-The City Council have estimated that \$200 may be needed by them for printing during the year. O course there is nothing that will compel them to spend the entire amount if less will do, and that a great deal less will do, the JOURNAL is very sure of, unless the amount of printing shall be wonderfully incressed by the present Council, which we apprehend will not be the case. The Council have asked for bids for doing such work as is required to be done in a newspaper. While they are upon this subject we desire to suggest that it would perhaps be well enough to make a revision of the laws now in force and publish them in pamphlet form for the benefit of members of the city government and others interested. This work need not cost -Some people are under the im- more than \$15 to \$40, according to pression that the presence of chinch | the amount of matter, and would ougs among us is due to trees and certainly be worth that, as a conold grass.
