-Our Little Ones and the Nur serv, is the title of the monthly which succeeds the Nursery. It is designed for the very little people and the little people, both, and is a worthy successor to the Nursery. Send \$1 50 to the Russell Publishing Co., Boston, Mass. for a year's subscription, or call at this office and subscribe for the JOURNAL and this

magazine for \$3 20. - While the terrible scourge, small-pox, is steadily extending its alarming swav throughout the country, it behooves the citizens of towns and cities located on main lines of travel to adopt at once precautionary measures to keep the dreaded disease away from their communities. Our city authorities should remember that Columbus is located on one of those lines of main travel from the east to the west, and is in danger every day of the disease unless kept away by precautionary measures.

-Mrs. Caroline Sharp, widow o the late John Sharp, of Cadiz, Ohio, and daughter of John Ward, dec'd, of the same place, died at New Athens, Ohio, on the 24th Inst., from the effects of poison administered by her own hand. Mrs. Sharp is well known ta many readers of the Jour-NAL, and the cause of her death will be a great surprise when they recall the character of the lady, but grief for the loss of her son, an exceptional young man, perhaps explains why she chose thus to leave

-The Grand Island Times speaks of several farmers along Prairie creek having lost cattle this season, since they have been turned out into the corn fields, supposed to be poisoned by eating smut, a fungus which grows on corn. It is always noticeable that where the cattle are given a feed of hay before being turned iuto the stalks, or have free access to water, the mortality is much lessened. Many of our farmers here who lost largely several years ago by the same cause, supposed it to be due to

a surfeit of dry stalks. -The following lodges of the I O. O. F. have elected their officers for the ensuing term, 1882: Wildey Lodge No. 44: C. A. Newman, N G., Chris. Meedle, V. G., Gus. G. Becher, R. S., Charles A. Speice, Treas., H. J. Hudson, John Huber and Charles Wake, Trustees .-- Columbus Encampment No. 9, E. J. Baker, C. P., Geo. W. Davis, S. W., M. Schram, Scribe, Chas. Wake, T., H. J. Hudson, H. P., John Huber, famous line of horses will do a good J. W .-- Columbia Rebeka Degree Lodge No. 11. Nancy Huber, N. G., Emma Wake, V. G., Mary E. Becher, Sec'y., Jane North, Treasurer.

-Among improved farms sold last week by S. C. Smith to settlers from eastern states are one to Lincoln Ozias of eastern Iowa, and A. D. Eschlemen of Ill.; of unimproved farms, to the same, and to Mr. Christison of Ill. Now is the time to buy lands in Nebraska. There is bound to be a steady increase in their value. We would say to our eastern readers who have large families and a small farm, "Consider the situation: You could sell your farm and with the proceeds get a much larger one of better soil in the West. put all needed improvements upon it and stock it with cattle, sheep and hoge, and make a much greater percentage on your investment."

-One of the wedding guests at the marriage, Dec. 22d, of Robt. E. Wiley to Miss Jennie M. Brown, sent us a communication too late for publication last week, from which we extract as follows: Among the presents were--library lamp, tea set, silver castor, worsted scarf, fruit dish, shell comb case, glass pitcher, butter knife, photograph album. Mr. Wiley has shown much energy in erecting so fine a residence, which is very commodious with its tasty ed bride to keep it nest, there is the prospect of a grand future. Mrs. Wiley has, for some time, been mended by the parents for the excellent school she has kept, and the progress made by the school.

Packing House Scraps. Glaude & Schaupp, the Clear Creek bringing \$376.65. On the following

The finest hogs this season were from a Mr. Eckley, who sold two pigs, eighteen months old, weighing 1250 lbs., for \$68.10. The same gentleman sold five more of the same age for \$85 30. It pays to keep good hogs.

Four cars of meat and one of lard were shipped last week.

If any one doubts the large busitell you one thing; don't you ever ness done by the Company, he has buy a cow that had a calf run with only to hear some farmer describe thing to receive hogs from Boone, Platte counties on the same day.

The Pinkeye.

the first sign of this disease (which is a bad cold accompanied by fever), fully developed, and while cows is noticeable in the hind parts of the animal, the legs and abdomen being swollen. At this stage the animal needs medicine which will keep the bowels open and ailay the fever, and for this purpose castor oil and niter are good. Later, if unchecked, the by sore throat, eyes watering, aching head, &c. From the first, the animal should be kept warm, not worked, wind. Many go through the disease without special treatment. The greatest danger is to mares in foal. The foal is almost invariably slipped, unless special treatment is given. The Dr. says that he knows of thirtyfive such cases in one neighborhood in this county. When mares in foal tor adds that animals which are fat and in good condition when attacked by this disease, seldom suffer much severely, if not die.

Nibiliam. Prof. J. Henry Boyle, under the auspices of the Royal Arcanum, will good, but in a different way. When lecture at the Opera House Wednesday evening, January 4th, 1882, upon the subject of Nihilism and the great empire of the Czar; Russia, what deny that a public library, and free was, what is, or may be, government, church, education. The Alliance is to meet at Middle Creston, Friday night, Jan. 6th.

