—If you want to be well dressed, and want to see your boys well dressed, buy your clothing at L. Kramer's New York Cheap Cash Store. 28

—It is a conceded fact that Kramer carries the largest and neatest stock of men's and boys' clothing, and his prices are always the lowest. 26-1f

—The improvements going forward on St. John's Catholic church in this city have been temporarily suspended on account of the cold weather.
—The Schuyler Dramatic Club has been invited to visit Columbus and give their play "Better than Gold." It is thought they will come about December 10th.

—Hundreds of country people in the city every day, bringing farm products of all kinds, and laying in their winter store of dry goods, boots and shoes, groceries, &c.
—The new Denver train gets into Omaha at 7 1/2 a. m., and leaves there, westward bound, at 7:35, making it very convenient for those who wish to run down to Omaha on business.

—The foreman of the Black Hills road is burning the grass along the line, for the protection of the road. It might be well for farmers to help a little occasionally, for their own good.
—Already people complain almost universally, of the scarcity of coal. Some "bloated monopoly" ought to spend the entire year in mining coal, to supply the increasing winter demand.

—Thos. Flynn, living a short distance north of the city, purchased the other day three thoroughbred Poland China hogs from Mr. Kingstons, who recently came from McLean county, Ill.
—Seward county elected a republican representative, treasurer, coroner, judge, and superintendent, and a democratic clerk, sheriff and commissioner. There was an anti-monopoly county ticket.

—Rev. W. T. Price started this morning for West Virginia with the remains of Mrs. Price, his late wife, who died near this city on the 8th day of last August, for interment at their old home cemetery.
—There will be a union Thanksgiving service at the Methodist church on Thursday, Nov. 24th, at 10:30 o'clock. The pastor of the Baptist church will deliver the address. All are cordially invited.

—The Congregational Church has secured the Fisk University Jubilee Singers to give an entertainment at the Opera House, Dec. 5th. One who knows them says they will give the people of Columbus a rare treat.
—Wilbur Lincoln of this city goes shortly to St. Paul, Howard county, to engage in the wind-mill and pump business. We commend him as a genial gentleman, an honest man and a good and faithful workman.

—An exchange says that the U. P. Co. will put in side tracks on every five miles of their road, to prevent long delays of trains waiting to pass. They evidently need more side-tracks, but every five miles seems to be rather numerous.
—We will be under obligations to some friend who will give us the post-office address of Saml. Davis, who is said to have gone from here to Rapid City, Dakota Territory, then to Central City, same territory, and not heard from thereafter. 1f

—Ernst, Newman & Co. have a very good assortment of heating stoves, and ask their friends to call and see them, and get prices. At the beginning of winter is the time to purchase a heating stove, that you may get the full enjoyment of it.
—From the last Schuyler Sun we learned that Heraldsky who recently killed his wife and her mother (an account of which we published at the time) plead guilty of manslaughter before Judge Post, and was sentenced to the penitentiary for life.

—Some lady of this city should take the agency for that popular and useful book, "Practical Housekeeping," issued by Buckeye Publishing Co., Minneapolis, Minn. Every housekeeper needs a copy. Address the publishers for terms. Communications large. 30-4

—Fourteen double-decked carloads of sheep belonging to the Henry's passed through the city Thursday on their way to Fremont. They purchased twenty-one thousand sheep in Oregon last year, and drove them to Ogallala. These are all wethers, and are intended for the butcher.
—Very Reverend Father Hillman of Chicago is holding a series of religious meetings at St. John's Catholic Church, in this city, preaching every evening at 7 o'clock. All are invited, of whatever nationality or creed. The church is filled every evening, and all day, too, for that matter, and everybody is pleased.

—The County Treasurer, J. W. Early, Esq., says that sales of land and lots for delinquent taxes, are lively at his office this year, a thing unusual for Platte county. Those holding mortgages, and others having the money to invest, are doing so. The wise will take a note of this fact.
—The Nebraska Woman Suffrage Association will hold a state convention at Norfolk Nov. 30th and Dec. 1. Prominent speakers will be present. The people of Columbus and vicinity are urged to attend. Persons attending the convention will be returned at reduced rates on the U. P. roads.

—The St. Paul Free Press has got into the "Illustrated" field, and come out in its last issue with two wood cuts, one representing an exceedingly sick and attenuated rooster, the other a broken ring. The artist that shaped that rooster has genius of a high order, and we should like to see more from him.
—David Anderson says the coaches on the new Denver train are the most neat and artistic on the inside finish, of any he ever rode in, and for modern improvements, convenience and comfort they eclipse anything he ever saw. He advises everybody to take a ride to Omaha in the morning, and return in the evening, on the Denver train.

