NEGOTIATING FOR PEACE.

Chinese Minister at London Says Conference Has Begun.

CANTON IN GREAT DANGER.

Capture of Hui Chou by Reformer Sun Yat Sen's Rebels Hopes III for the City. Russians Take Mukden After Stubborn Resistance.

London, Oct. 18.—The Chinese minister here, Sir Chi Lo Feng Lu, asserts that peace negotiations have actually begun at Peking between the Chinese plenipotentiaries and the representatives of the powers in the foreign office buildings, which he adds have been given over to the Chinese for that purpose.

Hong Kong, Oct. 17.—Advices from Canton say it is reported there that Sun Yat Sen, the reformer, captured Hui Chou last Monday. The Cantonese assert that if Hui Chou, which resisted the insurgents in the Tai Ping rebellion, falls thus, the rebels will be able to take Canton within a week.

Admiral Ho, with the bulk of his forces, left San Chou this morning in pursuit of the rebels, leaving 250 troops to protect San Chou and sending 200 to garrison the mandarin station at Nao Tau, the western arm of Deep Bay.

CAPTURE OF MUKDEN.

Details are Received of the Manchurian Campaign of the Russians.

St. Petersburg, Oct. 18.—Detailed reports to the war office of the occupation of Mukden, Manchuria, show that the Russians met with strong opposition at Schacho, where the Chinese, with 30 battalions, 20 field guns and Krupps and Maxims, occupied the railway embankment and heights.

The fighting continued from 9 o'clock in the morning until 4 in the afternoon. The Chinese cavalry enveloped the Russian right flank and endeavored to take it in the rear. They were repulsed, but returned repeatedly to the attack. Finally, after artillery preparations, the whole Russian column was thrown against the Chinese, who, by evening, were in full retreat. This result was only reached when General Fleischer's column, which had been resting from the fatigue of a long march, was called into action.

Next day the Chinese made a less stubborn stand in a strong position on the mountain chain in front of Liao Jan. The position was captured at noon, but the Russians were unable to pursue the Chinese, on account of the extreme fatigue and the difficult nature of the country.

Another Russian column met with strong resistance and only arrived at Liao Jan at 5 in the afternoon.

The Russians in the course of the two days' operations lost 50 killed and wounded. They captured several guns.

Lexington, Va., Oct. 18.—Hon. William L. Wilson, president of the Washington and Lee university, and ex-postmaster general, died suddenly yesterday from congestion of the lungs. He had been failing ever since his return from Arizona. His son, Dr. Arthur Wilson of Lynchburg, visited him Sunday and left Monday. Then came the sudden change. Mr. Wilson was confined to the house from Tuesday a week ago, but was thought to be improved when his son left him. He was conscious until the last. By his bedside his wife, his daughters, Misses and Bettie Wilson, and one son, Wm. H. Wilson.

Three are known to be hiding here now and have been holding secret services. They sent him away on a train, but he said he would return every day, as he had been ordered to do so.

Des Moines Welcomes Parvin.

Des Moines, Oct. 18.—The principal feature of yesterday's convention of the grand chapter of Royal Arch Masons was the welcoming honor accorded to Theodore Parvin of Cedar Rapids. Parvin is the pastor of Iowa Masonry and a convocation of any of the chapters of the order without his attendance and co-operation would mark that meeting as a failure. He is now 85 years of age and all his long life has been a member of the Masonic order.

END OF THE COAL STRIKE.

Operators In Conference Accept Scranton Proposition.

VICTORY FOR THE MINERS.

Individual Operators and Coal Carrying Roads Agree to Abolish Sliding Scale and to Grant Ten Per Cent Advance in Wages, Effective Until April 1.

Philadelphia, Oct. 18.—The great strike of the anthracite mine workers of Pennsylvania, which began Sept. 17, practically ended yesterday, when the Philadelphia and Reading Iron and Coal company and the Lehigh Valley Coal company agreed to abolish the sliding scale in their respective regions and to grant an advance in wages of 10 per cent net, the advance to remain in operation until April 1, 1901, or thereafter. The decision was arrived at after a conference between representatives of the individual coal operators and the large coal carrying roads. The conference began Tuesday. Yesterday's action was the culmination of the recent meeting of the individual operators at Scranton, following the mine workers' convention in the same city. Nearly all the collieries in the coal region had previously posted notices granting an advance of 10 per cent. The mine workers, considering this, demanded that the sliding scale in the Lehigh and Schuylkill regions be abolished, the increase be guaranteed until April 1, and other differences submitted to arbitration. The individual operators agreed to everything. It is conceded that the result of the conference is a complete victory for the men. All the demands of their convention are conceded too, and as one of the individual operators put it, the operators go a little further in maintaining the advance after April 1. This same operator said:

