

A PRESIDENT SLAIN.

General Heureaux of San Domingo Assassinated.

NO DISTURBANCE OF THE PEOPLE.

Washington Credits Heureaux With a Wise Administration and no Cause for the Crime is Known, Though Other Attempts Have Been Made.

Fort de France, Martinique, July 27.—General Ulysses Heureaux, president of the Dominican Republic, was assassinated at Moca, San Domingo, at half-past 4 o'clock yesterday afternoon.

At present calmness prevails in the republic. The remains of President Heureaux will probably be taken to Santo Domingo for the funeral services.

WASHINGTON, July 27.—No information was received last night from the consular representatives of the United States in San Domingo regarding the assassination of President Heureaux.

At present calmness prevails in the republic. The remains of President Heureaux will probably be taken to Santo Domingo for the funeral services.

WASHINGTON, July 27.—No information was received last night from the consular representatives of the United States in San Domingo regarding the assassination of President Heureaux.

Secretary Long said he could not recall that there were any ships of the United States now in San Domingo waters. Should the developments of the next few days show a feeling of unrest and uncertainty a United States man-of-war will be dispatched to protect American interests.

CEBU'S BANDITS PUNISHED.

They Fired on American Troops—A Regiment Routed in the Philippines. WASHINGTON, July 27.—Three cable messages from General Otis were received at the war department yesterday.

Following from Cebu today: Bandits in Cebu mountains robbing and impressing people of the coast towns. On Monday Lieutenant Moore, with detachment of Twenty-third infantry, while scouting in the mountains, was fired upon from a strongly fortified position.

Another refers to the organization of volunteer regiments in the Philippines as follows: Bell has enlisted about 500 men. Wallace still south: has about 400. Lockett now enlisting: has over 400 applications, which are coming in rapidly.

The third dispatch says: Storm has abated. Sherman coaled, leaves today with all troops from California; Grant being coaled, leaves in about four days with troops of North Dakota, Wyoming and Idaho.

It is stated at the war department that General Otis has made no communications to the department regarding the organization of any provisional governments in the islands or provinces, but it is presumed that he may be doing so if conditions warrant.

Peace Reached at Storm Lake. Fort Dodge, Ia., July 27.—The tension of the situation at Storm Lake, where the Minneapolis and St. Louis and the Milwaukee roads have been engaged in a struggle for right of way, has been relieved, and the Minneapolis and St. Louis is now in possession of the grounds.

Iowa Cattle Going Blind.

Fort Dodge, Ia., July 27.—A very peculiar disease among cattle has been discovered in the herd owned by James Cunningham, a prosperous farmer near Clare, in the northern part of the county.

MISSOURI ARGONAUTS' HARD LUCK. PARIS, Mo., July 27.—Chris Buerk, Thomas J. Murphy and Dennis M. Fields, all bronzed and travel worn, have returned to Paris after an absence of 17 months in Alaska.

CLEVELAND STRIKE TO END.

City Council to Bring the Men and Company Together.

CLEVELAND, July 27.—A step in which there is much hope of conciliating the street car company and its striking employees was taken here last night by the committee of the council which succeeded in patching up an agreement over the difficulties which caused the first strike a month ago.

It is regarded as probable the old committee will be reappointed and at once set about its labors. They succeeded in the first instance after the board of arbitration had failed, at a compromise. The union men on their part agreed to treat the nonunionists working with them with every consideration shown members of the brotherhood.

A boy was shot last night by a non-union conductor, but whether it was an accident or not the police have not determined. The conductor, who stood on the front platform with the motor-man, carried a revolver in his hand.

AMERICAN BEEF FAVORED.

Restrictions that Will Apparently Bar all Other Stock from Cuba.

WASHINGTON, July 27.—The secretary of agriculture has amended the regulations recently issued for the free admission of cattle into Cuba for the next year, so as to provide for division inspectors at Cuban ports instead of at American ports, which was originally contemplated.

The change is made at the instance of the war department and is intended to permit the admission of cattle from other countries upon the same terms as from the United States.

MONROEISM IS SAFE.

Arbitration Cannot Jeopardize It, Says Mr. White.

THE AMBASSADOR INTERVIEWED.

America's Chief Peace Representative Declares if any Modification is Ever Made of that Policy It Cannot Be Done Through Implication in a Treaty.

LONDON, July 27.—The Hague correspondent of the Times reports a long conversation with Andrew D. White, United States ambassador at Berlin and head of the American delegation, in which the ambassador said:

"I believe that a vast majority of our people will welcome our arbitration treaty, and in that connection have a serviceable plan from the outset, from which a more important system will be evolved. As time progresses, without doubt references to the tribunal will become increasingly natural and normal, and thus we may hope to have every advantage claimed for obligatory arbitration without its overwhelming disadvantages. But it could hardly be expected that we would be willing to accept the requirement to sweep away here and now the policy of Monroeism."

