Mr. Bryan proposes to protect the Philippines from outside interference, but guarantees no suppression of inside revolts and if the savages of those islands desire to murder the balance of the people they will probably have his approbation. There is more catarrh in this seciton of the country than all other diseases put together and until the last few years was supposed to be incurable.

For a great many years doctors pronounced it a local disease, and pre-scribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken interspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it falls to cure. Send for circulars and testimonials.
