It is very clear that Nebraska will show a remarkable change toward republicanism this year, and the fusionists are quite likely to be disappointed. Mr. Bryan is bound to save part of Nebraska even if the balance of the country does go for McKinley. Anyway he is devoting a large portion of his time to this state. He evidently wants a soft spot on which to light in a United States senatorship from Nebraska. The Missouri republicans are showing the democrats of that state and the ring that has been in control of state affairs there a warm time and it will not be surprising if the old state rolls into the republican column this fall and the "solid south" will be broken. The census has disclosed the fact that there are now more than 528,000 manufacturing establishments in the country while in 1890 there were 322,638. All this increase has been made in spite of those terrible octopuses of which the fusionists so frequently remind us. The following substantial farmers and business men of Osmond who voted for Bryan in 1896 announce their attention of supporting McKinley this year: Nis Nessen, A. M. Blockner, J. H. Jefferson, J. P. Sullivan, William Lubbers, K. P. Nelson, J. H. Nelson, J. F. Gregory and Robert Ross. Three traveling men, one of whom was a democrat took a poll of people on the Burlington train out of Lincoln and bound for Wynore Tuesday morning. The result was: McKinley 38; Bryan 4; Woolley 4; and 2 doubtful. The democrat said the poll was a fair one but wasn't enthused over it very much, for some reason. At Sioux City Gilbert M. Hitchcock made the assertion that Nebraska would give Bryan a larger majority this year than in 1896. Mr. Hitchcock might cram that statement down the throats of the people of Iowa who do not understand the situation but it wouldn't go down with anyone who has viewed the political field in this state. Mr. Bryan says this country now has 100,000 idle soldiers—rather a questionable compliment to the boys in blue who have been drilling, marching and fighting for their country whenever called upon. Mr. Bryan would probably have them fighting every day in the week were he in command and make them earn their magnificent salaries of seven dollars a month. Mr. Bryan hastened to participate in McKinley militarism when he accepted the colonelcy of the Third Nebraska, letting the governor of Nebraska set aside the already organized heavy artillery regiment after he had promised them his hearty support toward getting it in the field. When he came home from Cuba with empty honors his antagonism to militarism was probably formed. The Colonel and the Farmer. Colonel—My downtrodden friend, are you aware that the empire is ruining you? Farmer—Well, colonel, I told Maria I'd go to town and buy her a set of empire furniture for the bed room today, but I reckon 'twon't quite ruin me. Colonel—But your liberty is in danger. Farmer—Not's long as I behave my-

self, and I always calculate to do that. Colonel—But, my friend, the trusts, with the money trust at their head, are begging you. Farmer—Well, they'll be a long time doing it. I'm in the money trust myself now. Colonel—But surely you are afraid of the ravages of the octopus? Farmer—I don't care a rap for no octopus as long as the pesky grasshoppers keep out of the way. Colonel—But there's the mortgage. Farmer—Yes, lent money on one yesterday. Colonel—But surely you do not approve of the retention of the Philippines? Farmer—Colonel, when I get hold of a good thing, I keep hold of it. When I get money enough to buy more land, I buy it. Colonel—But my dear sir, would you put the man-made dollar above the God-made man? Farmer—No, but I'd put the man-made dollar in the man-made bank. And I must get there before the bank shuts up. So you'll have to excuse me, colonel. Colonel—But my misguided friend, think of the declaration— Farmer—How did you know that Bill Gibbings made one with my second daughter, Eliza Ann, last night? Yes, and I've got to go and price pianos and things this afternoon. Goodbye. (Exit singing): Oh, I like to see a five and I love to see a ten. So, ho, here we go for McKinley in again.—New York Sun.

FIGHTING NEAR MANILA.

