Both pugilists have expressed a desire to come together ever since the bout at Milwaukee was prevented by the authorities. James Coffroth of San Francisco, has offered McFarland a match with "Brooklyn" Tommy Murphy, to be staged on the Pacific coast early in December and it seems probable that he will accept. This fight would probably be held in San Francisco about the same time Ad Wolgast is meeting Freddy Walsh in Los Angeles.

KENTUCKY DEMOCRATIC AGAIN Has Big Majority After Four Years of Republican Rule.

Louisville, Ky., Nov. 8.—After four years of republican rule, Kentucky awoke this morning to count majorities that voters gave yesterday to practically all the democratic candidates in the state. The next administration goes into office with a heavier endorsement than accorded to any set of candidates in years.

James Bennett McCreary, governor of Kentucky, has been re-elected by a majority of 30,000. His opponent was Judge Edward C. O'Rear. The vote on the remainder of the state ticket is not complete, although it is assured that every democratic nominee has been elected by a majority as large as that of McCreary.

The state legislature in joint assembly will have a democratic majority probably of 85, sufficient to dispel any doubt of the election of Congressman Ollie James to the United States senate as successor to Senator Thomas H. Painter. James is the new nominee of the state democratic primary.

The city of Lodiington voted to adopt the commission form of government for two years hence.

McNamara Jury by Dec. 15. Los Angeles, Nov. 8.—Four full-fledged jurors immune from challenge or future elimination unless they become ill, completing approximately one-third of the task of selecting a jury to try James B. McNamara, was the outlook today after five weeks of work.

When the court convened today there were five men in the jury box, the survivors of the first fusillade of peremptory challenges exercised yesterday by both sides, but Clarence S. Darrow, chief counsel for the defense, declared early today that he would eliminate one of the five, possibly tomorrow. Chances for agreeing upon a jury before the middle of December are regarded good by several attorneys.

WOULD BUTCHER THE PIG.

Kansas State Agricultural School Plans to Restore Old Custom.

Manhattan, Kan., Nov. 8.—With the idea of restoring hog killing days and the old-fashioned smokehouse on the farm, and thus to save the farmers of Kansas millions on meat each year, Prof. H. J. Waters, president of the Kansas state agricultural college here, has inaugurated plans for a course in butchering, to be offered farmers' sons attending the college. According to President Waters, \$5,000,000 is paid annually to the packers for meat by the rural population of the state.

C. H. Chandler, state architect, has been instructed to draw up plans for the college slaughterhouse, where thorough instructions will be given in the care of meats. A model slaughterhouse, such as every thrifty farmer might own, has been constructed.

George Glover Would Appeal. Concord, N. H., Nov. 8.—George Glover of Lead, S. D., has filed a petition in the superior court for permission to appeal from the probate of his mother's will, Mrs. Mary Baker Eddy. The petition says that Glover did not contest the probate of the will within the limits of his right to appeal because belief that the bequests made to the First Church of Christ, scientist, in Boston, are illegal and were contrary to public policy and were "seized by fraud and undue influence," did not come to him until after his right to appeal had expired.

Hughes hung by his arms from the ties of a bridge over the Red river and then, unable to draw himself back on the bridge, dropped into the river, seventy-five feet below. He struck in shallow water and found himself imbedded so deeply in the mud that he was unable to get free until aided by a man who heard his calls for help. He was taken the police station, clothed and sent on his way uninjured.

Kansas Team Crippled. Lawrence, Kan., Nov. 8.—With the Oklahoma game scheduled for Saturday and the Nebraska and Missouri games following, prospects are very bright for the Kansas football squad, according to Coach Sherwin, who put his men through a hard line of dummy tackling. "The men are in poor condition," said Coach Sherwin. "Their showing in the Washburn game Saturday was bad, partly due to the bad condition." The hardest practice of the season began for the squad. This furnished the last opportunity to give it a good workout before the last three big games. Aherns and Baird, two of the regulars, nursing bruised shoulders, hope to get in shape for Saturday's game.

