

WOMEN CURED AT HOME.

THE GREATEST OF SPECIALISTS OFFERS TO THE SUFFERING HIS SERVICES AND REMEDIES.

For more than twenty-five years Dr. J. Newton Hathaway has made a specialty of Female Diseases. During that time he has had among his patients over ten thousand women, suffering from all those many different complaints peculiar to the sex, and has completely and permanently cured more than 80 per cent. of the cases he has treated.

By his exclusive method, which he has perfected during the twenty-five years of his most extensive practice, he is enabled to cure all of these different diseases, including painful, profuse or suppressed menstruation, prolapsus, all ovarian troubles, tumors and ulceration in fact, every form of those diseases which make a burden of life to the great majority of women.

He has so perfected this system of his that he can treat these cases by mail, without any personal examination (to which every sensitive woman naturally objects) and without any operation, with its consequent pain and necessary danger.

His system of treatment is taken in the privacy of the home; the cure is painless and it is positive.

ONE LOW FEE. Write him a letter stating briefly your condition and he will send you a blank to be filled out. He will give you his personal attention and care and make his fee so moderate (including all medicines necessary) that you will not feel the burden of the payment, and he will guarantee you a positive cure. DISCUSS CUBAN FRAUD

Resolution In Senate to Inquire Into Island's Finances.

BATHBONE HAD TOO MUCH POWER

Hale Says His Authority Was That of a Roman Pro-Consul—Bacon Speaks at Length on His Resolution for an Investigation.

WASHINGTON, May 17.—Discussion of affairs in Cuba by agents of the United States occupied the session during the greater part of yesterday. Bacon addressed the senate at length on his resolution directing the committee on relations with Cuba to make an investigation of the conduct of financial affairs of the island. He said it was due the people of this country to know just how affairs in the island were being conducted, and since the disclosures of the past few days had been made with respect to the alleged misappropriation of funds in the postal service the obligation upon congress to make an investigation was doubly heavy. He urged that the honor of the country depended on its being able to clear away the fraud and corruption which it was charged had been discovered. He insisted that the government of the United States had no authority in Cuba and demanded to know how soon it proposed to redeem its pledge and leave the island to its inhabitants. Bacon read the order under which Major Rathbone was acting as director of posts of Cuba, and said the power conferred on him by that order was so great that it had resulted in a disgraceful and mortifying condition of affairs. Interrupting Bacon Hale said that the order creating Major Rathbone's office was of a character of power such as was given to Roman pro-consuls. There is nothing like it in this government. It is a power unrestrained, unbridled. Hale did not approve of this fashion of teaching self-government to the Cubans.

Proceedings in the House.

WASHINGTON, May 17.—The house accomplished little yesterday besides passing the senate bill to incorporate the American National Red Cross. No progress was made with the Alaskan code bill, owing to the inability of the two sides to agree as to the time to be allowed for general debate. The conference report on the District of Columbia appropriation bill was returned after extended debate.

FOUR MEN IMPRISONED.

Postmaster Thompson at Havana Confesses to Irregularities.

HAVANA, May 17.—Warrants were issued last evening for the arrest of E. P. Thompson, the Havana postmaster, W. H. Reeves, deputy auditor of the island, and Edward Moya and Jorge Mascaro, Cuban clerks in the stamp department, and by 7 o'clock all were lodged in the Vavac, the Tombs of Havana. This was done under the advice of the postal inspectors, who arrived yesterday. It is considered now that Reeves is equally guilty with Neely. Investigation as to the record of the clerk in the department who handled several hundred dollars' worth of stamps proves that the transaction, so far as he is concerned, was legitimate. These stamps were purchased at the request of his brother, who is a stamp collector in the United States, for \$800. They were of the old issue and were obtained from Neely. The arrest of Thompson caused great surprise in the city. It is looked upon as the precursor of many other arrests.

General Wood felt as did the special inspectors, that it would be better to have the suspected persons arrested and to give the men opportunity to obtain bail than to keep them indefinitely under close supervision at a time when the detectives are badly needed for other work.

Postmaster E. P. Thompson has signed a sworn statement in which he says that September 10 last, being in need of money, he took from the money order funds \$435, giving his memorandum as a receipt for the same. He also admits that Charles F. Neely, late financial agent of posts at Havana, indorsed a bill for \$350 which Thompson had discounted by the North American Trust company. Thompson admits other irregularities in connection with his department.

Reports Anti-Trust Bill.

WASHINGTON, May 17.—Representative Overstreet submitted the majority report on the anti-trust bill, agreed to by the committee on judiciary. It follows the same general lines as the report favoring a constitutional amendment, except to show that the present legislation goes to the limit of the powers of congress, whereas, a constitutional amendment would give congress new and much needed powers to cope with the various forms of trusts. Until this enlarged constitutional power is given, the report states that congress can merely strengthen the Sherman act, not by attempting to repress, control or define trusts, but by declaring them illegal for the purpose of interstate and foreign commerce.

