Call for Senatorial Convention.
The republican electors of the Eleventh senatorial district are requested to send delegates to a convention to be held at Norfolk, Nebraska, on Wednesday, September 13th, at 1 o'clock p. m.

Republican County Convention.
The republican electors of Madison county, Nebraska, are requested to send delegates from the several voting precincts to meet in convention at Battle Creek, Nebraska, on the eighth day of September, 1900, at one o'clock, p. m.

All is not entirely love between the democrats of Tammany hall, New York City. Croker and Hill have had tomahawks concealed in their blankets for some time and showed the instruments of war during the recent democratic primaries.

The two democratic committees of Douglas county could not agree out of meeting and they have now issued calls for a joint county convention. A merry time may be expected and if there is not some hair-pulling on the side it will not be because conditions for it are not over-ripe.

This year democracy is to make a supreme effort to show it is alive, and the republican who thinks his party can win hands down, is counting without his host. The fusionists are desperate and will work with a zeal hard to be conceived of by a person who looks upon everything as smooth sailing and easy to win.

A Soldier's View of the "Antis."
A letter from Lieutenant L. A. Dornington of Chadrone, has just been made public, which gives personal knowledge of what induces the Filipinos to hold out against the authority of the United States.

There is not an anti-imperialist living who is more sincere in his feelings and regards to the people of the Philippine Islands or will go further to protect their interests and welfare any more than I will. And I believe beyond doubt they will come out all right, were the burden of government upon them today they would completely down, and were we and our friends and those who believe in American supremacy, together, would be butchered.

nation at home would be bettered, our army would be happy in knowing that their patriotism and devotion were appreciated at home.
There is one saying that rings in my ears, whether in the mountains or in the swamps, along the battle line or away from it, "Our country, may she be always right, but right or wrong, our country."

Deafness Cannot be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed, forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

MRS. INSKEEP writes from Chicago that she has selected some choice effects in

STREET HATS.
They Came in Today, Monday, Aug. 27th.

WE want to say a word about prices. Many customers tell us that they can buy better hats than we show them. This is a mistake. We get the best the market affords. If our price is lower, it is because we sell them cheaper. We have always done that way. That is why we sell so many. Today we receive our fifth shipment of Outing and Street Hats already this season.
