

# VOTERS.

Have you seen the U. P. R. R. Document called "An Open Letter," and signed "Tax Payer?"

He is a U. P. tax payer.

He is your enemy.

He KNOWS that *you* pay \$215,879 to the U. P. in double freights *every* year.

He knows that the U. P. R. R. will have to pay that \$180 not YOU.

The U. P. won't pay for the printing of "open letters" to save YOU \$180.

Columbus can't make a dollar you don't first get.

Columbus don't pay any freights, YOU pay them.

"Tax payer" swindled you out of \$68,000 (U. P. taxes), and \$22,000 (B. & M. taxes) in 1871, '72, '73, and '74, enough to pay all your bonds for bridges, &c., and all other debts.

Every worker against A. & N. Bonds is owned by the U. P. Every one of them carries a U. P. pass.

Why do the U. P. R. R. write "open letters" and fight the A. & N. if they are not hurt?

Take U. P. R. R. employees and U. P. money out of this canvass—the bonds would be unanimous.

Why do THEY "kick?" Because YOU are hurt? No.

They know that they and not *you* have to build this competing line and support it after it is built.

That's why they kick.

Farmers don't ask your ENEMY how you shall vote.
