

A Card.

Our spring importations of cloths and wools for suits and trousers have arrived. We are prepared to do fine sacktail tailoring at reasonable prices, guaranteeing satisfaction in every respect.
C. & L. KRAMER.

Munger-furniture.

—It pays to trade at Kramer's.
—Band at the rink Saturday night.
—Scale books, 90 cents, at Turner's.
—Photos, best in the city, \$1.50 per doz. at R. H. Car.
—Get one dozen cabinet photos at Lundy's for \$3.00.
—Coffins and all kinds of funeral goods at Munger's.
—Now leave your measure for a new suit at Kramer's.
—When you want pictures go to Lundy's for a square deal.
—Everybody are rushing to the Railroad Car for fine Photos.
—The revival meetings are still in progress at the M. E. church.
—Three dollars gets 12 of the finest Cabinet Photos made in the city.
—A well-matched team of three year old mares for sale by P. J. Smith.
WANTED.—A good cook at the Nebraska House. Woman preferred.
—Pride of the Kitchen Soap, for cleaning tinware, at Wm. Becker's.
—Kramer sells overcoats and all winter goods at greatly reduced prices.
—Lundy don't have to send to Chicago for sample photos to make a display.
—See new samples of our Columbus work in post-office. Railroad Photo Co.
—A number of our people will visit the White River country as soon as spring opens.
—You can save 30 per cent by buying cloths, Newmarkets and circulars now at Kramer's.
—Thanks to Miss Eva McKean for a late copy of the Echo, published at East Palestine, Ohio.
—People are beginning to discuss the probable antics of the Loup, when it "breaks up."
—Any book published furnished you at publisher's retail prices, from Turner's Book Store.

Heavy Norman Colts for sale.

Inquire at Flyntz Bros., 3 1/2 miles north from town.
—Leave your measure for a suit at Kramer's Tailoring Shop. First-class work at reasonable figures.
—Any book of miscellaneous literature will be placed in Turner's circulating library, upon request.
—Any person having work cattle to trade for mares or horses will do well to call on O. L. Baker.
—A slight snow-fall Friday night, probably the eastern edge of the big storm that prevailed up west.
—There is a prospect just now that Columbus will have a substantial business boom the coming season.
—Hardly a day passes but may be heard inquiries for houses to rent. The demand is far ahead of the supply.
—Cannon & Weaver have just received ten car loads of Whitebreast lump coal, which they are closing out at \$5.00 a ton.
—For sewing machines and organs call on or address A. M. Turner, Columbus, Nebr., or G. W. Kibler, Creston, Nebr.
—If we don't have a change of weather pretty soon the ground-hog will have to be awarded the belt as a weather prophet.
—A union temperance meeting will be held at the Presbyterian church on the evenings of March 1st and 2d. Speakers from abroad.
—John Timothy, Esq., dealer in school books, stationery, etc., at Platte Center is the authorized agent of the JOURNAL at that place.
—This week will probably settle the question one way or the other—ayllum or no ayllum. Columbus still has a good fighting chance.
—Inauguration railroad tickets are just as good on the B. & O. "limited" trains as other trains. See if this is the rule followed by others.
—The Maennerchor society are talking of giving one of their popular public concerts in the near future. Let's have it. It would take well.
—R. H. Henry is fattening at his ranch near Bellwood, several hundred head of sheep for the market, which will shortly be ready for shipment.
—The B. & O's depot in Washington is its own. None but B. & O. trains arrive and depart in it, and there can be no such confusion as must exist in other depots.
—D. A. Cooper, at the James Galley farm, Friday, March 6th, will have a sale of heavy work horses, good milk cows, a fine lot of poultry, farm implements good as new, &c.

Wanted.

