THE... JOHNSON DRY GOODS CO.

The Norfolk News

W. N. HULSE, Publisher.

DAILY. Established, 1887. Every day except Sunday. By carrier per week 15 cents. By mail per year \$6.00.

WEEKLY. Established, 1881. Every Thursday. By mail per year \$1.50.

Entered at the Postoffice at Norfolk, Neb., as second class matter. Telephone, No. 22.

Admiral Dewey is expected to arrive in New York about July 1st.

The Philippine payment of \$20,000,000 to Spain was made entirely in gold.

Aguinaldo has more capitals than Connecticut and Rhode Island formerly had, put together.

The entire stock of gold coin and bullion in the national treasury on July 1, 1896, was \$800,148,847. On May 1, 1899, it was \$980,793,600.

Andrew Carnegie isn't the only pebble on the beach, but if current reports are to be believed, he got five times as much for going out of business as Spain did.

The Boston Transcript very truly says, "About the one thing upon which the American people seem to be unanimous is that there is nothing too good for Dewey."

The St. Louis Globe Democrat thinks that the slow growth of Farmer Morton's new political party may be attributed to the backward spring in all parts of the country.

President McKinley has promised to come west to St. Paul and Minneapolis next fall and greet the returning volunteers from the Philippines. The people, with him, will give them royal welcome home.

The largest deposit of salt in the world is said to have been found at Hutchinson, Kansas, near the center of the state. Last year over 2,000,000 barrels were taken out and more than \$3,000,000 have been invested in plants to purify it.

Lewis L. Ryan of Lincoln, one of the volunteers of the First Nebraska, writes his father from Manila: "The man who dares to stand up for Aguinaldo at home will have a hot time of it when he strikes any of the 'Fighting First' as some papers have called us. That sort of talk won't go with us."

A well which spouts a large column of water from 200 to 400 feet high has been opened near Whittier, Los Angeles county, California. The well was being drilled in the hope of striking oil. While the men were at work an enormous volume of water under tremendous pressure shot out of the mouth of the well. Ever since the flow began it has steadily kept up. The country around is flooded and no means of controlling the stream has yet been found.—Columbus Journal.

Bill Nye once wrote this "for sale" advertisement, which attracted much attention, but didn't sell the cow: "Owing to my ill-health, I will sell at my residence in township 19, range 18, according to government survey, one plash raspberry cow, aged 8 years. She is a good milker and is not afraid of cars or anything else. She is of undaunted courage and gives milk frequently. To a man who does not fear death in any form she would be a great boon. She is very much attached to her present home by means of a stay chain, but she will be sold to anyone who will agree to treat her right. She is one-fourth short-horn and three-fourths hysena. I will also throw in a double-barrel shotgun, which goes with her. In May she usually goes away for a week or two and returns with a tall red calf with wabbling legs. Her name is Rose. I would rather sell her to a non-resident."

Hog cholera has been a scourge which has brought much loss to the farmers of the western states during recent years.

A farmer who has had much success in raising hogs, gives a simple remedy for this disease, which is certainly worth trying. He says: "Hog cholera is caused by fever and the fever by worms, which two teaspoonfuls of saleratus dissolved in water and poured into the slop will remove. When you notice a hog not doing well, when it refuses its feed and begins to look scrawny and sick, the chances are 99 to 100 it has worms. If you kill one and examine it, you will find a bunch of worms in its intestines perhaps as large as your fist. These cause constipation and fever, which kill hogs. Oftentimes the worms will eat through the intestines into the stomach. Dissolved saleratus in proportion of two teaspoonfuls to every gallon of water will kill the worms, and almost immediately your hogs will begin to thrive and look well again."

MERRIAM ISSUES NO ORDERS.

Military Forces Simply Used to Support the Orders of State Authorities.

WASHINGTON, May 18.—Secretary Alger has received the following telegram from General Merriam in explanation of the situation in the Coner d'Alene: WARDNER, Ida., May 17.—Adjutant General, Washington: The governor of Idaho has carefully reviewed the situation here and deems it necessary to place troops at Burke and Mullan to avoid disorder. I request two troops of cavalry. Referring to the press criticisms, I have made no order. My action is limited strictly to the support of the state authorities. There are 395 prisoners still in custody under investigation.

MERRIAM, Brigadier General. The war department is satisfied with the dispatch of General Merriam and the belief is expressed that he has only assisted the governor of Idaho and that the military will not be used for any other purpose than that for which it was sent to the disturbed district. The troops of cavalry requested by General Merriam will be sent from Fort Meade, S. D., and Fort Robinson, Neb.

Negro Fugitive Kills Police Sergeant.

