NATIONAL HEADQUARTERS

WHERE THE WORK OF THE CAMPAIGN FOR PROTECTION IS DONE.

The Fifth Avenue Committee's Big Home on the Fifth Avenue, New York City—A description of the Various Rooms and Decorations.

"I'm going down to the Republican national headquarters. Come along. I'll show you the place where the campaign work, that will result in the election of Harrison and Morton, is being done."

The speaker was a well known politician with whom I was talking about the outlook of the national campaign in the Fifth Avenue hotel in New York city. I readily accepted the invitation. We strolled out into Madison square and headed down Fifth Avenue. It was a short walk—six blocks. We went down Fifth Avenue, passing the Union and Lotus clubs, which are on opposite cor-

ners of the avenue at Twenty-first street, and across the street, and then on each side of the way. At Seventeenth street we stopped a moment to look at a big banner stretched across the street, and holding a picture of the candidate. It was a magnificent work of art. It was a picture of a man in a military uniform, with a sword at his side, and a banner in his hand. becomes a law, will force the members of the organization to work for a large reduction of wages.

This organization embraces all the window glass workers in America. New Jersey and Pennsylvania have many members, and in Indiana there are 6,000 of them.

PROTECTION'S PROSPECTS.

Some Stubborn Facts Which Show Which Way the Wind Blows.

If any Republican, or a Democratic member of the legislature, or a member of the Democratic party, let him call his attention to these results of this year's election.

PROTECTION IN GERMANY.

Its Effect on Wages—Industry Stimulated and Prices Reduced.

A good deal is said of the fact that in this country the price of wool has advanced, while the price of cotton has declined, and the price of wool has advanced, while the price of cotton has declined, and the price of wool has advanced, while the price of cotton has declined.

Wages and Ages.

If a new country is all that makes wages high in the United States, that makes wages low in Australia. Record says, why are wages lower in Australia than in this country on the average? It has not had protection, a copy of it is a new country, and yet Australia, in his examination, whose results were published last year, found that wages were 21 per cent. higher here than in Australia.

WANT OF SLEEP

Is sending thousands annually to the insane asylum; and the doctors say this trouble is alarmingly on the increase. The usual remedies, while they give temporary relief, are likely to do more harm than good. What is needed is an Alternative and Blood-purifier. Ayer's Sarsaparilla is incomparably the best. It corrects those disturbances in the circulation which cause sleeplessness, gives increased vitality, and restores the nervous system to a healthy condition.
