The annual report of the state super intendent of public instruction has been issued, and contains some matters of general interest. The county superinsadest's reports contain a brief sur many of school matters in the several counties. We extract the following

formed the prairie from a dreary wilderof industry. Farm blocks up against farm, and towns and villages are ser tered over its broad surface.

"In the rush of material prosperity. our people have not forgotten those mental and moral forces which lie behind all human institutions, and crown and beautify the structure their hand

"We have now in this county seventyfive school districts, and ninety-two schools of all grades, supported by the public funds; besides five parochial schools which are largely attended.

"The pioneer sod house has entirely disappeared from our borders, and frame and brick buildings have taken their places. Some of these are inadequate to rule they are good and in many place superior. One great defect is the neglected condition of the school grounds. Except in a few instances the naked prairie contrasts painfully with a nes school building. The yards should b enclosed and planted with trees and shrubs. Efforts are being made to

this direction, and with some success. "Our people in general appreciate the necessity of public education. In many communities efforts are made to develop the school system to its highest perfechaving been assessed for poll-tax, for tion. But this is far from universal. little attention to their children's needs in this direction.

"In the matter of teachers we mee the same difficulties that beset the system elsewhere. The business of teaching action was taken on the recommendation soon as possible other employments more permanent in character and offering wider prospects of pecuniary success

are sought. "We have adopted the graded system of the state, and so far as yet employed has proved a success. It offers the true solution of many difficulties in school work and must ultimately come into

general use."

A year or two ago, Mr. Editor, you
