**THURSDAY TOPICS.**

The roof of the city hall is being treated to a needed coat of paint.

Quite a number of city people drove out to the Yellow Banks today to picnic and visit the campers.

Mrs. J. B. Mayford will entertain the Thimble club at Taft's grove tomorrow afternoon at a picnic party.

The hitching posts for placing along the side streets are being prepared in the jail yard and will soon be set.

Clarence Salter, who is fishing near the Platte, writes that he is having excellent luck and is catching two-pound trout right along.

Lemen Bros.' advertising car No. 2 came in from Sioux City last night and today the force of employees were distributing advertising literature.

Miss Ada Butterfield very pleasantly entertained the Kindergarten club at her home on Norfolk avenue last evening in honor of her guest, Mrs. Russell of Sheridan, Wyo.

Quite a large number of people have gone out to the fair grounds this afternoon to witness the race between the two Pierce horses. The track is in pretty fair condition in spite of the rain.

Ray Hayes, Dwight Pierce, Elwin Alexander and Carl Davenport drove out to the Yellow Banks today and will camp out a few days. They will be joined later by a number of other young men.

The painters have completed their work on the outside of the sugar factory and this morning commenced work on the machinery which will be put in shape as quickly as possible for the fall campaign.

The man and woman who have been confined in the city jail since their arrest at the Atlantic house have been released. The former has gone to work at the painter's trade and the latter has gone to Columbus.

Cadet Watkins and wife, formerly of this place, are here visiting relatives and friends. They have been conducting services in Oklahoma, but will depart soon for Colorado to take up the work there. Mr. and Mrs. Watkins are now members of the Volunteer Army.

Thos. LaFarge of Madison is in the city today distributing advertising matter for the county fair. He left a number of premium lists at THE NEWS office where they may be procured by those desiring them. It is expected that the

fair this fall will be one of the best ever yet given in this county.

Mr. and Mrs. Burt Mapes and children and Miss Josephine Durland expect to board a flat boat in the Elkhorn tomorrow morning and take a trip down stream. They will be absent a week or ten days. If they progress for any considerable distance in that time they will return on the train.

Harry Roberts has not yet returned with C. W. Mihills' livery team and a telegram to the marshal at Genoa elicited the information that he knew of no such man. Sheriff Losey started out this morning to locate the gentleman and it is very likely that he will soon be overhauled.

The company now owning the Pacific hotel has started in to improve the property. Electric lights have been placed in the office and will soon be placed in the dining room. Other improvements are also under contemplation, and it is proposed to have a hotel with all modern conveniences for the comfort of guests.

The storm which visited this section last evening appears to have formed a few miles west of the city and took a course from here south. North of the sugar factory there was little or no rain and the farmers were stacking their grain this morning. A considerable quantity of rain fell in the city, while south of here the storm developed some fury. The wind was strong several miles south and blew down the wind mill of August Klentz, overturned hay and grain stacks and the rain poured down in a regular deluge.

Chester A. Fuller was in the city Saturday last.

Attorney Fred H. Free was in the city on legal business Friday last.

Attorney W. E. Reed left for Denver, Col., Monday last on legal business.

Attorney A. W. Gross returned from his trip to Milwaukee Saturday evening.

Attorney James Nichols went up to Sioux City Friday last, returning Sunday.

Mrs. Dr. E. N. Smart and son, Eddie, left for Iowa Tuesday morning, where they will visit with friends and relatives for several weeks.

Captain J. E. Wyatt, who has been visiting with his son in Bigelow, Minn., returned last Sunday noon, much improved in health and spirits by his vacation.

Dr. E. N. Smart entertained a few of his gentlemen friends at his home last night. A "stag party" more fitly describes the company and a good time on such occasions follows, as day the night.

The Madison County Building and Loan association had the books of its secretary, Geo. E. Richardson, audited by an expert accountant one day last week and to the credit of Mr. Richardson, not a single mistake was found.

Miss Fannie Wells gave a very pleasant party to her friends last Thursday evening at the G. A. R. hall. The principal feature of the evening's entertainment was a sewing contest between the boys present. Each girl furnished an apron to be hemmed by her partner and some of the efforts were truly ridiculous. Some aprons, however, were well finished, Mr. Ed Fricke taking first prize for good sewing. Dancing followed the refreshments.

