—Two young men from the country, who doubtless knew better, rode down 11th street Saturday morning at a break-neck gait. People are very thoughtful, sometimes, and don't seem to realize that such conduct is apt to cause loss of life. The streets are not race-courses.
—The very Rev. Dean Mills passed through the city on his return from Cedar Rapids, Thursday last. At that place he reports very interesting services, a parish having recently been organized by Rev. Canon Goodale. At present they depend on lay-reading with an occasional visit by some clergymen.
—For corn planters, check rowers, and bar-b-wire, go to Wermuth & Bettcher; they have a brand new stock and can sell you cheaper than anybody else. They sell the Barlow and Brown planter, the celebrated Hayworth check-rower. See them, before purchasing elsewhere; they will give you a good bargain.
—White's Comedy Company will appear at the Opera House, Thursday, April 23d, with their monster show, for a small admission, 15c and 25c, in their latest songs, dances and music, concluding performance with their side splitting humorous comedy, newly written, Maidens' Picnic. They have had an unprecedented success wherever they have appeared.
—In Columbus, Nebraska, they have an Olive street, but not an olive did we ever see grow there, and very few of the people there ever saw an olive tree. Here the olive line our streets, and while they shade the side walks for long distances, and add neatness to the view, in a few years they yield good returns and become profitable to rear.—National City (Cal.) Record.

Orders by mail promptly attended to. Address, M. E. Turner & Co., Columbus, Neb. 1f
—Charley Martin, recently a cook in one of our hotels here, but who had got into the bad habit of being drunk about all of the time, was found late one evening in a smoke-house in the rear of 11th street, with a running fire, partly in the stove, and partly outside of it. A transportation fund was raised for him and a policeman saw him off on a train. Columbus desires to share her benefits with some of her neighbors.
—One of our exchanges says: It's amusing when soliciting, to hear a man say, "it doesn't pay to advertise." Why does this man put out an sign? That's advertising. Why does he obstruct the pavement in front of his store with samples of the goods he sells? That's advertising, too. Why does he dab the head of a mackerel barrel or food goods box with the words: "All our goods cheap," and stick it up in a keg of beans or a pile of calico in his store?
—Jno. and Jno. H. Wurdemann delivered some fat cattle here Friday that were good ones. They had been contracted for a month ago, the best of them at five cents a pound, making a handsome price to the seller, on Friday's market. Jno. H. had 53 head that averaged 1340 lbs. and brought \$3453.92. Jno. H. had 26 head of last week delivered 50 head of fat steers on contract at 80c each, and thus Nebraska tips the scales.
—We desire to emphatically say to the public now that the Democrat has the largest circulation of any paper published in Plate county, having nearly one hundred more subscribers than the Columbus Journal. The latter paper has been trying to lay claims to that distinction long enough. The subscription list of this paper is free for the inspection of our advertisers.
—The above appeared in the Democrat of April 17th, and must have been written by some "smart Alek" who didn't know what he was saying. The JOURNAL has decidedly the largest circulation of any paper published in the county, and in fact is the only newspaper wholly printed in the county.
—An alarm of fire was given from the bells yesterday morning at a quarter to two, but there wasn't much rousing done. A light from the northeast showed that something pretty well calculated to make a torch was on fire, but as there seemed no danger of its spreading, and a good prospect that the threatening rain would act as an effectual extinguisher, no further concern was given it. We are informed that Fred Gottschalk's small smoke-house which stood about half way between his dwelling and barn, and a few rods to the south, was burned down, with its contents, which were not very valuable. A piece of meat fell down into the fire causing more of a blaze than the necessary for merely smoking the meat.
—W. H. Randall, one of the several busy buyers of stock in Columbus, calls our attention to the following most extensive shipment ever run from Columbus, forwarded last Monday, two trains of eighteen cars each: 8 cars fat cattle belonging to Becker & Welch; 3 cars to Becker & Randall; 7 cars to W. H. Randall; 2 cars to Moran Bros.; 1 car to Henry Welch; 4 cars to John Hanes; 2 cars to Jos. Hengler; 2 cars to Jno. Dinneen; 3 cars to Thos. Lynch; 2 to Thos. Gleason, 2 to Jno. Wiggins, and 2 cars of sheep to Preston & Wells. The run to Lincoln 74 miles was made in three hours. This is the second grand combination run for the B. & M. this spring, which surely is no small victory for the Company's representative at this place, L. A. Clark.

