Richardson funeral will be made. Halloween ushered in the hardest

freeze of the season, the thermometer indicating a minimum of 25 degrees. A jolly crowd of boys and girls were guests of Miss Grace Spear last evening, celebrating Halloween in proper style. A crowd of men and boys welcomed Mr. and Mrs. August Schulz last night to their new home in Edgewater with a charivari. Mr. and Mrs. Geo. H. Spear will entertain a few friends at the Oxnard this evening in honor of Mrs. Joseph Shoemaker. The Ladies guild of Trinity church will meet with Mrs. Troutman on South Fourth street tomorrow afternoon at 3 o'clock. A good attendance is particularly urged. The mother of Mrs. H. C. Dingman died on Tuesday evening at her home in Iowa, word to that effect having been received yesterday. Mrs. Dingman is still in Iowa. Hon. M. F. Harrington of O'Neill is to address the people of Norfolk on the political issues from a fusion standpoint at the Auditorium this evening. Mr. Harrington is a good talker and will undoubtedly interest all who attend. E. E. Coleman of Bloomfield has purchased the W. W. Marple house on South Fourteenth street and will move his family to Norfolk. G. T. Sprecher, who now occupies the property, will move his family to the Ed Marple house. Yesterday Mrs. Gus Marquardt celebrated her birthday and last evening the members of the military band orchestra with their wives and best girls gave Mr. and Mrs. Marquardt a genuine surprise. A royal good time was enjoyed by all present and the festivities were continued until a late hour. The bell on the Methodist church was rung last night about 1 o'clock. Officer Kane was on Main street and when he heard the sound hurried down to the church, but couldn't get in. He finally crawled through a window, but just in time to see the fellow getting out of another window. He gave chase west on Philip avenue, but the disturber disappeared in the brush on the vacant Baptist lot on Fifth street. Last evening was enjoyably spent at the asylum by the choir of the Second Congregational church. For the second time of late the choir visited the asylum to sing to the patients. Mr. Chapman took his new graphophone and added exceedingly to the pleasure of the evening by giving eighteen items on it. The delight of the patients was great and the gratitude of all was cordially expressed by the superintendent and officers. A supplement giving some facts concerning the Nebraska Normal college at Wayne is issued with THE NEWS today. The Wayne college, under the management of President J. M. Pile, has grown until it now ranks among the foremost educational institutions of the state. Those who contemplate taking a normal course can find much to interest them in the supplement, and they can profitably keep it until they have time to read it thoroughly and carefully. Not quite as much disturbance as usual was made last night by the Halloween rev-ers. The windows of most of the stores were liberally marked up with soap, some sidewalks were torn up and many articles were removed from their proper places and secreted, while the ticktack and jack-o'-lantern were used with effect in some instances, but either the vigilance of the police or precautionary measures on the part of property owners prevented the usual demonstration. Arrangements have been made to receive election returns at the Auditorium Tuesday night. A wire will be run into the building and as the reports come in they will be thrown upon a screen by a powerful stereopticon. During the intermission bulletins a series of miscellaneous views will be given, thus making the evening one of continuous interest. The arrangement has been made by the republican committee, and to cover the expense a charge of 20 cents down stairs and 10 cents for gallery will be made. New Short Order Restaurant. Vail now has an experienced cook and will be able to serve meals at all hours and oysters in any style. The Iles property at Norfolk avenue and Thirteenth street for rent. Apply to L. J. Speck. We make loans on real estate at lowest rates. Elkhorn Building and Savings association, T. E. OBIORNS Sec. AL is Grateful. I wish to thank my friends who assisted me in winning out in the J. D. Sturgeon Sewing Machine contest, and their efforts in my behalf shall always be remembered with gratitude. I have the machine and they have my good will. AL. JOHNSON. Innes Band. Innes comes here with his band in November. Many interesting stories can be told about this now famous band master. When he was a lad in England he used to follow the gorgeously uniformed cavalry band known as that of Her Majesty's First Life Guards, and it seemed to his young mind that the soldier with the trombone was the head and front of the monarchy and

