—After due deliberation over the possibilities of the weather, before this item is read, we think the remark that winter lingered no longer in the lap of spring is justifiable.

—Mrs. F. E. Gillett and children started Tuesday for a visit to Allagans, Mich. Frank goes to Alasworth, Brown county, in a few days and will "back it" until the return of his family.
—Condon & McKeenize, the new grocery firm at Pak May's old stand on 13th street, have something of interest to say to JOURNAL readers this week. See their ad. in another place, and give them a call.
—Meridian Avenue is, perhaps, to be one of the best drives in the city. A large number of trees have been set out, which, when they put forth all their mature verdure, will be a sight well worth seeing.
—If you wish to purchase the most satisfactory sewing machine ever offered, call on or address A. & M. Turner, Columbus, Neb., or G. W. Kibbler, Creston, Neb., who sell the light-running Domestic.
—The special advertising car for Cole's circus arrived in the city Monday evening, and the bill boards are flaming with the usual gaudy representations of attractions that will positively awe May 20th.
—Mrs. Jane Dickerson of North Bend committed suicide Wednesday last by taking "Rough on Rats." She said the reason was she thought she was of no use to any one. She leaves a husband and four children.
—We notify each subscriber, every week, of just how his account stands for subscription. If you wish the paper sent you no later than the date printed opposite your name, please drop us a postal card so stating.
—Mr. Frank Flanagan of Fairmont, the young man who has been in the employ of the telephone exchange of this city for a short time past, has resigned his position and gone back to Fairmont to take a position in a store.
—M. C. Bloodorn of Humphrey and Wm. Bloodorn of Platte Center are the only persons in Platte Co., who are authorized to sell the Adams Wind Mill, and any others who offer to sell the same are infringing upon the rights of these men. 1-3
—On Monday morning Chas. Distelhorst, living on the bottom, was tossed in the air and severely injured by a bull which he was engaged in leading. Fortunately the animal did not succeed in goring him, his injuries being only severe bruises.
—An individual with a kind of wheel of fortune, as a bait for "suckers," was taking in some of the loose nickels on the street last week. Another street event was a pitiable looking object of humanity manipulating a bagpipe and soliciting charity.
—George Turner, brother of Abner, who formerly resided here but who for several years has been in the west, passed a few days here last week visiting with his brother. He looks a little older of course, like the rest of us all, but has the same genial spirit as of old.
—J. W. Love, of Fremont, places the Graff lands just east of Columbus on the market at prices that are low. These are fine lands and many of our citizens have waited a long time for a chance to buy them. See our advertisements with numbers and prices elsewhere.

—John Ernst has sold hundreds of dollars worth of wood from trees he planted years ago, and he still keeps planting, putting in 11,000 in three days this spring.
—"When the buds are kissed by April snows,
And the coal man sings of mercy shows;
When the bullfinch grinds his cherry tune,
Buds will shortly bring the leaves of June."
—A wise citizen said the other day that if he owned the Gottschalk forty acres north of town he would inclose it with a wire fence, manure the poor spots, seed the whole to blue grass, and take in the town herd at 50 cents a month.
—The Columbus Telephone exchange under the management of Geo. Fairchild, now comprises 50 subscribers. The present additions to the list are Condon & McKeenize's grocery store, the office of Doctor Wm. H. Doughterty and John Tanshill's residence.
—John McMill, whose farm John James Russell on the north, has in thirty acres of timothy and clover, which he seeded with wheat. From Illinois last year, he sees no reason why Nebraska shall not be equally as good as Illinois, all that is wanted is work and plenty of it.
—It appears that the great circus magnets of the United States, have caught on to the monopoly racket, and have formed a triumvirate and apportioned the territory to each, and as a consequence Cole's is the only circus that will cross the Missouri.
—I would say to my customers and others that I am prepared to furnish you the White Lilly flour, manufactured at Becker & Welch's mill, which is the best flour made from spring wheat and sold in this market. I would like the good bread bakers to try it. Wm. Becker. 43-3m
—A letter was received last week by F. Brodthurner from Germany, containing the intelligence of the death of his brother Max, at his home in Saxony. The deceased was a young man, having hardly reached the prime of life, his age being 33 years. He died of lung fever.
—We find it necessary to say once more that no anonymous communication can find place in the JOURNAL. We must have the writer's name to each contribution sent us for publication. Names to comply with this invariable requirement will relegate the correspondence to the waste basket.
—A circular issued by the U. P. railroad company, announces that on the 1st of May the time east of North Platte will be changed to central standard, which is 24 minutes faster than the standard heretofore in use. This change will give the B. & M. and U. P. railroads in the state a uniformity.
—The Union Pacific Base Ball Club has disbanded. Report says that dissatisfaction of the U. P. auditor with the club's arrangements for the season's tour, was the cause. It is thought that an understanding may be arrived at and the club be reorganized. With the U. P. out of the field, the Columbus club should be the crack club of the state.
—W. B. Backus and wife spent Sunday in the city visiting friends. Mr. B. is principal of the Ulysses schools, the spring term of which will close in about two weeks. After a vacation in a visit to his old home in Pennsylvania, he contemplates locating permanently in Columbus and taking up the profession of law, for which we believe he was educated.
—In our travels last week we heard of two married men with families and 30 cents in postal notes, or 18 two cent stamps. Address: ROCHESTER PUBLISHING CO., 32, 33 & 33 1/2 Osburn Block, Rochester, N. Y.
—Lute North says that one of the steers of the herd he has been wintering at his brother Frank's farm up the Loupe died the other day with what appeared to be hydrophobia. A dog that was supposed to have been mad crossed the premises some time since, but it was thought at the time that it had not bitten any of the cattle. It would now seem that the conjecture may have been wrong, and Lute naturally feels a little uneasy for the safety of the balance of his herd, and the more so since another supposed mad dog was in that locality only a few days since.

