Jolly Hopkins.

Milwaukee, Wis., July 8.—One of the prettiest weddings of the year was the marriage of Miss Mae A. Hopkins, daughter of Mrs. Catherine Hopkins, to Peter M. Jolly of Norfolk, Neb., which took place this morning in St. Patrick's church.

Mean Advice.

Old Gent.—On the eve of your marriage let me give you a piece of advice. Remember when your wife's next birthday comes and give her a handsome present.

Young Man.—Yes, of course. "Give her the best your pocket can buy every birthday, but at Christmas, New Year's and such times give her only inexpensive little tokens. Form that habit."

"Yes, but why?" "It will pay." "I presume so." "Yes, in a few years you can won't forget the birthdays and she won't say a word."—New York Weekly.

DONKEY AND MULE IN RACE.

To See Which Can Get to White House First, as Political Sign. New York, July 8.—A donkey and an elephant started from Coney Island yesterday in a race for the White house, intended to forecast to the world generally the result of the election in 1912.

Several hundred followers of democracy are pinning their faith to the donkey, while the elephant has no fewer well wishes from the republican camp. The trail leads through Trenton, Philadelphia and Baltimore.

FLOCKING INTO THE TOWNS.

American People Leaving the Farms to Live in the Cities. Washington, July 8.—The people of the United States are steadily deserting the country and the farm for the turmoil and delights of the city and town, according to statistics made public by the census bureau.

In the last ten years the percentage of persons living in cities or other incorporated places of more than 2,500 inhabitants increased from 40.1 to 44.3 percent of the total. Twenty years ago only 36.1 percent of the total population lived in such incorporated places.

percent of the total. Twenty years ago only 36.1 percent of the total population lived in such incorporated places. In classifying the 1910 census returns, the bureau calls that portion of the population in incorporated cities or towns of 2,500 or more inhabitants urban and the remainder rural. On this basis, in 1910, 42,623,383 of 46.3 percent of the total lived in urban territory and 49,248,883, or 53.7 percent in rural territory.

"Blind Pig" is Still Operating. The News has information from an official who visited the place and saw liquor sold, that a blind pig is still operating east of the city. It is claimed a trunk filled with bottles of whiskey was seen at the "blind pig."

One man living east of town was indicted by the recent grand jury for illegal selling of liquor, but the bootlegging has not stopped, it is said. Many men recently arrested for being drunk, got their booze at the "blind pig," it is said. Any prosecution of the case would be up to the county attorney, who is said to have been notified.

Norfolk Autoist Fined at Pierce. Pierce, Neb., July 8.—Special to The News: Two men and two women from Norfolk were arrested here last night for speeding in an automobile. The driver gave the name of T. K. O'Connor and paid a fine of \$5. He was very gentlemanly about it. They were in a big Overland car, going at terrific speed. The number of the car was 36,177.

No car bearing the number of 36,177 is known in Norfolk.

Who Burned Schoolhouse? Verdigris, Neb., July 8.—Special to The News: Knoxville, an inland village seventeen miles west of Verdigris, is greatly stirred up over the burning of the schoolhouse on Wednesday. Bloodhounds from Fremont were brought to the village and they went to the home of John B. Uhrig, a prominent farmer, intensifying the excitement. No arrests have been made.

There had been a bitter factional fight in the school district and some time ago Uhrig is alleged to have tried to move the schoolhouse from its location, others preventing. And on Wednesday the schoolhouse was destroyed.

Rich Farmer Shoots Self. Tilden, Neb., July 8.—Special to The News: William Oelseliger, a wealthy farmer, aged about 60, and one of the earliest homesteaders of Madison county, was found dead in a buggy shed at his farm three miles south of town this morning. A shotgun wound in his heart told the story of his suicide. Beside him lay a double barreled shotgun, one shell empty and the other barrel cocked.

