And to transact such other business as may properly come before the convention.

It is recommended: First-That no proxies be admitted to the convention except such as are held by persons residing in the counties from which the proxies are given. Second-That no delegate shall represent an absent member of his delegation unless he be clothed with authority from the county convention or is in possession of proxies from regularly elected delegates thereof.

Third Congressional District. The republican electors of the Third congressional district of Nebraska, are hereby called to send delegates from the several counties to meet in congressional district convention at Fremont, Nebraska, on Thursday, the 7th day of September, 1882, at 3 o'clock p. m. for the purpose of placing in nomination a candidate for member of congress from said congressional district, and to transact such other business as may properly come before the convention.

Call for a Senatorial and Representative Republican Convention of Platte and Colfax Counties. Notice is hereby given that at the Court House, in Schuyler, Nebraska, on Monday, September 4th, 1882, at 2 p. m., there will be held a Republican Convention of Platte and Colfax Counties, for the purpose of placing in nomination candidates for the 13th Senatorial and 25th Representative Districts. Each county is entitled in said convention to be represented by six delegates.

The Hall county fair will be held at Grand Island from October the 4th to the 7th. An official in the treasury department estimates the receipts from all sources for the current year at \$450,000.00. MASTER WARNER, the Iowa boy giant, is not yet fourteen years of age and weighs nearly four hundred pounds. The Baltimore & Ohio railroad company are about to erect a fine new depot at Chicago, a building, we think, the company greatly needs at that place. It is stated that Bob Wright, the bookman arrested for breaking into the cars at Covington, was once deputy sheriff of Dakota county under Nick Maier.

Both houses of the British Parliament have adjourned to the 24th of October. GENERAL CROOK was banqueted by the citizens of Omaha, prior to his leaving for Arizona. At a recent festival held at Norfolk by the ladies of the Congregational church they cleared \$40. A FARMER in Boone county, near Albion, flies the American flag from the top of his grain stacks. It is stated that a hunting party in the vicinity of Winser took in 300 prairie chickens in one day.

LONDON citizens have on foot a project for placing a bust of Henry W. Longfellow in Westminster Abbey. FOUR of the Irish Catholic prelates have approved of the efforts to establish a fund for the aid of evicted tenants. The white veil was assumed the other day by fifty-two young ladies of St. Mary's Convent of Notre Dame, at Milwaukee. CHAR. T. KOOLAN was arrested the other day for forgery at Toronto, and his father was so overcome at the news that he went out and hanged himself.

THIRTY-THREE new cases of yellow fever were reported the other day at Broadsville. Business is almost at a standstill, and laborers are suffering for want of employment. RAN CLOUD last week gave the Interior Department notice that if the agent at Pine Ridge was not removed in sixty days, he would undertake to perform that office for force. CHARLES McMAHAN, who lived near Mt. Pulaski, Ill., with two young men who have been working for him, were all found bludgeoned and their throats cut. No cause known.

Mr. WOOSTER has recently organized at Orleans and Alma, this State, two woman suffrage associations, at the latter place with forty-seven members. He is speaking today and night. REPORTS of blighted potato vines in Joe Davies county, Ill., Grant county, Iowa, and Lafayette county, Wis., appear in our exchanges. A total failure of the crop is anticipated. This discovery has recently been made that George J. Bryan, who was engaged in the lumber business at Allentown, Pa., has committed forgery amounting to several thousand dollars.

GEMERAL SHEWMAN, it is stated, said while in St. Louis on his late visit that it was his intention to leave the army before the law retiring him goes into effect, and that he would return to live in St. Louis. It is stated that when they play base ball at Platte Creek, Neb., a keg of beer is placed at the third base, and every one who gets there helps himself. A new way of exciting the players to exert themselves.

The Chicago Board of Trade committees on July whetted a sitting the other afternoon and evening. The defense poured in witnesses to testify to manipulations of the market, to the best of their knowledge and belief. One day last week thirty-two new cases of yellow fever and three deaths at Brownsville, Texas, and the next day thirty-eight new cases and one death reported. The disease is also spreading at Matamoros. We are not acquainted with Mr. Turner, yet we know him to be a good newspaper man, progressive in his ideas, and a champion of the cause of the people. We do not believe a better man has been named in his district. -Beatrice Express.

Miss HINDMAN has been speaking and organizing suffrage associations in the State for the past month, having held twenty-seven meetings during the month and appointments made for every night except one from the 11th inst., until Sept. 1st. The freedom of Dublin was presented the other day, amid great enthusiasm, to Farnell and Dillon. The former said liberty of speech no longer existed in Ireland; and the latter claimed the union with Great Britain was inimical to the interests of the country.

Mrs. JOHN BROWN arrived the other day in Chicago from California to take part in the ceremonies to be held at Ogden's grove for the purpose of raising a fund to erect a monument to the memory of her late husband. She will visit her husband's grave before returning to the coast. She is 66 years old. JAMES BIRD, a jealous cooper who had quarreled with his wife, sought her out at her sister's house in Gratiot, Wisconsin, the other day and while having an interview with her, drew a revolver and shot her twice, inflicting possibly fatal injuries. He then shot himself in the abdomen. He cannot live.

