

TUESDAY TOPICS.

Fred Amens is on the sick list. G. W. Hill is reported as very much improved in health. J. W. Ransom has gone to Sioux City on a matter of business. Will Darlington, jr., returned yesterday from an extended stay in Red Oak, Iowa. The people of Valentine are discussing the advisability of holding a street fair this fall. Jacob Baum and Julius Altschuler drove down to Pierce this morning on business. Miss Hazel Scoggin is entertaining a number of little friends this afternoon at a birthday party. The walks in front of the Johnson dry goods store and Durland Sisters' millinery are being repaired. Miss Ruth Matrau leaves this evening for a two weeks' visit with her friend, Miss Clara Cruson, of Custer, S. D. The cottage belonging to Mrs. Budenz and occupied by C. J. Stockwell, on Madison avenue, is being reshingled. Howard and Glenn Deering, sons of Dr. and Mrs. W. H. Deering, arrived this noon from Beatrice to visit Fred Jenkins. Miss Ella Barrett accidentally fell from a chair this morning at her home in South Norfolk and cut quite a gash under her chin. Thomas Lowe, a laborer, was fatally injured near Randolph last Thursday while digging a well, by a bucket of sand falling on his head. He lived over two days after the accident. Ferona Nenow, who has been spending a short vacation visiting friends and relatives in Pierce, returned yesterday and assumed her duties in the Johnson dry goods store this morning. Corl Jenkins went to Omaha this morning to meet his grandmother, Mrs. Ashbaugh, who will visit here. She is 80 years of age and has come from her home in Nevada, Mo. A farewell reception to Mr. and Mrs. Bert Hodges was given at Railway hall, South Norfolk, last night. Refreshments were served and the evening was very pleasantly passed with dancing and other amusements. Members of the M. E. Sunday school are picknicking this afternoon at Taft's grove. They were conveyed to that place this morning in hay racks, wagonettes and other vehicles and a large number are attending. Ira R. Higby and family were the guests of Mr. and Mrs. George Spear, of the Oxnard, over Sunday. Mr. Higby is manager of the Hotel DeJone of Omaha and is one of the pioneer and successful hotel men of Nebraska. Sixty-one farmers in the vicinity of Osmond have signed an agreement to prosecute to the full extent of the law anyone caught breaking the state law in regard to hunting. Stubble duck hunters will use discretion if they give Osmond a wide berth. Five of Norfolk's musicians went to Madison yesterday to rehearse with the band boys from other parts of the county. It is their ambition to get for Madison county the first regimental band of the N. N. G. The county unquestionably has the musicians and all will hope that their efforts may be successful. Some of the city officials say that the young men who have been practicing hypnotism must stop at once or the law will take a hand and make examples of some of them. Their names have been carefully protected up to this time but if necessary will be presented to the public in a proper manner. The practice must stop and at once. Frank Davenport is having a brick walk put in at his residence on North Eighth street. Dr. John Koenigstein is also having a brick walk built in front of his residence. Permanent walks are a feature of the season's improvement and at the present rate it will not be long until board walks will be entirely superseded by brick, cement or similar material. Fremont Herald: Mr. and Mrs. Geo. Cadman are enjoying a visit from a nephew of Mrs. Cadman who bears the name of his cousin, the president. Mr. McKinley, who has been here about a week, expects to return to his home in Illinois today or tomorrow. The senior McKinley is a postmaster in the Sucker state. The William now here is a young man just of age. During the past few days a horridly sickening smell, to which the sheep yards is rare perfume in comparison, has permeated the atmosphere of Norfolk. Just what it is no one seems to know, but some believe that it is a burning refuse heap. If this is the cause, a multitude of outraged olfactory nerves demand that it be immediately squelched. The writer has not seen, heard, felt or smelled anything to equal it since he last changed his socks. At a special meeting of Council No. 16, Loyal Mystic Legion of America, held at their lodge rooms in the G. A. R. hall last evening, the initiatory ceremonies were conferred upon a coterie of new members and several others were elected thereto, Supreme Deputy Harris being in attendance. L. M. Gaylord was elected worthy secretary, vice H. M. Vaughn, resigned. After the council closed the members and a number of