Insurgents Attack American Outposts, but Are Dispersed With Loss of Fifty. Other Outpost Brushed. Manila, Sept. 27.—On Monday night violent insurgent attacks were made on the United States outposts in the district near Zapote bridge, Las Pinas, Paranaque, Bacoor and Imus, 12 miles south of Manila, the scene of the fighting last October. It is estimated that the rebels numbered 400 and they were armed with rifles. The inhabitants took refuge in the churches. The Americans have since energetically dispersed the enemy, killing and wounding 50. A party of scouts belonging to the Twenty-fifth infantry landed on the island of Samar, the inhabitants and insurgents fleeing to the mountains. They met with but slight resistance and burned a town. Last night there was outpost fighting at Paette, Pagasau and Santa Cruz, in Laguna province. It is reported that an American scouting party discovered a party of the enemy in the province of Nueva Ecija, two skirmishes ensuing, in which 12 of the natives were killed. Similar brushes have taken place near Indang and Siland, in Cavite province, and near Iba and Subig, in Zambales province, the Americans having two killed and three wounded. Advances from the island of Leyte say General Mollen's ranks have been scattered and been demoralized by Major Henry T. Allen of the Forty-third infantry, who has vigorously pursued the insurgents in the mountains, capturing money, rifles and stores.

CROCKER'S IOWA BRIGADE.

Tenth Annual Reunion Begins at Keokuk With a Large Attendance. Keokuk, Ia., Sept. 27.—The 10th annual reunion of Crocker's Iowa brigade, consisting of the Eleventh, Thirtieth, Fifteenth and Sixteenth regiments, began here yesterday with a larger attendance than usual. At the business meeting in the afternoon, a proposition to return to the state of South Carolina the flag which Colonel J. C. Kennedy, now of the National home at Milwaukee, captured on the capitol at Columbia, was finally unanimously voted down and the flag will remain in the rooms of the Iowa Historical society at Iowa City. In the evening a campfire was held, at which many speeches were made. Each regiment held its own reunion and elected officers. Russia's Policy of Extermination. London, Sept. 27.—The Times prints correspondence from New Chwang, declaring the Russians have killed indiscriminately between 1,500 and 2,000 Boxers and Chinese civilians, men, women and children, both inside and outside of the walls. The correspondent adds that from all points come reports of the violation of women and that the Russians are carrying out a policy of the destruction of property and the extermination of the people in Kai Chau. Nearly all the villages have been burned and the inhabitants killed. For some days, the correspondent declares, the soldiery and Cossacks have been allowed to do what they like. Windstorm at Sharpsburg. Lenox, Ia., Sept. 27.—A tornado struck Sharpsburg, in this county, about 8 o'clock last night and wrecked the creamery, two churches, depot, Odd Fellows' hall and several dwellings. One man was seriously hurt. Prominent Ranchman Killed. Harrison, Neb., Sept. 27.—Joseph Albright, a prominent Sioux county ranchman, was accidentally killed yesterday at his ranch on Running Water while moving a house. Death of Iowa Pioneer. Fort Dodge, Ia., Sept. 27.—C. Dimler, one of the early pioneers of Fort Dodge, died yesterday of stomach trouble. He had been sick for over a year.

MINING AT A STANDSTILL.

Several Additional Collieries In Anthracite Region Closed.

TROOPS HAVE NOTHING TO DO

Strikers Refrain From Violence or Treachery—No Indication of Surrender or Concession on Either Side—Markle's Men Decide to Accept Arbitration. Philadelphia, Sept. 27.—This is the 11th day of the miners' strike and as yet there is no indication of surrender or concession on either side. In fact, no overtures looking to a settlement of the differences have been made by either the strike leaders or the mine operators. Various propositions of a settlement by arbitration have been put forward by persons not directly connected with the mining business, but thus far practically no progress has been made in this direction. A most noteworthy feature of the strike is the remarkably good behavior of the strikers up to this time, especially when it is considered that upwards of 100,000 mine workers are idle in the anthracite region. There have, of course, been a few disturbances, but none of a character at all serious, with the exception of the one at Shenandoah on Friday last, when a striker was killed during a clash between a number of strikers and a sheriff's posse. Affairs are quiet throughout the region. A shooting affray occurred near Scranton, in which three men were wounded, but the participants, who were Italians, were all strikers and the affray had no direct connection with the strike. At a meeting of some 150 or more employees of Markle & Co., the proprietors of a colliery operated independent of the coal carrying railroads, it was decided to accept the firm's offer to arbitrate their differences. The Cambridge mine at Shenandoah closed down yesterday and the Schuylkill region is now pretty well tied up, there being but a few miners at work. In addition to 14 of the 39 collieries operated by the Philadelphia and Reading company. Some few mines are working in the Lehigh region, but in the Wyoming and Lackawanna regions, mining is almost at a standstill. The state troops still remain in Schuylkill county, rendezvoused in and around Shenandoah, but as yet their services have not been called upon for the suppression of disorder.