—Thos. Flynn is preparing for the Creamery, by inclosing a large cellar with double, hollow, brick walls, along two sides of which he will place zinc-lined milk troughs. Water will be supplied from a drive-well pump in the cellar, and drainage made by a well-tube sunk down to the gravel. We believe he will find this arrangement satisfactory. He intends to milk seventy to eighty cows.
—James R. Bell, Esq., of Washington county, Penn., was in the city Monday, and spent what is a very pleasant hour, in which we could catch glimpses of life in the old Keystone state. Mr. Bell is of course very well pleased with the appearance of things in Nebraska, and seems especially so with the vim, snap and energy he finds in her inhabitants.

—There is nothing, of all the machinery that goes upon a farm, that is so valuable, in proportion to its cost, as the wind-mill, and among these the Challenge holds a very high rank. Mr. Henry Luers, agent here for these mills, sold last week to the following-named gentlemen of Stearns precinct, who will now let the wind do their pumping: Mulack, Hoefelmann, Froelich, Luck-singer, Krause. 1

—Mr. C. W. Kingstons, who recently purchased the Thos. Flynn farm north of town, arrived with his family from McLean Co., Ill., Tuesday evening of last week. He will engage in farming and stock raising, besides giving attention to the cultivation of fruit, and has brought with him a large variety of choice fruit trees. We extend to Mr. Kingstons a hearty welcome to his new home, and hope he may have the best of success.
—Weber & Knobel, who have for years been engaged here in the meat business, have sold their establishment to Wm. Scheidementel, near Humphrey, who goes into possession to-morrow. The old firm will continue in a branch of the business in which, in a limited way, they have been very successful, viz, packing beef and pork, of the former of which they have already quite a supply. This branch they will work to the extent of their means, at their premises in the southern part of the city.

—L. R. B. Arnold in his "Sun Picture Tour," stopped off in this city Wednesday and Thursday evenings, last week, and exhibited his pictures to the school children and other citizens, who desired to see them. He had a very respectable audience both evenings. The pictures of the ruins of Rome were grand. Those not in ruins in Scotland were splendid, and all others shown were excellent. The birth place, "Bonnie Doon," and the residence of Burns, were worth more than three admission fees.
—The new news depot and stationery establishment, one door north of the post-office is doing a lively business. Books, magazines, newspapers, stationery, confectionery, holiday goods, are some of the leading lines, and you are especially invited to call and see for yourself, both goods and prices. Mr. Slattery will count it a pleasure, whether you buy or not, knowing full well that when you shall get ready to buy a book, subscribe for a magazine, purchase an organ or a sewing machine, and the annual gifts for children and friends, you will remember the place, one door north of the post-office. 1

—Startling news reached this city Sunday that Guitau had been shot at and slightly wounded on Saturday, while returning from the court room to the jail. The man who did the shooting is described as a middle-sized man, well dressed, and mounted on a remarkably fine white horse. Immediately after the shots were fired, the horse was started on a dead run, and although the guard stood on the rear steps of the van with a pistol in hand trying to cover the man who did the shooting, he made his escape without difficulty. Being immediately pursued, the assailant, Wm. Jones, was arrested and brought in. It is claimed that Jones belongs to a family of "cranks."

—The following clipping, from the Ravens (O.) Republican-Democrat, explains itself: "Last Saturday John Meharg, Esq., received the following unique note, accompanied with a Jack-rabbit's ear, said ear exceeding five inches in length. Evidently our boys are having a good time. And so note it be.
—COLUMBUS, NEB., Oct. 31, 1881. FRANK MEHARG.—As the city of the Ohio Rabbit is to the State of the Nebraska Rabbit, so is the State of Ohio to the State of Nebraska. True. C. A. REED, W. M. GRINNELL. P. S. First shot by W. G."

—The Independent, of New York, which advertises itself as "the foremost religious newspaper of the United States," desires us to furnish advertising and the JOURNAL, to the amount of \$23.00 in exchange for one copy of the Independent for a year, \$3.00. Whatever may be the modesty of its claims as a religious paper, we could commend it for the amount of its "cheek," in quarters where that article is considered among the prime virtues. Whenever we shall be in urgent need of this peculiar kind of "religion," we shall not fail to remember the Independent as its best practical exponent.

—The improvement of Chas. Dietrich, as a painter of portraits, is somewhat phenomenal. About a year ago he began to dab colors on pasteboard, pine boards and odd pieces of muslin, and now his work would be difficult to excel in seven states. We have already made mention of his painting of the late Frank Becker, which looks just like Frank himself used to, and would be recognized, at once, by any of his old acquaintances as a singularly faithful portraiture of him. It seems that the artist in Omaha, with whom Chas. is at work, is of the opinion that his genius cannot be excelled in the United States. He is now at work on other portraits of citizens of Columbus that are said to evidence his rare genius, and will give him a front rank as a portrait painter.

