the gentlemen of leisure round town.

Good for the men, bad for the team.

The present prospect is that we will completed this fall. The well has been bored and the stone hauled for the foundation and from the activity of the Rev. gentlemen who have the matter in hand it is evident that if the people take hold as they do there wil be no difficulty in the way of its completion.

Mr. Maughan, county surveyor, box. We are glad to hear that Mr. Richard Kennedy has settled with his family in Platte Center. Mr. Kennedy is a plasterer and we bespeak the patronage of the people of this vicinity for him. If we expect to succeed in building up a town here we must encourage good members of the community to stay with us, when they come, and we must also patronize home enterprise.