"If any modification is ever made of that policy it must be made by the United States after it has had the opportunity to study the matter in all its bearings. Such a change cannot be made here by implications in a treaty for another purpose, and it is important that there should be no doubt on this point."

Mr. White then referred to the deep, almost religious conviction in the hearts of the American people against any foreign entanglement. He added, however, that the declaration of Monroeism would leave the United States' policy exactly what it had been heretofore and would not in the slightest degree hamper the operations of the arbitration plan. On the contrary, the United States would fully and faithfully cooperate in the judicial settlement of international difficulties by means of the agency and machinery provided by the convention.

JEFFRIES OFF FOR EUROPE.

Champion in Prime Condition for His Contest With Mitchell and Smith.

New York, July 27.—James J. Jeffries, the pugilist, arrived in this city yesterday after a pleasant trip across the country. The big fellow will sail for Europe today on the Fuerst Bismarck. He is in prime condition for his contest with Charley Mitchell and Jim Smith, which is to take place abroad within a fortnight. Jeffries will return here about Sept. 15, when he will go into training at Asbury Park for his fight with Sharkey.

"The Sailor," said Jeffries, "has been doing considerable talking about how quickly he will polish me off when we meet. I don't say I will beat him in a punch in four rounds, or anything of that sort. Sharkey is a big, strong fellow and has a chance to defeat me, but I think I will get the decision when we meet."

Regarding the talk about a fight between himself and McCoy, Jeffries said he did not consider the "Kid" in his class. "McCoy," he said, "is a good, clever middleweight, but has no chance against heavyweights. If McCoy, however, insists on a match with me he can obtain it, providing he will agree that the winner take all. I am not in the fighting game for fun. I want to get all the money out of the game there is in it while I am on top. When some fellow comes along and beats me I want to have a bank account on hand. A beaten fighter is not of much account unless he has money in the bank."

Justice Promised to Italy.

ROME, July 27.—United States Secretary of State John Hay has instructed the American embassy to assure the government of Italy that the United States will adopt every legal measure warranted by the facts to insure justice in the Tallulah affair. The communication adds that Secretary Hay has expressed to the Italian charge d'affaires at Washington the regret of President McKinley for the deplorable occurrences.

To Return Captain Forby's Body.

WASHINGTON, July 27.—Acting Secretary of War Meiklejohn yesterday issued orders to Quartermaster General Ludington that the body of Captain Lee Forby be brought from the Philippines in conformity with the wishes of his father, C. H. Forby of Omaha. This action was taken on the earnest request of Senator Thurston.

New Zinc Fields in Kansas.

INDEPENDENCE, Kan., July 27.—Zinc ore which is pronounced by experts of excellent quality has been discovered at several places among the flint hills west of here. A great deal of prospecting is being done in that section, and from results so far it is believed that another great mineral district is to be opened up in Kansas.

Endorsed Evans and McKinley.

ATCHISON, Kan., July 27.—John A. Martin post of Atchison is not in sympathy with the fight being made by the department of Kansas, G. A. R., on Pension Commissioner Evans and has adopted resolutions censuring certain state officers of the G. A. R. and endorsing Evans and President McKinley.

JEFFERSON BARRACKS IMPROVEMENT.

WASHINGTON, July 27.—Jefferson barracks secures an allotment of \$75,000 from the general appropriation for the improvement of army posts.

READY FOR INCINERATION.

A Special Train Conveys Ingersoll's Body to New York.

NEW YORK, July 27.—Walston, the beautiful home at Dobbs' Ferry, where Robert Ingersoll died, was a quiet place yesterday. The body of the dead agnostic lay on his flower covered bier. Only the widow and daughters sat near, all the others kept away.

Three hundred letters were received yesterday from all over the country, most of them from intimate friends. Among them letters from J. H. Manley of Maine, Mrs. Elizabeth Cady Stanton, who wrote a beautiful letter of hope and sympathy; Octave Thanet and Owen Miller, president of the American Federation of Musicians.

Colonel Ingersoll's body will be cremated today. The coffin was sent to Dobbs Ferry yesterday, but it remained all day at the local undertaker's. It is a plain, black, cloth-covered coffin, without ornaments or handles of any kind and without even a name plate. It is simply a box in which the dead may lie at rest during the journey to the crematory at Fresh Pond, L. I.

The body of the dead agnostic was transferred from the bier to the coffin this morning and whenever the widow is ready the hearse will start down the long hill that has been the joke of Colonel Ingersoll many a time.

A special train will take the party to New York city. It is only a few minutes ride to Freshpond. The incineration will be strictly private. The time has not even been set, in order that the public may not know. The funeral party will wait during the hours while the body is being consumed to take the ashes back with them. The funeral urn has already been selected. It is the choice from 1,000 of George Grey Barnard, the sculptor and the dead man's friend. This is only temporary, but it will satisfy Mrs. Ingersoll until a finer one can be made. She is determined that the ashes shall not be away from her a single moment.