MARRIED ON \$4 A WEEK.

Kansas City Judge Says That's Too Little to Marry On.

Kansas City, Nov. 8.—"A man who doesn't make more than \$4 a week has no business getting married," said Judge Joseph Guthrie in the circuit court here. Mrs. Lydia Laponglia sued her husband, a Greek laborer, and asked the court for money to live on pending the trial. The judge promptly ordered the husband to pay her \$4 a week. "That is all I make," protested Laponglia. "How am I to live?" "The order will stand," said the judge.

Nebraska State Is Republican. Omaha, Nov. 8.—Lata returns indicate that the republicans captured every state office in the election, and most of the counties of the state returned the usual republican majorities. The only democratic victory of consequence was in the Third congressional district where Dan V. Stephens was elected to succeed the late Congressman Latta, democrat. Stephens' majority, however, was materially reduced from that received by Latta a year ago.

In Omaha the county ticket, which

received almost the entire attention of the local politicians, went reëlected with the single exception of sheriff, to which office the democrats elected their candidate. The state officials elected were three supreme court judges, two university regents and a railway commissioner.

South Omaha elected a democratic police judge, but declined to agree to a merger with Omaha into one corporation.

Big Landslide to Judge Welch. Judge Anson A. Welch has been re-elected to the bench in the Ninth judicial district of Nebraska over former United States Senator William V. Allen by a majority exceeding 900. Judge Welch carried every county in the district save Pierce, even winning Madison, Senator Allen's home county. The result may be classed as a landslide, and it was a surprise even to Judge Welch's most ardent supporters.

Following are the majorities for Welch, as indicated: Wayne county, 560; Antelope, 200; Knox, 235; Madison, 23—Total, 1,018.

Allen carried Pierce by about 100. This gives Welch about 918 majority.

Stephens Wins by About 2,900. Dan V. Stephens, democrat, is elected congressman from the Third congressional district of Nebraska over J. C. Elliott, republican, by about 2,900 majority. A year ago the district elected J. P. Latta, democrat, by 7,300 majority, so that the republicans have made a net gain of about 4,400.

Following are the estimated results:

Table with 2 columns: County, Elliott. Stephens. Rows include Antelope (175), Boone (150), Colfax (300), Cuming (450), Cedar (300), Dakota (130), Dixon (600), Dodge (401), Madison (150), Merrick (150), Nempe (200), Pierce (135), Platte (700), Thurston (150), Wayne (70), Stanton (160), Burt (154), Total (749).

Maryland Goes Republican. Baltimore, Md., Nov. 8.—Returns received up to 9 o'clock this morning indicate the election of Phillip Lee Goldsborough, republican, for governor over Arthur P. Gorman, democrat, by about 4,000 plurality.

NEW MEXICO IS DEMOCRATIC.

Returns Incomplete, But Republicans Have Suffered Reverses. Santa Fe, N. M., Nov. 8.—With only incomplete returns from about one-half of the counties of New Mexico available this morning indications pointed strongly to the election of the entire democratic state ticket headed by W. C. McDonald for governor.

Progressive republicans gave their support to the democrats to a great extent. The biggest upset so far reported is in Bernalillo county, in which Albuquerque is situated. Indications there point to a democratic majority of 1,000 to 1,500. This county at the last general election returned a republican majority of more than 1,500.

Republican party managers dispute democratic claims. While inclined to admit that McDonald's election is probable, they claim the election of the rest of the state ticket and a majority of the legislature which will elect two United States senators. Democrats, while claiming the election of H. B. Ferguson to congress, admit that the race between Paz Valverde, democrat, and former Gov. George Curry, republican for the second seat in congress, is close.

Both sides agree that the "blue ballot" amendment designed to make the state constitution more easy of amendment has probably carried.

Many polling places are situated twenty miles and more from telephone or telegraph station and complete returns are not expected before late today.

