nal organization has made this story the basis for their magnificent ritual. They couldn't better link divine and human. The fascinating parable gives us an insight into the heart of God and man. Fifteen miles from Jerusalem is the city of Jericho. The trail led down a wild canyon, through dense forest and giant bowlders. Robbers and outlaws most desperate frequented the road. It was "Your money or your life"-or both. Down the lonely path comes a Jewish trader, his pack on back, his wad buckled tight in belt. At a sharp turn in the road a half dozen desperadoes leap from bushes. There's a short, fierce struggle, a crushing blow on the skull of the way-

farer, and he lies bleedng and sense-

"Passed by on the Other Side."

The traveler's most naked and half dead. Toward sundown comes returning consciousness. Footsteps are nearing. "God, the merciful," he mutters, "a priest of the temple!" He closes his eyes, half comforted. He hears rustle of sacred apparel, but it quickly passes away. He's gone by "on the other side." The man doesn't belong to his parish, and it's growing dark; it may be a scheme to rob him. There's a meeting of church officers he must attend. He will notify the authorities when he reaches town. But there's another coming! Surely he will help! "A Levite, an officer in the house of God." hopefully whispers the sufferer. "God

is gracious after all." He tries to call out, but nearly swoons. The Levite turns and looks at him. "It's a fellow Jew. Too bad some people are so unfortunate. There ought to be better enforcement of law against thieves!" He'll notify some city missionary or slum worker about this case. He must hurry on. His footsteps grow fainter and fainter.