WASHINGTON, May 18.—Humphrey Taylor, a negro suspected of the Rosenstein murder at Shidell, Md., yesterday shot and killed Police Sergeant Fritz Passau, wounding Policeman Grew and kept a posse of half a dozen officers at bay, from the loft of a house, for nearly two hours. Dozens of shots were exchanged between the officers and the fugitive, who surrendered when preparations were made to burn the premises. Surrounded by officers with drawn revolvers, he was hustled out of the house to the patrol wagon, when the crowd surged forward with shouts of "lynch him! burn him!" and made a rush for the prisoner. A rope was secured and the mob made a desperate effort to place it around the wretch's neck. The coolness of the officers, however, saved Taylor.

Maset Commission Hearing.

NEW YORK, May 18.—At yesterday's sessions of the Maset investigating committee James A. Mahoney, with whom Mayor Van Wyck admitted he had had some business transactions, was put through a long series of questions. Mahoney admitted being a book maker but declined to answer the question as to whether he is conducting pool rooms here. Former Police Commissioner Hamilton, whom Mayor Van Wyck designated a "blackmailer," declared that what the mayor had said was absolutely false. Several witnesses who within the past few weeks have been doing detective work for Connell Moss testified that a large number of pool rooms are now being run in New York city.

Hoxie Retained in Office.

LINCOLN, May 18.—It was announced at the governor's office that C. W. Hoxie of Lincoln, for the last two years superintendent of the Kearney reform school, would be retained in his present position. Governor Poynter takes this action after having personally investigated the charges preferred some time ago against Mr. Hoxie's administration.

Boyle and Stinson Must Stand Trial.

WALLACE, Ida., May 18.—Judge Mayhew yesterday denied the application for a writ of habeas corpus for the two county commissioners, Boyle and Stinson, confined at Wardner, for complicity in the recent rioting.

HER CASE IS CONTINUED

Miss Viola Horlock Waives Examination at Hastings.

IS GRANTED A POSTPONEMENT.

Will Be Called Again in September, But Will Not Be Tried Until December.—Accused Young Woman Appears Weak and Has to Be Carried from Her Cab to the Court Room.

HASTINGS, May 18.—Miss Viola Horlock, who is accused of having attempted to kill Mrs. C. F. Morey by sending her a box of home made sweets containing arsenic, was brought before County Judge Bowen for her preliminary hearing. Her attorneys waived examination and after a new bond was made the accused was permitted to go home to await until September 25, when she will be brought before the district court, but as this will only be an equity term, she will again be bound over to appear before the next jury term, which convenes Dec. 18.

Miss Horlock was escorted from the cab to the court room by her brother-in-law, George Hayes, and Dr. W. H. Lynn. She appeared to be too weak to walk over five or six feet at a time without resting and was at last placed in a chair and thus carried into the court room.

Her sister, Miss Zora, sat beside her, but did not assist in supporting her, for as soon as Miss Viola was seated near the table she whispered to Zora that she was too weak to sit up, and then she laid her head on the table, in which position she remained until her attorney asked her to sign the new bond. This she did, but it took her nearly ten minutes to do it. When the bond was accepted Miss Horlock remained in her chair and was carried by her attorney back to the cab and driven home.

Officer Shoots His Assailant.

CHICAGO, May 18.—In a struggle with a number of Italians, Policeman Baginski yesterday afternoon killed Baso Lio and seriously wounded Saverio Lio and Frank Leon. The policeman says he was attacked by half a dozen men and, being hemmed in, was compelled to use his revolver. The friends of the dead and wounded say the shooting was entirely without provocation. It might have gone hard with Baginski had not Officer Henry Murray, who heard the shooting, come to his assistance. After a hard fight, in which both officers were badly beaten, Murray managed to reach a patrol box and turned in a riot alarm. The crowd dispersed upon the arrival of several patrol wagons filled with blue coats.

Blast Furnace Explodes.

St. Louis, May 18.—An explosion at midnight in the molding room of the Missouri Blast Furnace works in South St. Louis injured seven men, one of whom will probably die. The cupola was full of molten metal and the men were preparing to begin casting when suddenly the plug at the bottom of the cupola blew out, followed by a white hot stream of metal which came in contact with a pool of water on the floor. Instantly there was an explosion that wrecked one side of the building and the workmen were hurled in all directions. H. Denturi was blown 40 feet through a window and was picked up unconscious and probably fatally injured. He was the nearest to the cupola.

Buffalo Strike Situation.

BUFFALO, May 18.—Bishop Quigley took a determined stand in his efforts to bring the strike of the grain shovellers and sympathetic organizations to an end last night and as a result the outlook for a cessation of the trouble is somewhat brighter. The bishop said: "If the men do not go back to work under the conditions I have secured for them then I shall give up all interest in the matter and abandon them completely." A new turn was given to the strike situation when the members of the Marine Firemen's Benevolent association voted unanimously to quit work at noon unless the scopers' strike is definitely settled by that time.

Mob Kept at Bay by Physicians.

