R. S. Clark had his lame leg hurt again at Ord about three weeks ago, making the third time hurt. He is recuperating at Mr. Elliott's and expects to go to Omaha in a few days.

Two new flouring mills, an elegant National bank building, water works, a new postoffice, a building association, twins and rumors of twins, all indicate a great boom for our thriving city.

You will find it to your advantage not to buy a sewing machine until you have canvassed the merits of the light-running Domestic, sold here by A. & M. Turner, only, G. W. Kibler, traveling salesman.

Quite a crowd gathered on 13th street, Saturday afternoon to witness the foot race against time, J. C. Martin running 300 yards in 35.2 seconds. The wager was that he could not cover the distance in 37 seconds.

A gentleman in Denver writes to a friend in this city that there are just now a thousand vacant houses in that city. Mining interests, upon which many of the western towns mainly depend, are very dull at present.

Dan. Condon, who is traveling around considerable these days, says that the growing crops in this region look better than he has seen anywhere else, and he thinks, if they have no back-set, will turn out as big as those of 1872.

Otto Shafer, a lad eight years old, at Schuyler, on the 6th, fell from a car upon which he had climbed for amusement and was run over, his hips being crushed and mangled in a horrible manner. He lived about thirty minutes and died in great agony.

The commissioner of Dodge county pay \$60 each to three of the newspapers for publishing their proceedings for the year. Here it is done for nothing by the JOURNAL, and the profitable work, viz, job-work for the various offices, is given to the Democrat.

P. W. Heinrich, special agent for the Western Horse and Cattle Insurance Co., was in the southeastern portion of the state last week adjusting losses. He tells us that a great many hogs are dying of cholera in Seward county, one man having lost recently 225 head.

C. A. Beardsley has removed his Marble Works from Olive street to Eleventh, third door west of Stillman's drug store, where he has very pleasant quarters, and where he will be pleased to see any who wish to buy monuments and tombstones. He is turning out very nice work at reasonable prices.

The JOURNAL job department is prepared to furnish, on short notice, all kinds of commercial work, such as letter heads, note heads, bill heads, statements, circulars, envelopes, cards, doggers, posters, &c.; visiting cards; lawyers' briefs; pamphlets; catalogues; sale bills; &c. Satisfaction guaranteed. Orders by mail promptly attended to. Address, M. K. Turner & Co., Columbus, Neb.

The Central City Nonpartisan authority for saying that a streak of lightning lately descended upon the machine furnishing illumination for Grand Island, and "was conveyed to all parts of the city, making a terrific crash and scaring the entire population out of a year's growth. The machinery was damaged to such an extent that it will have to be replaced, and in the meantime our western neighbor will have to grope along in darkness."

Last week, during the meeting of the county board of supervisors, a legal question came up on the presentation of certain claims against the county for services rendered in the prosecution of misdemeanors. The question was submitted to the County Attorney, M. Whitmoyer, Esq., who gave his opinion in the matter in a brief that there was no legal authority for allowing these claims, they could be paid only out of a certain fund, and at present there was no money in such fund. Notwithstanding the opinion of the attorney, the supervisors allowed the claims by one of a majority. The matter was brought up afterwards by Messrs. J. P. Becker and R. H. Henry, and the former action reversed. No one, so far as we know, questions the law as laid down by the County Attorney, and certainly there should be no other rule of action for an official; the law is the precise and only measure of his authority, and it would seem that the Board should have been unanimous in rejecting the bills (according to the opinion of their attorney), or they should have sought other legal light and followed it; otherwise, employing legal counsel has all the force of a farce, except the power to excite laughter. In conclusion, we may say that there has been growing for years a deep conviction that Platte county taxes are high, much higher than they ought to be, and that there must come a halt in expenses. Perhaps the little ripple last week may result in good.

G. C. Lauck has gone on the hunt of a location. Philip Metz is visiting at Henry Hockenberger's.

Henry Ragatz's infant child has been seriously ill. Miss Anna Rasmussen returned Saturday from Chicago.

Hon. E. L. Merrett and family of Springfield, Ill., are in the city. Miss Dewey left Sunday last for her home in Washington City, D. C.

Mrs. F. Kramer of Chicago, is visiting Mr. and Mrs. Carl Kramer. Charles Pollock has returned from his visit to his old home in Illinois.

