overturn it until he come whose right it is (Messiah), and I will give it unto him" (Ezekiel xli, 26, 27). It was at this very time that God gave the lease of earthly power to Nebuchadnezzar and his successors, as is related in Daniel's prophecy. Nebuchadnezzar dreamed, but disembodied his vision. Daniel the Prophet, made prisoner at an earlier date, was, by Divine providence, introduced to the King as the one person in all the world able to rehearse the King's dream and to give its interpretation, and his power so to do is declared to have been of the Lord.

Nebuchadnezzar's Vision of Gentile Dominion.

The vision was of a stupendous image. Its head of gold represented Nebuchadnezzar's Empire—Babylon. Its breast and arms of silver represented the Medo-Persian Empire. Its belly and thighs of brass represented the Grecian Empire. Its strong legs of iron represented the Roman Empire, East and West. Its feet of iron and clay represented Papal Rome. The iron continues to represent civil governments, and the miry clay, making them appear like stone, represented ecclesiasticism as it is now mixed up with the politics of the ten kingdoms of Europe. The whole period of time in which these various Gentile governments would dominate the world would last until Messiah's promised Kingdom. And this period is symbolically stated to have been "seven times"; that is, seven years—evidently not literal years, but symbolical.

At their end the lease of earthly power of Gentile governments will terminate in the great time of trouble foretold by Daniel (xii, 1). Then Messiah shall stand up in the sense of assuming control of earth's affairs and Gentile governments will cease, for all nations shall serve and obey Messiah. And then God's Chosen People, Israel, will come to the front in the world's affairs, because they will become the representatives and instruments amongst men of Messiah's Kingdom, which will be spiritual and invisible, as is that of the Prince of this world, the Prince of darkness, whom Messiah will bind or restrain during the thousand years of his reign of righteousness and destroy at the conclusion, when he shall deliver over the Kingdom of earth to the Father. Mankind will then be perfect, because all willful sinners will be destroyed in the Second Death. Meantime, Messiah's reign will not only bless and uplift Israel, but through Israel the blessing will extend to every nation, people, kindred and tongue in full accord with the Divine promise and oath made to Abraham more than thirty centuries ago.

"All this is briefly and beautifully represented in Nebuchadnezzar's dream, as explained by Daniel. He saw a stone taken from the mountain without human aid. He watched and saw the stone smite the image on its feet and behold, as the result, complete demolition of the Gentile systems. This smiting of the image in the feet symbolically represents that it will be by Divine power that present institutions will all come to naught preparatory to the establishment of the Kingdom of God in their stead.

Messiah's Kingdom in the Vision.

Then Messiah's Kingdom, symbolized by the stone, will not only fill the place where the image stood, but, gradually increasing, will fill the whole earth. From this standpoint, said the speaker, it is not difficult for us to be-

lieve the words of the Psalmist that there is a time for God's gathering Zion, yea, a set time—fixed and unalterable. The speaker would not pretend to say the day or month or year in which these things would be accomplished—in which the Gentile lease of earth's dominion would expire and Messiah's Kingdom assume control. He did, however, offer a suggestion: So far as he could discern, the time for these stupendous events is very much closer than many of us had supposed. The seven times, or years, of Gentile domination, reckoned on the basis suggested in the Scriptures themselves, should be interpreted a day for a year, lunar time. Seven years in lunar time would represent 2520 days and these, symbolically interpreted, would mean 2520 years—from the time Nebuchadnezzar, the head of the image, was reared—down to the expiration of the lease of Gentile power, when the stone shall smite the image in the feet. So far as Pastor Russell has been able to determine, the year of Zedekiah's dethronement was 606 B. C. Thus calculated the 2520 years of Gentile lease of power will expire in October, 1914. There are some who claim that Zedekiah's dethronement should be dated B. C. 688. If this be true it could make a difference of but eighteen years and give the date 1902. Pastor Russell's convictions, however, favor the 1914 date.

Zionism's Future Assured.

For more than thirty years I have been presenting to Christian people the views I am today presenting specially to Jews, at the invitation of your Committee. Thirty years ago I attempted to tell to Israel the good tidings that God's set time to remember Zion had come. But the people of Israel to hear was still future. I waited and am still waiting for God's own time and way for the fulfillment of Isaiah xl, 1, 2—"Comfort ye, comfort ye, my people, speak ye comfortably to Jerusalem. Cry unto her that her appointed time is accomplished, and her iniquity pardoned, for she hath received of the Lord's hand double for all of her sins."