—A village gossip rigged up with a crank and a mouth-piece would make a first-class phonograph. Wouldn't have to turn the crank much either.—*Ulysses Dispatch.*
—No addition of crank necessary. Too much natural crank is what kills the gossip, and its of the patent, duplex, back-action, always-ready-for-mischief sort that don't need any turning at all.
—Mr. C. M. Hollingsworth, of Omaha, has been canvassing the city for a few days past for orders for crayon portraits drawn from pictures of all kinds and finished from life sittings. He exhibits a fine specimen of work and carries testimonials from high authority. He contemplates stated visits to Columbus for the future.
—The truth is always the best in the long run, and the fact is that veracity, as the B. & O. has ever found, is like honesty, very much the best policy. If some of the big-talking lines would make Inauguration rates good on all trains, and not make low rates apply only to cheap trains, the public would believe more in them. Fact!
—J. W. Sissle has left us copies of the Canton, (O.) Repository. We see that that lively burg is interesting itself to get men from Germany, experienced in the business of making sugar from beets, to locate works at that place. As Mr. Sissle suggests, we believe no soil can be found, better adapted to this business than that of Nebraska.
—When the very delicate article, Corn Starch, so largely used for food is adulterated with poisonous and unhealthy substances, it is important that every housekeeper should be cautioned. Careful chemical analysis shows that *Ottumwa Lily Corn Starch* is pure. It is made from selected Corn and guaranteed. Ask your grocer for it and take no other. A Lily on every package.
—The JOURNAL job department is prepared to furnish, on short notice, all kinds of commercial work, such as letter heads, note heads, bill heads, statements, circulars, envelopes, cards, dodgers, posters, &c.; visiting cards; lawyers' briefs; pamphlets; catalogues; sale bills, &c. Satisfaction guaranteed. Orders by mail promptly attended to. Address, M. K. Turner & Co., Columbus, Nebr.
—There was a meeting of the stockholders of the Columbus Driving Park & Fair Association Saturday last pursuant to notice, at which meeting in accordance with previous resolution the articles of incorporation were amended to increase the capital stock of the Association to ten thousand dollars, due notice of which may be found in another place. The society contemplates some needed improvements to the track and grounds, which matter is in the hands of the directors.
—John Schram, of Seattle, W. T., sends us a record for the month of January for last. 47.36 long 122.40, 50 feet above sea level. The lowest open-air record of the thermometer was 23 degrees on the 14th, the highest 58 degrees on the 31st—mean during the month 39, total rainfall or melted snow 10.2 inches; 2 inches of snow during the month. The lowest average of temperature for January during eight years past was 38 degrees in 1880, and the highest 40 1/2 degrees in 1878.
—The Chautauque Club had a very interesting meeting Saturday evening at Mrs. Page's. The young people of the city and vicinity who incline towards literary delights should become members of this club. The next meeting is this evening at Mr. M. Bruggen's, which will be devoted to commemorating the anniversary of birth of the poet Longfellow by recitations of his poems, singing of songs written by him, and sketches of his life at various periods, prepared by members of the club.
—The Baltimore and Ohio, the only direct line from the West to Washington, is preeminently the route of all for the trip to the National Capital at the time of the inauguration. It is the only line running limited express trains on fast time without extra charge, and the only line upon which passengers can exercise the good old American right of going as they please. All the B. & O. trains run through solid, there being no change of cars, of any class whatever, from starting point to destination.
—Commercial tourists, who are making their regular spring pilgrimage in quest of orders, do not find merchants in the state so ready as wont to make purchases for the spring and summer trade, but are confident and hopeful of making it all up later in the season. They are of the opinion that the experience of the past season will result in inducing the system in vogue in a large majority of the states, of purchasing supplies when needed, or at least more nearly approximating the rule than has heretofore been the custom of Nebraska merchants. The prediction of a good spring and summer trade certainly seems well founded.
—Most persons read a book but once, so that it would be a very large and unnecessary expense to buy all that one wishes to read. Consult Turner's Circulating Library, and if any book of general literature that you wish to read is not found therein, it will be added, upon your request, 10 cents entitles you to the use of a book for 2 weeks; \$2.00 a book at a time for a year; \$5.00 for three books at a time for a year. It is intended, in this practicable way to build up a library that will be very useful to its patrons, furnishing them with good reading matter at the lowest possible cost. The books can go to any distance desired, the responsibility of the patron being guaranteed.

