

JUDGE REESE NAMED.

Nebraska Republicans Nominate a State Ticket.

M'GILTON AND ELY FOR REGENTS.

Major Kilian and Chaplain Mailley, Lately Returned From the Philippines, Stir Up the Delegates—Resolutions Adopted by the Convention.

For Supreme Judge—M. B. REESE, Lincoln; For Regents of the State University—E. G. M'GILTON, Omaha; DR. WILLIAM B. ELY, Ainsworth.

OMAHA, Sept. 23.—Chairman Schneider was about half an hour late calling the Republican convention to order at the auditorium yesterday afternoon, but in the interim Adleman's band filed onto the platform and played a combination of the "Star Spangled Banner" and "America" that stirred up considerable enthusiasm. The entire audience rose as the first strain welled out and toward the close, as a large silken banner was borne on the stage, the delegates broke out in vociferous cheers. Schneider then introduced as temporary chairman, Frank C. Reavis of Falls City. Mr. Reavis caught the convention with the opening statement that he saw in Omaha one of the most notable examples of expansion with which we are confronted, and the sentences in which he discussed the trust question and anti-imperialism were frequently applauded.

The temporary organization was made permanent and the convention then proceeded to nominate a candidate for supreme judge and nominating speeches were limited to five minutes. Adams county presented the name of Lorenzo Crouse, Buffalo county named E. C. Calkins of Kearney, Johnson county nominated S. B. Davidson of Tecumseh and the name of Judge S. H. Sedgwick of York was presented by York county. Judge M. B. Reese was presented by Nance county.

The roll call, not counting the counties that were passed, gave Reese 287; Sedgwick, 208; Davidson, 201; Calkins, 174; Crouse, 100. Before the secretary complete the call, the Douglas delegation inaugurated a landslide to Reese, and he was nominated by acclamation.

It required only one ballot to select the nominees for regent. The candidates were E. G. M'Gilton of Douglas county, Dr. William B. Ely of Brown, J. B. Barnes of Madison, and J. E. Lyne of Furnas. On motion of W. E. Peebles, Mr. M'Gilton was named by acclamation and the ballot for the remaining place resulted: Ely, 557; Barnes, 363; Lyne, 37. The nomination of Dr. Ely was made unanimous.

Major Kilian and Chaplain Mailley stirred up the convention by patriotic addresses. Senator Thurston also made a brief speech.

The platform, in part, is as follows:

While we deplore the insurrection in the Philippine islands, yet we recognize the duties and obligations imposed upon our nation by the victory of our navy and the matchless valor of our arms, resulting in the treaty of Paris, which imposed upon the president the duty of maintaining the authority of the United States over the territory acquired thereby and so long as there is some gun pointed at an American soldier, so long as there is an armed enemy assaulting our flag, so long must patriotic and loyal Americans uphold our president in effecting protection, tranquillity and peace to all who recognize our lawful occupation.

We adhere unflinchingly to the gold standard and are unalterably opposed to the free coinage of silver. Gold has been our standard since 1834 and is now the standard of every civilized and important country in the world.

After more than 20 years of harmful agitation and a campaign of extraordinary earnestness and full discussion the people of the United States, by a majority of more than 500,000, decided in favor of that standard. Our experience and present prosperity in the amplest and fullest measure demonstrate the wisdom of that decision.

We denounce the attempt now desperately being made to agitate labor and capital in hostile camps. The Republican party now, as always, opposes trusts and combinations having for their purpose the stifling of competition and arbitrarily controlling production or fixing prices, but we also recognize that legitimate business interests, fairly capitalized and honestly managed, have built up our industries at home, given the largest employment to labor at the highest wage and have enabled us to successfully compete with foreign countries in the markets of the world. Such industries must not be struck down by legislation aimed at dishonestly organized institutions which destroy legitimate enterprise and the opportunities of labor and plunder the public. We favor the creation by act of congress of a bureau of supervision and control of corporations engaged in interstate business, with powers similar to those exercised over national banks by the controller of the currency, enforcing such publicity and regulations as shall effectually prevent dishonest methods and practices, and generally such legislation, state and national, as from time to time may be required for the correction of abuses.

