The News remarked a short time ago that the Union Pacific road couldn't successfully buck a cattle trail. By way of verification of that assertion, we wish to state that an enterprising dairyman s "doing up" that road by hauling freight between Platte Center and Columbus for 13 cents a hundred while the railroad charges 50 cents a hundred.

-Wednesday night last a tramp en tered the round house when the men were outside working, and stole a coat belonging to Lewis Johnson, and his lunch also. The cost contained some letters and an account book, but the tramp made way with them. He was captured Thursday night by a couple of he boys that work in the coal chutes

1st ward. 2d ward. 3d ward. 54. 58. 99. 25. 13. 00 It will now be in order for those who think there is a mint of money to be made to take stock in the company and help reap the benefits. The JOURNAL would like to see the railway in operation at the earliest possible moment, be lieving that it will be a good thing for the city. We do not believe that, from the start, it will pay a handsome dividend to stock-holders; in time it will doubtless do that, but, like many other matters of public interest. will help to place the city even with the times in which we live, and with our big mills, our waterworks, our electric lights, and, may hap, our natural gas, Columbus will be found "equal to the best and excelled by none." Columbus owes a good deal to the men in whose brains these projects originated, and who, if they keep right along, will be able to bring them to a successful

May 20th. The wedding took place at the redence of the bride's parents, in th presence of a large and brilliant co pany, Rev. Harbaugh officiating.

"The bride was dressed in a hand

some traveling suit of gray, and th groom appeared in a neat suit of black of conventional style. The bride, al ways a handsome lady of charming man ners and winning ways excelled in al these graces on her wedding day. The groom, too, looked his best; and well he might look happy, for he carried away to his western home a beautiful and priceless 'Jewell' indeed." The wedding gifts were numerou

elegant and useful, and the bridal pair were accompanied to Crystal Lake on their way west by an escort of admiring friends. May prosperity and happiness attended

Bismarck Township. Mrs. J. C. Swartsley returned hom last week.

These copious rains have produced narked change in crops of all kinds. During the recent rain, lightning

struck the granary of O. D. Butler, ripping a board off the side and scattering the shingles about the barn yard, but did no further damage. There was a meeting of the officers o

Bismark Township for the purpose of equalizing taxes on the 4th. We were anable to find out what action the board took, but are sure that they did their work well. Died, Thursday, June 10th, of asthma

Mrs. Grunder, aged 66 years. The de ceased was an old resident of this county and respected by all who knew her. The funeral took place from her home at 10 o'clock Friday morning. A large concourse of mourners assembled, to follow the body to its last resting place, in Columbus cemetery.

-The managers of the Lake and Park Association are men who are sure to make a success of their undertaking. if money and perseverance count for anything. The trouble so far has been a deficiency in the water supply, the hydraulic ram stationed at Stevens's lake apparently not doing the work expected of it. The management have now decided to sink drive wells near their grounds in sufficient number to supply any amount of water, which will be thrown into the lake by means of a steam engine. The necessary machinery has been ordered and is expected to armence in earnest. The Journal believes the management have struck the right vein at last and hopes the new arrangement will meet the most sanguine expectations of the association. This enterprise completed will be a most excellent thing for the city.

M. S. Reid and Wm. Tyrrell returned Thursday evening from a two weeks' trip by wagon into west Nebraska. They went as far as Callaway, 30 miles west of Broken Bow, and saw some sections of country that they thought very clock Dr. Martyn, thinking he heard desirable. Matt. says that west of St. Paul is as fine a stretch of country as he ever saw. Custer county which was only a few years ago, thought by many to be totally unfit for agriculture, has many fine farms.-Land close to Broken Bow is held at \$20 to \$50 an acre.