"God moves in a mysterious way His wonders to perform."

About twenty years ago providence raised up for your people a great leader, Dr. Herzl, whose name is now a household word with your race. But your people were unready for any message that I could give them they were ready for what God sent them through Dr. Herzl—a message of hope, a message of national aspiration which quickened the hearts of the people into new hope respecting the future of the Jews. Dr. Herzl's endeavor was to have all loyal sons of Israel rise from the dust and aspire to be a nation amongst nations and to protect a home for the persecuted of their race in Russia and Eastern Europe. Dr. Herzl struck the popular cord in the hearts of the people. At first it was purely political, and the Jewish Zion movement, as it was called, was religious; but gradually Dr. Herzl and all the leaders of the councils of your people began to see that the religious element of the movement was the strongest, the most powerful.

Dr. Herzl has been succeeded by Dr. Nordau, also evidently a man of great talent and great patriotism; but Zionism languishes. I am disclosing no secret when I tell you that the people of Israel, as well as amongst the rank and file, Zionism is trembling in the balances and fearful of coming to naught. It has spent its force along the lines originally inaugurated; but it has not been able to give its force to the new line of Zionism which is now being opened up. Without assuming the role of a prophet I answer you that Zionism is about to take on fresh vigor; that its most prosperous days are yet to come. According to my understanding of the Hebrew prophets the time of "Jacob's trouble" is not yet ended. Further portions of Russia may be expected and further atrocities in Roumania and elsewhere. It is sad indeed to be obliged to predict that these tribulations will probably come to you from professed Christians. How ashamed I feel of those who thus dishonor the name and the teachings of my Master, I cannot find words to express. They are deluded. They have misunderstood the Teacher whom they profess to follow. Their thought is that God will torment eternally all who do not profess the name of Christ. Controlled by this notion they are serving the god Adversary and dishonoring Jesus. But as the trials and difficulties of the patriarch Joseph were God's providence to lead him on to influence and power and honor, so will these experiences and persecutions work blessings for your race and tend to drive men out of their present satisfaction and make them long for Palestine. These experiences, in connection with the voice of the prophets, which will henceforth more and more ring in your ears, will be the providences of God to accomplish for you more fully the lines of Zionism than personal pride and national patriotism.

It is not my thought that the eight millions of Jews in the world will all go to Palestine, even though it has been estimated that, under most favorable conditions, the land could support more than twice that many. It is my thought that some of your most earnest and saintly people will go to Palestine, and that the rejuvenation there will be astonishing to the world. Further, it is my thought that Jews in every part of the world, in proportion to the extent of the holy influences of God's promises through the prophets, will go to Palestine sympathetically—by encouraging those who can better go than themselves and by financial assistance and the establishment there of great enterprises. Permit me to suggest that in the time of trouble, incidental to the transfer of Gentile rule to the power of Messiah, all financial interests will be jeopardized. Many of your race, growing wealthy, will surely take pleasure in forwarding the work of Zionism, as soon as they shall realize that it is of God, foretold through the prophets. And those of your people of insufficient faith to use their means in forwarding the Lord's work at this important juncture will, before very long, and themselves in the condition pictured by the Prophet Ezekiel, who declares (vii, 19) that in this great day of trouble—"They shall cast their silver in the streets and their gold shall be removed; their silver and their gold shall not be able to deliver them in the day of the wrath of the Lord." The great King of the Orient whom ye delight in (Malachi iii, 1-3) will test and prove you as a people. Those who worship idols of gold and silver, stocks and bonds, will receive severe chastisement at his hand that they may learn a great lesson before he will grant them a share in the coming blessings.

Suspicion.

Once give your mind to suspicion and there is sure to be food enough for it. In the stillness of the night air is filled with sounds for the wakeful ear that is resolved to listen.

The Orkney Islands.

"The member from the Orkneys" is the only man in the British house of commons who can say he sits for 200 islands. Only sixty of the islands are inhabited, but the constituency embraces more than 60,000 people.

The Orkneys were once given by Norway to England as security for a queen's dower and never redeemed. In the islands the voters must go to the polls by boats, and in some cases the distance to be traveled is eight miles.