Mrs. Campbell and her sister, of Lost Creek, were in town Saturday. Mrs. H. Kisenbrock of Crete, Neb., is visiting friends in this county.

Mrs. T. W. McKinnie and sons of St. Joseph, are visiting with friends in the city. Mrs. Ewing (nee Freddie Langhof) of Omaha is visiting in the city, the guest of Mrs. Geo. Wandel.

Jim. Frazier shipped five car-loads of fat cattle to Omaha last week, Wm. Dougherty accompanying him on the trip. C. D. Clothier was struck down Thursday by a sudden illness, but is up and around again, as hearty looking as ever.

Ed. Jenkins and family of Kalama-zoo, Neb., accompanied by Miss Carrie Lawson, came down Saturday to see their friends in this city. J. G. Routsen returned last week from a trip into Kansas, where he went to see the various systems of water works in use. His investigations would make a very interesting chapter.

Mrs. Geo. Hengler returned Saturday last from Dane county, Wis., where she had been visiting friends, whom she had not seen in fourteen years. She describes the wind storm there the other day as very severe, uprooting large trees.

Franz Hengler, an old and much respected citizen of Platte county, started Saturday for a summer's sojourn in Switzerland, his native land. It is a pretty long trip for a man of his age, 71 years, but he is hale and hearty, and looks equal to the task. Mr. Hengler has been thirty-one years in this country, twenty-six of which he has passed in Neb. His many warm friends will wish him a safe journey.

Council Proceedings. TUESDAY, July 7th. Petition for sidewalk, block 150 and 129 received and filed. Petition of Geo. Wagner for liquor license referred to judiciary committee.

The ordinance concerning pool tables, &c. referred. Ordinance concerning herds passed. The matter of buying hose was referred to committee on fire with power to act providing the expense does not exceed \$80. Adjourned to July 20th.

Re-opening of the Baptist Church in this City. The re-opening of the Baptist church in this place will occur July 19th. The house has been repaired at considerable expense and fitted up so as to be a neat, comfortable house of worship.

Rev. J. W. Osborn, state missionary, will preach at 11 a. m., after which a collection will be taken to assist in defraying the expenses of repairing the building. A Sabbath School mass meeting will be held at 3 p. m., addressed by Rev. A. E. Russell and others.

In the evening at 8 o'clock, there will be a union meeting addressed on different subjects by the pastors of the city and the visiting brethren. All persons are most cordially invited to meet with us. Z. C. RUSH, Pastor.

Elder A. J. Cudney and Dr. C. G. Barns of Schuyler, will hold a district quarterly meeting at the Gardner school-house, three miles west of Dunca, commencing Wednesday evening July 15th, and continuing till Sunday evening July 19th. Dr. Barns has been an active minister of the M. E. denomination for over forty years and has recently embraced the Adventist faith. He is a very interesting speaker, and in company with Elder Cudney has held some very successful meetings at Albion the last few days.

J. D. Brewer on Thursday last placed the large elevator of Jeggli & Schupbach upon two fat cars, and, an engine being attached, it was successfully moved to its new site north of the U. P. track, traveling a space of about half a mile. The sight of such a building on such a seemingly precarious foundation, attracted the attention of the whole town.

Notice. I hereby give notice that I will hold the Annual Teachers' Institute in the city of Columbus, beginning Monday, August 3d, and continuing two weeks. All teachers intending to teach in the county are expected and requested to attend. J. E. MONROE, County Supt.

Money to Loan. Five years' time, on improved farms with at least one-fourth the acreage under cultivation, in sums representing one-third the fair value of the homestead. Correspondence solicited. Address, M. K. TURNER, Columbus, Neb.

Shell Creek Items. "War to the knife to all sunflowers and cockleburrs" should be the motto of every farmer now.

Mrs. Wendorf is building a good house, barn, etc., and Mr. Frank Scholles has got the brick laying and plastering job.

By the time the typo gets through with this, rye and barley harvesting will be in full blast. Mr. R. Lewis has his barley down now, July 10th. All crops look splendid. If now only prices will take a rise the country will be O. K.—N. B. We don't wish for war, like the man who had 14 bushels of wheat to sell.