Trade.

—Wishing to go out of the Real Estate business, I will exchange unimproved Nebraska lands for a good stock of general merchandise, hardware or groceries. Call on or address, E. V. Clark, Genoa, Nance county, Nebraska.
—There are several needy families in the city whom it would be well to look after. The winter has been long and severe. Those who have abundant means could reap a double benefit by giving employment to the needy who are able to work.
—Heavy snow up west last week. The east-bound trains were generally late on Thursday in consequence, by several hours. The Denver did not go east till noon and No. 4, the regular express, was passed at this point by the west-bound train, also an hour or so late.
—The through-sleeper system on picturesque B. & O. is particularly advantageous for inaugural travel. Through palace cars from all principal western cities, and for that matter whole trains through, as on the B. & O. there is no change of cars of any class whatever.
—A few days ago the Grand Pacific Hotel opened a new register, over a page of which has been since daily devoted to the names of transient guests. Mr. Lehman says he must and will have more room as soon as spring opens. He will add another story to the main building.
—W. A. Way thinks it wouldn't be a bad notion for the county to go down stream a little ways from the U. P. Loop bridge, and under its sheltering strength, so to speak, construct a bridge which, thus located, would promise some permanency. A suggestion worthy of consideration.
—We neglected, unintentionally, to mention in our report of the new school building improvement last week that the brick for the work were furnished by Thomas Flynn, made at his yard near the city, and that Mr. Flynn had a sub-contract for that part of the work. The work was well done.
—One of our subscribers would like to know of the County Treasurer about what proportion of the large amount of delinquent taxes is collectible. This would like to know about what item of our county's resources the uncollectible part is carried forward year after year to the county's credit.
—A number of the feeders of this vicinity have come to the conclusion that it will pay them to have their feed corn in the ear or whole kernel as such close calculators as J. P. Becker, M. H. White and John Knobel. With the hard, dry condition of the corn this season there can hardly be any question that the ground feed will repay all extra expense and trouble. The mill of Cannon & Weaver is kept humming to supply the demand.

THE CANNING BUSINESS.

—Judge Sullivan was down to Lincoln last week.
—Geo. Heitkemper returned from the west last week.
—Hon. Guy Barnum was a capital visitor last week.
—Sheriff Kavanaugh was down to Lincoln last week.
—Mayor Macfarland made Omaha a visit last Monday.
—S. E. Phillips of Platte Center, was in the city Monday.
—Judge Post went to Lincoln yesterday over the B. & M.
—Hudson Murdoch has been dangerously ill with diphtheria.
—Rob. Clark, of Grand Island, took in the Mask Ball here Monday night.
—Dr. F. J. Schug made a visit to Lincoln last Thursday, returning the same day.
—O. L. Baker expects to start for Illinois next Monday after two car loads of horses.
—Miss Annie Steele, assistant matron at the Pawnee Industrial School, was in the city Sunday.
—Mrs. J. R. Meagher and Miss Rose North went to Lincoln last Saturday to spend a few days.
—Geo. Lehman went to Lincoln yesterday morning, expecting to return home by way of Omaha.
—Mrs. Frank H. Wilson, of Platte-mouth, has been visiting her friend and school mate, Miss Rose North, of this city.

Personal.

