MUTINEERS WIN VICTORY

BRAZILIAN GOVERNMENT GIVES IN TO MUTINOUS NAVY.

THE ULTIMATE EFFECT REARED

The Government, through an Extra Session of Congress, grants every demand made by the sailors who murdered officers and seized ships.

Rio Janeiro, Nov. 25.—The government of Brazil today yielded to its mutinous navy.

Congress, meeting in extraordinary session, voted to concede every demand presented yesterday, including general amnesty for the sailors who, after murdering as many of their superior officers as was necessary to place them in control, trained the guns of the warships in the capitol.

Fear Ultimate Effect. What the effect will eventually be on the navy is a matter of some concern.

The immediate effect is to give the sailors increased pay, shorter hours of service and less work through the recruiting of additions to the crews and to abolish corporal punishment in the fleet.

Following the action of congress the mutineers went through the formality of surrendering and before noon today the city had resumed its normal activities and the public excitement had subsided.

Rio Janeiro, Nov. 25.—The naval mutineers surrendered today, congress voting amnesty. The capital slept last night with the guns of its own navy trained upon it. The mutineers remained seemingly masters of the situation. Toward 1 o'clock this morning one of the mutinous fleet fired upon the naval arsenal.

The cruiser De Odora had joined the battleships Minas, Gerases and Sao Paulo and the scout boat in revolt. Today's session of the chamber of deputies was awaited with anxiety but its vote of amnesty and the surrender of the mutineers cleared the situation. The demands of the naval men were granted.

Last evening the Sao Paulo and the Bahia withdrew from the harbor, supposedly because they feared a night attack from the loyal torpedo boat destroyers. The Minas Gerases, however, remained opposite the government palace and was joined by the cruiser De Odora. For several hours everything was quiet. Then watchers on shore noted activity on board the De Odora and soon after midnight the small guns of De Odora woke the town. It was at first thought the retreating vessels were making a concerted attack on the city.

Expected Attack on City. A combined attack upon the city was expected. For a time a panic was general. Then it was discovered that the firing was directed only at the naval arsenal. The cannonading did not last long or do great damage. The local garrisons and the loyal torpedo boats did not respond although, according to this morning's papers, their officers had received orders as to their duties in contingencies. When the De Odora had ceased firing, she put to sea, accompanied by the Minas Gerases.

Morning broke with the mutinous craft still outside the harbor and they did not return to port until some hours later.

Congress met in extraordinary session this morning. The chamber of deputies first concurred with the senate in granting amnesty to the mutineers. Both houses then passed resolutions conceding the demands of the sailors.

As soon as the action of the congress became known the mutineers surrendered and the revolt was at an end. The city was soon quiet and resuming its normal activities.

Lords Ignore Veto Bill.

London, Nov. 25.—The house of lords, without a division, adopted the resolutions of Lord Lansdowne, the opposition leader of the house of lords, and decided to send them, together with Lord Roseberry's plans for the reformation of the membership of the lords, to the house of commons. The upper chamber then adjourned until Monday, when dissolution of the parliament will take place. Thus the government's veto bill has been ignored by the house of lords. A noticeable feature of the debate has been the number of liberal peers who supported Lord Lansdowne's scheme and opposed the government's veto bill.

A Lindsay Silver Wedding.

Lindsay, Neb., Nov. 25.—Special to The News: Mr. and Mrs. Peter Bettinger celebrated their silver wedding with befitting ceremonies at the Holy Family church, and at noon and after dinner a reception to their relatives and a few of their friends, was held at their home, three miles west of here.

Creighton 6, Des Moines 2.

Omaha, Nov. 25.—Creighton defeated Des Moines college, 6 to 2. All the scoring was done in the first half, a touchdown and goal for Creighton and a touch back for the Iowa team. Once in the last half the visitors had the ball within five yards of the Creighton goal line, but were unable to put it over. The Creighton team had a decided advantage in weight.