In the foreign news of the 18th it is reported that the British moved transports Orient, Capella, Palmyra and Iberia, out of the harbor; also another steamer with railway wagons, rails and engines for Imatia. Men and stores were landed from the Orient, and the guards, with their horses, have gone to sea on board the transports. The greatest secrecy exists in regard to their destination. The latest news from London is an official report from General Wolsley to the war department giving the details of an engagement at Magfir, in which he held his ground the whole day against 10,000 Egyptians. His forces numbered 2,000 men. Two of his officers were wounded. He captured the dam which the enemy constructed across the canal. He says all the soldiers did well.

Two large grain elevators are to be built at Albion. Both will be operated by steam power. A NUMBER of Winnebago Indians are working on the railroad between Emerson and Lyons. Of 55,000 immigrants arriving in Ontario during the last six months some 20,000 came to this country. A HEAVY white frost was reported on the 21st in the vicinity of Corry, Pa. No perceptible damage to vegetation.

J. C. McBRIDE has resigned from the board of managers of the state fair, and his resignation has been accepted. Two hotels and thirty stores and dwellings were burned the other morning at Keosauqua, N. Y., causing a loss of \$100,000. Mr. WEAR is opening a ranch in Holt county, N. b., which he will stock with 2,000 sheep, which are now on the way there.

It is stated in the recent news from Salt Lake City that the Utah commissioners were given a reception at the McKenzies parlors, Walker Opera House. The reception was attended by all classes. The Mormon church employed four leading law firms of Salt Lake to defend county officials who are soon to lose their positions under the new law giving Governor Murray power to appoint by reason of failure of the commission to arrive and place the machinery of election in motion under the Edmunds law. It is claimed that \$10,000 was put up by the church to fight the new law.

It is said that the oldest ex-member of Congress is the Hon. Mark Alexander, of Virginia, and is in destitute circumstances. He is ninety years of age. CAN it be possible that the statement made in an exchange is true—that "there are already more applications for space at the State Fair than can be granted." AN Ohio farmer who has barbed wire fences on his farm, says he gets one-fourth more work out of his hired man than he used to when he furnished a top rail to sit on.

The weather being unfavorable only three hundred persons were present the other morning at the opening of the Free thinkers' Convention at Watkins, N. Y. HARRY McCOMBICK, of Omaha, while hunting prairie chickens the other day, accidentally discharged his gun and badly mutilated two of the middle toes on one foot. It is said that the starfish has attacked the oysters in Long Island Sound, and are expected at other oyster beds soon. These fish did great damage in oyster beds five years ago.

It is claimed that one eye-witness to the murder of the Joyce family in Ireland had been discovered by the police, and ten of the persons in custody have been identified as connected with the tragedy. Four masked men robbed a stage near Globe, A. T., the other day, killed the express messenger, rifled the safe, and relieved the five passengers of all their valuables. They secured about \$10,000. The body of Miss Ella Walker who sometime since disappeared and was supposed to have either committed suicide or eloped, was found the other day in Lake Minnetonka. It was a case of felo de se.

A BLACK magnetic sand that is found in abundance in California, is by a recent new process, utilized in the manufacture of cast steel direct from the sand. Eight pounds of sand yields five pounds of steel. REPORTS come from certain localities in Illinois that a well known swindler goes about among the farmers obtaining their signatures to orders for goods, transforming the orders into notes, selling the notes and disappearing. This time he is selling carpets. An item of news from Kalamazoo, Mich., says Grandmother Garfield, Gen. Garfield's oldest son and a sister of Mrs. Lucretia Garfield passed through there on the Lake Shore & Michigan Southern railway. Mrs. Garfield is on her way to visit her son at Jamestown, Mich. Grandmas bears the journey remarkably well.

It is claimed that this was a tobacco cancer that killed Senator Bea Hill. This statement is made from the fact that Senator Hill was in the habit of holding a cigar in his mouth, with the acetone-coated end against the left side of his tongue, and there is no doubt that this was the exciting cause in his case. The secret parlor of Senator Hill's case is found in the statement that cancer was hereditary in his family. This recent murder of the Joyce family in Ireland was a horrible affair. The old lady was over 80 years of age, and the two boys respectively 12 and 14 years old. The oldest boy died and the other cannot live. The party who committed the horrible murder was composed of four or five disgraced men. The old woman's body was partially devoured by dogs before it was discovered. The bodies were all riddled with bullets and battered as if with a hammer.

A SPECIAL from Ashland, Cass Co., states that the other eight five or six men broke open the door of Eli Cox's house and demanded the old man's money. He showed them where it was and told them they could have it. They only got \$40. This amount did not satisfy them and they tortured the old man by burning his feet and hands, strung him up by a rope two or three times and then beat him furiously to make him disclose where his money was. Two other men living with Mr. Cox were prevented from giving him any assistance by drawn revolvers in the hands of the robbers. Shortly after this occurrence Mr. Cox deposited a large sum of money in the bank. This was the money the robbers expected to get, as they asked him where it was. There is much excitement in the vicinity, and part of the robbers are suspected.

