## His Terrible Cough.

Few things are so depressing and weakening as a constant cough. Few things are as discouraging as a cough that will not yield to treat ment. It breaks in on the night's rest. It interferes alike with business and with pleasure. Above all the persistent cough constantly sug-gests the thought of that dread discase consumption with its lingering agony. Dr. Pierce's Golden Medical Discovery cures coughs when all other medicines fail, because it is more than a cough medicine. The cough is but a symptom, "Discov-

People have suffered with bronchial affections for years, with obstinate, stubborn cough, and growing weakness. They have tried doctors and medicines in vain. At last they have been induced to try Dr. Pierce's Golden Medical Discovery, with the general result experienced by all who put this wonderful medicine to the test-help at once, and a

speedy cure. For coughs, bronchial affections, weak lungs, spitting of blood, and other diseases of the organs of respiration, "Golden Medical Discovery" is practically a specific. It

always helps; it almost always cures. There is no alcohol, neither opium, cocaine, nor other narcotic in the "Discovery,"

Man Wanted to Fill Vacancy on Board of Control. DES MOINES, Feb. 15 .- Six men have

been offered the chairmanship of the state board of control by Governor Shaw. Since Rood's confirmation was torned down by the senate the nomination has been declined by Major C. E. Stanton of Genterville, Colonel W. H. Culbertson of Carroll, E. S. Ellsworth of Iowa Falls, ex-Senator H. L. Waterman, and Captain J. G. Hutchison of Ottumwa and Captain M. Head of Jefferson. The governor stated that he had several other men in mind for the place, but will probably not tender it to any one for a day or two. No one has any very definite idea as to who will be the final appointee, though the friends of Major E. A. Consigney of Avoca still claim that he may get it.

Yesterday both houses of the legislature adjourned and repaired in a body to the board of control rooms in the basement of the capitol building, where they waited upon ex-Governor Larrabee and told him goodby before he retires from public life in Iowa and goes abroad.

SALOON DOORS ARE CLOSED

For Second Time Temperance People Are Ahead and Des Moines Is a Dry Town. DES MOINES, Feb. 15.-Every saloon in Des Moines closed its doors a second time yesterday and the indications are they will be compelled to keep them closed the balance of the year. The temperance people in connection with the anti-saloon league of the state held a meeting yesterday and ordered the officers of the association to notify the saloon men no more time would be given and that they must close their doors at once or subject themselves to injunction proceedings. When the attorneys for the saloons were served with notices they immediately sought their clients and advised them to cease operating. The attorneys for the temperance people were at once urged to defer steps of prosecution, as the saloons would accede to the demands. At a meeting of the Retail Liquor Dealers' association steps were taken for the circulation of a new petition of consent.

BID GOODBY TO LARRABEE. THE STANDARD YARDSTICK.

Years of Study and Experiments

Were Necessary to Produce It. "People who handle the yardstick have but little idea of the years of study and experiments that were necessary to secure the standard yard measure," observed an official of the coast survey.

"Bird, a famous scientist, made the

first standard yard in 1760, but the English government did not legalize it until 1824. Ten years afterward, when the house of parliament in London was destroyed by fire, the stand ard yard was lost, and England was again without a standard yard of length. Sheepsbanks next made a standard measure, which the English government adopted, and, so that it could not be again destroyed by fire, four authorized copies were made of it. One of these was deposited in the royal mint, another in the Royal society, another in the observatory at Greenwich, and the fourth was imbedded in the walls of the new house

of parliament. "The standard yard measures which are owned by the government are copies of the original, one of which is owned by the coast survey. The United States naval observatory has one also. The delicacy of its construction may be gathered by the fact that a change of temperature of one-hundredth of a degree of Fahrenheit has been found to produce a sensible effect on the length of the bar.

"The copies of the standard are made of bronze, for the reason that bronze is less affected by temperature than any distinct or single metal.

"The cost of the construction of the original standard yard measure involved the labors of Bird and his assistants for nearly six years. Sheeps banks was 11 years in producing the accurate copies which he made from Bird's original measurements."-Washington Star.

MRS. MINNIE LITTLE.

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure female troubles" in the quiet of their own rooms.
