—We see by a paper from Kansas, Ill., our old home, that a great many are coming from that section of country to Nebraska. The most noted is Henry Winslow, of the firm of A. M. Winslow's Sons, who have a national reputation as short-horn breeders, who comes to Platte county to open up a stock farm. In speaking of the Winslows the Gazette says: Their location in Kankakee six years ago has been a grand thing for us. All over the county can be seen the results of their labor in the improvement of our stock." —The Meunicher expect to give a concert in about three weeks to help defray their expenses to St. Joseph. Columbus is proud of them, and ready to turn out en masse. More anon.

He was unable to do anything for several days.—Central City Courier.
