Why Glasses are Worn.

For a long time glasses were used only to assist in reading or near work, but with increased knowledge of the eye, we are able to adjust glasses to improve the sight, thereby curing chronic headaches, neuralgia and many nervous afflictions caused by eyestrain.

The thousands who wear properly adjusted glasses are the living testimonies to the truth of it. Examination free.

Banner-Bruce. In the presence of about twenty guests, assembled at the home of the bride's parents, Mr. and Mrs. R. F Bruce, north of the hospital for the insane, Wm. Banner and Miss Nellie Bruce were united in marriage last evening by Rev. J. J. Parker, pastor of

the First Congregational church.

Mrs. Cornell, sister of the groom, played a wedding march and at 8 o'clock the party assembled in the parlor, where the ceremony took place. The parlor and dining room had been nicely decorated with cut roses, carnations and smilax. After the ceremony the guests partook of a dainty supper which had been spread in the dining room. The evening was enjoyably spent in social enjoyments and an exchange of congratulations. The couple were the recipients of several fine presents.

The bride and groom have, until recently, been employed at the hospital of the insane, and their guests were largely from that institution. Mr. Banner has made this his home for about three years and his bride has lived here since quite an early day. Both are highly respected by their acquaintances.

They will at once begin housekeeping in a cottage on South Fourth street, which has been newly furnished.

Victor Lee appeared and entertained another large and enthusiastic audience last night. There were several new and startling tricks introduced, chief among which was the bullet catching trick. During the action of this trick a committee of gentlemen from the audience load a marked bullet in a Winchester rifle and fire at Victor Lee, and strange to say, the wizard catches the bullet and after the committee carefully examines the bullet they pronounce it the same they loaded in the gun. The aerial suspension was reproduced and necessary papers and writ. each and every picture was applauded to the echo.