Mr. Oelseliger came to Madison county in about 1870. He had always been a quiet and retiring disposition and lived alone. He never had married. A number of relatives, including a stepfather and four or five brothers, live in this vicinity. He was worth about \$100,000, being an extensive land owner. No motive for the suicide has developed. The body was found by Charles Wolf.

Ad Club Holds Session. The Ad club will take hold of the Norfolk avenue and Third street paving petitions and make an effort to push them through. Only 600 feet are lacking for Norfolk avenue from Ninth to Fourteenth streets. Gen. Supt. Braden of the Northwestern has recommended to Chicago headquarters that the new \$65,000 station now being built be called "Third street station, Norfolk," and going away entirely with the out-of-date name of "Norfolk Junction," and that the uptown station be called the "Seventh street station, Norfolk."

The Ad club-Commercial club baseball game will be played next Wednesday, July 12, and an effort will be made to induce merchants and business men to close their places of business during the afternoon.

A petition asking Norfolk to vote \$8,000 bonds for buying a city park is being circulated and will be presented at the next city council meeting. The Ad club will give a big dance to open the new Koyen garage building, corner Fifth and Madison avenue, Otto Vogel having turned over his option to the Ad club.

C. B. Cabanis will represent the Norfolk Commercial and the Ad club at the national convention of Ad clubs in Boston in August.

The Ad club will confer with the U. C. T. on a plan to offer prizes for the best kept lawns this summer.

The Ad club will get behind the cluster light plan and systematically make a campaign to get clusters at regular intervals all along Norfolk avenue. The business men will be asked to buy the poles.

These were some of the facts brought out at a lively Ad club meeting last night, attended by thirty business men.

Rain in West Nebraska. Sidney, Neb., July 8.—One inch and a half of rain fell in the west end of Cheyenne county and within four miles of Sidney yesterday, which will insure bumper crop of small grain and give corn a big boost.

Crops Here Are Best. The crop conditions in Norfolk's vicinity are the best in the state. That is the news brought to this city by Frank Dennis of the Crete, Neb., flouring mills. Mr. Dennis has just completed a trip throughout the state and after looking over the crop conditions here, he declares them the best he has seen in any section of Nebraska.

Stanton Farmer Hurt in Runaway. Stanton, Neb., July 8.—Special to The News: J. D. Barnett, a prominent farmer residing just west of town, was thrown from his wagon by a team of runaway horses last evening. It seems that the tongue slipped through the ring in the neckyoke and this started the horses running. Just as they were turning from the road

into his residence the wagon box was thrown off. Mr. Barnett was thrown off with it and striking heavily, was rendered almost insensible. He was taken to his residence and a doctor was called. While severely bruised, it is thought that no bones were broken and that his recovery will be only a question of a few weeks.

Groom is 68, Bride is 62. A golden wedding followed by a real wedding, in which the bride and groom were both over 60, was the feature of a celebration held at the home of Mr. and Mrs. Martin Froelich, living on the corner of Pasewalk avenue and Fifth street. At 2 o'clock in the afternoon Rev. J. P. Mueller went through the ceremony which fifty years ago bound Mr. and Mrs. Froelich in wedlock. All the five sons and three daughters, with the exception of one, are married and have families, who were present. Many other friends were present.

At 5 o'clock in the evening at the same place Rev. Mr. Mueller bound in wedlock Christiana Hoffman, aged 68, and Mrs. Augusta Kell, aged 62. The groom is a wealthy retired farmer of Hastings, Neb., and the bride is well known here, having lived in Norfolk a long time. Her home is on South First street. The happy couple will go to Minnesota to spend their honeymoon and will return here soon to make Norfolk their home. The real wedding was scheduled to be a secret, the married couple fearing a charivari.

NORRIS BROWN TAFT'S GUEST. President Entertaining Nebraska Senator on His Yacht Today. Philadelphia, July 8.—After delivering an address before the Christian Endeavor convention on the steel pier at Atlantic City last night, President Taft, accompanied by Secretary Hilges, Capt. Butt and Senator Briggs of New Jersey, departed for Philadelphia where he arrived a few minutes before 11 o'clock. From the station here he went in an automobile to the Philadelphia navy yard where he boarded the Mayflower. The president is expected to reach Washington Monday.

