HAHLEBECK TIPPED OVER CO. MCKENZIE LAY ON.

THEN FISTS BEGAN TO

Members of the Stanton Comp. They Were Attending State Campment at Bellevue—Fatal Quarrel Occurred Late in the Night.

Wisner, Neb., Oct. 5.—Special to The News: Earl Hahlbeck of Wisner, a militiaman attending the state encampment at Bellevue, is dead as a result of a fist blow delivered during a quarrel, over his head today by Donald McKenzie, another Wisner militiaman.

They belong to company B, First regiment, of which G. A. Eberly of Stanton, is colonel.

According to a telephone report, Hahlbeck had been sleeping on the ground in the same tent with McKenzie, McKenzie being in a cot. Hahlbeck could not find some of his clothes and tipped over McKenzie and his cot. McKenzie is then said to have struck Hahlbeck in the face and Hahlbeck returned the blow. Then McKenzie struck Hahlbeck one blow in the chest and Hahlbeck became unconscious, dying shortly afterward.

A coroner's inquest was called, to investigate this afternoon. Hahlbeck was a son of George H. Hahlbeck of Wisner. Both men belonged to the Stanton militia company.

New York, Oct. 5.—The national commission today decided to play the first game of the world's baseball championship games at the Polo grounds here Saturday, Oct. 14. The choice was determined by the toss of a quarter of a dollar. Ben Schibe, president of the Athletics, called "heads" and the coin settled with a strike.

U. P. NOT TRYING TO FILL PLACES

IT ENOUGH MEN STRUCK, THEY SAY, TO INCONVENIENCE WORK.

Lincoln, Oct. 5.—The Union Pacific is making no attempt to fill the places of men who went on strike at their shops in Omaha and other cities on the system. No strikebreakers have been brought in, and officials of the road say that no necessity for such action is apparent. In the Omaha shops, the largest on the system, the number of men who struck, according to the officials, was not sufficiently large to necessitate bringing in new men.

The ultimatum issued to the strikers, that Wednesday noon was the latest date at which those who went out might return to work, received little heed from the strikers. Work at the shops has not been seriously impeded, 900 men still being on duty there.

Another Strike Fatality.

Houston, Oct. 5.—With what is probably the second fatality here in the Harriman line strike starting today in the face, city officials today prepared for rigorous measures to prevent further clashes.

Frank Tullis, a Harriman line guard, lies near death from bullets that strikers says were fired by his fellow guards. The guards say the bullets came from beneath cars that faced the position they occupied.

Embargo On Freight.

New Orleans, La., Oct. 5.—Although no denial or confirmation by those in a position to know was obtainable, a story was in circulation in commercial circles here today that the Illinois Central railroad had placed an embargo on all shipments from the north and east destined to Memphis and New Orleans and intermediate points.

STRIKERS RETURN TO WORK.

75 Carpenters and Car Men Return to Burnside Shops, Chicago.

Chicago, Oct. 5.—Seventy-five striking carpenters and car men returned to work at the Illinois Central shops at Burnside today, making a total of 300 men now at work, according to the statements made by railroad officials.

Now an Open Shop.

Chicago, Oct. 5.—The Burnside shops of the Illinois Central railroad became "open shops," a formal notice posted within the stockade informing the workmen that hereafter the road will deal only with its individual employees. The strikers declared this change would have no effect on the strike and that the order would be renewed when the strike was ended.

About 140 strike breakers arrived here from the south and were taken into the Burnside plant, going to the works in groups of ten or a dozen. They were not molested.

A Militiaman Killed.

Houston, Tex., Oct. 5.—The last day of grace, when striking Harriman system shophmen might return to work without demerit, passed with the ranks of the strikers in Texas practically unbroken, so far as dispatches indicated.

An exciting chase occurred when twenty strikebreakers stepped from a train from New Orleans and into automobiles bound for the Southern Pacific yards.

Strikers leaped into other conveyances and followed the automobiles, beseeching the men not to go to work. Their appeals were without success.

Another local incident was the quitting of a body of the nineteen guards from Henderson county, Tex., whose arrival Tuesday resulted in a clash with strike sympathizers and the killing of J. J. Pipes, the twentieth man in the company. Several strikebreakers also left the shops. Dispatches from Denison, where disorder occurred Monday and Tuesday nights, reported conditions quiet.