Nearly Fatal.
The Genoa Enterprise of the 16th contains accounts of accidents to two well-known citizens of Plate county, Geo. S. Truman and Wm. Walton. The former was injured while fighting a prairie fire that did considerable destruction to property north of Genoa. All who know these gentlemen will deeply sympathize with them.
"Mr. Geo. S. Truman left home and went about the house to help fight fire, upon arriving upon the ground he found that the fire was making toward his son J. Truman's place and so he started to help save the house. Upon arriving at the house he found no one at home, the house locked, and the fire so close that he could not escape, so he went around upon the opposite side of the house from the wind and awaited his fate. The fire was soon upon him and the wind blew so fiercely that the flames came around to where he was standing from both ways, and as it proved, he was just at the point where the heat was most intense, and he was severely burned about the face and hands, the skin of his hands being burned off at the wrists and slipped down over his hand like a glove turned down wrong side out. The fire was so close that he was unable to get away, and he was so severely burned that he was unable to get away, and he was so severely burned that he was unable to get away."
A Lawyer's Opinion of Interest to all.

Tawney, Esq., a leading attorney of Winona, Minn., writes: "After using it for more than three years, I take great pleasure in stating that I regard Dr. King's New Discovery for Consumption, as the best remedy in the world for Coughs and Colds. It has never failed to cure the most severe colds I have had, and invariably relieves the pain in the chest."

Gomer Davis, the oldest son of Mr. David H. Davis is very sick and may soon follow his sainted mother.
Mr. David Thomas is preparing to leave for Wales, and will be on the way when this week's JOURNAL is read.
A. Henrich has lost a fine sucking calf by a very virulent case of black-leg. Some of his lambs must weigh 50 lbs.
The gentle rain on the 16th is coaxing up the grass and grain; the writer's hired man thought it was "worth a hundred dollars."
W. M. Arnold has sold 160 acres of his land to Mrs. Humphrey and her sons for \$2,300 cash down, and it is considered very cheap at that.
The Welch church is used every Sunday for Sunday school and meeting and often on week days. Those that contributed toward building it can take pleasure to see that their money has been well applied.
Quite a revival has been going on at Beekem's school house and a large number have joined the church—report has it that some of the roughest men have done so. It is comparatively easy to begin a christian life, it is harder to continue in it, and it is still harder to finish and obtain the crown.
Those that like the writer profit by his advertisement in the JOURNAL, and buy their garden seeds of our friend John Tannasch will not be sorry for it. His seeds are No. 1 and his papers large and well filled. Just drop him a card and he will supply you. The writer always encourages home industry. A word to the wise, etc.
The school district meeting voted 10 mills of school tax, re-elected A. Henrich director, ordered a coat of paint on the walls of the school house and a brick foundation under it. School is to be had three months for the summer—and it has already commenced with Miss Emma Cotton again presiding—four months for winter to commence December 1st.
Dr. Armstrong's daughter, a young lady M. D. is expected home. It is said, however, that one has to get sick to encourage and patronize the doctors. By that reason they almost seem to be—I bag pardon of the honored sons of Aesculap—only a necessary evil, the less of which is needed the better it is. Hence I suppose many prefer Homeopathy with its little pills.
Small grain is nearly all sowed and some potatoes planted—which by the way—reminds the writer of the answer of a jolly Irishman when his neighbor said: "Pat, you are planting your potatoes in the wrong of the moon." Pat replied: "I never planted any potatoes in the moon at all, and I don't intend to plant them in the ground and it is plenty of good ones you know I raise."
The annual meeting of school district 31 was but thinly attended and so was the town meeting of Joliet township. When will our lawmakers learn to fix times so as to suit it? With our late spring and preasing work it was this year almost impossible for farmers to attend these meetings. Why could they not be held in winter, when everybody has time, and would really enjoy meeting with neighbors and discuss matters leisurely and thoroughly? An undisturbed meeting is one of the many defects of our township law. Was it framed to kill itself? X. Y. Z.
—Mrs. S. H. Tucker, of Creston, has instituted, with the help of the young folks, a society which will doubtless be of lasting benefit to all concerned. Meetings are to be held Saturday afternoons, and the program will be varied each week. An organization of this kind in every thickly settled neighborhood would be a means of social enjoyment appreciated by the young people and parents too, as not only a source of delight, but of mental profit likewise. It will help to build up all that is good, at the same time furnishing amusement.
The Plate County Teachers' Association will meet at the west end of school building at Columbus, Neb., April 23rd, 24th and 25th.