visitors were served with ice cream and cake by the ladies, and a good social time was enjoyed. W. H. Wigton came in last night from Omaha. He states that the approaching season at the Norfolk auditorium will be of extraordinary interest and the list of attractions will contain a large number of the best on the road. Walker Whiteside, Otis Skinner, Frank Keenan and other famous entertainers have promised to revisit Norfolk and will appear in new roles. The famous Innes band, so popular at the Greater America exposition, will be here on November 27th, and other equally good attractions have been booked or have a date under consideration. Omaha Trade Exhibit: In the July issue of Finance attention is called to the wonderful development during the last few years of railroads in Nebraska. The article places the total mileage in the state at the beginning of the present year at 5,611 miles and the net earnings are given as amounting to \$10,263,017. The total number of employes in 1899 was 14,793 an increase over 1896 of 2,638 and wages paid amounted to \$987,529. The Union Pacific freight earnings were \$1,770,389 greater in 1899 than in 1897 and the increase in the Burlington earnings for the same period was \$2,000,000. In conclusion the writer says that all this sounds very little as though Nebraska was a frontier state, and it may no longer be considered so, perhaps. Yet the opportunities for settlement, for investment, for development and production have scarcely begun to be utilized. THE STREET FAIR. Further Opinions Obtained from Norfolk Business Men. A number of other merchants and business men have been asked their opinion in regard to holding a street fair this fall and, as before, the majority seems to be highly in its favor. There appears to be a well defined sentiment that it is Norfolk's turn to entertain and the street fair method is meeting with much favor. The following are the opinions. David Baum—It would be a first rate thing if all would take an interest in it. W. H. Blakeman—It is a very good way to advertise, but rather expensive. G. A. Luikart—It would be a source of profit and a splendid advertisement for the city. Geo. B. Christoph—If all are willing to take hold and push it along I would like to see it undertaken. I. M. Macy—It would be a good thing for the town financially. We have had no celebration for several years. G. M. Thompson—A good thing if not too expensive. It would cost considerable to make a good display. C. D. Jenkins—Would benefit some lines of business very much and would result in a great deal of pleasure. N. A. Rainbolt—Never had experience with that line of entertainment and don't know the cost or the benefit of it. C. C. Gow—Would be a very good advertisement for the city. We would have to raise at least \$1,500 to make it a success and I doubt if that can be done. W. H. Bucholz—We have not had as many celebrations as a town of this size should. The business men should do something for the entertainment of their customers. Free of Charge. Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature, who will call at A. K. Leonard's, will be presented with a sample bottle of Boschee's German Syrup, free of charge. Only one bottle given to one person and none to children without order from parents. No throat or lung remedy ever had such a sale as Boschee's German Syrup in all parts of the civilized world. Twenty years ago millions of bottles were given away, and your druggist will tell you its success was marvelous. It is really the only throat and lung remedy generally endorsed by physicians. One 75 cent bottle will cure or prove its value. Sold by dealers in all civilized countries. August Flower. "It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at A. K. Leonard's. Sold by dealers in all civilized countries. The complete service of "The Chicago-Portland Special" via Union Pacific, enables passengers to reach the principal cities between the north and Pacific coast and Missouri river not only in the shortest possible space of time, but also in the most comfortable and enjoyable manner. The dining cars on this train are stocked with the best the market affords. All meals served a la carte. WANTED—Honest man or woman to travel for large house; salary \$65 monthly and expenses, with increase; position permanent; enclose self-addressed stamped envelope. MANAGER, 308 Caxton bldg., Chicago.