The Creamery--Is it Profitable to Milk the Cows?

MR. EDITOR :- Facts are stubborn things. With your permission I wish to deal with a few facts. Stockraising has thus far been considered the most profitable part of farming in Nebraska, and so it is. When furnishing and, with the accomplish- there was no market for milk and a poor one for butter, everybody thought it is better to let the calves suck than to milk the cows. We all death, is one of those mysteries the teacher in the district where they thought we could raise better caives and save lots of labor. As to the raising of better calves, the writer stepping upon the stage of action, to begins to doubt that. As a rule the flow of milk from a fresh cow may every good word and work, and increase for a short time, then it will especially intellectual enjoyments, decrease, but the calf demands more, and being used to derive nourishof John Jenkinson, dec'd, Jan. 23d, sixteen hogs weighing 6975 lbs., and make it derive it from any other source. And then, when it is to be

day, fourteen more brought them | weaned (if it ever can be fully weaned, some sucking again after years of separation from the dam) the trouble begins. A calf that has nevsucker will loose flesh and stop lien.

P-John H. Paisley.

R-J. J. Riley. er sucked will grow right along,-a he asked C. D. Clother if he knew of a good cow for sale. The old gentleman replied: "No, and I will

will be spoiled. As the calves suck From Dr. Schotte we learn that every now and then, the glands and other secretive organs will never be

regularly milked will improve from year to year as good milkers,-nursing cows will degenerate, and give less and less milk. And as to the calves, experience has taught the writer that they will thrive just as well and may be made to thrive even better, if fed by hand. When a few weeks old they can complaint will be found lodged in drink skim milk, and if a little and two months. the throat and head, and noticeable ground oil-cake can be added they will grow just as fast and will soon

do well on a little oats and grass. Fnally, Mr. Editor, which is the most profitable to let a little steer and not exposed to draughts of calf suck a cow for six months or longer, then keep it (if you don't oose it) for two or three years, and then sell it for \$30 or perhaps \$25, or milk the cows for six or eight months and realize from \$25 to \$50 for cream, in that time? A Free Reading Room.

MR. EDITOR :-- Augustus Caerer made his boast that he found the city are attacked, a skillful veterinary of Rome brick, and left it marble. should at once be called. The Doc- But, even in the days of the first Emperor, Rome did not have a free reading room. Eighteen and a half centuries later, Columbus has no reading room. What was passed (excepting mares in foal), while the over, as a characteristic of the age of poor ones are pretty sure to suffer Augustus, is a standing disgrace, in the age of Arthur, the untried. We have a Creamery, a Pork Packing House, and a course of lectures.

All are good, each in its way. A reading room would be equally intelligent business men contemplate moving to our city, they will first inquire concerning its educational and social advantages; no one will reading room, are prominent among the attractions of a town. I know of a certain institution of learning, where there are from 40 to 50 stuare pursuing their studies. These boys give each a dollar from their leading religious and secular periodicals of ten states, with the London Times, are regularly laid on the shelves. A tax of one dollar each reading room and public library, and one-fourth of that amount would keep it in operation. There can be sassination of Emperor Alexander (the students), had no other motive

is, with this, another motive,--the eclat it would give to the city. It ought not to require—, I presume it or eloquence, to rouse the people of them. this city to the importance of this subject. Western people are usually quick to discuss the advantage of such an enterprise. I conceive that two things are essential to the success of the undertaking: we must know that it is possible, and how it is possible. That it is within the &c., try him. reach of our people to have a free reading room, the example above referred to, as well as the experience of other towns, will prove. As to the manner of accomplishing it there are several ways. I have a plan, of course, but prefer to let others speak. I have no doubt that the columns of the Journal are open to any one who wishes to discuss this subject. Business is now brisk, and there could not be a more favorable time to draw it to a

Of course the columns of the Jour-NAL are open, now and always. We repeat, what we have said before, that it is a shame and a disgrace for so large a city as Columbus to be without a public library, a circulating library, a public reading room, or some such institution. We are Mr. and Mrs. Clark had a turkey behind the civilization of our age in this respect; but when the institu-The protracted meeting at the tion is organized, it should be in the right way, and mean business in every respect, as to the size of the room, its furniture, the number and character of the books and periodicals, &c. As for the individual Mr. Knight and Mr. Eddy killed there is nothing will help to stay the prairie deer lately (not a sweet- tide of the passions like the cultivahearted deer), and they made a tion of the intellect, so for the com-Christmas dinner of it, at which munity there is no greater moral force than that exerted through the influence of literature, good literarey have been running each other ture. Sir Isaac Newton's theory was a sound one-to first fill the measure with wheat, then no one would have an opportunity to fill it with chaff: and this is the true method of dealing with all wrongs ness about it either, at the Revolu--begin against them at the earliest | tion store of I. Gluck. stage by works of prevention and pre-occupation. The mind actuated by pure motives and filled with good thoughts has no need and no room for vain follies, but will make the most and the best of this our human life. It is only by the cultivation of that which is good within them that our youth are encouraged to go forward in the path of virtue and honor, and it is especially becoming in those whose children are