We arraign the fusion forces for their failure to redeem the promises made to the people of this state of an honest and economical administration of state affairs. We especially condemn the misappropriation of public funds in the discharge of private debts by a fusion governor, and we denounce as subversive of good government the conduct of the auditor's office by the fusion incumbent. The unseemly squabble now existing between the two executive offices as to the insurance department has scandalized our state and demonstrates the unfitness of the present officials to conduct the public affairs of this state.

Hay Fever—Autumn Grip. The symptoms of hay fever and la-grippe are identical; prostration, sneezing, inflammation of the mucous membrane. Dr. Humphreys' specific 47¢; cures both; 25 cents; at all druggists.

JOHN C. HUBINGER.

Remarkable Career of a Well-Known Western Capitalist, Manufacturer and Philanthropist.

Among the leaders of the progressive element for which the middle west is famous, Mr. John C. Hubinger, of Keokuk, Ia., reigns without a peer. As a manufacturer, as an enterprising capitalist and as a philanthropist his fame has spread over many states, and his financial enterprises have developed many obscure towns into progressive, thrifty and wide-awake cities. Mr. Hubinger, although but 47 years of age, can look back upon scores of commercial victories, each one of which has benefited mankind, for his liberality is as bountiful as his business sagacity is marvelous. He was born in New Orleans, La., his parents being of French and German origin. When he was four years old, his family removed to Kentucky, in which state young Hubinger received a public school education. Almost before reaching man's estate he secured patents on a number of valuable mechanical inventions, thereby laying the foundation of his present fortune.

By inclination and force of circumstances his attention was early directed to the manufacture of starch by improved processes, and in the course of time he became the head of a concern having an annual business of millions of dollars. But genuine ambition never quite satisfied with existing conditions, works ever toward perfection, and after years of painstaking study and research Mr. Hubinger has made a

JOHN C. HUBINGER.

discovery, which he considers the crowning event of his wonderful career, and which is embodied in a new article of commerce, known as Red Cross Starch (Red Cross trade mark). He is planning to distribute millions of packages of this starch to the housewives of America, at a merely nominal price to the consumer, in order to make its merits known without delay. Thus, for but 5 cents two large 10c packages of Red Cross Starch may be had, together with two magnificent Shakespearean views printed in 12 beautiful colors, or a Twentieth Century Girl Calendar; or for only 20 cents 10 packages of the starch and the entire series of eight Shakespearean views and one Twentieth Century Girl Calendar—views alone easily worth \$1.00. Watch this paper for future premium announcements, of which every body will certainly want to take advantage.

While Mr. Hubinger will devote his best energies to the manufacture of this new and wonderful starch, he will not retire from the various financial enterprises in which he is interested—street railways, electric lighting plants and the Mississippi Valley Telephone Co., with 10,000 telephone subscribers in Minneapolis and St. Paul—nor will his social obligations and exercise of the splendid hospitality which he dispenses at his palatial Keokuk home. Mr. Hubinger's family, consisting of himself, wife and four children, is the pivot around which his activity revolves, and while fond of promoting great enterprises, he is still fonder of his home circle, where he spends every moment of time not taken up by business or public cares.

Dynamite Guns for Philippines. Dynamite guns are to be employed by the army in the coming campaign in the Philippines. While the use of these guns is yet regarded as in its experimental stage sufficient progress in their development has been made to warrant the army officials in including them as a part of the equipment in the field. Recently Lieutenant M. C. Buckley, Third artillery, was ordered to New York to aid in loading the twelve two and one-half inch Simms-Dudley dynamite guns, accessories and ammunition, on board a merchant ship, which is to transport them to Manila by the Suez canal. From New York Lieutenant Buckley will proceed to the Woolwich arsenal, England; Paris, France and Amsterdam, for the purpose of examining the organization and material of mountain guns and Hotzler batteries used in India and Africa and other countries where service is similar to that in the Philippines. After performing this duty Lieutenant Buckley will proceed to Manila for duty.

Marietta to the Marietta. Governor Bushnell of Ohio recently conveyed a silver service to Boston and presented it to the gunboat Marietta in honor of her second birthday. It was the gift of the Ohio town whose name the gunboat bears.