The picnic of the German Sunday school of Metz, held in Mr. M. Bloedorn's grove, was well attended and enjoyed by all. No better place could be found than the old gentleman's grove, and no happier crowd be seen than the one assembled there. Good singing, and music on the organ by Mrs. Wm. Bloedorn, contributed much to the pleasure of this first picnic and made all wish that it would be only the first one of many to follow.

The JOURNAL's mention of Mr. Gomer Davis's death was altogether too short. He died after a lingering illness, of consumption, on the 25th of June. At his funeral a great number of sympathizing neighbors and friends assembled, over forty vehicles accompanying the remains to the grave. Several distressing little accidents happened at the funeral. Gomer's sister Maggie fainted away and so did Miss Annie Williams. More serious was what happened to Miss Erma Cotton, the school teacher of district 31. While descending from a wagon, her dress caught something and she was thrown to the ground and broke her breast bone. Youth and a sound constitution however, got the victory and she is all right again. Mr. Davis has been severely afflicted. Only a short time ago he lost his wife in such a sad way and now his oldest son has been called up higher. Let us hope that it will be all for the best. X. Y. Z.

FRIEND, NEBR., July 6, '85. EN. JOURNAL:—As I am out rambing over this part of the state, I thought a few remarks in your valued paper would not be out of place. We left Columbus on the 30th of June by team. Crossing the rivers south of Columbus, we soon found ourselves in mud, sand and water. But finally by pulling, twisting and hauling we got through and were very much relieved. On the road to Shelby farm crops are looking fine. Thence we struck out for Stromberg, where we were treated very kindly by friends and strangers. July 1st we went to York, a good, prosperous town, but, as the boys say, displays a good deal of red tape. Before we got to business, however, we moved forward on the 2d to Fairmont, our point of destination, to attend the district reunion of old soldiers. We were cordially received. This is a good town. The people have a good deal of enterprise. On the 3d we moved up to the fair grounds where we remain until Saturday. The boys begin to roll in, also some of the Nebraska militia, although it rained most of the time. We spent a very enjoyable time at Exeter, a small place east eight miles; it is a small village, neat, tasty and tidy. Arriving at Friend, it seems to take the cake in our estimation, so far. In the first place, we were so cordially received, and in going around with some of the boys we find it one of the neatest, and cleanest and of course prosperous towns we have seen for a good while. The people are Americans, from all the eastern states, and I think the place is rightly named Friend, for here we find friends, good and true. We remain here to-day and evening and then on the 7th start for York.

Poland has fallen. Do not forget the dance Friday evening, July 17th. The new Methodist church is nearly completed; services were held in it Sunday last. The postponed dance comes off Friday evening. The boys are doing everything in their power to make it a success. It would be well to remind the business men of this place that if they intend to get the village incorporated this fall they will save five hundred dollars by doing so before the first of September. The race between Henry Carrig's mare and W. Evans' horse came off at the Columbus race course, the mare winning easily. The result has been a disappointment to quite a number of our town folks. We regret to have to mention the death after a protracted and painful illness, of E. C. Powell, druggist of this place. Deceased was about forty-three years old and had been suffering from Bright's disease for a long time. He was attended by Hamilton Meade, M. D., of this place. It also becomes our painful duty to record the death of Joseph, the third son of Mr. John Considine, a bright and promising boy of six, who died Sunday morning the 12th, after an illness of only a few days. He was taken sick Thursday and died Sunday. The bereaved parents have the heartfelt sympathy of the whole community in their deep sorrow. T.

OUR NEIGHBORS. [From the Messenger.] E. J. Scott and wife, of Columbus, spent the Fourth with Mrs. I. C. Richmond and family. Hon. Guy C. Barnum and brother, after enjoying the celebration with Mr. and Mrs. John Lisco here on the Fourth, returned to Columbus with their wives, Sunday. Mrs. H. J. McGath and son John and Mr. and Mrs. John Raynor went to Silver Creek, Thursday, to attend the funeral of Mrs. Joseph Gardner, who died Wednesday.

