The Rough Riders hold their first annual reunion at Las Vegas, N. M., next month. Gov. Roosevelt will attend.

Mrs. Hetty Green says that "the most important thing for a woman to learn to be successful is to mind her own business." There are others.

A banker in South Dakota complains that times are too prosperous and that people have too much money, that farmers are paying cash and, being able to go where they please to trade, it makes it hard for business men. But while the South Dakota banker may be distressed by this situation it is safe to say that it doesn't disturb other people very much.

Speaking about literature John Burroughs says: "It is not importance of subject matter that makes a work great but a great mind—a great personality—behind it." The same is true in all walks of life. Men like Washington, Lincoln and Blaine left an impression on their times, not because of the great work they were called upon to do, but rather from the tremendous and unique personality they gave to that work. It is not so much what we have to do as the way in which it is done that marks the distinction between greatness and mediocrity.

**Chicago Women Open Gymnasium.**  
CHICAGO, May 25.—The women of Chicago opened their new athletic club house on Michigan avenue yesterday. One thousand guests were received during the afternoon and evening. Besides the library, tearoom, parlors, reading rooms and swimming pool there is a gymnasium for those inclined to athletics and Turkish baths for all who want them. There will be provision, too, for medical allowances of spiritual stimulants for those who can produce a physician's certificate proving their need of a warming drink after their Turkish bath.

**Lutheran Convention at York.**  
YORK, Pa., May 25.—The 39th convention of the general synod of the Evangelical Lutheran church of the United States, representing a constituency of one-twelfth of the population of this country, convened here yesterday. An immense audience thronged the spacious St. Paul's church, in which the synod will hold its daily sessions. Rev. M. W. Hanna of Washington, the retiring president, preached the synodical sermon.

**Sunday School Union Celebration.**  
PHILADELPHIA, May 25.—The celebration of the 75th anniversary of the American Sunday School union was continued here today. A large number of members of the union and many eminent clergymen from different sections of the United States are in attendance. The celebration was inaugurated by a monster meeting held at the Academy of Music. Ten large meetings were held in different parts of the city.

**Meet Next at Council Bluffs.**  
DAVENPORT, Ia., May 25.—The 47th convention of the Episcopal diocese of Iowa closed yesterday. At the missionary meeting the principal speakers were Bishop Morrison and Mrs. Hector Baxter of Minneapolis. Council Bluffs was chosen as the next place of meeting.

**Federal Court at Sioux City.**  
SIOUX CITY, May 24.—The May term of the federal court convened in Sioux City yesterday morning, with Judge Oliver P. Shiras on the bench. The court will be in session about two weeks, as the docket is unusually heavy and a number of important cases are to be heard.

## TALK OVER CAMPAIGN.

Democratic National Committee Compares Notes.

TO CONSIDER PLANS FOR 1900.

Ex-Governor Stone of Missouri Denies That He Has an Ambition to Become President and Says That He Will Support Bryan—Harrison Men Urge Claims as Against Allged Faction.

ST. LOUIS, May 25.—Ways, means and methods of conducting the next presidential campaign will be considered by the Democratic conference at the Planters' hotel today. It is not expected that much other matter will come before the meeting, and no definite action of any sort will be taken unless a majority of the members of the committee is present, and whether a sufficient number will be in attendance is problematical.

It is generally understood that "anti-trust" will be the rallying cry for the Democracy, with "anti-imperialism" a close second, and "16 to 1" not entirely discarded, but kept in third place.

There have been countless rumors floating around to the effect that silver is to be entirely discarded, and that so far as Missouri is concerned, Bryan is to be shelved in favor of William J. Stone of Missouri. This Mr. Stone positively denied, saying that he would go into the next convention to work for Bryan and that the Missouri delegation would vote solidly for Mr. Bryan's nomination.

Committeeman Gahan was closeted for three hours with Mr. Stone, urging the claims of the Harrison faction in Illinois, as against that headed by ex-Governor Altgeld. The Harrison men were made complacent by assurances that the power and influence of Mr. Altgeld as a member of the advisory committee will be greatly curtailed. Similar assurances were also received concerning Editor F. J. Devlin of the Democratic national press bureau, who circulated the endorsement of Altgeld, to which the Harrison men objected.

**Iowa's Electoral Laws.**

DES MOINES, May 25.—By accident the discovery has been made that the legislature of 1897, in revising the Iowa code, unintentionally provided that hereafter presidential electors shall be chosen by the congressional districts, instead of by the state at large. State Senator W. H. Berry of Indianola, who was a member of the senate committee on elections when the laws were revised, and all the members of the committee agree that the committee recommended no such change and that the legislature did not intend to pass such a revolutionary law. If it had not been discovered in time to be changed by the next session, before the 1900 presidential election, the Democrats could have had a good chance to elect two, and perhaps three, electors in Iowa.

**Jubilee at the Capital.**

WASHINGTON, May 25.—The feature of the second day of the national jubilee celebration in this city was the civic parade yesterday afternoon. It consisted of all the fraternal, civic and trade organizations of the city, together with a long procession of floats. The parade passed through the court of honor, where President McKinley, his cabinet and a distinguished company reviewed it from a stand in front of the white house grounds. There was much merit and enthusiasm and the parade was a distinct success. It was over an hour passing the reviewing stand. After the civic parade, there was a floral procession of flower-decorated carriages, but these were few in number, and the feature was consequently a disappointment to the crowd.

**Strikers Return to Work.**

BUFFALO, May 25.—That the harbor will be clear of grain-laden boats before the end of the week is the prediction confidently made by Contractor Connors and elevator men. With the big force of scoopers that were at work yesterday 2,000,000 bushels of grain had been elevated and work is going on rapidly with night shifts. The adoption of the new system brought about by the strike was attended by no trouble of any consequence. The coal heavers on the Lehigh and Lackawanna docks will be at work again tomorrow. They are the last of the strikers to

reach an agreement, all other docks having been manned yesterday.

**Salute of 100 Guns in Honor of Bryan.**  
PITTSFIELD, Ill., May 25.—Twenty thousand people gathered here yesterday to listen to William J. Bryan. One hundred guns were fired at sunrise in honor of the arrival of Mr. and Mrs. Bryan, who came on the early train from Hannibal. A public reception was given at the Pittsfield house, followed by one at the residence of Congressman Williams. Mr. Bryan's speech in the afternoon was along his usual lines, advocating an income tax and free silver at 16 to 1 and denouncing trusts and imperialism.

**Kansas Strike Is Settled.**

PITTSBURG, May 25.—The threatened general strike of coal miners in the Missouri and Kansas district has apparently been averted by an agreement entered into at a conference here between the operators and the executive board of the United Mine Workers of America. The operators have agreed to concede the 8-hour day after Sept. 1 next, to recognize the union and to meet with the union's district officers on June 14 to agree upon a new scale of wages.

**Atwood Accepts the Nomination.**

DES MOINES, May 25.—When the committee on nominations reported to the prohibition convention that Dr. E. L. Eaton of this city, who was named for governor, declined, O. K. Brown of Ames was nominated, but he declined and finally M. W. Atwood of Estherville accepted.

**New and Original Advertising.**

It is interesting to watch the new styles always to be found in the advertising of Hood's Sarsaparilla. The present line of advertisements is especially unique, each beginning with a familiar proverb and leading up to the good qualities of this famous medicine. The argument in every case is clinched by condensed testimonials from people the medicine has cured. It is gratifying to see the continued success of an article of genuine merit. While other preparations come to the surface and after a short time disappear, Hood's Sarsaparilla has steadily maintained its place in public confidence.
