

TO THE VOTERS OF BUTLER CO.

A Few Facts for your Candid Consideration.

READ AND VOTE INTELLIGENTLY.

1. "Many farmers" means U. P. R. R.
2. Why do they *squeal* if not hurt?
3. Why send Newman, Engelhard and Reynolds out to fight bonds which will be illegal when voted?
4. Butler county has 2304 quarter sections—2304 in \$53000 is \$23 to the 160 acres—and *due in 20 years*.
5. \$8000 precinct bonds adds \$47, or \$70 per 160 acres *due in 20 years*, (Perkey's circular says "\$306.6"—whew-!-!)
6. MORE! This \$23 due in 20 years the U. P. R. R. pays you in *one* year -next year-every year-in bridge tolls, reduced freight, &c.—Don't you *see* why they oppose the bonds?
7. Newman says "damning don't hurt"—getting a competing R. R. *does though—and that's why they kick!*
8. How can precinct bonds be *saddled on the county?*
9. What were road master Bennetts 35 R. R. spikers doing at the Rising railroad meeting? Fighting A. & N. bonds which can't be issued because they are "excessive?" Foo thin.
10. The "farmers" and the A. & N. propose to *poal* against the U. P. railroad—that's what hurts Reynolds "coal contract."
11. Don't let your *enemy* tell you how to vote.

CARRY THE NEWS TO JAY GOULD!

Returns from Seward county show that the A. and N. bonds have carried a that county by 4 to 1!