Associated Press Elects Directors.

CHICAGO, May 17.—At the annual meeting of the Associated Press yesterday over 100 members were present. The following directors, to fill vacancies, were elected: Charles H. Grasty, Baltimore News; E. P. Call, New York Evening Post; E. Rosewater, Omaha Bee; George H. Thompson, St. Paul Dispatch.

Bilibid Prison Officials in Trouble.

WASHINGTON, May 17.—It appears from mail advices from Manila that the prison officials at Bilibid prison at Manila are under investigation on a charge of exchanging and releasing prisoners and receiving bribes.

EVEN WITH POLICE NOW.

University of Nebraska Boys Wreck the Headquarters of Officers at Lincoln. LINCOLN, May 17.—The annual night shirt parade by the students of the University of Nebraska ended in a conflict with the police last night. After parading the down town streets in doshable costume the students assembled in front of the police headquarters and began throwing stones at the windows. This resulted in a general fight between probably 300 students and one or two policemen. Patrolman Harr received a broken leg and several of the students were severely bruised up. The bombardment was prompted by the arrest of a student Saturday night for shooting off a revolver after the competitive drill.

Printers' Hold an Election.

INDIANAPOLIS, May 17.—Members of International Typographical union in every state and territory, Canada, the West Indies and Hawaii yesterday voted for international officers. There were 25,000 votes cast. For president, the candidates were Samuel Donnelly, now president, and James M. Lynch of Syracuse, N. Y., now first vice president. The international canvassing board is here and all votes will be sent here to be counted. The board is counting the Indianapolis vote. Half has been counted and shows Lynch 147 to Donnelly's 17 and the vote for vice president about equally divided between Hawkes and Hays. The final result will not be known for four or five days.

Standard Oil Case.

LINCOLN, May 17.—The supreme court yesterday ordered that the briefs of attorneys for the Standard Oil company be stricken from the files for the reason "that they contain improper and offensive implications" toward the court. The court also sustained the demurrer of the attorney general to the petition of the Standard. This, in effect, upholds the constitutionality of the Nebraska anti-trust law, and advances the suit, which is one to disbar the company from the state, to the point where the court will take testimony to prove that the Standard Oil company is a trust.

Double Tragedy at Kansas City.

KANSAS CITY, May 17.—William Vouvie, a dairyman, killed himself last night after having fired three bullets into the head of his wife. The woman will probably die. The tragedy occurred in a sanitarium kept by Mrs. Vouvie at Eleventh street and Forest avenue. The Vouvies were married in Omaha three years ago, but have been estranged for some time past. The shooting followed the woman's refusal to agree to a reconciliation.

Mrs. Frost Will Be Released.

YORK, Neb., May 17.—The inquest in the Frost case came to an unexpected halt last evening. The chemist's report at this time shows a failure to find any traces of strychnine or arsenic, although traces of aconite and phosphorus have been found. A complete analysis may not be finished for ten days yet. The county attorney has decided that Mrs. Frost should not be held longer pending a final verdict and she will be released from custody tomorrow.

New Trial of the Bank.

LINCOLN, May 17.—The supreme court yesterday granted the attorney general's petition for mandamus commanding Judge Baker to set aside his decision and grant him a new trial in the case of the state against the Omaha National bank.

A Friend's Advice.

The woman who has proved the healing power of Dr. Pierce's Favorite Prescription, becomes at once its friend and advocate. Whenever she finds another woman suffering as she did, she tells the story of her cure by the use of "Favorite Prescription." Only this explains the widespread popularity of this great remedy for women. An advertisement such as this may induce some suffering woman to try the "Favorite Prescription." But if it did not cure her, that would be the end of the story. But the real advertising grows out of the fact that "Favorite Prescription" does cure ninety-eight women in every hundred who give it a fair and faithful trial. It regulates the periods, dries disagreeable drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

"I was so weak I did not have breath to walk across my room," writes Miss Isabel Miller, of New Providence, Calloway Co., Ky. "My periods occurred too often and the hemorrhage would be prolonged and the loss of blood very excessive. I also had spells which the doctor said were fainting fits. I did not gain strength from one monthly period to another; was very weak and nervous all the time. My feet were swollen and so sore I could not bear my weight upon them. The doctor told me I would never be any better. I lived in this way from sixteen years old to twenty-three, when the doctor gave up my case. About three weeks after this I was advised by a kind friend to try Dr. Pierce's Favorite Prescription, which I did and before I had taken two bottles of it I could work all day. I took in all six bottles of the 'Favorite Prescription' and about five vials of Dr. Pierce's Pellets. I have never had a return of this trouble since, and never can praise Dr. Pierce's medicines enough, for I know they saved my life."

Dr. Pierce's Pleasant Pellets keep the bowels in healthy condition. They are a lady's laxative.