Senator Penrose of Pennsylvania, Root of New York, Brown of Nebraska, Taylor of Tennessee, Foster of Louisiana, Bacon of Georgia and Overman of Carolina were invited by the president to accompany him.

Probing State Vouchers. Washington, July 8.—In executive session today the house committee on expenditures in the state department expected to examine, it is said, certain state department vouchers for sums paid out of the department's emergency fund. The committee desired to learn whether or not these vouchers would tell tales of "double salaries" money for work on special commissions paid to persons who also were drawing regular salaries from the department's pay roll. Representative Hamlin of Missouri, chairman of the committee, has determined at least that he will, if possible, find out whether, as he said, "the department is not paying from emergency fund extra compensation to some of its employees by placing them on special commissions."

College Swimmers Compete. New York, July 8.—Yale, Princeton, Cornell, Columbia, Brown, Syracuse, and Williams have entered men for the annual inter-collegiate swimming championships held this afternoon at Sheephead bay. Princeton is the favorite.

PITCHER PERDUE TELLS OF STINGIEST BALL TOSSER. "Hub" Perdue of the Boston Nationals tells of a ball player who achieved considerable popularity with fans in the south, but who was not popular with his waiter for the simple reason that no tips were forthcoming during five long seasons. One day Mr. Ball Player and George had the following conversation: "You going to be here right along, George?" "Yassir."

"All right. Then I'll be seeing you." The waiter scratched his kinky locks and then had an inspiration thusly: "Ah been seeing you for five years, but you-all hasn't seen me yet. Ah wish Boston done graft you."

NEW STATUTES EFFECTIVE. Laws Not Carrying Emergency Clause Go Into Effect. Lincoln, July 8.—Beginning yesterday, Nebraska's find themselves under the ban of several new laws passed by the last legislature, laws not carrying the emergency clause going into effect three calendar months after the adjournment of the session. Hotel Commissioner McFadden began work under the Bulla bill today; maternity homes and lying-in hospitals come under control of the state board of health and must have license to operate; minors under 18 may not legally be sold or given tobacco, and hypnotic and mesmeric exhibitions are tabooed.

County officers, county treasurer examiners and the state printing commissioners also begin to draw larger salaries. The food commission, state chemist and bank examiners would also have begun to draw larger salaries had it not been that the legislature forgot to provide the money for the increase.

Lee's bill prohibiting the hauling of voters to the polls became effective today, also a law requiring that syrups and sodawater be pure. Bartos' anti-bucketshop bill also became effective, but most of the shops in the state quit business when the bill was finally passed, so that its effect will not be so apparent as present. The pure seed law also became effective today, but under the terms of the act its provisions are not to be enforced until October 1. The state board of pardons, the board for the registration of stations and jacks and the state board of irrigation and highways also came into being, the latter board replacing the present board of irrigation, although its personnel is retained.

MAINE IS SELECTED. Postmaster General Picks Nebraska Metropolis for Executive Office. Washington, July 8.—After a thorough investigation into the respective advantages of the several cities applying for the headquarters of the new division of the railway mail service, recently authorized by congress, Postmaster General Hitchcock has finally decided to locate the executive offices at Omaha.

The new division is to include the states of Nebraska, Colorado and Wyoming and will embrace about 14,000 miles of railway mail service. Denver and Cheyenne, as well as Omaha, were applicants for the headquarters. Mr. Hitchcock selected Omaha largely because it led the other cities in importance as a railway center.

Most of the railway lines in the region embraced by the new division start from Omaha. Most of the heavy mails for this region come from the east and Omaha, which is situated on the eastern boundary of the division, is the principal gateway. It is therefore a decided advantage to have the

supervisory officers of the division at this point. More railway mail clerks reside at Omaha than elsewhere in the division, another reason why it is desirable to have the supervisory offices there. Many of the operating offices of the railways in the division have their offices at Omaha and thus can more readily co-operate with the railway mail officers in matters affecting the transportation of mails.

