

The Norfolk News

W. N. HULSE, Publisher. DAILY. Established 1857. Every day except Sunday. By carrier per week 15 cents. By mail per year \$6.00.

Table with 2 columns: Office and Position. Includes Supreme Judge, County Clerk, Sheriff, etc.

Motor bicycles, run by gasoline, are the latest thing in wheels.

The most northern newspaper in the world is published at Hammerstein, Russia. The subscriptions, it is said, are paid mostly in fish.

If you want to reach the homes of the people in any given community there is no avenue through which it can be so effectively done as in the local newspaper.

The Republican Candidates. The Omaha Bee introduces the republican candidates on the state ticket this year as follows:

Judge M. B. Reese. Judge M. B. Reese has been a resident of Nebraska twenty three years. He is a native of Illinois, having been born in Macoupin county in 1839.

Mr. Reese then commenced the study of law. Shortly after the breaking out of the war he enlisted, but when he came to undergo the physical examination necessary, much to his chagrin, he was rejected because of the injury referred to.

Mr. Reese settled in Plattsmouth and remained there about two years. Although he was building up a good law practice, he was forced by the ill-health of his family to move away from the river. He then went to Saunders county, establishing himself sixteen years and achieved a state reputation.

He was elected a member of the state constitutional convention in 1875 and assisted in framing our present state constitution.

In the following year Mr. Reese was chosen for state senator by the republicans of his district, but he declined the nomination. In the fall of 1876 he was elected district attorney of the then Fourth judicial district and was re-elected in 1878 and again in 1880, practically without opposition.

In November, 1882, Mr. Reese resigned his position, lacking two months of holding it six years. In the fall of 1883 he was nominated for the position of supreme judge and was elected, remaining on the bench for six years, the last two of which he served as chief justice. His career as supreme judge is well known.

After leaving the bench he established himself again in the practice of law in Lincoln.

Last winter he was candidate for United States senator and was voted for on every ballot. At one time he stood a very good show of election.

About six years ago Judge Reese was appointed dean of the law department of the state university of Nebraska, which position he still holds.

EDMUND G. MCGILTON. Edmund G. McGilton, nominee for regent of the State university, was born in Wisconsin forty years ago.

university of Wisconsin, graduating therefrom in 1883, and afterward the law department of the same institution, from which he graduated in 1885.

In the year 1885 Mr. McGilton had occasion to visit Nebraska and saw Omaha when the boom was on. He was deeply impressed with the prospects for its future and decided to remove here, which he did in January, 1888.

He has practiced his profession here ever since, and has attained a position in the estimation of his fellow jurists which can be placed second to that of but few lawyers in the state. He has not had time for active participation in politics, but has had a constant interest in educational matters.

DR. W. B. ELY. Dr. W. B. Ely was born in Boston, Mass., in 1842. His parents died while he was quite young. He began the study of music at an early age and taught music in the female seminary at Canandaigua, N. Y., several years, also in the female seminary at Rome, Ga., and entered the college of medicine at University of Michigan in 1876.

According to the Toronto Mail and Empire of Aug. 10 last, the earnings of the street railways in that city for ten months of the present fiscal year have already passed the million dollar mark.

Table with 2 columns: Month and Percentage. Shows gross receipts and percentage for July 1899, 1898, 1897, and 1896.

The increase of the earnings and percentages for four years is shown by the following figures for July:

GRAIN ELEVATOR AT MANNING BURNS. MANNING, Ia., Sept. 28.—The big grain elevator of the Manning Mercantile company, situated in the Northwestern yard, was completely destroyed by fire at 1:30 o'clock yesterday morning.

DEATH AT THE LEXINGTON FAIR. LEXINGTON, Neb., Sept. 28.—The third day of the street fair was somewhat marred by a violent gale of wind that prevailed most of the day, but it did not interfere with the crowds.

TENTH COMING TO FORT CROOK. NEW YORK, Sept. 28.—The troops that arrived here on the McPherson were sent to their destination yesterday. They consisted of one battalion of the Second United States infantry and one of the Tenth infantry.

DROWNED HERSELF AND CHILDREN. THE DALLAS, Or., Sept. 28.—News has been received here of a tragedy which occurred about 40 miles from here yesterday, when Mrs. W. T. Gytton drowned herself and her two children—a boy of four years and a girl of one and a half years—in the Des Chutes river.