"It is all up to the miners. We have agreed to everything, nothing remains but for them to return to work as soon as the notices are posted by the managers. These notices will conform to the Reading's notice. I look for a resumption of operations by Monday at the latest. The conference was entirely harmonious and every phase of the strike situation was gone over."

Just how soon the order notifying the men that the strike is over will be issued, can only be conjectured. It is believed here that no order to return will be issued until a notice similar to that of the Reading and Lehigh companies is posted at all the mines.

Miners Celebrate Victory.

Shenandoah, Pa., Oct. 18.—The one topic of conversation here since an Associated Press dispatch announced the result of the conference at Philadelphia, is the great victory of the miners. The advance of 10 per cent means an increased disbursement of \$20,000 monthly in Shenandoah. Last night about 150 breaker boys, with miner's lamps on their heads and carrying banners bearing inscriptions, paraded the streets, shouting and cheering for President Mitchell.

Dolphin Succeeds Powell.

FORGE AN IMPERIAL EDICT.

Belief That Order for Punishment of Princes Was False.

Peking, Oct. 15.—It is regarded as certain that the alleged imperial edict ordering the punishment of high officials was forged and was concocted with the object of preventing the advance of the allies on Pao Ting Fu. Both Prince Chung and Li Hung Chang deny its authenticity.

Count von Waldsee is expected to arrive here Oct. 17.

Small marauding bands have become troublesome in the vicinity of the summer palace, and a punitive expedition is being organized to proceed against them.

JOHN SHERMAN ILL.

Condition of the Venerable Statesman Takes a Turn for the Worse and is Scarcely the End.

Washington, Oct. 18.—Former cabinet officer and senator John Sherman is dangerously ill at his residence on K street in this city. The attack has taken the form of a general collapse, in part due to the general debility incident to old age and to the effect of the serious illness which he suffered while on a trip to the West Indies two years ago. He never had fully recovered from that illness. Mrs. Sherman's death during the summer at the old homestead at Mansfield, O., where the family was staying during the summer also had its effect on the venerable statesman, who deeply mourned her loss. For the past week he has been gradually growing worse and relatives in various parts of the country were notified of the change. There is said to be no immediate danger, and it is possible he may rally if no further unfavorable symptoms occur. The ex-secretary is in his 78th year and has been a hard worker all his life.

Ames Gets Paris Prize.

Ames, Ia., Oct. 18.—The agricultural department of the Iowa state college at Ames has been notified by the United States department of agriculture that the butter sent by the college creamery was awarded a gold medal at the Paris exposition. This is a great honor, as only six medals were awarded and this department was open to exhibitors from all parts of the world.

Woman in the Case.

Siseton, S. D., Oct. 18.—Charles Lamars, a farmer, at one time a saloon keeper at Wauhay, shot and probably fatally wounded George Canfield, a farmer, near Siseton. Lamars was arrested. A sister of the wounded man is at the bottom of the trouble. The only witness, Charles Canfield, refuses to give any facts. Lamars claims self-defense.

The screams of the girls brought help. The negroes fled to this city, where they were captured and are now in the county jail. There is talk of lynching.

TAKING TIME

To do things right is time well spent. You can't buy a foot of lumber, or building material of any kind, right, till you take the time to see our stock and get our prices. Why? Simply because you can't tell, until you do do that, whether you're not paying more and getting poorer lumber than you would get here. And that's not right buying. Run in and see us.

ROYAL

Baking Powder

Absolutely Pure

Makes hot breakfast-breads wholesome—no yeast germs, no alum. Makes cake, biscuit and pastry of superior fineness, flavor and delicacy. Makes food that will keep moist and sweet. Is most economical, because it is the purest and greatest in leavening strength. In the easy, expeditious preparation of the finer cakes and pastries, Royal is indispensable.

Care must be taken to avoid baking powders made from alum. Such powders are sold cheap, because they cost but a few cents per pound. Not only will they spoil the cake, but alum is a corrosive acid, which taken in food means injury to health.