To Fight Carl Morris. Pueblo, Colo., July 8.—Jim Flynn left for New York to make definite arrangements for his meeting with Carl Morris, the "white man's hope," having received a telegram to come east from Morris' manager. While there was nothing definite in the telegram it is believed that an effort will be made to stage the fight in New York.

Earthquake in Buda Pest. Buda Pest, July 8.—Two earthquake shocks were felt early this morning in the town of Keoskemet, thirty miles distant from this city. A panic followed, the inhabitants rushing out into the streets and assembling in the squares. Hundreds of chimneys were overturned and the town hall and other buildings more or less damaged.

SOUTH DAKOTA AT A GLANCE. Phillip Pietrus, a veteran rancher, died suddenly near Pierre. Large crowds have been in attendance at the state firemen's tournament at Lead this week. Nick Rossineau of Rapid City, was fined \$60 for shooting grouse out of season. The Farmers' Elevator company of Bridgewater, declared a 20 percent dividend at its annual meeting. C. S. Grimes, Northwestern station agent at Huron, has been transferred to his old post at Pierre.

The city council of Arlington has granted an electric light franchise to George Johnson of Watertown. Deadwood business men expect to organize a company to manufacture turpentine from pitch pine stumps. The South Dakota state militia companies will hold their annual encampment at Watertown July 11 to 19. S. E. Cassill of Hudson, had a leg amputated as a result of injuries sustained when he was thrown from a horse.

Mr. and Mrs. Charles H. Kibbee of Mitchell, celebrated their golden wedding anniversary by inviting the public to a reception. The waterworks system at Leola has been completed and is in working order. A volunteer fire company is to be organized. The Schoeneman Lumber company has purchased the stock and property of the Carter Lumber company, one of its competitors in Sioux Falls. Miss Amanda Clement, the famous girl umpire of Hudson, injured one of her knees while running to cover a play during a baseball game and is on crutches.

The Neligh Boosters Here. Seventy Neligh Boosters in fifteen automobiles, invaded Norfolk at noon to advertise the Neligh race meet and chautauqua. The breaking of a spring on one of the machines at Meadow Grove caused a half hour's delay and the boosters arrived in Norfolk just half an hour after scheduled time. The Neligh boosters left home at 8 o'clock and visited Oakdale, Tilden, Meadow Grove and Battle Creek. In this city the boosters were entertained at dinner at two of the local hotels, Secretary A. W. Hawkins of the Commercial club and Secretary C. B. Cabanis of the Ad club met the boosters several miles out of the city and escorted them to town. Tribute to George Boyd. On arriving at Oakdale and learning of the death of George Boyd, the Neligh men marched quietly through the street with hats in hand as a mark of respect to Mr. Boyd. A most impressive incident was the removal of flags and other decorations from the cars. The boosters made a noisy entrance into this city and at once received the title of "live ones" from the crowds of business men who were awaiting them on Norfolk avenue. The cars were abundantly decorated with flags and bunting and the boosters were supplied with plenty of bells, whistles and horns which they used to keep time to the music of the band which is accompanying them. Mayor Wattles, who occupies one of the leading cars, is dubbed one of Neligh's liveliest boosters. When the parade stopped on the corner on Fourth street and Norfolk avenue, the mayor emerged from his car attired in a neat white linen suit, with an immense cowbell attached to his neck. His appearance among the boosters was a signal for the "yelling quartet" to give three cheers for Norfolk, which was performed in good form. The band gave a concert immediately after the yelling ceased and then the boosters had lunch. Charles H. Kelsey, who piloted the Neligh tour, and who is to come to Norfolk to live soon, led his booster comrades a merry chase, and it was with difficulty that many of them kept up the pace he set. Mr. Kelsey emerged from his car covered with dust and was kept busy for almost half an hour shaking hands with Norfolk friends. Many of the other boosters took the opportunity of becoming acquainted with Norfolk men during the concert. The boosters planned to make 125 miles before night. They went to Petersburg from here and thence to Elgin. At Meadow Grove the Neligh people were met by three autos in the country and at Battle Creek the hand turned out for them.

