For about 75 miles this road runs down the fertile and prosperous Nemaha valley-a land of fruits and vines and flowers and abounds in substantial wealth. Regular passenger trains are run over the entire length of the line. The road bed is splendidly ballasted and the time made is the best in the State. A noticeable feature to us, was the numerous corn cribs at the stations and the cars loaded with corn on their way to market gave evidence that the Company ships corn at such low rates as to make it a paying crop to the farmers along the

How a Clergyman Settled a Chinese Question.

The Rev. Mr. Gober, a Methodist clergyman at Grass Valley, Nev. has settled the Chinese question in his parish. He took with him to Grass Valley from Sacramento Mongolian man-of-all-work. The members of the flock liked the shepherd, but hated the shepherd's dog, and it was not long before the board of stewards demanded the expulsion of the Chinaman. The clergyman assured them that John had lived with him a long time, was a tolerable Christian and an exceedingly good fellow, and there was no reason why he should be discharged. The stewards subsequently informed the parson that they would not pay his salary if he refused to dismiss the servant. The reply was, "Come to church next Sunday evening." The church was crowded on the evening in question, and the sermon was awaited with breathless interest. The reference to the Chinese question was brief but pointed. "The stewards have told me that unless I discharge the Chinaman in my employ they will no longer be responsible for my salary. My wife has learned to like John be cause he is a good Christian, thinks so much of us, and does his work so pastor of this church until the conference sees fit otherwise to direct

The lown Pool.

There is considerable speculation as to the complexion of the new Directory of the Chicago & Northwestern railroad, which is elected in the first part of June. There is no doubt but that Vanderbilt will have four out of the six new Directors to be elected, and he probably will have all six. Whether Vanderbilt himself will go into the Board is not yet sure, but even if he does not he will be able to control the property. It is quite certain that Mr. Albert Keep will be re-elected President, and that all the present officers who have given much satisfaction during past vears will continue in their respective positions. Mr. Keep has been dentified with the Vanderbilt roads more or less for many years, and is now a Director in the Lake Shore & Michigan Southern. The only effect that the substitution of Vanderbilt Directors for Gould Directors will have on the affairs of the road will be a closer alliance with the Vanderbilt system of railroads East from this city, which cannot prove otherwise than beneficial to the Company.

The annual meeting of the Chicago Rock Island & Pacific Railroad akes place one day previous to that of the Chicago & Northwestern, and ler Co. Press. there is a general belief that no particular change will be made either in the Directory or management of this oad. Mr. Gould is now in the Directory, and so are a few of his friends, but he has not sufficient strength to control the affairs of the road. There will probably be no particular effort made to dislodge Mr. Gould, as there seems to be a kind of understanding between him and Vanderbilt as regards the Rock Island & Northwestern, and they will, no doubt, work harmoniously, as Vanderbilt needs Gould to get his full share of the Pacific business from the Pacific roads. It is more than probable that the two railroad corporations will join hands and try to crowd the Chicago, Burlington & Quincy into corner .- Chicago Tribune.

What They Take Us For.

If there is anything the average American citizen heartily dislikes it is to be considered a fool. The officers of the Union Pacific railroad, when they send parties out over this county to run surveys, tell us in a language plain as words that they recognize this people as a parcel of stupids, whom they propose to deceive by an old trick that has been played in this county on occasions before. If there is any one thing that would make the people of Butler county reject the proffered north and south railroad, it would be a belief that the U. P. would control it. The amount of surveying which they have done in Seward, Butler and Platte counties, and the earnestness of its few friends, plainly demonstrates that it is afraid of competition, and that alone is the actuating motive. They have done very, very much to satisfy public opinion, and make us many votes. Now, the company is too sharp to waste much more time in this survey business, and if they are half as sharp as we give them credit for, we will stake our reputation that they will pretend to be friendly to the A. & N. before election .- But-

Revolving Book Case.

Something that lawyers, clergymen, physicians and scholars in all walks of life can appreciate and should have, is "Danner's Revolving Book Case." It is invaluable in a library and all public institutions for that it is compact, strong and durable. There are four sides to the case and it will hold more books than any other case ever made to occupy the same space. Books in this case are accessible to any one sitting at a table or before the fire without rising; a slight pressure of the hand will bring either side to view. By sending to the manufactory they can be had in any style, ash or black walnut. Some weeks after, one evening when he was up at Esopus, there arrived the gift of a handsome

It has Pensioned Blatherskites

One thing the U. P. has done to its lasting disgrace: It has pensioned a set of blatherskites with special rates, to abuse and insult the men who spent time and money to make their existence here a possibility. The same men whose brawn and brains placed the U. P. here, are now proposing to invest less money in a better bargain, and the only objection to it comes from a few pampered pets, who admit that they cannot do business here if another railroad comes in, at the instigation of a greedy monopoly, that can't stand competition .- Butler County