NEBRASKA UNI. 119 HASKELL INDIANS 0

CORNHUSKERS MAKE WORLD'S RECORD FOR HIGH SCORE AGAINST REDSKINS.

Lincoln, Nov. 25.—Nebraska closed the football season here yesterday afternoon by crushing the Haskell Indians of Lawrence, Kan., to the tune of 119 to 0. The Cornhuskers scored twenty touchdowns, kicked seventeen goals and made one safety. The game was too lopsided to be interesting. The Indians were not only outweighted, but outplayed at every stage of the game. Nebraska's goal was never in danger, and the little red men played on the defensive throughout the game. The high score is the world's record since the game has been reduced to sixty minutes.

Nebraska carried the ball for a total of 1,150 yards while Haskell was able to gain only forty-three yards. The forward pass was used to good advantage by the Cornhuskers. The play was used eleven times for a total gain of 265 yards. The Indians were able to use the play for only two times. The Indians made only two first downs, while their opponents accomplished the trick forty-eight times.

Minor, Temple and Shonka were the stars for the Cornhuskers. Time and again they executed the forward pass for long gains. Their clever dodging was a feature of the game. Mudden and Ischelf played the best game for the visitors. The former excelled in tackling. At the close of the game Shonka was elected captain of the Nebraska for next season.

The Line-up:

South Dakota 19, Morning Side 6.
Sioux City, Nov. 25.—Four fifteen-minute quarters of spectacular football at Mizou field demonstrated conclusively the supremacy of South Dakota over Morning Side college (Sioux City), the former winning 19 to 6.

Three well earned touchdowns, goals from two of them and a safety gave the South Dakotans their 19 points. The Methodists were able to score only one touchdown and a goal. The Methodists played the best game in the last two quarters, holding the Vermillion men safely. In the third quarter they threatened the Dakota goal line and were near a score several times.

Trans-Mississippi Meet Ends.

San Antonio, Nov. 25.—Oklahoma City was selected as the place for the next session of the Trans-Mississippi commercial congress in 1911. Fred W. Fleming, chairman of the executive committee, was elevated to the post of president and A. C. Trombell of Oklahoma was selected to succeed Mr. Fleming.

ILLINOIS CENTRAL OFFICIALS INDICTED

THREE FORMER OFFICIALS AND EMPLOYEES, AND ONE OUTSIDER.

Chicago, Nov. 25.—Frank B. Harrison, John M. Taylor and C. L. Ewing, former officers and employees of the Illinois Central railroad, and Joseph E. Buker were indicted today by the Cook county grand jury for conspiracy in connection with the frauds said to have been practiced against the railroad.

A PARTIAL PARCELS POST.

Postmaster General Hitchcock Will Make This Recommendation.

Washington, Nov. 25.—A limited parcels post for rural free delivery routes will be recommended by Postmaster General Hitchcock in his forthcoming annual report. In announcing this the postmaster general said he favored the establishment of a general parcels post throughout the country as soon as the postal savings system is thoroughly organized.

As the preliminary step in the development of such a service, Mr. Hitchcock will ask congress to authorize delivery on rural routes of parcels weighing as high as eleven pounds, which is the weight limit for internal parcels post. This form of service can be conducted with little if any additional expense to the government. A rural parcels post, if successful, would probably lead the department to attempt a more general system.

SULLIVAN WON FIGHT

BUT DAVIS STAYED WITH HIM TEN FULL ROUNDS.

THERE WAS NO KNOCKOUT BLOW

Sullivan's Managers Claim That Eight-ounce Gloves Were Substituted for Five-ounce—Sullivan is Given the Decision.

Gregory, S. D., Nov. 25.—Special to The News: The Sullivan-Davis prize fight went for the ten full rounds here last night, Referee Patsy Magner giving the decision to Sullivan at the end of the battle. Eight-ounce gloves were used. There was no knockout.

There was very little betting. A few bets were made on the final result and some were made that Davis would last ten rounds.