R. R. Dickson Elected Judge. O'Neill, Neb., Nov. 8.—Special to The News: Returns today indicate the election of R. R. Dickson of O'Neill as judge of the Fifteenth judicial district over E. H. Whelan, present county attorney of Holt county, by 50 to 100.

Results in Madison County. Madison county divided honors between republicans and democrats, electing four republican county officials and three democrats. The following were elected: McFarland, rep., clerk, by 404; Darlington, rep., treasurer, by 495; Taylor, dem., register of deeds, 286; McDuffie, dem., judge, 263; Purdy, dem., commissioner, 284; Field, rep., clerk of courts; Smith, rep., sheriff.

The county gave Stephens for congress a lead of 132 and Welch for judge 21.

The South Pays Tribute to Lincoln. Frankfort, Ky., Nov. 8.—While the president of the United States and a long assemblage of people, including many of those who wore the gray in the conflict between the north and south, looked on today the bronze statue of Abraham Lincoln was unveiled in the capitol building here.

"Proof of a reunited country," said Gov. Wilson of Kentucky in accepting the statue in honor of the state, "is made evident in the selection of Henry Watterson, a confederate, to formally present the message of the great president to the people of the United States. The goodness, the nobility and

the sweetness of Abraham Lincoln are recognized as earnestly by those who wore the gray as those who wore the blue."

also elected, insuring the choice of Congressman Ollie James as United States senator from Kentucky.

The election held in the new state of New Mexico is still in doubt, both the republican and democrat candidates for governor claiming election on nearer early returns. Indications point to a republican legislature which will elect two republican United States senators.

New Jersey elected a legislature which will probably give continued support to Gov. Wilson, democrat, but the legislative majorities are still in doubt.

Early returns from the election in Maryland were inconclusive as between Arthur P. Gorman, democrat candidate for governor, and Phillip Lee Goldsborough, republican. On the first meager returns Republican State Chairman Hanna claimed the state for Goldsborough.

Mississippi elected a democratic governor and state officers by decisive majorities. The municipal elections in Ohio resulted in the election of democratic mayors in Cincinnati, Cleveland and Columbus. Brand Whitlock was re-elected in Toledo.

In Rhode Island early returns indicated the re-election of Gov. Pothier, republican, over Louis A. Waterman, democrat, by an increased majority.

New York Is Republican. New York, Nov. 8.—The next New York assembly will be overwhelmingly republican. The republicans will number 101, the democrats 48 and the socialists 1. The state senate holds over from last year and therefore continues democratic.

Massachusetts Is Divided. Boston, Nov. 8.—Massachusetts retained Eugene N. Foss as governor in the state election by a plurality of 7,534 over his republican opponent, Lieut. Gov. Louis A. Frothingham. The complete vote was: Foss, dem., 210,622; Frothingham, rep., 202,888; Foss' plurality, 7,734.

The republicans had the satisfaction of electing Robert Luce of Somerville, as lieutenant governor and probably the remainder of the party ticket. The republicans will still control the legislature.

The margin of victory was the narrowest in years and for hours after the close of the polls the result hung in the balance. Republicans refused to concede the defeat of Lieut. Gov. Louis A. Frothingham late last night. It was intimated that a statewide recount might be necessary.

Two Adopt Commission Plan. Kansas City, Nov. 8.—Commission form of government won in Chanute and Manhattan, Kan., yesterday. To date this makes 154 cities and towns now under direct commission form or some modified style of that system. Of this number 139 have direct commission form without modification.

Socialist Near Victory. Jackson, Miss., Nov. 8.—Further returns early today from yesterday's election indicate that Theodore G. Bilbo, democratic candidate for lieutenant governor, will not lead his opponent James T. Lester, socialist, by more than 3,000 out of 30,000 to 35,000 votes polled.