Last week Tuesday Mr. Doy Curas of this place and Miss Emma Montross of Battle Creek were united in the holy bonds of matrimony in Sioux City, Ia. The affair was kept strictly "sub rosa" till some one from Battle Creek telephoned the news over Friday morning and the many friends of the young couple hastened to congratulate the bridegroom. Mrs. Curas arrived in the city Monday evening of this week and the happy pair will make their future home. Here's hoping their married life may be long and happy!

**IS MAKING CONTRACTS.**

Securing Right of Way for the Y., N. & S. W. R. R.

PROMOTER W. W. GRAHAM IS BUSY

Right of Way will be 66 Feet Wide and Will Parallel the Creighton Branch to Pierce—Call Meeting to Make Plans to Help Madison Receive Company F.

W. W. Graham, promoter of the Yankton, Norfolk and Southern railway is busy making contracts with farmers between this city and Pierce securing the right of way for the new line.

The right of way will be 66 feet wide and will run parallel to the Creighton branch of the F. E. & M. V. to Pierce, and from that point will diverge on a more direct line to Yankton.

Mr. Graham is binding his contracts by the payment of \$1 down, the balance to be paid before work on the line begins which will be about the 1st of September. Contracts have been signed by the following farmers:

Herman Wachter, at \$75 per acre.  
Louis Uecker, at \$75 per acre.  
Frederick Haase at \$80 per acre.

Call for Meeting of Citizens.

All citizens interested are requested to meet at the city hall tomorrow evening at 8 o'clock sharp to make arrangements to attend the reception to company F at Madison.

J. E. SIMPSON, Mayor.

The above call has been issued by the expressed desire of many citizens who believe there is no better way of handling such a matter of public interest than by a town meeting. While many have expressed their intention of attending, there have been no steps taken toward making any show of uniformity or order. It will be necessary to choose a marshal of the day and aides to assist in forming the parade. A committee must also be appointed to solicit funds to pay the expenses of the band boys who have volunteered their services but feel that their expenses should be met.

Company L, the fire department, the G. A. R. post and Woman's Relief corps have signified their intention of going down in a body, while many citizens will take their families and make "a day of it."

W. S. Stevenson, chairman of the executive committee, was in the city yesterday and left advertising matter which is being posted today. He states that all Madison is working unitedly to make the occasion a grand success and they expect large delegations from all the towns in the neighborhood.

The parade will be formed on the street leading from the depot and on the arrival of the Norfolk section it will move off through the town to the place selected for the exercises.

Col. Ed Mason, porter at Hall's barber shop, had a tale of woe to pour into the ear of the reporter on a recent visit to that hair-removing parlor. His story was something as follows:

"Yo' see mistah, hit happened in about dis wise—I was down by de railway bridge fishin' at which I was quite fo'tunate and ketcht 13 bullheads when along kem a fellah an' 'propriated the ential ketch to his own use, which was very misun'fonate fo' me an' my family.

"Yo' know how dem weeds stan' up down dar an' I couldn't see de fellah after he tu'ned de curb, but he had on a straw hat an' a coat with broader stripes than that one hangin' yondah," pointing to a garment on the rack.

"Dar was foh nice bullheads on dat string dat would a made a good breakfast fo' any family in dis yeah town.

"De fellah looked at me but nevah said a wo'd an' nevah tol' me he was gwine to take dem fish nor nothing.

"Hed my mouf all set fo' fish, too. Ef I evah ketch dat raskalion he will wish he had choked to def on one ob de bones."

Liquid Air for Fruit Shippers.

A plant has been established in New York for the manufacture of liquid air for refrigeration and other commercial purposes. The Scientific American, in speaking of it goes on to say: "As a result of the successful operation of this plant, the company owning it has already

an order for a plant to be set up in Los Angeles, California, with a capacity of 1500 gallons of air a day. This is to be used for refrigeration in the shipment of fruit from Los Angeles to Chicago.

In this plant new features, intended still further to increase its efficiency, will be introduced. The result of this first projected application of liquid air to practical refrigeration on a scale sufficiently extensive to furnish results definite and valuable as data for future operations, will be watched with much interest."

More Work Than Workers.

The cry for help from the harvest fields of the west is more acute this season than usual. Railroad officers in the northwest are receiving appeals by wire to send the farm hands that are needed to gather in the crops, and they are unable to find the men wanted, who are offered from \$2 to \$3.25 a day. It is said that in the Red river valley the situation amounts to a crisis and unless more help is obtained much grain will be lost. Employment agencies farther east are advertising for hands, but with little success. Prosperity has thinned out the ranks of the unemployed so far that no such army seems to exist.—Springfield Republican.