Sullivan's backers claim that the agreement called for five-ounce gloves and that eight-ounce gloves were substituted. Sullivan's manager said his man would have put Davis out if the gloves had been as agreed upon.

There was a big crowd of spectators, the house netting about \$1,000.

Davis Finishes in Fine Form. Sullivan's advantage in reach helped him to land often but his blows seemed to lack force. Davis, although fifteen pounds lighter than Sullivan, showed remarkable staying qualities and finished in fine form.

The fight was fast from start to finish, each contestant putting up a good fight. A large delegation from O'Neill came to lend encouragement to their champion.

"Dummy" West of Gregory appeared at the ringside before the bout and challenged the winner.

Serious Flood in Alaska.

Cordova, Alaska, Nov. 25.—A serious flood caused by the loosening of the waters on lake in Bering Glacier swept the Bering river valley, devastating a large section southwest of the great ice field. Many miners' cabins were swept away and grave fears are entertained for the lives of the occupants. Icebergs of gigantic size were torn loose from the glacier and dumped into the river. Swept before the rush of waters which caused the Bering river to rise ten feet in four hours, the great masses of ice carried everything before them. Cabins near the river were carried out by the water and ground to pieces by the ice. Relief parties have been sent from Katala to take aid to the stricken miners and to ascertain if there has been loss of life.

LINDSAY FARMER'S AUTO TURNED OVER

HENRY ENGELBUTZ HAS CLOSE CALL WHEN CAR RIPS INTO BARB WIRE.

Lindsay, Neb., Nov. 25.—Special to The News: Henry Engelbutz, while coming to town in his automobile, had a narrow escape from death. When rounding a curve in the road, the machine got away from him, going through a wire fence and capsizing. Henry was thrown clear of the wreckage, sustaining only a few bruises, but the machine was demolished. There was not a spoke left in two wheels and other parts were badly twisted.

MENDE'S CAR IS SMASHED.

TWO MONTHS' IMPRISONMENT IS HANDED OUT TO WINDOW SMASHERS.

London, Nov. 25.—Twenty suffragettes who were arrested during the night for smashing windows in the government offices were sentenced in the Bow street police court today to two months each at hard labor.

In pronouncing sentence Sir Albert De Rutzen, chief magistrate of the Metropolitan police courts, said: "You disorderly women have been treated with too much leniency in the past."

RED LIGHT LEADER BURIED WITH HONORS

CUBAN ARISTOCRACY TURNS OUT TO FUNERAL OF NO-TORIOUS SLAVER.

Havana, Nov. 25.—Not since the funeral of Maximo Gomez, in 1905, has Havana seen such a tremendous demonstration of popular sympathy and respect as that which attended the funeral of Alberto Yariñi, leader of the Cuban white slave traders, who was slain Tuesday in a fight between rival gangs of Cuban and French slave traders.

The funeral procession was led by a police escort in command of General Riva, the chief of police, and a band following the hearse, drawn by eight horses. Then came wagonloads of flowers. In the procession were many thousands of persons including hundreds of members of negro voodoo societies, all the elements of the "red light" quarter and delegations from various political and commercial bodies. There were also 100 carriages, containing the representatives of the best society in Havana, high government and army and navy officers.

Despite Yariñi's notorious disrepute and his notorious leadership in the white slave traffic in Cuba, he had held the position of a popular idol as Havana's exponent of anti-Americanism since his assault on J. Cornell Larler, charge de affaires of the United States delegation in 1906.

The newspapers without exception laud Yariñi as an illustrious Cuban patriot.

COUNTESS TOLSTOI ILL

Her Temperature 102.9—Tolstoi's Daughter His Heiress.

St. Petersburg, Nov. 25.—A news dispatch from Tula today says that Countess Tolstoi is ill, her temperature 102.9. The will of the late Count Tolstoi makes his daughter Alexandra the legatee of his unpublished works.

MAY ATTACK WOOL TARIFF.