Odd Fellows Anniversary.
The 65th anniversary of Odd Fellowship in this country was celebrated Friday evening last by Wilder Lodge of this city in a most happy manner in giving a ball and supper at Mennerchor Hall, in which the members, their relatives and some invited guests participated, and a goodly number there were. The evening was delightfully spent by the young folks in dancing to the inspiring strains of Mennerchor String Band, the older ones enjoying themselves by looking on approvingly, or in social intercourse in groups to themselves and contributing largely in making the occasion one of pleasant, unconstrained intercourse for all. To the little folks no doubt the ball will be an occasion to date future great events from, as they came in for a thoughtful share of the kindly courtesy of the management and were given the entire fare to themselves for one set, enjoying the privilege hugely. A sumptuous supper was provided by the ladies and served in the hall.
—The Wood River Gazette has quite a lengthy article entitled "Ballooning at Grand Island," in which it is asserted that Wm. Anyan was prevented by violence from voting at a recent republican primary meeting in West Grand Island. The Gazette proceeds to say that men have a right to invest their money as they please, and to vote as they please without being knocked down and pounded, etc. It seems from various indications that a strong attempt is to be made to engraft upon the smaller towns and rural districts the corrupt methods of the rotten cities. It will not do. Once in a while a man may succeed in having himself run in, in this way, but the rule of ruin has not yet come, and we hope the day is forever distant, when the republican party will place the seal of approval on corrupt methods at primaries.
—There is now a probability that Columbus school district may again be called on to vote school bonds, this time in the sum of \$15,000 to purchase site, erect a suitable building, etc. The school board have satisfied themselves of the fact that the present high school building will have to be abandoned for that purpose, and stand ready to submit a proposition for the amount named on presentation of a proper petition. Should a petition be circulated, it is to be hoped that only those who will stand by the measure with their vote and aid will sign, so that the district may not be put to the expense of an election by a false presentation of the wishes of the voters.
—Mr. S. C. Smith met with a painful accident one day last week, which will confine him to his room for some time. He was returning from the country, and while driving over the branch road crossing near his residence, one of the single-trees broke, letting the buggy tongue fall to the ground, frightening the horses and causing them to run away. Mr. S. was thrown from the buggy and had his leg broken just above the ankle joint. He bore the surgical operation which followed with characteristic nerve, smoking a cigar the while, and is getting along as well as could be expected.

How to Make Candy.—This book gives full directions for making all kinds of plain and fancy candy. The recipes for making caramels, chocolate drops, French mixed and all other kinds of candies contained in this book are the same as used by the leading city confectioners. Any one can have these candies at home at less than one third the usual cost. Sent postpaid to anyone sending at once the names of fifteen married ladies, and 30 cents in postal notes, or 18 two cent stamps. Address: ROCHESTER PUBLISHING CO., 32, 33 & 33 1/2 Osburn Block, Rochester, N. Y.
—The Union Pacific Base Ball Club has disbanded. Report says that dissatisfaction of the U. P. auditor with the club's arrangements for the season's tour, was the cause. It is thought that an understanding may be arrived at and the club be reorganized. With the U. P. out of the field, the Columbus club should be the crack club of the state.

—Webb, Damon was at David City last week, and on his return thought he would perpetrate a little joke on the boys. He represented that he had deserted from the bachelor ranks and taken a "set em up" in fine style, and received expressions of sympathy on all hands. But it was a hoax. He was only practicing, just to get his hand in. Take care, Web, or the boys will join the ladies in voting you handsome but faithless.
