

Oklahoma Blizzard Victims. HOUSTON, Okla., March 2.—As a result of exposure while lost in a blizzard which swept over this section of the country, James Shaddock, aged 39, and Boyce Kennedy, aged 18, are dead here of pneumonia. Both were freighters of Lone Wolf.

NEW AEROPLANE SPEED MARK.

Jules Vedrines Drives 140-Horsepower Machine 101 2/3 Miles. Pau, France, March 2.—Jules Vedrines, driving a 140-horsepower monoplane, today established a new world's record for an hour by flying 101 2/3 miles. The best previous record was 88 1/2 miles, made by Vedrines Jan. 13, last.

Newman Grove Wins Both.

Madison, Neb., March 2.—Special to The News: Two sensational basketball games were played here last night. Newman Grove's two high school teams—girls and boys—defeated Madison's two teams in what are believed to have been the fastest games ever seen in this part of the state. The girls' game resulted 19 to 10 and the boys' game 24 to 22.

Madison Ticket Chosen.

Madison, Neb., March 2.—Special to The News: The following ticket was nominated by a citizens caucus last night: For mayor, Fred H. Davis. For councilman First ward, Herman Fricko. For councilman Second ward, W. A. Penney. For city engineer, A. J. Thatch. For treasurer, C. J. Kortman. For clerk, Fred J. Bankers. For members of school board, R. J. Ressigne and R. J. Massman. Nomination is equivalent to election.

Rosebudders In Campaign.

Rosebud reservation business men are now bending all their efforts to turn the tide of incoming homesteaders into the new lands to be settled this spring, by way of Norfolk and the Northwestern railroad. The selection of Chamberlain as the place where the filing must be done, will make hard work essential in order to acquaint the homesteaders with the fact that the Northwestern line, through Gregory and Tripp counties, affords a very much better route for entering the new lands. From Chamberlain it is necessary to ford the White river and the trip is a hard one.

Ainsworth Has a Night Fire.

Ainsworth, Neb., March 2.—Special to The News: Another 2 o'clock-in-the-morning fire visited Ainsworth Thursday night, and the Lyric theater, the Tissue-Foster cafe and the McSweeney land office are all in ashes. Very small insurance was carried by the parties who suffered the losses. The Burwell-Moore hardware building, a cement-brick structure, suffered some, but was not seriously damaged. By hard work on the part of the firemen the Tolver land office was saved.

Lion Keeps Roaring On.

The March lion has kept on roaring. He didn't quit with the first day. In fact, his voice seemed to grow stronger instead of weaker. North Nebraska and southern South Dakota awoke Saturday morning beneath a heavy blanket of snow, badly drifted. A strong wind was piling it up. The snow began falling in Norfolk about midnight, and it was still snowing Saturday forenoon.

Politicians to Pay Cash.

Colome, S. D., March 2.—Special to The News: The Gregory and Tripp county editors assembled at Colome Saturday to make permanent the Rosebud Editorial association, organized at Burke on Feb. 2. G. G. Warner, editor of the Gregory Times-Advocate, was elected president and M. A. Wood of the Bonesteel Herald elected secretary. The business meeting was held in Colome's new city hall. The time was devoted to discussing advertising rates, political and otherwise. The association decided to charge for all political announcements, same to be labeled as advertisements and to be paid for in advance. Discussion along this line was taken up by Dennis O'Leary of the Dallas News; J. M. Miller, Colome Times; Earl Briggs, Weverka Record; A. M. Church and J. F. Frame of the Burke Gazette. G. F. Warner discussed the "Pay in Advance" plan very ably. The Colome Commercial club entertained the association in the evening at a sumptuous banquet at which time many witty and interesting toasts were responded to. W. B. Undenborg of Colome acted as toastmaster.

Norfolk Doctor Creates a Stir.

Dr. Richard E. Tanner of Norfolk, spending the winter in California, has created something of a stir in Los Angeles by declaring that he has discovered olive pits make beautiful beads and that thousands of dollars

are being wasted by failure to use them for this purpose. Publishing a three-column picture of Dr. Tanner, the Los Angeles Express says: "Thousands of dollars are being thrown away every year by olive factories in southern California by the failure to utilize commercially the olive pits, according to Dr. Richard E. Tanner, a physician of Norfolk, Neb., who is passing the winter in Los Angeles. The olive is capable of producing more by using the pits for bead material than the fruit can produce in oil, according to this ingenious Nebraska man, who herewith freely gives to the public what he believes is a sure recipe for someone to amass a fortune.