Washington, Nov. 22.—Besides advocating a half million dollar appropriation to pay the expenses of the tariff commission during the next two years, President Taft may call upon congress at the approaching session to revise at least one schedule of the Al-drich law, that covering the duties on wool and wool manufactures. It transpired here that the president has had this step under consideration. That action can be obtained at this session, however, is regarded as an extremely remote possibility.

POETS FORMING A UNION.

Journeyman Verse Writers Organize to Boom Business.

New York, Nov. 25.—American poets are to have an organization of their own, to be known as the "Poets Association of America." The list of charter members includes the names of Edwin Markham, Bliss Carmen, Henry Vandye, John Vance Cheney, Ella Wheeler Wilcox, Mrs. Florence Wilkinson Evans, Prof. Hugo Munsterberg, Cale Young Rice, Frank Dempster Sherman, Harriet Prescott Spofford and J. T. Trowbridge.

The object of the association, or "Poets Guild" is "a sincere effort to create a greater interest in poetry in America." Edwin Markham has this to say of the work mapped out for it: "I believe in it. This is the age of organization and this organization is only following the spirit of the time. We have a society of painters, a society of sculptors, a press club and the like, and it seemed to men and women that we should have a poetry society to discuss the general interests of poetry."

MEXICAN RIOTS END

RAILWAY OFFICIALS SAY THE TROUBLE IS OVER.

NOT SERIOUS AT ANY MOMENT

Officers of a Railroad Operated in Mexico, Owned by Americans, Declare Foreigners Have Never Been Molested or Train Service Stopped.

New York, Nov. 25.—The insurrectionary flames in the state of Chihuahua, Mexico, have apparently subsided to a marked degree, according to dispatches received here by Vice President E. D. Kenna of the Mexican North Western railway company whose lines run between Chihuahua and Madero, El Paso, and Terresas. Dr. P. S. Pearson, president of the railroad, who is in the City of Mexico, telegraphed as follows:

"Conditions in federal district and vicinity absolutely normal; there have been no riots of any character or any interference with properties. Reports of disturbances in Chihuahua greatly exaggerated; trains running regularly with exception of one interruption of service; no interruption or interference, Mexico North Western operations."

George Rutledge, the superintendent of the El Paso division of the Mexico North Western railway company, telegraphed from Ciudad Juarez that "no foreigners have been molested; that there has been no trouble of any kind on his division and that the reports concerning disturbances among the laborers engaged in railroad construction are without foundation."

Mr. Kenna has received also a message from H. C. Ferris, general manager of the railroad who is in Chihuahua, confirming Dr. Pearson's information.

An American Killed.

El Paso, Nov. 25.—All was quiet in Mexico City when the train came through which reached El Paso from Mexico City this morning, according to the passengers. All telegraph wires were in operation and there was no fighting.

Passengers who came from Parral declare there was no fighting there yesterday and the troops reported as passing through Torreon "to quell rioting at Parral" were merely reinforcements and were not for maintaining order at Parral.

These passengers bring the report that an American named Storey was wounded in the Parral fighting Monday at the same time that Thomas Lawson, an American, was accidentally killed. Information to the El Paso Herald this morning from along the border of Sonora is that Hermosilla, Guaymas, and Mazatlan are quiet. A message from Cananea says that quiet prevails there where eighty-five soldiers are considered sufficient, forty of the garrison of 125 having been sent to Naco Sonora.

"The story of revolutionists of Cananea furnishing arms and ammunition to Yaqui Indians is nothing but a hoax," declared the Herald correspondent.

Stillwell Says Revolt a Fake.

New York, Nov. 25.—Arthur E. Stillwell, president of the Kansas City, Mexico and Oriente railway and the dominant influence of many important Mexican interests, today declared that the Mexican revolution was a pure "fake," concocted largely by persons who had interests to save.

"Inside of ten days you will forget you ever heard of it," he said.

"I have telegrams from my agents at Zacatecas, where 500 were supposed to have been killed, saying that nothing of the kind happened. My agent at Torreon says the fall of that place did not occur. From Chihuahua I have a message saying that all is peaceful."