"Go on!" says the New York subcommittee to Captain Evans. "What do you know about running a naval show, anyway?"

Mr. C. A. Pillsbury has just completed his thirtieth year in the milling business in Minneapolis, Minn., probably a longer term than that of any other man engaged in the business in the northwest. His business has grown in twenty years from less than 1,000,000 barrels of flour a year to nearly 5,500,000 barrels.

THE M. E. CONFERENCE.

Convenes in Omaha This Week in Annual Session.

GENERAL CONFERENCE DELEGATES.

Ministers and Presiding Elders to be Assigned Places—Scope of the Conference District—Dr. A. Hodgetts and Rev. G. H. Main to Attend.

From Tuesday's Daily.

Dr. A. Hodgetts, presiding elder of the Norfolk district, and Rev. G. H. Main, pastor of the Methodist church here, left today for Omaha to attend the annual conference of the North Nebraska district which meets this week in Hanscom Park church. This conference is composed of ministers and lay delegates from 125 churches in the district bounded by the Missouri river on the east, the state line on the north, Grand Island and O'Neill on the west and the Platte river on the south. Besides the business of supplying charges with ministers and districts with presiding elders an important matter will be the selection of a lay and ministerial delegate to the general conference which will meet in quadrennial session in Chicago next May. For the ministerial delegate, there are four leading candidates: Dr. J. W. Shenk, editor of the Omaha Christian Advocate, Dr. A. Hodgetts of this city, Dr. D. K. Tyndall, presiding elder of the Grand Island district, and Dr. Wm. Gorst, presiding elder of the Neligh district. It is probable that among the lay delegates there will be a larger number of candidates.

Besides the honor of being a delegate to the lawmaking body of the Methodist church there are certain emoluments which also make it desirable. The delegates are provided with transportation and sleeping car privileges and entertainment for the entire month's session of the conference at the leading hotel in the city where the conference convenes. The expense is provided for by the church.

Dr. Hodgetts' term as presiding elder of the Norfolk district having expired with this year, another will be named at this conference. He has held the position for six years and many of the church people throughout the district are sorry that the general laws of the church necessitate a change, as he and his family have won a large circle of friends. While they know he deserves something better than the district contains, many selfishly hope that his removal will not be required.

Rev. Main has given excellent satisfaction during his pastorate here and it is hoped by a large number of the members of the church that he may be returned, at least for another year, to continue his excellent work.

ORGANIZING OF Y. N. & S. R. R.

Railway Age Says Bonds Have Been Placed and Road Will be Built.

The Yankton, Norfolk & Southern has completed its organization and has elected W. W. Graham of Norfolk, O., president, whose official address will be Norfolk, Neb.; J. S. Meekling, vice president, 606 Washington boulevard, Chicago, headquarters, Yankton, S. D.; S. E. Norton, secretary and treasurer, Dexter building, Chicago," says the Railway Age.

"The road is projected from Yankton, S. D., via Norfolk, Neb., to Omaha, a distance of 185 miles, and it is proposed to begin work at once on the section from Yankton to Norfolk, seventy-five miles, of which forty miles from Aten, opposite Yankton, to Osmond, Neb., were graded a number of years ago. The old grade is in good condition and will require little dressing up. It is expected to begin work by October 1 and to complete this forty miles this year.

"There will be a large bridge across the river at Yankton, consisting of one draw span of 430 feet and four other spans of 420 feet each. The plans for the structure have been completed and approved by the secretary of war. Bonds of the company to amount of \$1,800,000, we are informed, have been practically sold, of which \$600,000 are to be used in erecting the bridge and the remainder in building the road. We are informed that this is an entirely independent company and that the Great Northern is not interested, as has been reported."

Council Proceedings.

The regular meeting of the city council was held September 21, 1899. There were present Mayor Simpson and Councilmen Brammond, Bucholz, Degner, Uhle, Viele and Heckman. Absent—Councilmen Bullock and Dexter.

The minutes of the meeting of September 7 were read and approved. Councilmen Degner, Bucholz and Brammond were appointed a special committee with power to act in the matter of exchanging the present stove in the council room for one adapted to burning soft coal.