the sole producer of the welded mass of sounds given out by fifty brass instruments. He induced his father to buy him a trombone and he was laughed at for his first attempts to play popular airs and passionate bits on an instrument that was made only for percussory effect. But, the boy, in his persistent ignorance of that fact, blew on and at 17 he was the first trombonist in the band of Her Majesty's First Life Guards and already known as the greatest trombonist in Europe. Two years after Pat Gilmore brought him to America he was known as the most marvelous trombonist of the age, rivalling on his unwieldy instrument the best cornetists of the world and giving the trombone a sweetness of tone of which it was never thought possessed. Innes has applied his creative talent to his band and has made such innovations that he is credited with having ushered in a new era of band music. The band is accompanied by Miss Frances Boyden, a soprano of high repute who comes from a recent European success, together with five other vocalists of national reputation, who will be heard in scenes from grand opera. SET FIRE TO BUILDINGS.

Take Additional Precaution to Cut the Rope to the Fire Bell to Prevent an Alarm Being Sounded—Postoffice, Opera House and Two Stores Consumed.

Shelby, Neb., Nov. 1.—Burglars blew the postoffice safe and set fire to the opera house block, which was built in 1893, costing \$13,000. It is a mass of smoking ruins. When discovered the postoffice, in the front part of Knerr's hardware store, was in a blaze. The brick wall fell on W. E. Kinney's implement building and crushed it. Losses: Frank Brigham, \$11,000, on general store, insurance \$7,500; Ida M. Yerty, drug stock, \$1,600; E. E. Knerr, hardware and jewelry, \$2,800, insurance \$1,200; G. E. Brigham, store room, \$2,500, insurance \$1,000; Dr. Inks' store room and office, \$3,000, insurance \$1,200; Dr. Woodward, office fixtures, \$400; J. C. Rahe, publisher of the Sun, \$1,500. The top part, containing the opera house and offices, costing \$5,000, had no insurance.

Before commencing operations the robbers cut the rope to the fire bell. Three stores were broken open and tills tapped, also \$200 in stamps were stolen or burned. Mail sacks and all mail and postoffice equipments were burned. Stolen letters and registered packages had been opened and found a block away. Armed men on horses are scouring the country in all directions. The bloodhounds have been sent for.

Everyone should drink Mellowrich coffee. It is without an equal.

The trip to Salt Lake City or the Pacific coast via Salt Lake City by way of the Rio Grande Western Railway in connection with the Denver & Rio Grande or Colorado Midland roads is the grandest in America. No European trip of equal length can compare with it in grandeur of scenery or wealth of novel interest. Then Salt Lake City itself is a most quaint and picturesque place and well worth the journey to see. Its Mormon temple, tabernacle, tithing office and church institutions; its hot and warm sulphur springs within the city limits; its delightfully temperate sunny climate and its Great Salt Lake—deader and denser than the Dead Sea in Palestine—are but a few features of Salt Lake City's countless attractions. There are parks, drives, canyons and beautiful outlying mountain and lake resorts. Imagine, if you can, a bath in salt water, a mile above sea level and in water in which the human body cannot sink. Inquire of your nearest ticket agent for low tourist rates to Salt Lake City or write for information and copy of "Salt Lake City—the City of the Saints" to Geo. W. Heintz, General Passenger Agent, Salt Lake City.

The Denver & Rio Grande railroad, with its numerous branches penetrating the Rockies, has two distinct and separate lines across the mountains. Tickets reading via the "Scenic Line" Denver and Grand Junction, in connection with the Rio Grande Western railway between Grand Junction and Ogden, are available over the Denver & Rio Grande either via its main line through Leadville and Glenwood Springs or via the line over Marshall Pass and through the Black Canon. Tourists to and from Salt Lake City, Ogden or San Francisco will find it to their advantage to have their tickets read in both directions via "The Scenic Line of the World," thus being able to use one of the above routes going and the other returning.