HELD FOR THE CRIME

HALF BREED NEGRO IN JAIL FOR NEW JERSEY MURDER.

PREACHER AND WIFE ARE SLAIN

A Shotgun Was the Means of Killing Man and Wife at Night—Half Breed Son of Housekeeper Borrowed a Shotgun That Afternoon.

Trenton, N. J., Nov. 25.—John Sears, who was arrested last night on the charge of having murdered Rev. A. Armstrong and his wife at their home in Dutch Neck Wednesday night, is said to have made a confession.

It is understood that Sears believed some provision had been made for him in the minister's will and that he was impatient to get the bequest.

Trenton, N. J., Nov. 25.—A coroner's jury today viewed the bodies of Rev. Amzi L. Armstrong and his wife, who were murdered at their home at Dutch Neck Wednesday night. The jury also made a thorough inspection of the house in which the aged couple were killed. The coroner fixed December 9 as the day for taking testimony.

John Sears, son of the housekeeper employed by the Armstrongs and who lived with his mother at the Armstrong homestead, slept last night in the county jail, where he was taken charged with the murder. Sears is of a surly temperament and does not have much to say. He is a half breed negro and has lived with his mother at the Armstrong home since he was an infant.

Prosecutor Crossley was not prepared today to say what action he would finally take regarding Mrs. Sears, the housekeeper, who is under espionage of two constables at Dutch Neck. Mr. Crossley refused to discuss the motive for the crime nor will he talk about the many theories advanced. He also declined to say whether a will had been found in the Armstrong home showing Mrs. Sears had been named as one of the beneficiaries in the Armstrong estate.

Killed With Shotgun.

An autopsy held by Coroner's Physician Schammell at the Armstrong home disclosed the fact that the aged couple had been killed with a shotgun. After the murder a shotgun which Sears had borrowed from a neighbor, saying that he was going hunting, was found in the kitchen of the Armstrong house.

Prosecutor Crossley, it is understood, feels fully able to upset any alibi which Sears seeks to establish. Sears says he went to New Brunswick about 7:30 o'clock Wednesday night, but it is claimed that he was seen around Dutch Neck two hours later.

\$25 NELIGH PURSE WAS CALLED OFF

ATKINSON-NELIGH TEAMS PLAY NO SCORE GAME—CUT OUT CASH PRIZE.

Neligh, Neb., Nov. 25.—Special to The News: The last football game of the season was played here yesterday afternoon before one of the largest crowds ever assembled to see a like game at the Riverside park field in this city. The strong Atkinson high school bunch went against the Neligh high for the third time this year. The teams still maintain their original games won and lost, as the "rubber" played yesterday did not change their complexion. Score: Neligh 0, Atkinson 0.

The management of both teams discovered that the playing for a purse would disqualify them hereafter in all amateur games, and on this ground the \$25 purse was withdrawn, entirely satisfactory to all concerned.

Four fifteen-minute quarters were played. The first half resulted in Neligh having the ball in the visitor's territory continually, but the last half Atkinson showed to a great advantage their superior weight, and had the ball within Neligh's fifteen-yard line on two occasions, but were unable to score.

The season just closed shows that Neligh has played eight games, won four, lost three, and tied one. Financially the team comes out ahead for the year.

THANKSGIVING IN NEW YORK.

High Price of Turkey Meat Doesn't Interfere With Feasts.

New York, Nov. 25.—Although the price of turkey was higher than usual it is doubtful whether any one in New York went without a good Thanksgiving dinner. Those who did were too proud to accept bounty offered by countless charitable institutions and individuals to supply their needs.

Diners were furnished to thousands of poor persons in baskets at their homes or at relief stations. At every institution in the city, including the prisons, Thanksgiving feasts were provided for the inmates. Fine weather contributed to the pleasure of the holiday and brought enormous crowds on the streets and in the parks. For the children a special treat was provided through the opening of all playgrounds which are usually closed on holidays.