LIGHTNING KILLS FOUR. Bolt Hits a Kiln, Burying Five Men Under Tons of Brick. Edwardsville, Ills., Sept. 27.—Lightning struck a kiln at the Glen Carbon brick yards, near here, yesterday, demolishing the kiln and burying five men under tons of brick. The killed: Isaac Carlock, Charles Mather, Elmer Chamley and Thomas Hartbeck. Joseph Burkhardt was taken out alive, but is badly injured. County Treasurer Robbed. Merced, Cal., Sept. 27.—County Treasurer Bam-bauer was held up late last night while on his way home and forced at the point of a pistol to go to his office and open the vault, containing the county funds. After securing \$1,500 or more and some papers the thieves forced Bam-bauer into the vault and sprung the combination. The imprisoned man was discovered this morning in an almost unconscious condition. Negro Lynched by His Own Race. South Pittsburg, Tenn., Sept. 27.—Two negroes passed through here yesterday with a negro, bound, whom they said they were going to hang for an assault committed on a woman by him. Officers soon pursued and found portions of the negro's clothing in the woods, two miles from town, on the bank of a creek. It is supposed the negro was lynched and thrown into the creek. Ferguson's Storm Losses. Perry, Ia., Sept. 27.—Two persons were killed and ten injured by the tornado at Ferguson Tuesday night. The storm tore up trees, carried box cars from the track, demolished buildings and everything in its path. The hotel, a two-story affair, was wholly obliterated and John Lovelady, the proprietor, slightly injured, and his two boys, aged 4 and 6 years, killed. Adams Express Agent Robbed. Keokuk, Ia., Sept. 27.—The depot agent of the Adams Express at this place was robbed yesterday of a \$1,000 package consigned by a local bank to Salem, Ia. The package was supposed to have been put in the safe, but was missing when the depot agent checked out early in the morning. The case seems to be similar to the recent big Burlington robbery. Kansas City Firemen Return. New York, Sept. 27.—Among the passengers on board the steamer Furnessia, which arrived here from Glasgow, was George C. Hale, chief of the Kansas City fire department, and 13 of his men. This is part of the representation which exhibited at the Paris exposition and won all the contests in which they entered. Roberts Reviews Canadians. Pretoria, Sept. 27.—Field Marshal Lord Roberts, in the presence of Lady Roberts and his daughter, reviewed the Canadians on the eve of their departure. It was a brilliant scene, the men, who are in excellent health, making a splendid appearance.

WAR ON UNION LABOR.

Typhothetae Is In for Fight and Decides to Spend \$50,000. Kansas City, Sept. 27.—The campaign of the United Typhothetae against the union label will be prosecuted more vigorously than ever after its present convention in Kansas City. In many cities ordinances have been passed providing that the union label be placed on all city printing. In St. Louis and Atlanta, the committee stated, the ordinances have been repealed as a result of the fight on them. At the night session the emergency committee brought in a report in favor of raising a fund of \$50,000 to fight union labor. Savage-McCullough Wedding. Clinton, Ia., Sept. 27.—At the residence of the bride's parents, Mr. and Mrs. A. McCullough, last night, Colonel E. P. Savage, Republican candidate for lieutenant governor of Nebraska, and Miss Julia McCullough were united in marriage by Rev. E. E. Mathies of the Presbyterian church in the presence of relatives and intimate friends. Injuries Result in Death. Waterloo, Ia., Sept. 27.—L. K. Rinker received injuries in escaping from the Gram restaurant, destroyed by fire, which resulted in his death yesterday. \$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address F. J.