Injunction Quits Strikers.

Centralia, Ill., Oct. 5.—The posting of notices of the injunction obtained by the Illinois Central quieted the strikers here. A local socialist was also served with the injunction notice, because, it was alleged, he had been distributing socialist literature among the strikers.

FOOD OF THE MEXICANS.

Frijoles and Tortillas the Main Diet of the Poor.

People at home in the "states" may think the food of the Mexicans meager. It is composed chiefly of frijoles and tortillas, supplemented by the fruit of the cactus when in season.

Tortillas are thin little cakes made of corn boiled with lime, and these serve as the chief food. Every house has a metate, a sort of stone trough, which rests on the ground, and on this the corn is crushed to a paste and then patted into thin round cakes and tossed on a clay griddle to cook. Don't think as you ride down the street that in every house a child is being spanked—it is only the patting sound made by the women as they deftly shape the tortillas in their hands.

The blue in which the corn is softened is said to account for the very strong white teeth of the natives. Frijoles are, of course, beans and after being boiled a long time with onions, chili and other savory bits are put into boiling lard for their final flavor. Knives and forks are not needed where a tortilla can be folded in the middle and used as a scoop for the beans. These two articles of food form almost the entire diet of the poor.

All food is very hot, from the chili put in it, and one doesn't realize the peculiar flavor that cinnamon will give to many dishes until he has eaten it in everything, from coffee to ice cream. While pulque, the fermented juice of the maguey, our century plant, is the national drink, if a peon is very drunk it is probably due to mescal or tequila, two stronger drinks made from the same maguey.

Cooking is generally done over a few pieces of charcoal on the ground. Often have I seen women cook an entire meal over as little charcoal as one hand can grasp.—Los Angeles Times.

Coombs, Collins, Bender and Morgan to Appear in Vaudeville This Winter.

Jack Coombs, Chief Bender, Eddie Collins and Cy Morgan of the world's champion Athletics are to follow Mike Donlin, Christy Mathewson, Joe Tinker, Doc White and Larry McLean on the stage. It is said that Morgan, who is known as the "minstrel man" of baseball, is writing a vaudeville sketch in which he and his three teammates will appear. The contract is said to be a liberal one. Aside from a large salary for each man, it provides that the wives of the four players are to accompany the actor men during the tour.

BIG BALLOONS RACE TODAY

Giant Gas Bags Tugging at Their Ropes in Kansas City.

Kansas City, Oct. 5.—Two balloon races, one international and the other national in character, start from here today. The contest for the James Gordon-Bennett trophy brought to gather six giant racing craft—one French, two German and three American. Six American balloons, the three which entered the Bennett race and three others, fly for the Lahm cup. The pilot balloon is to be released at 4 o'clock this afternoon. The others will be released at 4:30 and at intervals of five minutes thereafter.

Interest centered, of course, in the Bennett race on account of its international fame. Then, too, there is a chance that America will come into permanent possession of the trophy this year. By the rules of the contest the trophy becomes the property of the first club that wins it three times successively. Representatives of the Aero Club of America have won the last two contests.

The last balloon to start in the Bennett race will be the "Buckeye," piloted by Lieut. Frank R. Lahm.

The Lahm contest is a distance event for the Americans. The cup is passed on as a balloonist sets a new record. It is now in the possession of Allan P. Hawley, who won it with a flight of 1,171.9 miles.

UNCLE SILAS SULKED.

What Aunt Melissa Had to Say When She Heard the News.

Aunt Melissa Spigott was such an exceedingly energetic talker that the youngsters of the family used to suppose that her tongue must be copper foed, because it never went out. Uncle Silas, on the other hand, was as economical of words as a marketman is of early strawberries.

The too free exercising of this unruly member of Aunt Melissa's on one occasion gave Uncle Silas serious offense, which he manifested by a severe silence lasting for several days. At the end of that period one of the older daughters approached her mother upon the subject with the remark, "Ma, seems like you ought to make up with pa by now."

"Make up with pa?" exclaimed Aunt Melissa in great astonishment. "Make up what?"

