ED. JOURNAL :-- To-day, Aug. 21st the thermometer marks 100 in the shade. Business almost suspended. The people of Lincoln voted vesterday on bond proposition for the branch of the U. P. R. R. to run from Valparaiso to this place, the amount 30,000 dollars which failed to carry in first ward. The road will be built all the same, they say. I have it from good authority that the graders will be in Columbus this week on the L. & N. W. road. Track laying commences next week at this til Tuesday October 7th, 1879, at 16 place, and will be pushed to rapid completion. The grading is finished to Seward, and piling all drove so that the track will be laid rapidly. From Seward to Ulysses and David City the graders are at work in strong force. I am authorized to say that the cars will be running to Columbus on the L. & N. W. in December.
