Facts.

My anti friends are helping my practice "muchly," the past week. 1 have inserted nine full sets of teeth (and it was not much of a week for teeth either). I am not using any cheap material of any kind, nothing Becker & Welch at the Shell Creek but the very best that can be procured. My work is well known to be the very best that is done anywhere, and many of my friends are much annoyed by a few parties trying to send them somewhere else just out of spite, but they soon find it out, after they get nicely humbugged. The very best sets of teeth on celluloid or rubber base, only ten dollars. I wish every lady to understand that I endeavor to keep respectable and run a respectable office and I wish all disrespectful, hypocritical vipers to give me and my office a wide berth. Most respect-

fully. 23w2 J. S. McAllister.