B. & O. RAISES WAGES. Washington, Nov. 8.—An increase in wages approximating 6 percent, reduced working hours and the sharing of a lump sum of \$75,000 have been granted to the Baltimore & Ohio and the Baltimore & Ohio Southwest-ent railway telegraphers. Five McNamara Jurors. Los Angeles, Cal., Nov. 8.—The defense in the McNamara case at the convening of court at 10:25 o'clock today announced that it would exercise no more peremptory challenges at present. This left five men in the jury box to be sworn in.

HYDE JURY PLAYS A GAME. Indulge in an Old Fashioned Game of "Blackman" as Diversions.

Kansas City, Nov. 8.—"Blackman," the old-fashioned school game, has been introduced as a means of diversion of temporary jurymen accepted for the Hyde murder trial now in progress here. Some of the men have been in the county marshal's charge for sixteen days and they have grown restless. Judge E. E. Porterfield has a standing order for the marshal to take the men walking daily, but this was not considered enough for them. So they appealed to the county marshal, Joel B. Mayes, for permission to play some game.

Permission was granted and today the twenty-six talesmen were taken to the aviation field, a short distance from the courthouse, to play. There were just thirteen men on a side, but nobody was superstitious about this.

Arthur McKinley, one of the talesmen, has been giving the panel a daily treat. Yesterday he gave them flowers, and every day he orders something from the market for them. A new panel of forty names was summoned to appear in court today.

Illinois "Wet" and "Dry." Chicago, Nov. 8.—The state local option headquarters announced that its returns indicated that eleven out of eighteen of the Illinois cities voting on local option had gone "dry." A set of the towns were already without saloons. The following cities voted "dry," according to the local option figures: Meridosa, Naples, Jacksonville, Tallula, Chandlerville, Hardin, Hamberg, Mount Carmel, Golconda, Courterville, Johnsonborough.

The "wet" cities are given as follows: Athens, Petersburg, Kempsville, Pinckneyville, Mound City, Ullin, Baldwin.

They Found No Leakage. A secret investigation of the rumored leakage in the city's water system was made by the mayor and a few city officials. This is the latest report, based on good authority, in connection with the mayor's persistent intimations that water is disappearing from the city system in an unknown manner. At the same time it is reported that the investigation resulted in finding no such leak and that a report of these results was made known to Water Commissioner Carrick by the mayor himself who has now ap-

pointed a committee in open council to make the investigation.

The mayor has persistently called the attention of the city council to what he believed was a leak in the standpipe. More water was used at night than during the day. Water Commissioner Carrick admitted that much water was drained but declared that it was used and that it was paid for. The mayor, after the water commissioner's report had a secret investigation made by a local plumber himself and two city officials, who investigated certain places where they thought they would find a leak and found none. The water commissioner was notified of the investigation and a heated session was held in the city hall between him and the mayor during which the water commissioner declared if an investigation were to be made, he should be notified. The mayor, according to the report, told the water commissioner that he was not the only man making the secret investigation. At the last council meeting the mayor appointed a committee, including the water commissioner and city engineer, to make a second investigation.

SOCIALISTS WIN IN OHIO

Cleveland, O., Nov. 8.—Unofficial returns today show that the socialists have elected mayors in two large Ohio cities, Canton and Lima, and that they have won the mayoralty elections in eight smaller cities—Loraine, St. Marys, Barberton, Cuyahoga Falls, Mount Vernon, Toronto, Fosteria and Martins Ferry.

The socialist vote has increased heavily all over the state. Dayton and Conneut missed electing a socialist mayor by only five votes. The contest at Canton was so close that Harry Schilling, socialist, is believed to have beaten Arthur Turnbull, democrat, by only three votes. Corbin Snook, socialist, was an easy winner at Lima. Democrats elected mayors at Cleveland, Cincinnati, Columbus, Hamilton and Zanesville. Brand Whitlock, independent democrat, was victorious at Toledo. Republicans won at Youngstown, Akron and Dayton.