Water Commissioner Frank Carrick.

Water Commissioner Frank Carrick reports that after an investigation and inspection of samples which he has collected, the committee of the city council has decided that there is no tar in the city sewer system. It was declared by one councilman that tar was deposited in the sewer by the gas company.

Immigrant Cars in Great Demand.

Immigrant cars are in great demand by railroads. The railroad employees are beginning to look anxiously at empty cars in the freight yards and comment on those which would make "good immigrant cars." Immigrant travel has started and is getting heavier every day. A queer incident in the immigrant moving of the week was a party from a point in South Dakota enroute to Lodge Pole, Neb., who met in Norfolk a party who left Lodge Pole to go to the same point in South Dakota. Both were strangers to each other and both looking for better homes.

Several Wholesale Fruit Representatives.

Several wholesale fruit representatives are in Norfolk looking over the proposition of locating here and taking the fruit headquarters vacated by the Evans Fruit company. Because of the freight rate from California points to Norfolk is the same as the rate to Omaha from the same points, this city is looked upon favorably by fruit dealers as an ideal place for a wholesale branch. The exceptionally good territory tributary solely to Norfolk is also a vital point.

Wants Light On Contract.

Norfolk, Neb., March 2.—Editor News: I noted in the issue of the 28th of The News that there is another controversy on between the mayor and the city council on account of the contract awarded Mr. Bridge for furnishing power for pumping the city water; the council have openly jumped at the conclusion the price offered is cheaper than it is being done at present. Please advise us what the city council bases their conclusion on. How do they know it is cheap? How many 100 or 1,000 k. w. per day is it going to take. Who knows? It is funny with the experience they had with a former contract of this nature, that they should want to jump into another without apparently knowing anything whatever about what they are doing, only that Mr. Bullock said the price was a surprise to him, and very cheap. The mayor is certainly right in the position he has taken. Why can't the taxpayers know what they are being loaded up with. Let us have a little light on the subject before this contract is made.

Attacked On Stephens.

Senator Kenyon of Iowa Flays Wisconsin Colleague. Washington, March 4.—"Why mince words? Every man in this body knows that the election of Senator Stephens was brought about by the reckless extravagant and wrongful use of money. You may gloss it over, smile about it, condone it, but the fact still exists—the seat was purchased."

Attacked On Stephens.

Senator Kenyon, in a scathing denunciation of the methods alleged to have been used by the veteran Wisconsin senator in his campaign for his seat, made the foregoing part of a vigorous speech in the senate. The Iowa senator with Senators Clapp, Jones, Kern and Lea dissented from the majority report of the committee which investigated the election and held that charges of bribery and corruption had not been proved. Senator Kenyon denounced the election as "an organized riot of corruption," "indefensible and "tainted at its fountain."

an overwhelming preponderance of republican voters of the nation are for the nomination of Col. Roosevelt. They believe that if Roosevelt is nominated he will be triumphantly elected in November, and they are fearful of a political calamity to the republican party should Mr. Taft be nominated. The republican party owes the nomination for the president to no man."

Annie Yeamans Dead.

New York, March 4.—Mrs. Annie Yeamans, who has been known as "America's Grand Old Woman of the Stage," died last night after suffering recently a stroke of paralysis. Since the age of 10 she has been on the stage, and appeared before audiences in all parts of the world. She celebrated her 76th birthday on Nov. 19.

Mexican Rebels Not There.

Brownsville, Tex., March 4.—As the day advanced there were no indications that Mexican insurgents were coming from the south to attack Matamoros, the town across the Rio Grande from Brownsville. It had been reported that rebels were to invest the town today.

An Ainsworth Man a Rare Whistling Genius in the Past. Ainsworth Star-Journal: A new traveling man blew into town Thursday and about 10:20 called at this office. After the business was transacted, he said: "Do you know Tom Reeves, the auto man?" "Sure," said the Star-Journal man. "Oh, you know him when you see him, that's all?" "No, I thought I knew him as an expert mechanic and the best auto man in this part of the state."

Never On Trial.

Some lawyer will confer a favor on a tangled mess by explaining to this paper how Eudice Murphy can again be put on trial for a crime of which she has once been acquitted.—Dallas News.

Many Arrive at Neligh.

Neligh, Neb., March 4.—Special to The News: Seventeen immigrant cars arrived and were unloaded in Neligh last Friday, being the largest number ever coming to this point at any time, to make Antelope county their home for one year at least. The farmers who arrived here last week were previously at Wisner, Beemer, Pilger, the southern part of the state and from different points in Iowa.