TO REMEMBER THE MAINE. Cuba Arranging for Demonstration in Honor of Dead Sailors. Washington, July 7.—Cuba is arranging to pay a tribute to the sailors whose lives were sacrificed in the destruction of the battleship Maine.

here in a hard fought battle, score 7 to 3. Batteries: Wayne, Clinch and Dewey; Winside, Kingston and Pomerey. Hits: Winside, 10; Wayne, 6. Umpire, Thos. Johnson.

DONOVAN PLEASURES TAYLOR. Manager of Boston Americans Does Not Mind if Owner Runs Team. Patsy Donovan is probably proving himself the most satisfactory manager that the Boston club has ever had, because he does not appear to object to the interference of Owner John I. Taylor.

The average man in charge of a ball team wants to be the boss. He wants to be consulted about when players are to be let out or when secured. Donovan, however, seems to differ in this respect, for he has not raised his voice against anything Taylor has done or intended.

All his predecessors forced themselves out of their jobs because they did not want Taylor to meddle with the team's affairs. Donovan has profited by their experience and is looking wise and sawing wood.

Buys Niobrara Pop Factory. Niobrara, Neb., July 8.—Special to The News: R. B. Hanks of Creighton purchased the Niobrara pop factory of Addison & Son and took possession the first of this week. At present he is negotiating the purchase of the ice cream factory owned by the same parties. Good showers during the present week have made the outlook for a good corn crop more encouraging.

Our Modern Factory Spoon. For our modern factory made spoon the stock is first rolled and cross rolled to get the graded thickness that is needed. The spoon outline is then obtained by means of cutting out dies. The blanks thus formed are struck up by another set of dies, which ornament the front and back and even bend the spoon into its proper shape. At the same time stamping the required "sterling" and the maker's mark. If a spoon is made by this latest of processes the sterling mark can be found raised on the surface instead of incised, as was the case when the marking was done separately.—Handicraft.

Casualties of the Cradle. The burden of Prussia's military state, not spared even to the babes in their cradles, has proved too much for some of the younger members of the royal families. In "The House of Hohenzollern" Mr. Brayley Hodggets mentions that the two sons whom the first crown princess of Prussia bore her husband (at the beginning of the eighteenth century) both died in their cradles, one from a nervous shock which by his arrival was heralded and the other from the burden of a golden crown which was placed on his head after baptism.

Oakdale. J. K. Lenox of Allen, Neb., a prominent real estate man of that place, was in town Thursday morning. C. N. Crandall of Lincoln transacted business in town Thursday. Clear Fisher of Norfolk visited old friends here the latter part of last week. While here he was the guest of Charles Elwood.

The remains of Mrs. A. B. Elwood were brought here from Dunlap, Kan., last Saturday and buried beside those of her husband. W. A. Elwood met the funeral party in Omaha. Rev. W. C. Clifton of Meadow Grove delivered the sermon and preached the sermon at the United Brethren church last Sunday morning.

Mrs. John Nies is seriously ill at her home and her condition is considered serious by relatives. Her sons, John Nies of Norfolk and S. I. Nies of Neligh, are at her bedside. After spending about three years on the Pacific coast, Miss Lila Hawk returned home last week for a short visit with her relatives. R. M. Nesbit's brother from Quincy, Ill., visited him this week. Miss Elsie Nicholas went to Clearwater Wednesday for a couple days' visit with friends.

A large percent of the out-of-town visitors on the Fourth went to Tilden for the day. There was, however, a picnic party of about twenty or twenty-five at Torpin's camp, three-quarters of a mile northwest of town for the day. The town itself was quiet, with hardly any demonstration of the national holiday except the displaying of the national colors, and a practical safe and sane Fourth.