—Miss Anna Rasmussen, who has been visiting lately at Schuyler and Omaha, is again at her post of duty at Kramer's store.
—Col. Whitmoyer was wrestling with a refractory tooth last week, which kept him from the duties of his office for several days.
—Col. Neidig of the Norfolk Journal, came up from Lincoln by the way of the U. P. and took the train for home Saturday evening last.
—Rev. Robinson and wife returned to their home at Papillon Monday, on receiving a telegram announcing the death of their youngest child.
—The mother of W. T. Callaway was given a birthday party yesterday. She has reached the ripe old age of ninety-four years.—*Bellewood Reporter.*
—Charlie Henderson, a former Columbus boy, at present a resident of Schuyler, was in town Saturday, shaking hands with his many friends.
—Charlie Fisher was in the city Friday last. He met his old rival in the practical job business, F. Brodfuehrer, and says he has paid off all old scores up to date.
—Miss May Duffy, who has for several weeks been conducting her sister Annie's school during her illness, has returned to the city, and expects shortly to leave for the east.
—C. E. Morse expects to start in a few weeks for a visit to New Mexico, where he has a sister residing. His mother will accompany him with the intention of making her future home there.
—Chas. Mockbee returned last week from a trip through the southwestern portion of Nebraska, southern Colorado, New and old Mexico. He enjoyed the journey and admired some of the country, but this locality is still good enough for him.
—E. A. Sage of Creston, who has been afflicted with rheumatism, is improving, owing, he believes, to his wearing a pair of wristlets made of copper enclosed in zinc. Harry Pruitt, who has been similarly afflicted, purposes trying the same remedy.
—Jas. Powers and family, from Sacramento, Cal., arrived in the city Monday last, and expect to make this country their future home. Mr. P. is a distant relative of Mrs. John McMahon. He was visiting the real estate agencies Saturday with a view to purchasing a farm.
—A letter from Miss Annie Taylor, formerly of this place, now of Atkinson, Nebr., to one of her young friends, conveys the information that that burg is flourishing, that Mrs. Taylor is keeping a dry goods establishment as she did here, that Mr. Taylor is running a grist mill, and that all the family are well.
—The Platte County Teachers' Association will hold its monthly meeting at Platte Center, March 27th. All our teachers and friends should make every effort to be present at these meetings. It is your duty and every time you do not attend these meetings, you neglect your duty. We all know that a long cold ride to these country school houses is not very pleasant, but stop and think how many miles some of us ride to enjoy a pleasant evening with some of our friends and think nothing of the drive! Our programme is as follows: Music; Mr. Fred Jewell, paper on Book Keeping; Miss Mary Parry, Select Reading; Mr. Geo. Harmon, paper on Drawing; Miss Anna Duffy, Declaration; Mr. John J. Maughan, paper on Spelling.
—M. E. CALVERT, Com.
—W. H. TEBROW, Secy.

A GREAT SUCCESS.

—The Hookies' Masquerade Monday Evening.
—One of the greatest amusement successes of the winter was the Hookies' Annual Washington's Birthday masquerade at the Opera House, Monday evening last. The evening was not at all favorable, owing to the snow fall prevailing at the hour for the gathering, but the attendance was good, in fact large, the ample Opera House being filled with the maskers and spectators.
—We have not space at this time to give the names and characters represented by the maskers, and it will suffice to say that the representation was varied and covered the whole field, the number of striking and well sustained ones being much larger than at any previous occasion of the kind. The lively, mirth-provoking scene was hugely enjoyed by the spectators, while the maskers, up to the time of doffing their disguises, had the situation for a good time for themselves all in their own hands.
—The management are to be congratulated upon the entire success of the evening.
—Mr. Theodore Matson of Creston, arrived here Saturday morning from his sojourn in the old country. He left here on the 12th of last November, having a very pleasant voyage out. On the return trip, however, he had quite an experience—being the stormiest time that Mr. Matson ever experienced, and he had seen some pretty tough times in his fifteen years at sea. At the first a heavy northwest gale, afterwards shifting to west by south, kept all hands interested in the weather, which interest was intensified when on the morning of the 6th, in a fog, they struck against an iceberg about one and a half days east from the Newfoundland Banks. The ship was going at the rate of thirteen knots an hour at the time, and the collision knocked two holes in the bottom of the ship, Rheita, necessitating the vigorous use of three steam pumps. To avert disaster, all the spare mattresses of the vessel were taken, placed over the holes and kept there by heavy pressure from jack-screws. In answer to our question which he liked the best, the old country or the new, Mr. Matson replied that America suited him.
