A Story of Judge Poland.

Poland, of Vermont, who turns up in

Congress after having been in obscurity

Judge wears now the same old swallow-

tail coat with brass buttons that warmed

with his white hair and smoothly-shaven

face, he bears a certain resemblance to

the pictures of George Washington.

The Judge is very proud of this, and his friends know it. Well, one day he had

a party of Vermonters at the White

House and happened to be in the east

room, which was completely shaded by

the heavy curtains. A comfortable-

looking Quaker, with his wife and two

children, entered the farther end in their

sight-seeing rounds. In a corner near

the Judge stood a full-length picture

frame leaning against the wall. "Get

behind that frame." said one of his

party, "and we'll tell these people that

pictures on the wall." "What's that?"

he demanded, pointing toward the

Wonderful Insect Eyes.

Physicians call attention to the in-

creasing instances of defective or imper-

fect sight occurring in civilized coun-

tries, and attribute it to various condi-

tions of modern life-the overwork of

the eyes in childhood, the study of

books in small print, the habit of read-

ing by imperfect light, and many other

causes. It appears certain that in mat-

gift of sight is one very unequally dis-

tributed among the animal world. Some

eagle: others are totally deprived of it,

ally lacking is extremely imperfect, as

in the case of the mole. Insects are in

many cases far more richly endowed

with eyes than even birds or beasts.

The tittle creature called a whirlwig

(Gyrinus autator) which skims about

on the surface of standing water, is

furnished with a double set of optics,

in the wate") in the lower portion of
