DEATHS FROM THE HEAT

Torrid Temperature Prevails In New York City.

TWENTY-EIGHT PERSONS SUCCUMB

Feu of the Unfortunates Are Women. Towns in the Neighborhood Also Report Intense Suffering and Many Prostrations From the Stifling Heat—Washington in Perspiration.

New York, June 8.—Although the temperature was several degrees lower during the latter part of the day and a stiff cool breeze started up last night, the record of fatalities exceeded by far those of Tuesday in this vicinity. Altogether there were 28 deaths from heat in this vicinity and ten of these were women. Aside from these there were 33 prostrations, the victims of which are still in the hospitals in a more or less serious condition. In New York city alone 23 deaths were recorded and Hackensack, Newark, Plainfield, Passaic and Morristown each reported one death. One of the victims killed himself because of his sufferings from the heat.

No Relief From Heat.

WASHINGTON, June 8.—The maximum temperature yesterday was 97, a degree hotter than Tuesday. The thunder storm which had been promised by the weather bureau as an interlude in the long hot spell apparently is no nearer than it was 24 hours ago. The city suffered intensely with the heat, but the absence of casualties is considered remarkable. The general situation has improved on the north Atlantic coast. Little relief is promised the country at large except from local storms, all the indications being that the hot wave is as long lived as it is widespread.

MANY DIE IN ALASKA.

Over One Hundred Prospectors Reported to Have Perished.

SEATTLE, June 8.—The list of prospectors who have perished in the rush to the Yukon gold fields over the Edmonton trail is growing and if reports brought down by the steamer Laurada from southeastern Alaska are to be believed, it will be very large when the full story is told. Fifty are reported to have been drowned in Great Slave lake, 20 have perished in the rapids of the Mud and Baird rivers, 10 have frozen to death, 25 have died from scurvy. The bodies of a score who died of exposure have been found. A revised list of the

known dead received at Wrangell from

Glenora, Telegraph Creek and other points, includes the following: James Mowat, San Francisco, scurvy; Valentine Wendler, Philadelphia, exposure; Day Taylor, frozen; Preston, Philadelphia, drowned; Captain Mason, Alaska, drowned; Hutton, Vancouver, frozen; John Payne, Vancouver, frozen; P. Neely, Saulte Ste. Marie, starved; Leighton, Victoria, frozen; C. Richter, New York, scurvy; W. D. Seabrook, starvation; H. Rierdan, Cincinnati, frozen; J. P. McCrumb, Pittsburgh, frozen; Robert Tonsil, New Mexico, frozen.

The Hudson Bay company was preparing to send a relief party to Diesel lake with vegetable nourishment to the scurvy stricken people. Demonstrative of the suffering along the trail C. Richter of New York, who suicided, is said to have stuck up a sign on a tree, which read: "Hell can't be worse than this trail; I'll chance it."

Indian Uprising on Mosquito Coast.

KINGSTON, Jamaica, June 8.—Mail advices from the Mosquito coast say the Indians there have rebelled against the government of Nicaragua, taking the warpath and are sending a delegation to invite Prince Clarence to head the rising, which, it is added, will probably receive financial support from the foreign residents of the Mosquito coast. Prince Clarence is not at Kingston, but he recently declared he would never break faith with the British government, preferring his easy retirement here to active life as king of the Mosquito coast.

Poison in the Beer.

MILWAUKEE, June 8.—Mrs. Marie Edgar, aged 65, is dead, and Mrs. J. Ellen Wood, 45, and Joseph Morrissey, 63, are said to be dangerously ill from drinking beer in Silver City, a suburb of Milwaukee. It is believed the beer was poisoned. A little girl was sent to a neighboring saloon with a pail for beer and it is said another pail of similar appearance was substituted by an acquaintance of the three who is suspected of doctoring the fluid. The police are after the suspect.

Collapses on the Gallows.

PRINCETON, Mo., June 8.—Peter Kindred, who shot and killed Andrew A. Alley and dangerously wounded his cousin, Joseph A. Alley, at Mercer on Feb. 5, 1898, was hanged in the jail yard here yesterday. Kindred has been acting strangely for two months and was thought to be insane. He had to be carried to the scaffold and held in position while being hanged.

AUGUSTIN DALY IS DEAD

Noted Theatrical Man Passes Away in a Paris Hotel.

DEMISE IS VERY UNEXPECTED.

Mrs. Daly and Miss Rehan, Who Were With Him, Are Distracted With Grief. Remains Will Be Brought to America. Career of the Well Known Playwright and Manager.

PARIS, June 8.—Augustin Daly died suddenly yesterday. Mr. Daly's death was due to heart failure. He arrived here last Saturday and was stopping at the Hotel Continental.

Both Mrs. Daly and Miss Ada Rehan, who were with him, are distracted with grief. Mrs. Daly will not leave the room. The body will be sent to America as soon as possible.

