EXPLOSION AT INDIAN HEAD

Powder Magazine at Proving Grounds Probably Destroyed.

MANY LIVES POSSIBLY LOST

Tremendous Concussions Shake Buildings Twenty Miles From the Scene, After Which Flames of a Great Fire Were Seen—Several Distinct Shocks Felt.

Washington, Oct. 25.—An explosion occurred at the Indian Head proving grounds last night. A flash of light visible some distance accompanied the explosion, which was followed by a fire. The explosion shook the windows of houses in Alexandria, 19 miles from Indian Head. There is no direct communication with the proving grounds by which details can be had. The grounds are 25 miles down the Potomac river from Washington, and many of the big guns and much of the armor is tested there. It is believed the powder magazine was destroyed.

The first shock was felt over a radius of 20 miles. A number of other explosions followed at recurrent intervals, illuminating the surrounding country. At Quantico, ten miles below Indian Head, one explosion after another was heard, and bricks were shaken from chimneys. Forts Hult and Washington, 11 miles north of Indian Head, were shaken by the explosion.

The tug Triton left the navy yard soon after the explosion for the proving grounds. There are several officers and a number of enlisted men and workmen at the place.

The Chinese general commanding at Hui Chow is afraid to leave the city for fear of being cut off.

Powers Acting Independently.

Victoria, Oct. 25.—The steamer Kinslin Maru arrived yesterday with advices that late engagements, resulting in the occupation of Pei Tang and Lutal forts and other actions, have been made independently and show that the alliance of nations has been dissolved. This petition was dismissed and the supreme court affirms.

Denver, Oct. 25.—The Trans-Missouri freight bureau concluded a two-days' session in this city. Cape Town, Oct. 25.—Guerrilla attacks by the Boers are still giving great trouble. General French encountered continuous opposition in his march from Carolina to Bethel, his casualties numbering 30.

After the arrival of Lord Methuen at Zerst there was a reconnaissance in force northward, which resulted on Sunday in the discovery of large numbers of Boers, who were only dislodged after artillery and rifle fire lasting four hours. The British had four killed and ten wounded. The Boers take shelter in farm houses, which are crowded with women and children. Lord Roberts is distributing a fresh circular, to the effect that Boers voluntarily surrendering who have never taken the oath of neutrality will not be exiled, but will be permitted to return to their farms at the conclusion of hostilities.

Fairbanks of Illinois, endorsing the action of the board of managers, providing for an increased appropriation for missionary work, was adopted. There was a general sentiment in favor of renewed activity in missionary work.

The general topic for discussion was "Missions, the Vocation of the Church."

At noon there was a special prayer service, after which Bishop Holly of Hayti made a statement concerning his work. He was followed by Bishop William McGee, who spoke of his work in Cuba.

At the afternoon session the topic was "Parochial Organization for Mission Work."

Secretary Root delivered an exhaustive address, covering all the questions involved in the campaign. He was frequently interrupted by applause. At one point in his speech he renewed the charge that the hope of and a desire to aid in Mr. Bryan's election inspired a continuance of the fight in the Philippines.