Bridge will leave tonight for a business trip to the Black Hills. Mrs. Duffy of Greenwood, S. D., is visiting with Mrs. F. G. Coryell. M. B. Singer and Otto Hellerman were visitors yesterday in Stanton. C. W. Braasch was a guest at the Merchants hotel, Omaha, yesterday. Master Graham Humphrey accompanied Miss Ruth Matrau to Custer, S. D. Mr. and Mrs. E. B. Kenyon returned last night from a visit with friends in Iowa. Mrs. G. W. Schott and Miss Gertrude Miller of Stanton were city visitors yesterday. Jas. Medley of Missouri Valley, Iowa, formerly of this city, was a visitor in Norfolk yesterday. A number of people with an eye to business are preparing to conduct stands on the streets tomorrow. J. M. Spates, father of Mrs. F. A. Beeler, arrived in the city yesterday from San Francisco for a visit. Jas. Kennedy, formerly with the American Express company here, is down from Chadron visiting his mother. John Walters is preparing to make a considerable improvement on his residence property on South Ninth street. Mrs. W. V. Allen, Mrs. T. F. Memminger and Mrs. Mott came over from Madison last evening to visit Mrs. C. D. Jenkins. Mrs. Walton and daughter, who have been visiting at the home of W. H. Bridge, departed this noon for their home in Lincoln. Mrs. M. R. Morris is expected from Omaha this evening. She visited over Sunday with a cousin who is connected with the Sells-Forepaugh show. Mr. and Mrs. Frank Powers of Omaha and Miss Ella Price of St. Joe, Mo., are expected here tomorrow to visit Mr. Powers' parents, Judge and Mrs. I. Powers. Mr. and Mrs. George Wilson welcomed a nine-pound girl at their home this morning, while Mr. and Mrs. C. H. Cornell received a daughter of the same weight this afternoon. A number of Volunteers of America from Sioux City are holding some open air meetings in Norfolk these evenings which are proving very successful, especially in the matter of collections. The merry-go-round steamed up last evening and took a number of customers through an exhilarating whirl. Its real harvest is not expected to occur until tomorrow when everybody will be on pleasure bent. It is learned that the circus grounds have been changed from Edwards pasture to the Olney grounds on south Second street, the man who is here today having made the change for reasons unknown to the writer. Geo. Stalcoep is engaged in moving the old Home hotel from its old location in the rear of Baum's dry goods store to a lot in the neighborhood of the Heights, where it will be converted into a dwelling house. It is the property of C. W. LeMont. The loose rubbish has been removed from Norfolk avenue in the business part of town, improving its appearance very much. The man with the scythe is also doing the right thing by the weeds and circus day will dawn with Norfolk's streets, alleys and vacant lots in better condition than they have been for some time past. A novel advertisement in the window of B. W. Fisher's hardware store is attracting considerable attention. It is a diminutive figure of a young man with a bad case of rubberneck. He appears to be presiding over the display of silverware before him. Another attractive window display is the aquarium with its minnows and fish in the Trocadero. The town has been lively today preparing for the advent of the circus and the anticipated crowd. Delivery wagons have been hurrying back and forth. The cars have been removed from the sidings at the union depot and many preliminaries have been looked after. Mayor Robertson has prepared for an extra police force who will be co-operated with in preserving order by the detectives and policemen accompanying the show. He has also ordered the officers to keep all teams off the streets during the parade and is taking every precaution possible against accidents and lawlessness. The coming of Ringling's circus is not an unimportant event to Norfolk or any other city. Lieutenant John B. Barnes, jr., passed a most creditable examination recently before the military board, the results of which have just been made public by Adjutant General Barry. He stood second in the general average of markings with a per cent of 85.45. Arthur P. Ginn, surgeon of the Second with a rank of captain, stood first with a perfect marking of 100. Edward J. Straight, major in the Second, had a marking of 74.5-7. Of the standing the State Journal says: "Major E. J. Straight of the Second regiment, the only officer of his rank among those examined attained an average percentage of 74.5-7, which was not surpassed by