Now New York has a vigilance committee. It is camping on the trail of certain persons who, it is alleged, are seeking to bunko the city out of the little matter of \$200,000,000 in connection with its water supply.

It is said that the Great Salt Lake is slowly drying up. Candidates for office, however, need have no fear that the great Salt river will ever run dry.

TO WATER ARID WASTES.

West is at Last Practically United Upon This Great Work. MISSOURI, Mon., Sept. 28.—Sentiment in the National Irrigation congress is unquestionably crystallizing in favor of a permanent organization and continuous efforts in the dissemination of educational literature relating to irrigation matters.

Chicago was yesterday chosen as the place of holding the next meeting of the congress. There were invitations from Los Angeles, Salt Lake, Cleveland, Chicago, St. Paul, St. Louis and Washington, D. C. Sentiment was overwhelmingly in favor of Chicago on the ground that a meeting held there will reach more people than any other place mentioned.

The forestry question and the national reserve system of the federal government was discussed by Judge Best, Superintendent J. B. Collins, F. B. Toumey and Professor J. W. Toumey of the division of forestry. It was shown that the forestry system is doing much to conserve the water supply of the country.

There was but one dissenting vote on the resolution urging the reclamation of the arid lands, indicating that the west is at last united upon this great work. The following officers were chosen: President, Elwood Mead, Wyoming; first vice president, S. M. Emery, Montana; second vice president, L. W. Shurtliff, Utah; third vice president, C. B. Hurt, Idaho; secretary, H. B. Maxon, Nevada. George N. Maxwell of California was elected national lecturer and ex-officio a member of the executive committee.

PRESBYTERIANS MEET.

Conference Assembles in Lincoln's Old Church at Washington. WASHINGTON, Sept. 28.—Delegates representing 25,000,000 Presbyterians throughout the world assembled yesterday in the New York Avenue Presbyterian church to attend the first session of the Pan-Protestant alliance.

The church auditorium is one of the most commodious in the city. It is the church which Lincoln attended when he was president and the pew which he and his family occupied was an object of particular interest to the delegates when they assembled.

The session of the alliance will last ten days. The body is purely deliberative and not in any sense executive. Its capacity is entirely advisory.

Wreck Yesterday Averted. COLUMBUS, Neb., Sept. 28.—While a heavy freight train, eastbound on the Union Pacific road, was approaching the large bridge over the Loup river two miles west of town yesterday, the engineer discovered the bridge was on fire. Examination showed 24 ties and some stringers had been consumed.

More Popular Than Ever. Since 1890 the Hot Springs of South Dakota have been recognized as the resort for western people.

All things are favorable for those seeking rest, health or pleasure. This season finds the resort well patronized by people from Nebraska, Iowa, Illinois, Minnesota, Wisconsin and eastern South Dakota, and everyone well satisfied with the Wonderful Waters. Delightful Climate. Modern Hotels. Varied attractions for sight-seers.

The Northwestern Line is the pioneer to this resort. The Northwestern Line runs Wagner Palace sleepers to Hot Springs, South Dakota.

The Northwestern Line makes low round trip rates to this resort. Ask your nearest railroad agent for the date of the next excursion via the Fremont, Elkhorn & Missouri Valley R. R. Northwestern Line.

A Snow-storm in Summer. Ever see one? We never did; but we have seen the clothing at this time of the year so covered with dandruff that it looked as if it had been out in a regular snow-storm.

Ayer's Hair Vigor advertisement. Includes text: 'A Snow-storm in Summer', 'Ever see one? We never did; but we have seen the clothing at this time of the year so covered with dandruff that it looked as if it had been out in a regular snow-storm.'

is a regular prescription. It is composed of the best tonics known, combined with the best blood-purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.

All coal to be weighed upon scales to be designated by the board of education. Right is reserved to reject any and all bids. H. C. MATRAU, Secretary.

Outside Precinct Caucus. The republican voters of Norfolk outside precinct, will meet at the city hall Saturday, October 7, at 2 o'clock p. m., to nominate one candidate for assessor, two candidates for justices of the peace and two candidates for constables. G. D. SMITH, Member of County Central Committee.

"For the Sake of Fun, Mischief is Done." A vast amount of mischief is done, because people neglect to keep their blood pure. The mischief appears in eruptions, dyspepsia, indigestion, nervousness, kidney diseases, and other ailments. This mischief, fortunately, may be undone by the faithful use of Hood's Sarsaparilla, which cures all diseases originating in or promoted by impure blood.