DILLER, Neb., May 18.—A special dispatch received here from Washington, Kan., states that an angry mob of increasing numbers is gathering about the

Call and Have Prices Quoted by

MY TAILOR,

For Your Spring and Summer Suits.

UP STAIRS, MAST BLOCK.

PERSONAL.

Jno. R. Hayes returned from Niobrara last night.

Alvin Low was over from Sioux City this morning.

Geo. D. Butterfield, wife and daughter, came down from Creighton yesterday morning, and at noon left for Day-entport, Iowa, where they will visit some time with Mrs. Butterfield's parents.

Rome Miller and wife of Missouri Valley were in town over night. While here Mr. Miller made partial arrangements for the removal of two of his houses on West Norfolk avenue to other locations.

Give the Children a Drink

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about one-fourth as much as coffee. 15 and 25 cents.

Parasols and Sun Umbrellas.

New styles and shapes, all colors and prices—polka dots, stripes, cords, tucks and ruffles—all kinds of handles, including dog heads, the latest New York fad. Handsome line of children's parasols from 25 cents up.

Sun umbrellas from 98 cents up.

We have an elegant line of new fancy ribbons for neck, waist and narrow ribbons for shirring—in all colors.

See the elegant 4 1/2 inch ribbon we are selling for 25 cents.

A full line of beaded belts for \$1.00, \$1.70, \$2.00 and \$2.75.

Special prices on Nethersole bracelets—sterling silver for 75 cents and \$1.00—heavier quality, \$1.25, \$2.00 and \$2.50.

Pretty jeweled bracelets, worth \$1.00, for 50 cents.

Mrs. J. BENSON, South 16th St., Omaha, Neb.

Happy Thoughts.

To please, attract and give people something to talk about, is an art in writing a prosaic advertisement. Hood's Sarsaparilla fame, is the originator in an extensive sense of the idea using proverbs and wise saws as a prefix to a pleasant introduction of the well known virtues of America's greatest medicine. These quaint quotations often fit the news of the day with startling directness and the moral is easily drawn, with natural good to Hood's Sarsaparilla.

Real Estate Transfers.

The following transfers of real estate are reported by Chester A. Fuller, manager of the Madison county abstract office at Norfolk:

Ellen Marquardt and hus to Geo. H. Bishop wd w17 ft e1/2 lot 10 blk 5, Norfolk.....\$1200 00

"A Good Paymaster Starts Not At Assurances."

There is one good paymaster who is around on time, gives full value, and never fails in his duty. It is your privilege to select him, and his name is pure, wholesome blood. This paymaster makes the rounds of the body, visits brain, stomach, kidneys, liver, heart and head alike. Hood's Sarsaparilla acts as a guarantee that this paymaster will do his duty.

If the blood is impure, it cannot do its duty, and you are the sufferer,—but you need not be. Hood's Sarsaparilla purifies, vitalizes and enriches the blood. It never disappoints.

Poor Health—"I never saw anything beat the way Hood's Sarsaparilla lifted me up. It sharpened my appetite and gave me a new lease of life. I can work every day." FREEMAN N. BIXBY, Merced, N. H.

Scrofula Sores—"My baby at two months had scrofula sores on cheek and arm. Local applications and physicians' medicine did little or no good. Hood's Sarsaparilla cured him permanently. He is now free, with smooth fair skin." Mrs. S. S. WROTES, Farmington, Del.

Weakness—"I bless the day I heard of Hood's Sarsaparilla as it cured me of extreme weakness after grip, built my husband up after pneumonia, cured eczema and blood poisoning in our children." Mrs. M. A. DILLWORTH, Box 4, Embreeville, Pa.

Head and Back—"For one year pains in my back and head prevented my household duties. I took Hood's Sarsaparilla and am a well woman. It also cured the grip in our family." Mrs. MATTIE HENNINGSON, Cor. First and Franklin Aves., Columbus, Ind.

Rheumatism—"Myself and a friend both suffered from severe attacks of rheumatism. Hood's Sarsaparilla cured both. We would not be without it." WM. H. LESTER, 65 Leonard St., Fall River, Mass.

Hood's Pills cure liver ills, the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Application for Druggist's Liquor License.

Matter of application of Geo. B. Christoph for a liquor license.

Notice is hereby given that Geo. B. Christoph did, on the 17th day of May, 1899, file his application to the mayor and city council of the city of Norfolk, Nebraska, for license to sell malt, spirituous and vinous liquors for medicinal, mechanical and chemical purposes, at Norfolk, Nebraska, from the 1st day of May, 1899, to the 30th day of April, 1900. At No. 314 Norfolk avenue in first ward of said city.

If there is no objection, remonstrance or protest filed within two weeks from the 17th day of May, 1899, the said license will be granted.

[SEAL] J. C. STITT, City Clerk.