Report of T. A. Ayers, collector, showing \$33 dog tax collected and 11 dogs killed, was read and referred to the auditing committee.

The committee on streets and alleys was instructed to purchase another car of stone for crossings.

There being no farther business the council adjourned.

In spite of British rule, India is still virtually a soapless country. Through-out the village of Hindustan soap is indeed regarded as a national curiosity, and it is rarely, if ever, kept in stock by the native storekeeper. In the towns it is now sold to a certain extent, but how small this is may be gathered from the fact that the total yearly consumption of soap in India is about 100,000 hundredweight—that is to say, every 2,500 persons use an average only of 112 pounds of soap between them, or in other words, considerably less than an ounce is the average consumption a person.

New Inventions.

Of the inventors who obtained patents the past week 32 per cent were able to sell the entire or part of their inventions. Amongst the prominent concerns buying these patents were the following:

- United States Manufacturing Co., Fond du Lac, Wis.
Duplex Printing Press Co., Battle Creek, Mich.
National Ticket Case Co., Chicago, Ill.
Eagle Penell Co., of New York
Jefferson Brass Works, Watertown, N. Y.
Bankers' Electric Protective Co., Chicago, Ill.
Dukes & Co., Quitman, Ga.
Flisher Typewriter Co., of Tennessee.
Vulcan Iron Works, San Francisco, Cal.
Lamb Manufacturing Co., Chleopoe Falls, Mass.
Singer Manufacturing Co. of New Jersey.
Williams Electric Co., Cleveland, O.
Parties desiring free information as to the law and practice of patents should address Sues & Co., registered patent solicitors, Box Building, Omaha, Neb.

JANUARY 1, 1901,

and a FREE COPY of the Great Medical Work,

Kendall's Perfected Receipt Book.

To old subscribers who pay up to date and \$1.50 in advance, the same offer is made.

Other county papers can be had for less money, but when SIZE, QUALITY and the amount of HOME and FOREIGN NEWS given, is considered, you will find that THE NEWS is the CHEAPEST PAPER PUBLISHED IN NORTH NEBRASKA.

Kendall's Perfected Receipt Book.

The Best Ever Published.

PROFUSELY ILLUSTRATED.

STRICTLY UP-TO-DATE.

It is worth \$10 a year in every family. You can't afford to do without it.

It contains all the best features of all the old books, besides hundreds of new things never thought of before.

It has receipts for everything and everybody.

The best receipts known for man and beast, cooking, toilet, etc., etc. It has many receipts for preparing articles of general use, which you now buy at great cost. It is by a popular author, and published by the Kendall Publishing Co. of Saratoga Springs, N. Y.

What Others Say of the Book.

REV. C. W. SAVIDGE, Founder and pastor of the People's Church, Omaha, writes: "I have received a copy of the 'Perfected Receipt Book' and am highly pleased with it. It will be of great value to the public. I wish it a large sale."

REV. J. C. LEMON, Founder of the Christian Home Orphanage, Council Bluffs, Iowa, writes: "It is a very valuable book, and I fail to see how it could be improved upon."

A. C. HAMMOND, A prominent stockman of Stockton, Kansas, writes: "I would not take \$5.00 for one of the receipts in your Receipt Book."

W. R. ROBERTS, For many years cashier of the Citizen's Bank of Omaha, writes: "I received your Receipt Book and have examined it carefully, and am more and more pleased with it. It is the most complete work I ever saw."

B. F. BERRY, Of Irwin, Iowa, writes: "Recently two of my hogs took sick with hog cholera and one died within twenty-four hours. I had your receipt for hog cholera filled, as given in Kendall's Perfected Receipt Book, and I gave it immediately. It cured the other sick one and prevented the others from getting sick. I think it saved my herd of thirty-one. Your receipt book ought to be in every family for I think it is worth twenty times the price asked for it (25c.) I shall always believe that your receipt for hog cholera is just the medicine for hogs, for it saved my sick one and prevented the rest from getting sick. If my theory is correct, as I believe it is, it saved me at least \$150. I wish all who are losing hogs would get a receipt book and try this remedy. The book seems to be full of other good things also."