"Why," returned the daughter, "don't you know poor pa's feeling bad yet? He's still huffing."

"Huffing for the land's sake! How long's he been a-huffing?"

"Ever since you came down on him so hard about wasting sugar by not stirring his coffee; that's three days ago."

"Why, you don't tell me, Janie Maud!" Aunt Melissa looked amazed. "Your pore pa. Been a-huffing for three days, and I never mistrusted a thing of it!"—Youth's Companion.

SAY TRIPOLI HAS FALLEN

TELEGRAM DECLARES ITALY'S FLAG FLOATS OVER CITY.

BATTLESHIP REPORTED SUNK.

ONE REPORT SAYS WARSHIP IS IS BLOWN UP BY MINE.

TURKS STRIPPED THEIR GUNS.

Took Sights Off and Fled—Center Defense of Tripoli Is Not Fired On, As Italians Desired to Save These—Harbor Filled with Mines.

Glasgow, Oct. 5.—Elliott and company, a firm having agents in Tripoli today received a cablegram from Jerba, Tunis, saying: "The Italian flag now floats over Tripoli."

REPORT WARSHIP SUNK.

Battleship Said to Have Been Blown Up by Mine in Tripoli Harbor.

London, Oct. 5.—A dispatch to the Chronicle from Constantinople today says that a cable received from a Turkish source at Tripoli via Malta states that the Italian battleship Conte Di Cavour was blown up by a Turkish mine off Tripoli and that the crew and troops aboard the vessel perished.

Heavy Cannonading Heard.

The dispatch says cannonading was heard last night near Samothrace, an island belonging to Turkey in the Aegean sea, about twenty miles from the coast of Thrace, where flashes from the searchlights were seen.

A violent cannonading was also heard off the coast from Greece. The newly formed national defense committee today called King George of England asking him to intervene.

Tripoli Harbor Mined.

A news dispatch from Rome says that the delay in the bombardment of Tripoli was due not only to the Italian desire to avoid bloodshed, but also to the fact that the harbor has been extensively mined.

[The Italian battleship Conte Di Cavour, described in a Turkish report as having been blown up by a mine off Tripoli, appears in the naval register as still in the course of construction at Spezia. No vessel of that name is in active service, so far as shown by the records of the Italian navy.]

Italians Land at Tripoli.

London, Oct. 5.—A dispatch from Rome says that the Syracuse correspondent of a Rome paper telegraphs: "The Italians effected a landing close to Tripoli under the protection of their warships."

The Tripoli Bombardment.

Rome, Oct. 5.—A telegram from Tripoli under today's date says: "The bombardment was continued yesterday morning. The fire was directed against the outer defenses, the central defenses being spared so as not to destroy the town. The sultania and Hamidiah batteries were dismantled. The cruiser Giuseppe Garibaldi entered the harbor, and Italian officers visited the Hamidiah battery. They found that the Turks had removed the sights from the guns and evacuated them. Three dead bodies were found in the battery."

"Up to the time this message is sent no offer of capitulation has been made."

Want Suez Canal Cleared.

Port Said, Egypt, Oct. 5.—The Italian consul today protested to the governor of Suez canal against the continued presence in the harbor of the Turkish transport Kaiser, which has been here since Sept. 30. The consul contends that this constitutes a breach of neutrality of the canal.

Turks to Seek Arbitration.

Paris, Oct. 5.—Bostani Effendi, the Turkish delegate of the council of the inter-parliamentary union, acting under the advice of other members of the council, today telegraphed to the ports, suggesting that Turkey offer directly to Italy to arbitrate all the differences between the two governments, as both are signatories to The Hague convention. If Italy refuses, as Bostani Effendi considers probable, she will, he believes, be further placed in the wrong before the world.

The council of the union met yesterday to discuss the matter of a place for the next meeting. The session was a stormy one, the Italian delegates taking offense and threatening to withdraw from the inter-parliamentary union because of the adoption of a resolution setting forth that the international conference which was to be held in Rome in September had been postponed on account of "the epidemic of cholera now existing in Italy," and regretting the precipitate action of Italy in declaring war.

In a heated debate the Italian delegates (continued on fifth page.)
