-Better wait a little before you believe utterly in the coal find at Omaha. Indications have always been good in several other places in the state, but it is time now for something more than indications.

-Hose were attached at the hydrant, southeast corner of the Court House block Tuesday morning, and two good streams of water thrown to a good height by the stand-pipe pressure. All his Old Readers, and others, are invited to send to him for a Free Specimen Copy of the paper.

-F. M. Sackett, a prominent business man of Albion was in the city Saturday shaking hands with his numerous friends. He says the Northwestern R. R. is pushing work towards their town, from which road the citizens of Boone county expect great benefits. Their waterworks furnished by A. L. Strang, of Omaha, are a success, with the exception that the supply of water is limited at present but more wells are being sunk, which will make their system a perfect success.

-Elsewhere our readers will find an advertisement of a new grocery firm, Messrs. Hickok, Halm & Co., successors to Julius Rasmussen, who has been in the business here for the last nine years, and has built up a fine trade. Julius is a member of the new firm, and is too well known for his good judgment in the selection and purchase of goods, his accommodating ways and his promptness, to need further mention at this time. Mr. Hickok has been with Mr. Rasmussen for a goodly number of years back, is acquainted with all his customers, knows the trade thoroughly, and having been faithful and true to his employer and his customers, will be the same, as one of the proprietors of the new establishment. Mr. Halm is well known to this community, having been in the grocery business for quite a while, latterly with Wm. Becker, and is a very valuable acquisition to the establishment, not alone for the language he speaks and the friends he has made, but for what he is capable of doing. The new firm begins business under favorable auspices. 1

J. EGGLI & SUTHPACH.

Big Improvements.

Yesterday morning we had the pleasure of going over this large establishment which has lately been supplied with a new engine of 125 horse power in place of one of 60 that had been in use up to a few weeks ago, but had been found inadequate to the work to be done. The new engine affords power sufficient to run everything about the establishment at once, and show no signs of weakening, running as readily with the whole load as seemingly with none. It is the latest improved Corlies, manufactured by Lane & Bradley of Cincinnati, Ohio. The smoke stack (including the brick base of 25 feet) is 85 feet high, giving a splendid draft. With the increase of motive power, other important changes have been made and are still being made; in the cleaning apparatus, in the elevator, in that portion of the mill devoted exclusively to grinding feed, etc. In short, the demand, from farmers and from the trade, for their first-class flour, has necessitated the changes that J. Eggl & Sutpach have made in their mill, and they know that they can give even better satisfaction than heretofore.

Eloquence and Music.

Miss Belle Parsons is certainly deserving the unbounded gratitude of this community for the zest she has given for elocutionary entertainments. Having native wisdom to discern the meaning of a selection, a powerful, yet very facile voice, an easy, unaffected manner, the perfection of nature in art, she has added wonderfully to the life of the youth who have had the good fortune to be under her care the last few weeks, and to the intellectual delight of those who have had the pleasure of hearing her public utterances.

The entertainment of last Thursday evening by Miss Parsons, assisted by Mrs. C. D. Evans, as vocalist, Mrs. J. M. Macfarland, pianist, and by an orchestra composed of Messrs. Pohl, Schroeder, Kramer and Berringer, was most excellent in every respect, and those who could not be present failed to enjoy one of the very best popular entertainments that can be provided. The JOURNAL, with many citizens, hopes that the city may soon be enlivened by another such entertainment and we feel sure that the substantial recognition will be all that could be desired.

The Golden Bell Comedy Co. gave two entertainments at the Opera House Friday and Saturday last to rather small houses, owing no doubt to the fact that a large majority of our citizens entertained the thought that it was a bell-ringing troupe. Such, however, was not the case, and those who did attend were well repaid with an olio program that would please any audience. Among those of the company who deserve special mention are Mr. Frank Calbert, Miss Annie Whitney, Miss Mabel Pearl and Mr. John H. Cassidy, who, with their quaint sayings, ruffled songs and dances, kept their listeners in good humor for over two hours each evening.

Bismark Township.

Jacob Karlson sold two loads of hogs last week.

Louis Heiden, sr., had a valuable cow die the other day.

O. D. Butler has purchased a corn-sheller and grinder combined.

Frank Luchsinger has lost two head of cattle from eating too much corn, it is thought.

Messrs. Sheldon and Gleason have had times feeding their large herd of steers such stormy weather.

Thanksgiving passed off with universal turkey-roasting throughout the entire limits of Bismark.

This first great snow storm of the year caught most of the farmers unawares, some of them having not prepared for wintering their cattle, and others are not yet done husking corn.

The enrollment of the Bismark Academy has increased to thirty-three with prospects for a further extension. The roads are much better now than last week, and travel is increasing accordingly, from fifteen to twenty loads of hogs going by last week.

The Chicago Mail.

The Chicago Mail is edited by ex-Postmaster-General, Hon. Clinton A. Snowden. They have made it a magnificent daily for the busy reader, and their latest stroke of enterprise was in reducing the price of the daily Mail to 25 cents per annum. We have made special arrangements with the Chicago Mail whereby we are enabled to send that paper, together with the Columbus Journal, for the extraordinary low price of \$4.25. This brings the Mail at a lower price than the subscriber can get it direct from the publishers. Send in your subscriptions now and have the Mail sent to you regularly, together with the JOURNAL. The price is so low that everybody can afford to take their home paper and a Chicago daily at the same time. 31-21