The late Augustin Daly was born in Plymouth, N. C., June 20, 1838. His education was received partly in Norfolk, Va., and in the public schools in New York city. He began his literary career as dramatic editor of the Sunday Courier in New York in 1859 and he continued to discharge similar functions on that paper and on the New York Times, the Sun, the Mail and Express and the Citizen until 1869, when he opened the Fifth Avenue theater on Twenty-fourth street. This building was destroyed by fire in 1873 and three weeks later he opened another theater, formerly the Globe, on Broadway, under the former name. Early in August, 1879, he established Daly's theater in Broadway, near Thirtieth street, and several years ago he opened in London, England, a thoroughly equipped house under the same name. For several seasons he managed the Grand opera house in New York. In recent years the combination of players with which his name has been connected—Daly's company of comedians—has achieved an international reputation.

Emperor of China Reported Dead.

VANCOUVER, June 8.—According to advices brought by the Empress of Japan, the rumor has been revived in Pekin that the emperor of China is dead. Frightful stories of the plague come from San Ning, while Canton and Fatschan are reported "bad." A Hong Kong paper says: "The city of Sanning might correctly be named 'The city of death.' The plague is raging with special virulence and carrying off its victims in large numbers."

WILL VISIT OTHER ISLANDS.

Professor Schurman to Confer With the Native Chiefs.

MANILA, June 8.—Professor Schurman of the United States-Philippine commission sails from here on Friday on board the United States gunboat Bennington for a three weeks' trip among the southern islands. The gunboat Petrel has also been placed at the professor's disposal and he will visit Iloilo, Cebu, Negros and Sulu. He expects to investigate the local governments and have talks with the leading natives.

General Hall's brigade left Morong yesterday, marching along the lake to Taytay. The troops encountered practically no opposition on entering several small towns, though a few insurgent sharpshooters hung about the flanks of the brigade. Morong, which is an important port, will be garrisoned temporarily by the North Dakota regiment and the Fourth cavalry.

Blaze at Beatrice.

BEATRICE, Neb., June 8.—About midnight last night fire broke out in the basement of the steam laundry of F. J. Kimball & Co., which occupies the east half of the Club building. The laundry was gutted and the printing house of Paul Springer in the west half of the building was almost destroyed, the presses being the only things saved. After fighting for nearly an hour a second alarm was sent in for help, several of the firemen succumbing to the smoke. Kimball's loss is about \$10,000; covered by insurance. Springer's loss will be heavy, with insurance of \$3,600.

Chancellor McLean to Succeed Schaffer.

IOWA CITY, Ia., June 8.—Chancellor McLean of Nebraska university has been elected president of the University of Iowa to succeed Charles A. Schaffer who died last September.

MacLean Will Not Say.

LINCOLN, June 8.—Chancellor MacLean when asked about the action of the regents of the Iowa university and if he would say what action he would take, replied that he could say nothing for publication. The board of regents of the Nebraska state university is in session here this week, but the matter has not been considered by them nor has the election been formally announced to them.

The final details have been arranged for the laying of the cable between the United States and Germany, the last step being a satisfactory arrangement concerning government messages and rates of cable tolls.

GETS BULLET WITH BRIDE.

Irate Father Shoots Young Man Eloping With Daughter.

WEBSTER CITY, Ia., June 8.—Frank Starr was shot but not dangerously injured near Homer yesterday by Robert S. Spencer, while attempting to elope with Spencer's daughter, aged 17 years. Spencer is a farmer. The young people have been quietly going together for some time, which was against the wishes of the father. Spencer had threatened to kill Starr if he saw him with the child. The couple started to elope and Spencer pursued on horseback. He gained rapidly and when within range fired, the full charge striking Starr in the back. The charge from the old, rusty gun did not do serious damage, however, and while Spencer returned home, believing that he had killed the young man who was stealing away his daughter, the wounds were dressed and the pair married.

Cornerstone Laying at Iowa City.

IOWA CITY, Ia., June 8.—The corner-

stone of the new \$175,000 collegiate building of the State University of Iowa was laid yesterday afternoon. The building stands close to the old capitol of Iowa and is on the very spot where the Indians of the territory held their last war dance in 1843. The presiding officer was Governor Leslie M. Shaw. Addresses were made by him, Dr. G. T. W. Patrick of the university and Congressman J. P. Dolliver. In the course of his address, Congressman Dolliver severely criticised Professor George D. Herron and other teachers of applied Christianity, whose influence upon American collegians, he claimed, is distinctly bad.

Kansas For Iowa Man.

TOPEKA, June 8.—The Kansas Republican congressional delegation, after a conference held in this city last night, sent the following telegram to General Henderson: "At a conference of the Republican members of the Kansas delegation, with the exception of Mr. Curtis, who is necessarily in Washington, it was unanimously agreed to give you our vote for speaker."
