A PACKERS JURY SOON.

Chicago, Dec. 18.—Trial of the ten Chicago meat packers indicted under the criminal provision of the Sherman anti-trust law, was scheduled to be resumed before Judge Carpenter in the United States district court at 10 o'clock today. Eleven jurors were in the box when the court adjourned on Thursday, after the issuance of summons for a new venire of seventy-five men.

Both defense and prosecution have exhausted fourteen of their thirty peremptory challenges, and it was believed that at least nine of the men now in the jury box would be retained. This made it appear certain in the minds of the lawyers that the jury would certainly be completed with this venire.

URGES BETTER FARM SCHOOLS.

St. Paul, Minn., Dec. 18.—Govs. Odie of Nevada and Vessey of South Dakota spoke at the Park Congressional church. They were introduced by the

president of the Northern Pacific railroad. Gov. Odie spoke of reform in the punishment of criminals, which would give to the families of convicts the proceeds of their labor while in confinement. In touching upon the high cost of living, Gov. Vessey thought a possible solution lay in stopping the movement of young people from the farm to the city. He thought one way of accomplishing this was a better system of rural education in teaching of scientific agriculture, which would make the occupation of the farmer more profitable, less arduous and more interesting.

George H. Romig.

Neligh, Neb., Dec. 18.—Special to The News: George H. Romig was born in Macungie township, Lehigh county, Pennsylvania, Oct. 2, 1851, and died at his home in this city Saturday morning, aged 60.

When 8 years of age he removed with his parents and brothers and sisters to Tiffin, O., where he remained for ten years. During the month of April, 1870 the family moved to West Point, Neb. He, being 18 years of age, took up the occupation of brick mason and contractor. During the summer of 1873 he came to this city, being the only mason here, and assisted in the building of the brick flour mill, having personal charge of the building of the W. C. Gallaway home and the brick home of his brother, P. D. S. Romig. Many other brick buildings were built under his personal supervision. Mr. Romig was married on Dec. 28, 1874 to Miss Ella Wyman, to which two children were born, Mae and Frank.

In 1886 he embarked in the general merchandise and grocery business, which he conducted for nearly fifteen years, when he retired from active business life. He was prosperous in all of his business undertakings, being careful and conservative as well as determined in all of his personal affairs. He was elected councilman for the first time from the third ward, during the term of office of Ex-Mayor William Campbell. He was also elected and served one term during the administration of M. B. Lincoln Has a Ptomaine Plague.

Lincoln, Neb., Dec. 18.—An epidemic of ptomaine poisoning, from which there has been one death and another reported dying and between 300 and 400 people ill, some seriously, prevails at Lincoln. The ailment exists almost exclusively in the northeastern section of the city, many students of the University of Nebraska being afflicted. For two days and nights physicians have been working almost without rest. City Physician Borglum believes the ailment due to consumption of tainted meat, but this theory is not sustained by other doctors. An Omaha physician, called in consultation, said the symptoms indicated the drinking of impure water.

DEATH OF H. C. BARNES.

Was a Former Douglas County Member in State Legislature.

Omaha, Dec. 18.—S. C. Barnes, former member of the Nebraska state legislature, died suddenly at 10:15 o'clock yesterday evening at the home of his daughter, Mrs. Ira Barker, 211 South Twenty-fourth street. He was taken slightly sick about 7 o'clock Saturday night, and not until 6 o'clock yesterday morning did he think his illness serious enough to allow his daughter to call a physician. Formation of a blood clot in the arteries above the heart was the cause of death.

Mr. Barnes was 87 years old, but despite his years had had good health until three years ago. Only a month ago he became too feeble to make his way down town.

Mr. Barnes had lived in Omaha since 1887. He represented Douglas county in the state legislature for six years, retiring from political life after the democratic landslide which defeated him for re-election in 1907. Mr. Barnes was born and spent his boyhood in New York state.

Fairfax Girl to Get Claim.

Gregory, S. D., Dec. 18.—Miss Freda Gudath of Fairfax, who drew No. 10 in the recent Mellette and Bennett county land drawing, will be able to file when her name is called next April, despite the fact that she lacks a few months of being the age required by the government. Early newspaper reports stated that she would not be allowed to file on this account, but Messrs. Kull & Oldham of this city have been looking into the matter for the young lady, and a provision is found in the homestead law that leaves no doubt as to her right to a homestead. The homestead law states that any minor, male or female, who is the head of the family and is the means of support of the family, is qualified to file.

Miss Gudath's case fully comes under the above condition, in fact it is a parallel case with that of Mary Kendall who drew No. 1 in the recent drawing. Her father is dead, and she resides on a farm near Fairfax with her mother and stepfather. Her

mother is an invalid and was confined in a hospital for several months a few years ago, and is at present almost helpless. The stepfather is a paralytic, and the work of the farm is thrown upon the girl. Although there are several older brothers, none of them is at home or contributes to the support of the family. Miss Gudath does the farm work with the assistance of two younger brothers. She goes out into the field, winter and summer; puts up hay, cultivates and hucks corn, besides tending to all the household duties of the home.

There seems to be no doubt but what she can file, and the officials of the local land office give it as their opinion that she has as legal a right as any successful homesteader of the opening.

Firemen Should Help.

Chiefs of the Norfolk fire department have received communications from Chief Deputy Fire Commissioner C. A. Randall of Lincoln, asking them to take extraordinary precautions for the protection from fire of Norfolk homes. The commissioner's plea is that chief a pledge which he recommended should be heeded by every housekeeper in Norfolk. The pledge says in part:

"I will not permit rubbish, greasy rags, paper and useless waste to accumulate in or around buildings; I will see that matches are kept in metal boxes, and out of reach of children; I will not permit children under 10 years of age to use matches; I will see that lamps and lamp burners are kept clean, and that lamps are filled by daylight only; I will see that kerosene oil is kept in a closed metal can in a safe place; I will not permit gasoline to be kept in the house; I will not permit gasoline to be kept in anything but an air tight metal can, painted red; I will not allow anyone to fill a gasoline stove while it is lighted or by artificial light; I will not allow anyone to wash clothes or other articles in gasoline in a house. If they are washed out of doors, I will not permit them in the house until the gasoline has entirely evaporated. I will have the chimneys, stove-pipes and stoves inspected at least twice a year. I will never permit a stove to be set up without a metal protection underneath; I will see that the ashes are placed in a tightly closed metal receptacle; I will not permit cotton or other flimsy decorations to be used on or around Christmas trees; I will not celebrate the Fourth of July by endangering life or property."

The fire commissioner declares that he needs the assistance of every citizen to enforce these pledges, and asks Norfolk firemen to help save life and property in this state.