any except Surgeon Ginn of the Second regiment, who was not required to take military examination, and First Lieutenant John B. Barnes of company L, Second regiment, who had less subjects than the major. Each officer took an examination prepared for officers of his rank, and the major was supposed to have the hardest of any. Major Straight was marked 92 per cent in drill regulations, by far the highest secured by any other officer who was examined on that subject." Daniel S. Fraser, second lieutenant of company F, First regiment, of Madison, did not appear for examination and, on recommendation of the board, was honorably discharged from service. DESCEND ON BUCKET SHOPS. Chicago Police Commence a War of Extinction Against Them. CHICAGO, Aug. 1.—Nearly 400 persons, many of whom had never been inside of a police station before, were captured in a wholesale raid on alleged bucket shops located in the downtown district and carted off to the police stations. A dozen firms, prominently connected with the board of trade, were visited by the police during the raid, which was so perfectly planned that hardly a person in all the rooms raided succeeded in escaping. A panic ensued in Wirsching's rooms when the police appeared and several persons were trampled on in the mad rush to escape. Chief of Police Kipley said raids would continue until every bucket shop in Chicago was driven out of existence. The places closed by the police included the following: John Dickinson & Co., E. A. Wirsching & Co., Chicago Commission company, N. M. Nusly, Hotelkins & Co., Brown & Co., Wallace & Co. and F. C. Nobe & Co. In nearly every instance the telephone and ticker wires were cut and the service rendered useless. The books and paraphernalia were also taken possession of by the police. Bryan and Towne Confer. LINCOLN, Aug. 1.—The withdrawal of Charles A. Towne from the Populist ticket as a presidential candidate is still an undetermined question. Mr. Towne spent nearly all of yesterday in Lincoln and most of the time was with W. J. Bryan. Populist leaders here who talked with Mr. Towne, say he is of the opinion that he should retire. He will advocate the election of Bryan and Stevenson. Mr. Towne is on his way home to Duluth, and after he reaches there it is believed he will announce himself. Mr. Bryan yesterday made a short address to the Democratic state committee, counseling and predicting harmony among the fusion forces of Nebraska. Yancy Again in Custody. HAMILTON, O., Aug. 1.—During the carnival of the Elks here last week, when Governor Nash and staff and many visitors were present, there were several suspects arrested. Yesterday Detective R. L. Corbett, who was looking for an express robber in the group, identified Charles Yancy. It is stated that while on parole from the Nebraska penitentiary last August, Yancy shot a conductor on the Chicago and Great Northern railway and was convicted at the November term of court in Story county, Iowa. On November 5, while being taken to the penitentiary, he escaped from the sheriff, for whom he is now held here. Nelson Defeats Michael. BOSTON, Aug. 1.—Johnnie Nelson, the Chicago wonder, defeated Jimmie Michael, the Welsh midjet, by a bare 15 yards at the tape in the 20-mile motor paced race for the championship, at Charles River park last night. The finish was spectacular enough to satisfy everybody and it seemed surprising that not an existing record fell. The time was 33:03 3/5, but Michael continues to hold the record for the distance of 31:41 1/5. Seeking Pardon for Davis. LINCOLN, Aug. 1.—Governor Poynter has been petitioned by about 50 citizens to pardon George Washington Davis, now serving a life sentence in the penitentiary for wrecking a Rock Island passenger train near Lincoln several years ago. On the first trial of Davis the jury disagreed and failed to return a verdict and it is claimed that he was unjustly convicted. LESS THAN ONE THOUSAND. Second Report Considerably Modifies Lord Roberts' Victory. LONDON, Aug. 1.—A dispatch received at the war office from Lord Roberts materially modifies yesterday's statement of the surrender of 5,000 rebels under General Prinsloo. It now appears that Generals Prinsloo, Villiers and Crowther surrendered with 986 men, 1,432 horses, 955 rifles and a Krupp nine-pounder. Some of the leaders in more distant parts of the hills hesitate to come in on the plea that they are independent of General Prinsloo. Lord Roberts adds that he has directed General Hunter to resume hostilities forthwith and to listen to no excuses. The Lourenzo Marques correspondent of the Daily Express says: "The Boers are preparing to retreat from Waterval-boven. Frank Pettigrew, son of United States Senator Pettigrew, has arrived there and has joined Commandant General Botha's staff. Used Uncle Sam's Cash. CEDAR RAPIDS, Aug. 1.—J. S. Millard, the deposed Marion postmaster, was arraigned yesterday charged with appropriating government funds to his own use and was held to await the action of the grand jury, in the sum of \$1,000. Prominent Iowa Contractor Killed. BOONE, Ia., Aug. 1.—Halvor Lund, a prominent Swedish contractor, was thrown from his wheel by a runaway team and died in a few hours.

FATAL ECONOMY.

VERY old maxim declares that it isn't economy to pick up pins; the time is worth more than the pins. Similarly it is not true economy to do without Ivory Soap; your health requires the daily removal of the bodily excretions which are discharged through the pores of the skin. These tiny mouths must be kept open, and they should be opened only with a pure soap. IVORY SOAP—99% PER CENT PURE.

FAVOR A STREET FAIR

Some Interviews With Norfolk Business Men.

MAJORITY SEEN WOULD SUPPORT IT

Some Believe It is Time for Norfolk to Wake Up. If the Move is Made It Must Beat Once A Few Who are Not Favorably Impressed.