A Lawyer's Opinion of Interest to J. A. Tawney, Esq., a leading attorney of Winona, Minn., writes: "After using it for more than three years, I take great pleasure in stating that I regard Dr. King's New Discovery for Consumption, as the best remedy in the world for Coughs and Colds. It has never failed to cure the most severe colds I have had, and invariably relieves the pain in the chest." Trial Bottles of this sure cure for all Throat and Lung Diseases may be had free at Dowty & Chinn's Drug Store. Large size, \$1.00. [1]

Breezes from Postville. The people in this vicinity witnessed a grand celebration on the Fourth in Wm. W. Arnold's grove. Speeches, music, dancing and singing were a part of the performance. Our anvils roared tremendously, while the kalihumpians shook the forest with their hideous yells. Our orators were John Walker of St. Bernard and W. H. Tedrow of Platte Center, both true patriots of the right stripe, and being well versed in the history of their country, they rekindled a smoldering ember in the bosom of some of their hearers, that will keep them warm until the national day comes round again, but the grandest of all sights was the lunch and lemonade department. Had old Epicurus been here it would have made his very teeth water to see the spreads that were laid out under the trees. I fail to enumerate all the styles of pastry on hand, frosted and candied in the most coaxing manner imaginable. Your humble servant had dined in the best hotels and in the cabins of first-class Mississippi and lake steamers, but they all fall into insignificance when compared with the rich delicacies that were abundantly partaken of on this glorious occasion. Fowl in profusion, from a turkey to a snipe. Just imagine, Mr. Editor, how a liberty-loving man feels when he builds up on such diet as the above and packs it down with lemonade and hard cider! Let me say to those who are interested in the inner man on each recurring Fourth of July, haste to Postville, for here is certainly the pantry of Lookingglass township, and by the way George Hampton's lady is the first cook in these parts. When she prepares the spread and Geo. orders his guests to sit down by fifty's the scene is highly delightful and appreciated by the hungry multitude. KALITHUMPIAN.

Random Queries for the Board of Supervisors. If the poor of the county are supported by the respective Townships where they belong, why is the support of the poor included in the 9 mill tax for county purposes? Can the Board of Supervisors locate roads without conforming to the mode prescribed by law? As the pay of assessors is fixed by law, how can the Board of Supervisors reduce the same, especially when the services rendered are claimed under oath? If the assessors are guilty of perjury why not refer them to the District Attorney?

If the general election officers are Township officers in the strict sense of the term, then what are county officers? If the law expressly debars all citizens who neglect to have their assessments corrected by the town board from an appeal to the county board, where do the latter get their authority for making such changes? If the Board of Supervisors (some months since) directed the road overseer of Lost Creek to remove the obstructions from the Columbus and Genoa road (the only public road from the west end to Columbus) why is it that these obstructions still remain? If these methods of doing business are intended as part of a conspiracy to bring Township Organization into disrepute, then we would like to know it. A CITIZEN.

Monroe. Mr. Amos Hoops is quite ill of typhoid fever. Mrs. L. B. Wright is visiting friends in the neighborhood. Considerable surveying is being done in this vicinity. Farmers are cutting rye, which is generally a good crop this year. Mrs. Wm. Sutton will give a party this evening; a pleasant time is anticipated. The school in Dist. 39, taught by Mrs. Southard, will close with a picnic the 18th. A cordial invitation is extended to all. Mrs. Southard is an experienced teacher, and has given satisfaction to all. The Fourth passed off very pleasantly, notwithstanding the threatened rain. The picnic given by the Methodist Sunday school was a very enjoyable affair. A beautiful dinner was served, followed by an abundance of lemonade, candy, ice cream, &c., recitations and music by the scholars, addresses by Mr. Gearhart, pastor, S. C. Osborn and others. July 9, '85. A SUBSCRIBER.

The fourth meeting of the Nebraska Association of German Baptist churches assembled with the German Baptist church on Elk Creek, Platte county, June 26, ministers and delegates from Saunders, Clay and Butler counties being present. The moderator, Rev. A. Heinrich, and the secretary and treasurer, Rev. J. J. Valkenaar, were unanimously re-elected. June 27 was spent in devotional exercises and deliberations, and on Sunday morning after a sermon by the chairman, the pastor of the church Rev. H. P. Benthal, baptised five happy converts (about ten more to follow on July 12th), and in the afternoon communion and a love-feast followed, lasting till after midnight. The next meeting of the association will be held in February, 1886, with the church in Platteville, Saunders county. X.
