THE press of Chicago do not speak in the most flattering terms of the appearance of Mr. Oscar Wilde, or his ability as a lecturer. The Herald says: "To those who had read Ruskin, Mr. Wilde's language and ideas were 'like water after wine.' But when he claims that he and his silly followers are to be credited with any revival or reform, and calls into his assistance all the vulgar tricks of advertising known to the most unscrupulous showman, he brings true art into contempt. But his lecture makes the apostle of æstheticism as a clever mountebank, willing to do anything for the almighty dollar, which he affects to despise. His shamming is becoming too evident." The Journal guesses that this is just about Oscar's

A WONDERFUL surgical operation was recently performed by Dr. Wm. Goodell at the university hospital. Philadelphia, in removing a tumor from a woman 31 years of age, the mother of three children. The ovarian tumor made its appearance nine years ago, and from the start grew with amazing rapidity. After a successful operation and removal of the tumor, it was placed on the scales and weighed 112 pounds-the largest, it is believed, ever removed from a human being. Sub-equently the patient was gently lifted to the scales, and was found to weigh only 75 pounds, or 37 pounds less than the mass just taken from her body. Dr. Goodell, when the woman had been carefully placed in bed, expressed the belief that she would live, although reduced to a mere skeleton, dealt out death and destruction and hanging to life by the veriest