—It was rumored here last week that the U. P. R. Co. were about to begin the erection of a large union brick depot, between the present station house and the Clother House, and fronting east, using the north end for the Albion and Norfolk trains, and the south for the U. P. trains. The plan would be commendable, and the hypothesis would be altogether sufficient to account for the construction of the new track along twelfth street, and supposed to be meant to pass the new round-house, and connect beyond with the Black Hills track. It may be in the minds of the officials to do this, and would certainly add to the good appearance of the city, but nobody seems to know of any foundation for the rumor.

—On Saturday evening last an accident occurred near town which might have been attended with more serious results. As Mr. Charles Reinke, accompanied by his wife and daughter Emma, were returning home from town, Mr. Reinke, to avoid the roughness of the road, turned to one side a little, and it being dark, and he being unconscious of the close proximity of the deep ditch south of R. W. Young's residence, the carriage capized, throwing them all to the ground. Mrs. Reinke received a severe cut on her cheek, the mark of which she will probably carry during life. Mr. Reinke was considerably bruised about the forehead; the daughter's wrist was injured and her head bruised by the horses dragging her some distance. The team, which was a fine span of young colts, ran as far as Ernst's wind-mill, where they were stopped and taken back to Columbus; the carriage was considerably broken up.

—Mr. T. Keating is preparing for a possible repetition of last winter, although it is his opinion that we are to have the hardest part of the season, on the start. Mr. Keating came here a little over two years ago, having little knowledge of western farming, but he has been an apt student, and has taken in the situation of things to right good purpose. He thought there was profit in the young stock, and so has been engaged in shipping it into the state. He says that himself and brother have brought into Nebraska and sold, seventy-two car loads of young stock. The only sale he ever regretted was one he made to a Columbus man, of some nice heifers. Not being used to the grasses drying up (as they sometimes do here) the heifers didn't do well at first, and the purchaser was discouraged, and sold out. The same stock to-day (increase included) would bring nearly three times their cost. Mr. K. now has about 270 head of young stock, besides a small flock of sheep, which he says he keeps to prevent herders from falling asleep. He thinks sheep pay well, but are troublesome to keep away from trouble. He intends fitting up for the dairy business, and wonders why any one should imagine it wouldn't pay. He intends furnishing milk and cream next season to the Columbus Creamery, and says he will devote his attention to the milk and butter business, after another year. Mr. K. is one of the chosen band of precinct officers, and we hope he will use the same judgment in fixing up that bad mud road north of town that he does in those cattle sheds he has built.

—The ladies of Nebraska are now beginning to prepare in earnest for the campaign of next year, when the woman-suffrage question will be voted upon. It is yet a good while ahead, but all interested would be pleased to see the discussion proceed. It is evident that there will be no organized opposition, and that the ladies themselves are expected to plead their cause to those whose votes will decide the question. This they have already shown themselves abundantly able to do. The contest will be interesting, if enough can be found to advocate the opposite opinion. Let every one who thinks he has a good argument against the adoption of the amendment present it, either in the press or on the rostrum, and challenge public discussion. The JOURNAL will welcome all comers, if respectful, pointed and brief.

—The Veterinary Department in your valuable paper is always read by me with great interest and I value the information received from it a hundred fold more than the small amount paid for the paper. One year ago you published a letter from Dr. John Bates, relating the wonderful success he had had in curing spavins and splints with Kendall's Spavin Cure, and his allusion to using it now in his practice for several human ailments on account of the success he has always had with it. The above statements from so prominent a Physician gave me great faith in its efficacy, and as I had been afflicted for years with rheumatism and hip-joint lameness so bad that I could hardly walk at times, I procured a bottle and as it has completely cured me I wish to proclaim it to all the world as the most wonderful discovery ever made for the benefit of afflicted men as well as for the poor horse, for which it was first used. As this remedy must be of incalculable value to the world, I write this letter to express my thankfulness to you for ever mentioning it in your columns and to ask another favor in behalf of my fellow men who are afflicted in body, that you continue to make known to the world, the great value of Kendall's Spavin Cure for both man and as well as best. Respectfully yours, 1 ARNOLD PARKER.