It is the opinion of a good many residents of Norfolk that the city should undertake something, as a city, for the entertainment of the people of the territory of which it is the metropolis. Not for years has anything been undertaken to attract trade or friendly relations with those upon whom the merchants depend for a portion of their patronage. The street fair proposition has been discussed at some length and many look upon some such entertainment with high favor. Many places whose resources cannot be compared to those of Norfolk are preparing for a fair this fall and will undoubtedly succeed in drawing crowds from their surrounding territory and interesting them in visiting the city.

If Norfolk undertakes anything of the kind preliminary steps should be commenced at once, as there is much to do and the golden fall with its entertainments and enjoyments is rapidly approaching.

At Omaha the Knights of Ak-Sar-Ben and at Fremont the Knights of St. Eobragus are doing much to advertise their towns and provide fall festivals. To be up to date THE NEWS suggests that Norfolk hustlers might organize into the "Knights of Klo Fron" and do something in keeping with the name that would be surprisingly delightful.

Knowing that a fall festival had been discussed more or less, the reporter for this paper while on his rounds this morning, interviewed a number of representative citizens and, although no effort was made to see all, it seems that a large majority are in favor of the project.

The following are the opinions of those seen:

E. B. Ovelman—It is something of a chestnut.

Geo. Davenport—It would be a very good thing.

J. B. Maynard—It's a good thing. Push it along.

C. P. Micheal—I would like to see one very much. It would be a good thing for the city.

Robt. Utter—Am very much in favor of it. It would be both entertaining and money making.

F. A. Beeler—It would be a good thing for the town and would certainly draw a big crowd.

Captain A. N. Gerecke—A good money making thing for the city. A business proposition.

Asa K. Leonard—Very favorably impressed with the idea and consider it would be an excellent thing for the city.

Al Degner—It would be a fine thing for Norfolk but as Ringling's circus is coming that may answer the amusement purpose.

P. A. Shurtz—It would be a very nice thing. The people should get together and do something to indicate that Norfolk is on earth.

Frank Davenport—We ought to get a crowd here some time. This town ought to be advertised a little. If we could have a good one it would be a fine thing.

W. H. Johnson—It is a good thing, but requires lots of money. It will take at least from one to two thousand dollars to make a worthy showing. Past

FAST TIME AT HEDRICK. First Day of Race Meet Opens With Good Program and Attendance.

HEDRICK, Ia., Aug. 1.—The 1900 meeting on the Hedrick mile track opened with a large first day attendance and with splendid contests over a fast track. Four heats went to the half in 1:04, 1:05 and 1:06 and five heats were even in better than 2:12. Contralto was strongly played to win the 2:27 trot, in which the entry list, 57, developed eight starters, and she was never headed. Plum Lane was a winner over Garnetta in the 2:49 pacing, although the latter sold in the auctions at 6 to 5. Country Girl and Lou Vaughn were sold even against the field in the 2:18 pacing, but Oak Grove, a beautiful stallion by Aggrove, won after a hard fight.

Plans of Prohibitionists. DES MOINES, Aug. 1.—Rev. O. D. Ellett of Lincolnville, chairman of the state central prohibition committee, was in Des Moines yesterday. Mr. Ellett said: "We are to hold a grand rally of Prohibitionists in Des Moines Aug. 30. It will be at the Auditorium and most of the national committeemen will be on hand. Another new thing in the way of campaign work is that we are to have two special trains going over the state with our head officers and candidates."

Sensational Divorce Petition. FORT DODGE, Ia., Aug. 1.—A petition in a sensational divorce case has been filed by Mrs. Mary Faiferick, asking for a divorce from her husband, Matt Faiferick. The petition charges her husband with adultery with her own 12-year-old sister, who has been making her home with them. The people are well known Webster county farmers.

Violation of Game Laws. NORTH PLATTE, Neb., Aug. 1.—Sheriff Kellier is keeping a sharp lookout for persons suspected of shooting prairie chickens and other birds out of season. There has been a good deal of hunting going on in this part of the state, but so far no one has been caught with any game in his possession.

Collision Injures Five. CUMBERLAND, Md., Aug. 1.—During a heavy fog yesterday the Baltimore and Ohio, Duquesne limited, from Pittsburgh, collided with a local freight at Mount Savage, three miles west of here. Five persons were injured.

DES MOINES, Aug. 1.—Governor Shaw says he will not appoint a United States senator before Aug. 16, 30 days after the death of the late Senator Gear.
