BECKER'S MACHINE DEPOT!

Cor. 13th and Madison Streets,

The first successful machine with two driving wheels; the first and only machine to fold the finger bar across the frame, while driving on the road; the first machine with a perfect wrought-iron finger and steel-lined concave cutting surface. making a self-sharpening guard; the first two-wheeled machine with a successful reaping attachment; the only machine that combines a perfect Mower and a perfect Reaper in one.

THE BUCKEYE HARVESTER,

Made by the same Company is lacking in nothing heretofore considered essential to a first-class Harvester, and will be found superior to all its competitors, in quality of material and workmanship, easy of draft, convenience of handling, and saving of grain. The BUCKEYE HARVESTER also has a successful BINDING ATTACHMENT, which should be examined by parties who are ihinking of buying a self-binder for the coming harvest. For simplicity, durability and ease f management it is second to none in the market.