—That New Bridge Near Platte Center. MR. EDITOR:—Our Hon. Board of County Commissioners have passed an ordinance that a new bridge should be constructed near Platte Center; Scully's bridge (so called) being too narrow, and pretty well worn and decayed, the Board is perfectly right in ordering the construction of a new bridge. Upon inquiry, however, the writer of this was informed that said new bridge is intended to be located close to the R. R. track. As a reason for this it was intimated that by such location the road would be straightened and that the county would save the cost of land, as the R. R. Co. would donate the land for said road. Now, Mr. Editor, these reasons, weighty as they are, don't seem to be sufficiently so for locating a bridge so near a R. R. track. Your city horse, seeing the cars every day, as a general thing do not shy at them; but it is different with the greatest number of horses that have to travel the road and bridge under consideration, viz: farm horses. The farming community—the backbone and sinew of any and especially our commonwealth—deserve a little consideration. Accidents happen every day. Horses being frightened at trains, persons being injured and killed are surely no rare occurrences, and roads should be laid out and bridges should be built in not too close proximity to railroads to lessen the danger, if it cannot be entirely avoided. The writer of this is fully convinced that farmers, having to travel that road and to cross that bridge, would much rather go a little out of his way and pay a little additional tax for a few rods of land, than to have road and bridge close to the track. The present location near the mill is a very good one. A. H.

—Postville. MR. EDITOR: Everything at present denotes industry and prosperity; the farmers are all busy with the various occupations of the season, in spite of Jack Frost's effort to make it hard for them to do so. The sound of the carpenter's hammer is frequently heard, and the results of his labors are seen far and near. Mr. David Joseph, Sr., has erected a neat and very comfortable dwelling, the carpentering was done by the Messrs. Berlin of the Looking-glass, and Mr. John Eusden had charge of the brick work and plastering. Mr. Thomas Jones, whose stable was recently burned down, has replaced it with a lumber one, and has also erected a corn crib. Mr. Elliott has had charge of those buildings. Mr. David Thomas is building a substantial barn. Mr. D. H. Davis is adding to his improvements a number-one corn Mr. D. has a considerable corn this year, but before spring he will have done away with a great amount of it, as he has quite a number of animals and believes in feeding; he is also feeding seven head of steers. Columbus dealers may look out for some good fat steers after a while. Messrs. Hughes and Beynon have entered their new house, erected on the farm formerly owned by Marshall Smith of Columbus. We are happy to learn that Miss Maggie Rivet, who has been dangerously ill, is slowly recovering.

—Colfax County. [From the Schuyler Sun.] J. P. Strong has fifteen acres of timothy sown three years ago. He harvested the crop this year and estimates that when threshed it will yield one hundred bushels of seed, besides the straw will make good hay. The field also affords excellent Fall pasturage. Glad to note this success of tame grass in the country. A lawsuit was compromised on Monday in Justice McClung's court before coming to trial, between two parties from the Irish settlement. The farms of the man are adjoining and the hogs of one party got on the crops of the other when the latter's dog injured several hogs, and the suit was instituted to recover damages committed by the dog. The difficulty was compromised by both men paying costs and agreeing there and then to bear equally the expense of a partition fence on the line between their farms, so as to obviate further trouble in that direction. A Colfax county farmer recently mortgaged his farm for \$200 on three years' time, for the purpose of purchasing the material and constructing a barbed wire fence around 40 acres of the land. The material for a three foot fence will cost about forty cents per rod. The man has a small herd, and he calculates one steer each year will pay the interest on the money, while the saving of the expense of herding during the three years will pay the principal; besides, he expects to find the fencing more advantageous in several respects.

—Letter List. The following is a list of unclaimed letters remaining in the post-office, in Columbus, for the week ending Nov. 19, 1881: B—Eufemia Baumgartner (2), Mr. D. Barabart. C—Glover Corwin. F—Miss Lou Fulton, L. L. Frisk. G—Miss Maggie Gerrard. H—Eliu Loyd. L—Lewis Richardson. S—S. C. Terry. If not called for in 30 days, will be sent to the dead letter office, Washington, D. C. When called for please say "advertised," as these letters are kept separate. E. A. GERRARD, P. M., Columbus, Neb.

—Bury Me Near the Old Home. The latest song and chorus, by Will L. Thompson. Since the death of President Garfield the sentiment expressed in this beautiful song has become universal. The melody is very pretty, and already the piece has become a great favorite. We advise all lovers of popular music to send 35 cents to the publisher and receive a copy by return mail. Published by W. L. Thompson & Co., East Liverpool, Ohio. Notice to Stockholders of Columbus Driving Park and Fair Association. A meeting of stockholders will be held at City Hall on Wednesday evening Nov. 23d, 1881, for transaction of business of importance. Full attendance is requested. GUS G. BRECHER, Sec'y pro tem.