TO PREVENT DEADLOCKS.

Senator Stewart's Plan to Insure Senatorial Elections in States.

WASHINGTON, July 27.—Senator Stewart of Nevada, in order to obviate the apparent necessity of an amendment to the constitution to secure at all times a full representation of states in the United States senate, at the next session of congress will offer relief by legislation. He proposes that the following paragraph be added at the end of section 15, title 2, chapter 1, of the Revised Statutes:

"If, on the third Tuesday after the organization of the legislature, no person has received such majority, then on that day or on any succeeding day the person receiving a plurality of the votes cast, a majority of all the members elected to both houses being present and voting, shall be declared elected." This he believes will insure the election of a United States senator in every state at the time specified by law.

Fremont Canal Franchise Granted.

LINCOLN, Neb., July 27.—The application of the Fremont Canal and Power company for right to tap the Platte river for a power canal and to construct a reservoir, whose capacity shall be 1,354,528,000 cubic feet of water, has been granted by State Engineer Wilson. The work of constructing the canal must begin not later than Jan. 25, 1900, and be completed Jan. 25, 1903.

TROUBLE IN ALASKA.

Government Officials Accused of Claim Gobbling.

GRAVE CONDITION AT ANVIL CITY.

A Meeting of Miners Held to Protest Against the Methods of the United States Commissioner Dispersed by the Troops—Claims Filed on Many Times.

SEATTLE, Wash., July 27.—Advises received on the steamer Elihu Thompson, from Dawson, indicate that the miners of Cameron and Anvil City are wrought up to a high pitch on account of the action of United States Commissioner Sheppard, backed by the United States soldiers. A miners' meeting of nearly 1,000 men was dispersed on the night of the 15th by a squad of soldiers on the ground that they were not property owners.

The meeting had been called regularly after five days' notice to protest against the policy that has been followed in locating claims. These miners declared that a clique or ring had been formed to gobble up all the good properties in the country. It is charged by miners who came in on the Thompson that the machinery of the federal government on the Yukon has been turned to these illegal practices. They say some of the Laplacers, who were sent up there under five years' contract by the government, have, since arriving, been naturalized, and claims have been staked in their names. Even the reindeer which these Laplanders were hired to take care of have been used for hauling stakes into the country to mark the claim boundaries for the members of the ring.

When the steamer left the members were signing a protest which is to be forwarded to Washington allying the officials at St. Michaels are conducting the affairs of the government to their own selfish ends. While returns between the miners and officials are at a high tension there has been no desire shown to resort to force and no serious trouble is anticipated. Conditions are in such a confused shape that nothing is being done. Hundreds of contests have been filed, but that is as far as the men can go. The rich claims on Anvil creek and Snow gulch have been filed on three or four times over. Men are afraid to prospect, because, they say, if one should strike anything he would not be able to hold the claim.

Ten Millions From the Klondike.

WASHINGTON, July 27.—Information from the Klondike up to June 20 has reached the state department from United States Consul McCook at Dawson. The consul says \$10,000,000 instead of \$20,000,000 in gold will cover the gold product for the past 12 months and adds that reports from Alaska indicate that more gold will be found there than ever will come out of the Klondike.

FEWER WAR BONDS IN BANK.

The Conversion of Coupon Into Registered Bonds Increasing.

WASHINGTON, July 27.—The conversion of coupon bonds of the 3 per cent Spanish war loan into registered bonds continues to go forward rapidly. When the loan was first issued, there were 90-, 814,000 registered bonds issued on original applications. Since that time there have been exchanged \$97,646,540 coupon bonds for registered, so that the total amount of registered bonds of this issue outstanding for payment of the dividend due Aug. 1 is \$98,460,540.

For a time the amount of bonds registered in the names of national banks, held as security for circulation and public deposits, increased rapidly, but for the quarter ending Aug. 1 the total will be less than for May 1. The number of banks has increased, however.

As against this falling off in the holdings of registered bonds of national banks there seemed to be a continued sharp increase in individual holdings and the quarter which will end with August will show the largest increase of such holdings of registered bonds in any quarter since the loan was issued.

OFF FOR LAKE CHAMPLAIN.

President and Mrs. McKinley to Spend Several Weeks in New York.

WASHINGTON, July 27.—President and Mrs. McKinley left Washington on a special train at 3 o'clock yesterday for the Hotel Champlain, Lake Champlain, for a stay of several weeks. With the president were Miss Sarah Duncan, his niece; Secretary Cortelyou and a retinue of White House attaches and servants. A crowd of several hundred was at the station to see the presidential party off. The party is due to arrive at the Hotel Champlain today.

PLATTSBURG, N. Y., July 27.—The presidential party will arrive at Hotel Champlain today. The suite of rooms on the main floor, which Mrs. McKinley enjoyed so much during her stay here two years ago, have been specially furnished in light blue, her favorite color.