One hundred and fifty millions of 3 1/2 per cent. bonds have already been surrendered by national banks alone. An attempt was made the other evening to murder a whole family at Columbus, Ohio, through the agency of an infernal machine. A box was handed to Mrs. Stump by a stranger who said, "here's a present for you and the children." Her husband soon came in and the box being carefully examined induced them to believe it contained something else beside a present. They opened the box contrary to the directions given on the box and found it charged with powder and nearly 100 bullets, and had it been opened as directed would have killed Mr. and Mrs. Stump and their three children. What the motive for the deed could have been is not known or even suspected.

Harvest is over, stacking finished and now the merry sound of the threshing machine is heard in the land. With scarcely an exception the grain yield is abundant. J. Phillips threshed nearly 300 bushels of oats from 5 1/2 acres, over 50 bushels to the acre; a good return from 11 bu. of seed. R. C. and F. Moran carried the first crop of Flax to Humphrey for the season. If nothing happens the corn crop of this part of the county will be immense. A few more weeks with a frost will ripen it. Mr. John Drake, who has recently returned from a long tour east says in no other State has he seen any crops looking better than in Nebraska.

Rev. D. K. Pawborn, the new Presbyterian minister for this place and Humphrey, commenced his labors yesterday; he is warmly welcomed by the people upon whom he made a very favorable impression during his stay here in July. On Thursday evening a young man (who shall be nameless) went to the postoffice expecting to stop but a moment, did not hitch his horse, which was attached to a buckboard; he stopped to talk a few minutes when on going to the door no horse or buckboard was to be seen. He tramped over four miles to his home hoping to find the horse at least there, but was disappointed, and at daybreak arose expecting to spend hours on the hunt; what was his surprise to see coming over the hill, the white horse, the buckboard all right, but strange to say a cow following on behind, the rope caught around the hub; probably he had coaxed her to leave home by telling her of the fine corn fields he had found. He will send that horse out alone frequently as they have a large pasture lot which needs filling with good cows.

Politics at Lincoln. LINCOLN, NEB., Aug. 22. A few notes politically from this neck of the prairie might not be uninteresting to the readers of the JOURNAL, taken on the principle, of course, that one has to go away from home to learn the news. In the matter of the state ticket, very little is being done in this county, although there is a great scramble to get on the state delegation. There are two candidates for state offices in this county: E. P. Rogger, for secretary of state, and C. C. Burr, for attorney general. The latter has no following worthy of the name; the former is pretty certain to get a strong delegation from this county, and, in fact, from present indications, is pretty sure to carry the convention. This seems to be Rogger's year for politics, sure. Up to date, he is practically without a rival, and nobody of any particular strength is preparing to come out against him. There is this about it, anyhow: Rogger is a first-class fellow, is honest, industrious, accommodating, and will make as good a secretary of state as Nebraska has ever had. Rogger is not the only candidate for position on the state ticket who resides in Lincoln; there is Alexander, for one, Willard, for another, and for that matter, Kendall Wallicks, Jones, all of whom live in this city. The three last will be renominated most certainly, while Alexander and Willard both stand something of a show of nomination. So far as the gubernatorial boom is concerned in this county, Dorsey is looked upon with favor, but Dawes is the real candidate of the county. The latter may not go into the convention with a solid delegation from this county, but he will come pretty near it. Dawes has hosts of friends in this city, not the riff-raff and sordid element, but good solid men. He is also well liked south of here, in Johnson, Pawnee and other counties. It is a quiet campaign Dawes is carrying on; he is at home most of the time, is seldom seen in this city and is never on the rampage, so to speak, for office. If gentlemanly bearing, purity in social and political life, good judgment and rare ability, go for anything, Dawes will be the next governor. We understand that "Pap" Hastings—you know him—wants to be lieutenant governor. He would certainly fill the position better, and with more credit to the people, than many an other man I might mention. But the great trouble with Hastings is that he can't possibly get there.

Congressional politics don't disturb us to any great extent. Of the ten fellows in the field in the first district, either Howe, Galey or Weaver will carry off the honors. Howe seems to be in the lead at present, but Galey claims to be able to "lay over" him in the convention. It is more than likely, however, that the strong man, the man who has a surety of success, is Weaver. As for the other districts, we have enough to do to look after the "bloody first" without reaching out after foreign galore.

LANCASTER. SECRETARY LINCOLN the other day appointed 200 clerks and a number of messengers and watchman for service in connection with pension cases, provided for in the legislature, executive and judicial appropriation bill.

GOLD. Great chance to make money. Those who already have money take advantage of the good chances for making money that are offered, generally by some wealthy, while those who do not improve such chances remain in poverty. We want many men, women, boys and girls to work for us right in their own localities. Any one can do the work properly from the first start. The business will pay more money in ten times ordinary wages. Expensive outfit furnished free. No one who engages fails to make money rapidly. You can devote your whole time to the work, or only your spare moments. Full information and all that is desired sent free. ADDRESS, STIMSON & Co., Portland, Maine.