State Takes Drainage Bonds. Lincoln, July 8.—Special to The News: State Treasurer George has purchased for the permanent school fund \$60,855 of Elkhorn valley district drainage bonds at par; bonds draw 6 percent interest, and under the law one-twentieth of the total amount of the bonds are payable each year. This district is located in the counties of Dodge and Washington and the drainage is made necessary on account of the lands along the Elkhorn river lying back from the river bank being lower than the river itself, so that in high water these lands overflow. They are among the richest in the state. The cost of the drainage system was \$200,000, but the people of the district paid it all except the amount above stated now borrowed of the state of Nebraska on the bond issue above described.

Stokes Prologue Near End. New York, July 8.—The prologue of the Stokes shooting case approached its end today with the third session of the Tombs court, which will decide whether Miss Lillian Graham and Miss Ethel Conrad shall be held for the grand jury on the charge of trying to murder the wealthy hotel man. Unless the defense succeeds in finding some of the missing letters W. E. Stokes is said to have written Miss Graham, it is expected to close with the testimony of the elevator boy, to whom the two girls admitted they fled. Mr. Stokes full of bullets when he called to recover these same letters.

THE DIFFERENCE IN COLLEGE AND BIG LEAGUE BASEBALL. What makes the great difference in pitching college or minor league ball and facing major league batsmen is the fact that in this company the batsmen insist on getting the ball over the plate. They do not bite at anything that is dished up, soon have a pitcher in the hole, and when he is forced to aim it over of course no difficulty is experienced in hitting him. There are any number of no hit games pitched in college baseball, and yet these same pitchers would stand but a slight chance to make good in a major league. College teams do not hit much as a rule, and an ordinary pitcher of ten looks like a star in that company. The fact remains that the college pitchers who have made good in the big leagues have come not from the big colleges, but from some of the more remote institutions.

Winside Beats Wayne. Winside, Neb., July 8.—Special to The News: Winside defeated Wayne

President Gomez has issued a decree ordering a special demonstration of sympathy throughout the republic as soon as Havana harbor has given up the dead. There is doubt, however, as to whether they will be given an opportunity to give a sympathy demonstration, as the army and navy officers believe that no bodies will be found in the present operation of uncovering the wreck.

Paving Tax \$2.245 Per. After a number of special meetings to make a final settlement on the cost of the Norfolk avenue paving, the city council held another special meeting last night at which the matter was settled. The estimate was allowed at \$2,245 per square yard. This amount includes all the extra expenses attached to the paving. The contract price was \$2.10 per square yard and 14 1/2 cents was added for the extras. At last night's meeting 1 cent per square yard was deducted. The property owners' committee was not present, but it was reported that they are to be reimbursed for the dirt hauled from the street and also partly reimbursed for the old guttering taken out by the city.

After the special meeting a regular meeting was called which lasted until 1 o'clock this morning. Most of the time was taken up in the discussion of the report of the public works committee which reported on the municipal light plans. The committee recommended larger machinery and a larger building than called for by the Palmer estimate. The committee recommends a bond issue of \$65,000. The matter was referred back to the committee for further investigation. City Clerk Harter reported that the Northwestern railroad officials have notified him that they decline to build a cement walk on the west side of Seventh street from Park avenue to Norfolk avenue. The street is being used on the east side by the railroad company for sidetracks, and the council declared the walk was necessary because of the danger to the public in crossing the tracks. The company will be notified to put in the walk at the specified time or else the city will do the work. The Union Pacific road will be given a similar order for a walk on Park avenue.

GAMBLE IS IN CHICAGO. Dakota Senator Arrives There to Look After Lorimer Probe. Chicago, July 7.—United States Senator Gamble of South Dakota, member of the Lorimer senatorial investigating committee, arrived in Chicago today and conferred with John E. Marble and John J. Healy, attorneys for the committee now at work there. Senator Gamble said that the committee would hold a session in Chicago within two weeks when a number of new witnesses would be called. The president has invited eight senators to accompany him and of these, four are republicans and four democrats.
